ENGLISHMEN'S SUGGESTIONS

For an Immense Gold Loan

TO AVERT PANIC IN INDIA.

No Democratic Compromise Possible.

SENATORIAL MANAGERS ALL AT SEA.

Republicans Refuse to Unravel the Silver Snarl.

Indian Finances.

CALCUTTA, Oct. 23.—Money is daily becoming scarcer. In this connection Englishmen suggest a gold loan of 5,000,000 pounds, and declares this absolutely necessary to avoid a panic.

In the Senate.

WASHINGTON, Oct. 23.—The senate met at 10 o'clock. Legislative day of October 17th continues. Consideration of the silver repeal bill was resumed. Jones, of Nevada, resumed an argument in opposition to the bill.

Compromise Impossible.

WASHINGTON, Oct. 23.—The opinion is now general that the compromise bill will never be introduced in the senate. The reason for this is that compromisers have been unable to get a sufficient number of pledges to guarantee the passage of the bill. The most authentic statement of number of pledges makes it 39, or four short of a majority. The pledges were all by Democrats. Republicans have been appealed to help out, but have all, repudiated silver men alike, refused to join the movement. The Republicans refuse because of failure to provide for a bond issue, and because of provision for coinage of seigniorage silver. The silver men oppose it because of the short time for the Sherman law to be continued.

There is a belief that the two Republican factions might unite upon a bill and with the aid of the Populists and possibly a few Democrats pass it. The Democratic senatorial managers seem all at sea as to the situation. However they are still at work among the members and even hope to bring the President to their way of thinking. In case of absolute failure the senate may either adjourn to December 1st, press the bill on the present plan, or attempt to secure a cloture. Doubtless Hill will press a cloture resolution if sure of sufficient assistance.

Voorhees stated this afternoon that he would close today's session at the end of the legislative day of Tuesday by moving an adjournment till tomorrow. It is surmised this action may be for the purpose of putting matters in shape for bringing up the cloture question. When it became apparent today that the compromise scheme had failed the silver men renewed their old tactics of calling for a quorum.

No Compromise.

WASHINGTON, Oct. 23.—A man high in the councils of the administration said last night: "The president adheres to his position that the purchasing clause of the Sherman law should be unconditionally repealed. The lower house of congress voted for repeal by an overwhelming majority; majority in the senate is in favor of unconditional repeal, and the sentiment of the country demands the passage of the pending bill. It is not true that Secretary Carlisle has been in favor of the compromise which was subscribed by a number of senators Saturday. He and other members of the cabinet are opposed to that measure."

YOUR HEALTH

May depend upon the way you treat the warning which nature gives. A few bottles of S. S. S. taken at the proper time may insure good health for a year or two. Therefore act at once, for it is not too late.

IS IMPORTANT

That nature be assisted at the right time, never fails to relieve the system of impurities, and is an excellent tonic also.

He Wants to Add His Name.

"Permit me to add my name to your many other certificates in commendation of the great curative properties contained in S. S. S. I have used it certainly one of the best tonics I ever used."

Forecast for the Week.

WASHINGTON, Oct. 23.—The probability of the proposed compromise upon the silver question becoming a law was vigorously discussed here today. Friends of the measure are sanguine that it will be accepted by the majority of the senate, although there remain a few who have not yet signed the request to Chairman Voorhees to offer the substitute for his pending bill, and it is therefore still uncertain when it will be presented. Silver senators from the West are by no means satisfied with it. They are quoted, however, as saying that they will not offer any obstructive tactics to a vote upon it, after being allowed an opportunity to vote in favor of a free coinage substitute.

REPUBLICAN SENTIMENT.

Republican leaders in the house declined to talk for publication, on the ground that the terms of the compromise had not been made known, and until that was done they preferred not to commit themselves. Talks with Reed, Perkins, of Illinois and others, however, demonstrated that upon one point they were not satisfied—that was the coinage of seigniorage of bullion now in the treasury and that of the year's bullion yet to be purchased, increasing the currency by that amount and without providing in any way for the purchase of additional gold reserve to aid in maintaining the parity of the two metals. Unless a provision of this sort is made it will be difficult, from present indications, to secure any Republican votes in the house.

Billion Dollar Congress.

WASHINGTON, Oct. 23.—The house today passed the printing bill, also a bill to provide for a steam revenue cutter on the great lakes. Chairman Sayres of the appropriations committee, served notice on his Democratic colleagues that unless they joined with him in economizing this would be a billion dollar congress.

Land Case Fees.

WASHINGTON, Oct. 23.—Bell of Colorado introduced a bill to reduce the fees for transcribing testimony in land cases west of the Mississippi river.

Called in His Robes.

DUBLIN, Oct. 23.—The Archbishop of Armagh, Primate of all Ireland, died suddenly at noon.

BLIZZARDS AND RAIN STORM.

New York and the Dakotas Have Rain, Snow and Hail.

NEW YORK, Oct. 23.—A heavy rain storm has prevailed since 10 o'clock last night. An inch has already fallen. The wind is blowing nearly thirty miles an hour. The storm extends two hundred miles to the southwest and north.

ST. PAUL, Minn., Oct. 23.—Specials report a storm of snow, hail, rain and sleet, extending over eastern South Dakota and into North Dakota. Fargo, Huron and Sioux Falls report one or more inches of snow and the storm still prevailing.

An Iowa Fire.

LEMAUS, Oct. 23.—A fire in Corkery's livery stables this morning consumed forty head of horses, and destroyed a hundred thousand dollars worth of other property.

STATE VS. BRUCE.

Connivance at a Jewelry Theft Punished.

The case of the State vs. Bruce, the Portland sport who was brought to this city Saturday charged with stealing a diamond pin from one McGuire of East Portland, was arraigned today before Judge Edes.

McGuire and the night clerk at Hotel Willamette where the theft occurred during the state fair week were the witnesses for the state. The theft was proven but not upon Bruce, though he swore he saw another take it and refused to give information to lead to his conviction, hence was bound over. Deputy District Attorney Condit appeared for the state.

Green, the partner of Bruce, was sent to the pen for stealing a watch at Portland. He was seen this morning, but refused to tell the whereabouts of the pin which is worth \$125. Bruce sent the officers on several chases, but so far no trace has been found. Bruce's friends may put up the \$500 bonds and he never appear. He is undoubtedly connected with a bold gang of thieves operating in this valley.

Vessel Discovered.

CLEVELAND, Oct. 23.—A sunken vessel was discovered a few miles off this port. It is thought undoubtedly to be the schooner Riverside, missing since the big storm of 18th. Those on board the vessel were: Captain D. G. Farrington and wife; Joseph Hargreaves, mate, and his son John; John Paige, a seaman, and two other sailors. All were undoubtedly drowned.

OREGON BAR ASSOCIATION.

Annual Meeting Held at Portland, Oregon.

PORTLAND, Oct. 23.—Vice-President George H. Burnett, judge of the third district, called the Oregon Bar Association to order at 10 o'clock Saturday morning in the United States district courtroom. It was an unprecedentedly large and representative gathering of this state's legal talent, among those present being George H. Williams, H. W. Hogue, Judge W. P. Lord, Judge R. S. Bean, W. P. Thayer, Judge C. B. Bellinger, Judge L. B. Stearns, Judge M. G. Munly, W. W. Cotton, John Catlin, C. R. S. Wood, J. R. Stoddard, Wirt Minor, J. T. Gregg, W. E. Thomas, F. V. Holman, L. B. Cox, C. J. Schnabel, C. J. MacDougall, G. O. Holman, W. R. Willis, W. Y. Masters, A. H. Tanner, Sanderson Reed, S. H. Gruber, John B. Cleland, G. G. Ames, C. N. Walt, C. F. Lord, L. A. McNary, E. O. Potter, W. H. Winfree, Zera Snow, D. E. N. Murphy, A. C. Emmons, S. W. Condon, Judge George H. Burnett, H. H. Northup, C. M. Idleman, George H. Durham, M. W. Smith, Thomas N. Stroug, O. N. Denny, F. A. The morning session was largely devoted to the reading of committee reports, which served to show the mighty influence the association wields in shaping the legislation of this state.

NEW OFFICERS.

After the treasurer had submitted his annual report, which showed the association to be in excellent condition, the election of officers for the ensuing year was held, with this result:

President—Chief Justice William P. Lord, of the supreme court.
Vice Presidents—First judicial district, C. A. Coggswell, of Lakeview; second district, W. R. Willis, of Roseburg; third district, Judge George H. Burnett, of Salem; fourth district, Judge Loyal B. Stearns, of Portland; fifth district, Thomas H. Tongue, of Hillsboro; sixth district, Charles H. Carter, of Pendleton; seventh district, Alfred S. Bennett, of The Dalles.
Secretary—Charles H. Carey.
Treasurer—O. F. Paxton.

Executive committee.—S. B. Huston, of Hillsboro; George G. Bingham, of Salem; C. A. Johns, of Baker City; and John B. Cleland, of W. W. Cotton and C. J. MacDougall, of Portland.

Ex-Judge W. W. Thayer read an able and scholarly paper on "The Obligations of a Lawyer to his Profession and to the State." It was listened to with great interest, and the auditors pronounced it one of the ablest addresses ever delivered before the association.

Before adjourning the association disposed of quite an accumulation of routine business.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

AFFAIRS OF GREAT BRITAIN.

Parnellites Preparing Trouble for Gladstone.

LONDON, Oct. 24.—The Parnellites, under the leadership of John and William Redmond, are preparing to make trouble for Mr. Gladstone. Until the government will assent to the introduction of a bill giving financial aid and compensation to evicted tenants in Ireland they will withdraw their support from the cabinet. Several anti-Parnellites, moreover, have agreed to follow the same line of action. John Morley, Irish secretary, wishes to grant the Parnellite demands, but a majority of the ministers insist upon the necessity of fulfilling the pledges given to the liberals that the whole session next winter shall be devoted to the discussion of English measures. The ultimate decision of the government will depend upon the strength of the Irish defection. The Parnellites will get their eviction bill if Mr. Gladstone's majority seems likely to be reduced to the danger point and the fate of the government becomes involved. The Parnellites have arranged to hold a conference with the anti-Parnellites early in November with a view toward restoring harmony between the factions.

They have been weakened of late by the disaffection of John Barry and W. K. Reynolds, and the reports that others are about to desert their organization. Justin McCahey evidently feels himself too old to stay the process of disintegration, and he offered to resign the leadership in favor of Arthur O'Connor, John Dillon or Thomas Sexton. Dillon and Sexton, aided by Michael Davitt and William O'Brien, have succeeded, however, in inducing him to reconsider his offer. They are now endeavoring to persuade Barry and his fellow malcontents to retain their seats in the house of commons. It is reported that John Morley has offered Thomas Sexton the post of Irish commissioner of education, urging upon him that the present is an opportune time for breaking the rule of the nationalists against accepting offices from the British government. Sexton, however, willing as he may be to take the place, is not the man to accept it without first obtaining the full assent of his colleagues, and this they are not likely to give.

The Indian government cabled to London Tuesday to advise urgently that such a duty be placed upon the import of silver to India as would equalize the price of silver and the price of rupees. The dispatch was debated in council at the India office, with the result that the suggestion of the Indian government was condemned as untimely. The Earl of Kimberley's response is understood to indicate, however, that in the near future the import duty will be imposed. The home government hesitates to take any action in the matter before the currency question in the United States shall be settled. For three months the India council has been unable to sell bills, yet must pay in London during the current fiscal year £18,750,000. Against this the council raised by the sale of drafts and debentures £7,000,000. An Indian loan appears therefore to be inevitable.

The conservatives have started a report that Mr. Gladstone will abandon his candidature for the Midlothian district at the next election, because of the fears that he would be defeated. At the last election his majority was only 600, and this, the conservatives say, promises to fade away entirely at the next contest. The report of his retirement from the district, however, is pure fiction. In his last interview with his election committee he gave and received assurances that his connection with his historic constituency would be maintained.

Mr. Gladstone is busy drafting a Welsh disestablishment bill. He is despatching, as usual, upon his marvelous fertile re-creation, and a new way out of old difficulties. He has discovered already a simple solution of one problem. He will contend, for instance, that no church of Wales exists but merely the church of England in Wales.

The first clause of his bill will constitute the existing sees into a Welsh church under the archbishopric of St. David's. The subsequent clauses will specify the details of the disestablishing process.

The Princess of Wales, with her two daughters, arrived at Marlboro house today from Copenhagen, where she has visited her parents for several weeks. After a short stay in London she will go abroad for the winter, probably to Egypt. The Prince of Wales came up from Sandringham this morning to meet her. Society teems with stories to the effect that the prince's frequent and prolonged absence from England is due to family quarrels. In court circles she is said to go abroad merely to better her own feeble health and strengthen the lungs of her daughter Maud.

Grand Trunk Disaster.

BATTLE CREEK, Mich., Oct. 23.—Thirteen of the 28 dead as a result of the Grand Trunk wreck here Friday morning, have been identified. Albert Bradley, whose leg was amputated, died today. There are still 23 badly injured in the hospital. Of these Mrs. Vance cannot live. This afternoon friends identified one of the burned bodies as that of the widow of Mr. Aldrich, of Edwardsburg, Mich. There are now 14 unidentified bodies. The following are known to be among those burned to death: Mrs. A. Y. Warner, Brockport, N. Y.; Mrs. J. B. Wood, Odessa, N. Y.

Five more bodies taken from the Grand Trunk wreck here Friday morning, to the coroner began to inquire into the accident this morning. The investigation will be searching.

A dose of Simmons' Liver Regulator taken daily, will relieve and prevent indigestion.

PERSONAL AND SOCIAL.

Local Correspondence from Towns in the Valley.

FROM CHEMAWA.

Mr. W. B. Stephens died very suddenly on Sunday morning, the 22d. He has been ailing for some time but appeared to be a great deal better. He got up early Sunday morning and went out in the pasture to get the cows as usual leaving his son Rad getting breakfast and not returning after a time search was made with the result of one of the neighbors finding the old gentleman in the brush east of the house about 40 rods, lying dead, having apparently died without a struggle. Mr. Stephens was one of the oldest settlers of Marion county, and about 72 years old.

S. G. Pugh has leased a lot of his farming land to be set in hops. Fred Hammock is the lessee.

F. J. Beatty saved a little over seven tons of prunes from 100, 5 year old Petit trees this year. This was the weight before curing. The Italians were badly damaged by the rain and only about 90 pounds to the tree were saved.
