Barn Burners Get There.

ALBANY, Ore., Oct. 23.—[Special.]—The barn of F. C. Huffman, one mile east of Albany, was entirely consumed by fire Saturday evening, and was probably set by tramps. It contained four horses, two cows, seventy tons of hay, some grain, twenty-five portable scales, and a variety of farming utensils. All were burned, and insured in the Imperial, for \$2040. An interesting thing is the fact that on account of the war being made by the Union Pacific Insurance Union, the policy was recently transferred from the State to the Imperial.

Returned to Oregon.

—Wilford Hammer and family arrived Sunday from Minnesota and will locate a home near Salem. Mr. Hammer was in Oregon two years and went back East.

Important Probate Matters.

In the estate of Permelia Howard, deceased, R. G. Keene, the administrator, petitions for an order to sell lands belonging to the estate. This property consists of lots 5 and 6 of block 5 of the southeast addition to Salem. The petition was granted.

The last will and testament of Samuel Adolph, deceased, was admitted to probate by County Judge W. C. Hubbard. Mrs. Mary Adolph, the widow, was named as the executrix as provided for in the will. The instrument in substance is as follows: He bequeaths to his wife Mary Adolph the whole of his estate, both real and personal, to be held, used and disposed of by her during her lifetime while she remains his widow for the purpose of supporting herself and the children, William, Eva, Lyon, Ida, Samuel, and Joseph Adolph during their minority. In case any of the children are of age at the time of his death the executrix is to pay to them out of his estate the sum of \$200, and that any of such children becoming of age after his death be paid a like sum each. In case of the marriage of his wife he gives and bequeaths the whole of his property then in the hands of the executrix as follows: The undivided one-third thereof in fee simple to his said wife and the remaining two-thirds thereof unto the children, and that they share the same equally in all respects. He also directs that his executrix keep all the children, that may be minors at the time of his death, in school as much as possible until they attain the age of 16 years and that their schooling be paid for out of the estate. The will also directs that his wife be permitted to retain or divide among the children as she may deem best any jewelry or keepsake of which he may die possessed. He also appoints his wife as the executrix having full confidence in her ability and judgment.

The will was made on October 27th, 1882, in the presence of J. T. Gregg and John McIntosh of Salem. The ages of the children are as present: Wm. 28, Eva 22, Lyon 20, Ida 15, Samuel 13, Joseph 11.

Wm. Anderson, J. H. Haas, and E. C. Cross were appointed appraisers.

THE BOARD OF CHARITIES.

Makes an Important Appeal to the Public of Salem.

While meritorious demands are, at all seasons of the year, made upon the Salem Board of Charities, the fall and winter months naturally present the most urgent claims. The board has now been organized for about two years, during which time it has, in a quiet unobtrusive manner, aided and abetted by the liberal contributions made by our citizens, accomplished much good, and relieved the immediate and pressing wants of a large number of deserving poor. In view of the existing "hard times" it is safe to predict that the demands on the organization during the next few months, will be unusually heavy, and while the individual members of the board are perfectly willing to contribute of their private means and to perform gratuitously the more or less arduous duties imposed upon them in the way of giving a careful investigation as to the merits of each and every application for aid, and to exercise their best judgment in the proper distribution of the funds at their disposal. It is, nevertheless, necessary, in order to carry out their work, that its treasury should at once be replenished. To the credit of our citizens, be it said, that no appeal for charity has ever been made to them in vain. In this instance, therefore, we feel confident that a liberal and generous response will be made to our appeal for aid in the promulgation of our good work, and that those who, in our midst, are blessed with happy homes, comfortable surroundings and a fair share of worldly goods, will from their abundance contribute to the assistance of the deserving few who are less fortunate. There will be an unusual demand for cast off clothing as the weather becomes inclement, and the board is very desirous of receiving contributions in this line. There is scarcely a home in the city that has not stored away, in closet or attic, pieces of cast off clothing, which, while little or no value to the present owners, would be thankfully received and gratefully appreciated by some of our deserving poor. Men, women and children's clothing is always acceptable and will be judiciously distributed among those whose needs are most urgent. Bundles of clothing left at any of the newspaper offices will be called for, or if donors will leave with either W. L. Wade, J. B. Stump or Charles Claggett, (members of the executive committee,) the articles will be called for by some of our generous expressmen that have kindly volunteered to collect the same. We earnestly hope to receive a liberal supply of clothing as it will be sorely needed, no doubt, before the winter is over. Contributions in money may be handed to any member of the board, or left with Mr. A. N. Bush, treasurer. Kindly remember the poor, who are always with us and give us your aid and encouragement in our work of supplying their immediate wants, bearing in mind that you are thus "casting your bread upon the waters" to be returned to you after many days.

By order of the Board, W. L. WADE, President, FRANK E. HODGKINS, Secretary.

Twenty Years' Experience.

C. D. Fredricks, the well-known photographer, 770 Broadway, New York, says: "I have been using Alcock's Porous Plasters for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back Alcock's Porous Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pains in side, back or chest, indigestion and bowel complaints."

FROM SOUTHERN OREGON.

GRANT'S PASS, Oct. 22. A fine rain fell last night and this morning; it will help the late garden and fall plowing considerably.

Our electric lights were started up, after being dormant a year. They are rather weak yet, but will doubtless get stronger as they grow older.

Business is not so dull in Grant's Pass as it seems to be in other places. Both our factories are running day and night. They are receiving large orders from California for fruit boxes, besides our home demands are quite large at this time of the year.

Our school is progressing finely, under the able management of Prof. Adams and a corps of efficient teachers; and we can be justly proud of our large Sunday school.

The Hotel Josephine will be opened about Nov. 1st, with a large ball and supper. This hotel is one of the finest structures in Southern Oregon, and will be under the management of R. O. McCroskey.

The tramps don't bother our town much. One of our papers denounces them as a lazy, worthless set, and the other prints some truly wonderful literary efforts that some of the well educated tramps have written against every one that don't bow down to their worthless selves.

There are several cases of typhoid fever in town, but scarcely any other sickness.

FOUND DEAD IN A FIELD.

Details of the Inquest Over William Stevens.

Mr. Stevens was found dead in the woods near his home. Sheriff Knight went to Chemawa Sunday afternoon, and had the body removed to the residence of the deceased. The coroner was notified, but could not come and Justice Batchelor went to the scene of the death this forenoon to hold the inquest.

Coroner Batchelor arrived at the Stevens' place, near Lake Labish, at 9 a. m. to inquire into the death of Wm. Stevens, whose body was found in a field of timber Sunday at 2 p. m.

He impaneled the following jury: A. F. McAtee, W. P. Miller, J. W. Beatty, Riley Ringo, Eli Warren, and Richard Hughes. The inquest was held by the above gentlemen at the home of deceased, a mile east of Chemawa school. Following witnesses were examined: Eli Warren, Radway Stevens, a son, Mrs. Della Ringold, A. J. Pruitt, J. R. Fairbanks.

THE VERDICT was as follows: "To J. Batchelor, acting coroner of Marion county, state of Oregon. We the undersigned jurors summoned to hold inquest over the remains of Wm. Stevens, whose body lies before us, find that the deceased came to his death from cause unknown to us."

Signed, Mr. Stevens was a well-to-do pioneer, and will be buried on Tuesday.

The coroner's verdict found that deceased had been a very hard working man, 72 years old, quite infirm, and came to his death from natural causes, probably heart disease.
