## VIGILANT AHEAD.

The American Yacht Leads Her British Rival.

## BOMBARDING HAS STOPPED.

Fatal Wrecks On the Seas and Railroads.

## A PURSE OF \$50,000 OFFERED

For Mitchell and Corbett to Fight at Vicksburg.

### The Yacht Race.

NEW YORK, Oct. 7.—It is a splendid day for the yacht race, bright and a spanking breeze. The race started at 11:30 with the Vigilant first over the line.

At 12:40 the boats were about half over the course, sailing east by southeast. The Vigilant is still gaining, and half a mile ahead. The American will beat the British to the stake boat by 8 minutes or more.

NEW YORK, Oct. 7.—The Vigilant turned the boat at the out mark at 1:50 p. m., heading to windward on a starboard tack. She is outpointing the Valkyrie. The Valkyrie turned the stake at 1:59.

The Valkyrie crossed the line at 3:38, 30, six minutes after the Vigilant.

### Bombarding Stopped.

WASHINGTON, Oct. 7.—President Peixoto of Brazil has consented to dismount the guns in Rio Janeiro, and Admiral Demello, leader of the insurgents has agreed not to fire on the city as long as the guns remain dismounted. This word was received from Commander Pickens of the Cruiser Charleston now in Rio harbor last night. This arrangement it is believed was brought about through the efforts of foreign representatives at Rio in order to save destruction of the city.

### Trains Collide.

CLAY CENTER, Kan., Oct. 7.—A collision between the freight and passenger trains of the Rock Island road at Keats, resulted in a bad smash up, killing a mail clerk, seriously injuring the engineer and fireman of the passenger train, and burning of the mail car.

### More Wrecks.

LEAMINGTON, Ont., Oct. 7.—The schooner Davis Stewart is ashore off here. Five men and one woman were rescued almost exhausted.

Another schooner, name unknown, has gone down with all on board.

### Want Corbett and Mitchell.

NEW YORK, Oct. 7.—The Metropolitan Arena club of Vicksburg, Miss., has telegraphed Corbett and Mitchell, offering a purse of \$50,000 to have them fight in the Arena. It will seat 12,000 people.

### In Congress.

WASHINGTON, Oct. 7.—Voorhees gave definite notice in the senate this morning that commencing Wednesday he would ask the senate to sit continuously until a vote was reached on the Sherman repeal bill. Poch, a Democrat of North Dakota, then addressed the senate in favor of repeal.

Senator Manderson authorizes the statement that it is his opinion that the test of physical endurance to be applied in the senate next week will result either in a compromise or adjournment of congress.

House—Everett, of Massachusetts, opened the debate on the election laws bill. Grosvenor, of Ohio, followed in opposition. He made a vigorous assault on the Democratic party for trying to strike down national protection of the ballot.

## IN THE PATHS OF STORMS.

Horrors of the Southern Cyclone—Fatal Wreck on the Sound.

NEW ORLEANS, Oct. 7.—Aftermath of the great storm continues to pour in, bringing additional details of death, suffering and destruction. On Cheniere Camida it reached the climax of horror. The island contained one town, Camidaville, having about 1800 people, the majority of whom were fishermen. On Sunday evening there were 1200 dwellings within its limits. Today twenty-five only remain standing. Hundreds of bodies are still unburied, some under wrecked buildings, others floating on the bay. There are already buried on the island 850 persons and the work is not yet done.

In the house of L. Terreboune grave diggers found his body and that of his wife and six children. In Mme. Durro's house were found fully fifty bodies, all mangled in such a manner that they could not be identified.

The New Orleans board of trade today telegraphed to leading boards of the country, reciting the terrible disaster and the fact that survivors were left penniless and in dire distress. "People of Louisiana will bury the dead and feed the starving, but appeal to the general public to assist in contributions which will enable the thousands of deservingly poor people to follow their vocations and support their families," says the telegram. Subscriptions of every character will be thankfully received and distributed by an executive committee of the board of trade acting jointly with the committee of other commercial bodies.

Nine hundred bodies have been found floating in the waters of Grand lake. The loss of life at Cheniere is not less than 700 and may reach 1000.

### Shipwreck on the Sound.

PORT TOWNSEND, Oct. 7.—The most disastrous shipwreck in several years on the Washington coast, attended with loss of life, occurred three miles north of Quillayute river early Wednesday morning, when the Chilean bark Leonor of Valparaiso went ashore and was totally wrecked. Captain Meyer, his wife and four seamen were drowned. The remainder of the crew, nine in number, floated ashore on wreckage and made their way up the beach to Neah Bay, where menager particulars were telegraphed to the Post-Intelligencer news bureau.

The Leonor was caught in a westerly storm Tuesday night. The Captain lost his bearings and the vessel was driven ashore on the rocks. Soon as the bark struck she commenced to break. Captain Meyer caught his wife in his arms leaped overboard and attempted to swim ashore, about a quarter of a mile out they both went down.

The bark broke in three pieces and three seamen were drowned. The mate held to a piece of keel for five hours and finally floated ashore. The other eight seamen reached shore completely exhausted. The weather was bitter cold and the westerly storm drove huge seas over the ill-fated vessel.

Later in the day a searching expedition recovered the body of the captain's wife. Captain Meyer was an old Pacific coast navigator.

### Massachusetts Republicans.

BOSTON, Oct. 7.—The Republican state convention met here this morning. W. A. Baneroff was chosen chairman. Frederic T. Greenhalge was nominated for governor, by acclamation. Lieutenant Governor Wolcott was re-nominated secretary of state. W. M. Olin was re-nominated, and also J. W. Kimball for auditor, all by acclamation.

### Boy Smothered.

PORTLAND, Oct. 7.—Grove Sefton, an eight year old boy, while playing near a sewer in Albina this morning was buried by caving in of the sewer and was smothered to death.

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

## CHURCH WORK AND WAR.

What Leading Portland Societies are Doing.

## THE DANCE QUESTION IN ST. PAUL.

Has Broken Out in a New Form Among Methodists.

PORTLAND, Oct. 7.—Work on the new building of the First Baptist church, at Twelfth and Taylor streets, is progressing rapidly. The exterior walls and roof are in place, and the interior work is well under way. A stone sidewalk is being laid on Twelfth long-side the church building, and the paraphernalia of plasterers, painters, and other workmen on the interior of the building, is piled on Taylor street.

When completed there will be few finer church edifices in the West than that of the First Baptist church. Its location on Twelfth and Taylor streets give to each of those streets the distinction of being the leading church streets of the city. On Taylor there is the First Methodist church at Twelfth and the First Baptist, on Twelfth, the First Presbyterian at Alder, the Grace Methodist and the First Baptist at Taylor. All of them are among the finest church buildings, and are supported by the largest and wealthiest congregation in the city.

The First Congregational church building at Park and Madison streets, when completed will be second to very few church edifices on this coast, work, however, has been entirely suspended on it for the present, pending a revival of better times, when it will be again resumed. A high board fence incloses the imposing structures on the south and west, the windows, doors and entrances are all boarded up, and the observer of the magnificent building so tightly sealed up cannot escape a feeling of loneliness at its deserted appearance.

### Dance Controversy.

ST. PAUL, Oct. 7.—A sensation has been caused here by the preferring of charges before the Methodist conference in Minneapolis against Rev. Thos. McCleary, D. D., pastor of the Bates-avenue Methodist church. The charges originated with the Rev. Mr. Pilling. Dr. McCleary is accused of having attended a performance of "America," while at the world's fair, and of having published his experience and impressions in the Methodist Herald. In his letter to the newspaper, Dr. McCleary says that the show on the whole was pleasing, although some parts of it particularly the chorus girls and the dancing, shocked him. He, however, considered the amusement harmless. The Rev. Mr. Pilling takes a different view. In his accusations he says that the theater is a place where one loses his virtue, conscience, self-control and grace, and that Dr. McCleary's offense has no redeeming features. Mr. Pilling also accuses the Herald for printing Dr. McCleary's description. In a letter to the editor he says:

"I am astounded that you would print an article by a minister of our church describing a ballet show and play, and also advising our people to go in the words 'the best of them are usually attend.' It is a disgrace to the Methodist Herald, the church and to the Rev. Dr. Thomas McCleary. You are not responsible for his views, but you are responsible for allowing such an article to go in. The question is not an open one. It is unlawful for a minister or a member to attend any play or theater, no matter how little they think of their solemn promises to the church of God. Unless you make some statement in your next issue, deploring this article and putting your paper right, I shall use my influence to try to have every copy of the Methodist Herald stopped in my neighborhood. I am against the theater in every form and shape. I am trying to get all the people I come in contact with to keep away, but this article is directly against my influence and the law of the church."

The Methodists are taking sides in the matter, and should any severe sentence be imposed on Dr. McCleary a split in the church is predicted.

## CONGRESSIONAL PROCEEDINGS.

Democratic Difficulties With a Tariff Bill.

## PROGRESS OF THE SILVER DEBATE.

Platform of the New York Republicans.

### The Tariff Bill.

WASHINGTON, Oct. 7.—Democratic members of the ways and means committee acknowledged some difficulties are now being reached. The framework of the bill before the majority was understood to be a draft submitted by Secretary Carlisle. It is understood to be definitely determined that the sugar bounty will be repealed. A proposition has been made to place half a cent a pound duty on raw sugars or take off the same rate on refined sugars. It is generally believed by Democratic members, not only of the committee but of the house, that an increase of internal revenue taxes is a part of the administration plan. Another feature is the suggestion that money for pensions should be a separate fund raised in some special manner. The income tax and direct tax have both been suggested. Members of the committee on invalid pensions have received an intimation that they may have to act on suggestions of the kind.

### IN THE SENATE.

WASHINGTON, Oct. 7.—In the senate yesterday Blackburn of Kentucky submitted an amendment to the bill repealing the silver purchasing clause of the act of 1893. It strikes out the Voorhees substitute, leaving the bill as it passed the house, then provides for free coinage of silver of American production. The secretary of the treasury is authorized on the first day of each month to establish seigniorage to be charged for the following month which is to be the difference between the market price of silver bullion and the value after coinage. This seigniorage is not to be coined but to be sold by the secretary of the treasury for gold to be used for the purpose of maintaining the parity of gold and silver.

The attempt to secure a night session of the senate is now postponed until next Wednesday. If Voorhees falls in his effort or fails in retaining a quorum, the senate will be in a better mood for coming to an understanding. It is understood some Republican advocates of repeal will decline to assist their Democratic co-workers to the extent of sitting up nights with them. Senator Pugh says the silver men invite the test and when it is once begun will themselves see the session made continuous.

### IN THE HOUSE.

After the transaction of routine business, Paines, of Nebraska, resumed the floor to complete his speech in opposition to the Tucker bill.

Talbot, populist of South Carolina, in support of the bill created a mild sensation by declaring: "The proudest memory of my life is that I was a Confederate soldier. Our struggle has been styled 'the lost cause.' It may have been lost, but it was the cause of liberty. If some are not willing to give liberty to us, we are ready to fight again. We will give the black men their rights, but this is a white man's country and white men must and shall rule."

### POPULIST JOY.

Populist members of the house are much elated over rumors that Congressman Bryan of Nebraska, has renounced the Democratic party on the failure of the Nebraska convention to endorse his free silver position. Representative Boen of Minnesota sent Bryan the following telegram: "Accept congratulations on your gallant fight and defeat. You are out at home in the Democratic camp; no silver man is. Shake."

Several days ago the treasury department mailed interest checks aggregating in value about \$5,000,000 to pay interest on the public debt due October

1st. The effect of their payment is already being felt in the reduction of the gold reserve, which today stands at \$99,926,697. The net currency, however has turned the other way and shows an increase of \$2,647,260 since the second of the month.

### New York Republicans.

SYRACUSE, Oct. 7.—The Republican state convention nominated Edward T. Bartlett of New York city for associate justice of the court of appeals.

The platform starts out with this sentence: "The time has come to rescue the state of New York from the despotic control of an utterly selfish and personal machine. All are invited to join the Republican party to effect a reform." Then follows recitation of Judge Maynard's action in 1891 and denunciation of what he did and what his party was enabled to do as a result. Present industrial uncertainty is attributed to fear of indiscriminate reduction of tariff duties, now in progress at Washington. The only reference to silver is embodied in the clause "commending Republican senators and representatives in congress for adherence to the cause of sound money and stable currency."

Gen. John Palmer of Albany was nominated by acclamation for secretary of state.

### Oregon Marble Wins.

CHICAGO, Ill., Oct. 7.—An award was given the variety Marble company at Roseburg, Oregon, for marble.

EVAPORATOR AND CREAMERY.—It is one of the best things the town ever had, but there is one place in town where the people all center for green, dried and canned fruits, and that is at Van Eaton's old reliable grocery.

UNITY CHURCH.—Services at 10:30 a. m. and 7:30 p. m. Sunday school at 12. Subject of morning sermon, "Eternal Life, as Depicted by Herbert Spencer and by Jesus." Subject of evening lecture, "The New Humanity, with Some Remarks About the Serpent, the Cross, Giants and Dragons." Rev. W. E. Copeland, pastor.

PROBATE.—On petition L. W. Darling was appointed guardian ad litem for G. V., L. I., E. M. and Abbie Darling, minors, and the minors so represented, and Lucy A. Robinson, C. H. Neal, C. and A. Gibson, F. M. Neal and M. J. Jarnott have filed a petition to have the probate of the will of Calvin Neal set aside. Citation requiring defendants to appear in county court Nov. 6th and show cause why the petition should not be granted has been issued.

### Teller All Right.

DENVER, Oct. 7.—According to the Rocky Mountain News Judge A. W. Roecker, who has just returned from Washington, says that Senator Teller said to him: "I don't know where my head may fall, but you have heard me raise my voice in behalf of the Republican party for the last time." A Times dispatch from Washington denies that Teller made such a statement and quotes him as saying: "That if it was necessary to leave the Republican party he would make the announcement himself."

## Tired, Weak, Nervous

Mrs. Mary C. Cryderman

"I had rheumatism so severely that I was obliged to use a cane. I was tired of life and was a burden to those about me. I often suffered from dizziness, worried much, and was subject to nervous spells. Hood's Sarsaparilla made me feel like a different person. I owe my present good health to Hood's." Mrs. MARY C. CRYDERMAN, La. Foundation, Kansas. Be sure to get Hood's. Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache.
