NATIONAL PROTECTION VICTORIES.

Of course every thinking person was surprised when last year amid universal prosperity the country went Democratic and elected Cleveland president on a free trade platform. But it was generally understood that the labor troubles at Homestead and Buffalo had much to do with the result.

This off year the country redeemed itself by giving a grand majority for protection to American industries in Ohio where Major McKinley, the champion of an American tariff policy ran against Neal, the man who wrote the Democratic platform upon which Cleveland won. It was a square issue in that state and national protection won by immense margins. It is a significant result and makes history of 1896.

MISSIONARY MEETINGS.—Several missionaries returning to China will speak in the Baptist church tomorrow afternoon at 2:30 and again in the evening at 7 o'clock. The evening service is held at this early hour in order to enable the speakers to depart on the South bound overland for California. Among the missionaries is Rev. J. H. Upcraft, for many years in the inland mission an exceptionally fine speaker. The public is cordially invited to attend these meetings. This evening at the First Presbyterian church, the people of Salem will have the privilege of hearing the eminent Rev. Wilson Phares, D. D., from New York. Dr. Phares represents the Home and Foreign mission boards of the Presbyterian church. He has made a tour of the mission fields of the world.

DISASTROUS WIND.—At Yaquina bay Monday night one of the wildest wind storms ever known in that section is reported. Three houses are said to have been blown into the bay. No fatalities. The damage will be considerable.

MISSIONARY MEETING.—Rev. Dr. Phares, of the Presbyterian mission boards, who has been around the world visiting all mission fields, is in the city with his wife, and will speak at the Presbyterian church this evening. All invited.

DIED.—At the county poor farm near Salem, Tuesday, November 7, 1893, from renal trouble, George B. Johnson, aged about 63 years. The remains will be laid to rest today in the Rural cemetery, the services to be held at 12 o'clock at the poor farm.

Love's Young Dream.

Love's young dream was a very bright one, and its fulfillment will be bright, too, if the bride will remember that she is a woman, and liable to all the ills peculiar to her sex. We remind those who are suffering from any of these, that Dr. Pierce's Favorite Prescription will renew the base of youth in pale and sallow cheeks, correct irritating uterine diseases, arrest and cure ulceration and inflammation, and infuse new vitality into a wasting body. "Favorite Prescription" is the only medicine for women, sold under a positive guarantee from the manufacturers that it will give satisfaction in every case, or money refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

FROM CHEMAWA.

Accidental Death of a Little Son of P. J. Beatty.

Bad news was brought to Salem Tuesday evening, by G. W. Goodrich, of the accidental death of Roy Beatty, of Chemawa. He was a son of Mr. P. J. Beatty. Their little 12-year-old son, Roy, was found dead in a workshop, situated about 250 feet from the farm residence, with a bullet hole through his head.

The discovery was made about 2 p. m. and from the appearance of the body it is presumed that death came instantly. The revolver was a Smith & Wesson revolver of thirty-eight calibre and a five-shooter. The ball entered the left side of the face below the temple coming out at the top of the head.

The weapon belonged to the family and was supposed to have been secretly put away under the bed, and just when the boy found it cannot be learned.

The boy was subject to epileptic fits and required great care and attention which had made him the pet of the Beatty home, and the shock is a severe one to the family.

The many friends of Mr. and Mrs. Beatty in this city will mourn with them in their affliction.

Proof of Merit.

The proof of the merits of a plaster is the test of its effects, and the voluntary testimonials of those who have used Alcock's Porous Plasters during the past thirty years is irrefragable evidence of their superiority and should convince the most skeptical. CITY COUNCIL PROCEEDINGS.

At a regular meeting of the city council held last evening, Mayor Gatch and Aldermen Smith, Cross, Gray, Albert, Olmstead, Lafore, Hunt and Klein were present.

The committee on ordinances reported in favor of the ordinance regulating sidewalks on Oak street.

The committee on bill poster's request reported that same be referred to committee on ordinances.

The city engineer reported recommending the work recently done by the Salem Water Co. in laying its new section pipe from the works to the river.

The following resolution was presented by the mayor.

Be it resolved by the city council of Salem now in session assembled, That all former actions of said council regarding the insurance of bonds for the funding of our indebtedness, be hereby revoked and that the city attorney, together with the city recorder be requested to draw and present for our action an ordinance bonding our indebtedness as contemplated by our charter. Said ordinance omitting all warrants drawn upon special funds, the payment of which is provided for, and all warrants drawn for the improvement of streets which should be paid for by adjacent property holders, and not by the unbenefitted tax payer.

Cross called for ayes and noes.

Albert spoke against the resolution, and stated that if the city should fail to bond to cover delinquent street work it would be simply acting in the interest of the city's debtors. Alderman Hunt thought issuing bonds would simply admit that the city at large would assume the payment of the delinquent assessments. Albert insisted that issuing of such bonds would not relieve the city's debtors.

The following vote was had: Ayes, Gray, Hunt, Lafore, Klein; Noes, Smith, Cross, Olmstead, Albert. By vote of the mayor the resolution passed.

A petition was presented by Martha E. Howe, asking \$100 damages for injury sustained in falling through a defective cross-walk on State street at Church street. Referred to city attorney.

Mrs. C. C. Stratton asked for time to Dec. 1st to settle State street improvement. Marshal Minto was asked to answer the letter.

The city engineer made report on the street work done on Oak street, and a warrant for \$190 was ordered drawn in favor of Archie Mason to settle the same.

Chairman Hunt moved that the bill of Hutchins & Southwick for \$3416 be allowed. Passed. This makes \$8600 now paid on the city hall.

Klein moved that Mill street be improved from Winter to 21st streets, as prayed for by property owners. Passed. Architect Pugh's bill for \$767.19 was referred.

Klein moved that the Wayne hose wagon company be paid their bill of \$3.25 by a city warrant. Carried.

An ordinance authorizing the issuance of bonds for the payment of the city's indebtedness on Feb. 15th, 1893, was read the first and second times.

The ordinance was then referred to a special committee consisting of City Attorney Bingham, Councilmen Lafore,

Klein and Cross.

An ordinance providing for the safe and proper stringing of electric wire and for the repeal of ordinance No. 252 was read for the first time in full, second time by title, and upon motion was referred to a select committee of three, Albert, Gray and Hunt. An ordinance for the sale and conveyance of the city's property on the east side of Liberty street, near Mill Creek, (the North Salem engine house and lot) and directing the city recorder to give notice of said intended sale, was then duly read the first and second times, in full and by title, and referred to committee on ordinances.

An ordinance providing for the repeal of ordinance No. 209 of the city laws (involving the license fees of hack, lay, truck and expressmen was then duly read, in full and by title and referred to committee on ordinance. The ordinance regulating sidewalks on Oak street from west line of Winter street to west line of 12th street, then came up on its third reading and passed unanimously. Upon motion by Alderman Gray, the ordinance tabled by him September 9th last, relative to the rebate of excess assessment in the matter of State Street improvements, from the west side of High to the eastern city limits was taken from the table and passed to third reading, but an intervening motion to refer placed it in the hands of a special committee (Messrs. Gray, Albert and Hunt) for amendment, and report, at next regular session of council. At this point Alderman Albert introduced the following resolution, to-wit:

"Resolved, that the city recorder be and is hereby authorized to furnish to the judges of election at the several polling places of the coming city election, a copy of section 15 of the charter, together with the list of all delinquent debtors of the city." Section 15 referred to, reads as follows, to-wit: "No person shall be allowed to vote at any municipal election who has not resided in the ward in which he offers to vote thirty days next preceding the election, and who shall have refused or neglected, after proper demand, to pay any city fine or tax legally assessed against him, and the council may prescribe such oath as it may deem proper to ascertain such fact." The vote on Mr. Albert's resolution standing as follows: Ayes—Smith, Olmstead, Gray, Klein and Albert; noes—Hunt, Lafore and Cross.

On motion of Albert the city recorder was instructed to advertise for bids for the purchase of bonds covering the state street, and Oak street improvements, the same to be returnable at the second meeting of the city council in December.

Klein's motion to disburse with the reading of new bills against the city then prevailed, and adjournment was had.

IMMIGRATION PROSPECTS.

A. D. Charlton, assistant general passenger agent of the Northern Pacific has returned from a trip to Chicago and other Eastern cities. Speaking of the fair Mr. Charlton said: "The Midway Plaisance never presented a more live appearance than does the Northern Pacific depot at St. Paul at present. It is crowded from morning to night with people who have visited the World's fair and after carefully scrutinizing the products of the various states, decided that the northwest offers better inducements than any other section of the country. The average number of people departing each day since October 20th to 31st. Of these it is estimated more than 45 per cent. are persons who intend to settle in the Northwest and the remaining 55 per cent. are residents of the coast returning from the fair. All or at least most of the prospective settlers have purchased tickets for Oregon and Washington and will without doubt locate in one of the two states. Had Oregon erected a state building at the fair it would have received more attention, but as it was, the magnificent exhibits which carried off the prizes did not receive the attention they warranted. During the last week, the Washington building was crowded from morning until night with persons desiring to see the exhibits and get literature issued by the state. However, as all the persons intending to come West also obtained pamphlets descriptive of Oregon, and saw our exhibit, this state will reap as much benefit as its Northern neighbor."
