THE CABINET

RESIGNATIONS!

Two of Cleveland's Cabinet Resign.

HOKE SMITH AND MORTON

Don't Like Grover's Hawaiian Policy.

THE RESTORATION OF THE QUEEN

Too Much for Two Democratic Patriots.

Cabinet Resignations.

CHICAGO, Ill., Nov. 14.—A Washington special says: Both Secretaries J. Sterling Morton and Hoke Smith have tendered their resignations to President Cleveland as members of his cabinet. The reasons assigned were the radical and emphatic disagreement of these two gentlemen with President Cleveland's Hawaiian policy and the countenance given to restoration of the queen. President Cleveland through Carlisle and Gresham has prevailed on the brace of disgruntled statesmen to withdraw their resignations, or at least defer them for a time.

A Diplomatic Denial.

WASHINGTON, D. C., Nov. 14.—Concerning reported denunciation in cabinet it can be said Morton is in accord with president on his Hawaiian policy, and that Hoke Smith has not given reasons to suppose he entertains opinions differing from those of the president on the matter.

In Congress.

WASHINGTON, Nov. 14.—It is accepted as inevitable that the Hawaiian incident will come up in Congress as soon as the session opens. All indications of division will be on strict party lines. Republicans take Cleveland's position to be a reflection on Harrison's action in the premises, and will doubtless attack him therefor. Democrats expect this, and are preparing to be put on the defensive. The Democrats believe, at the opening of Congress Cleveland will send a message, in which he will make public many facts hitherto unknown in this country, which may put the case in an entirely new light. This is expected, especially in view of the fact that Commissioner Blount's report has never been given out.

Congressman Geary, of California, a member of the committee on foreign affairs, today said: "All the facts are not before the people yet, and I would prefer to say nothing until later."

MURDER IN CALIFORNIA.

A Populist Tax Collector Killed—Two Persons Burned.

FRESNO, Cal., Nov. 14.—William Farrow, late nominee for tax collector of this county on Populist ticket, was killed a mile and a half west of this city this morning by a party whom he tried to arrest.

SCHOOL HOUSE BURNS.

The school house at Cooperville burned today. May Porter, a teacher, and Willard Johnson, aged four, were burned to death.

Still Firing At Rio.

WASHINGTON, Nov. 14.—A dispatch from Commander Picking says: "The bombardment of Rio Janeiro continues daily with small arms and machine guns. Picking says both sides appear to be to blame."

OFFICER REMOVED.

The President has removed from office Thomas V. Cooper, Collector of Customs, for the port of Philadelphia.

The New Tariff Bill.

WASHINGTON, Nov. 14.—The new Democratic tariff bill will be probably given to the public in ten days or two weeks. It is generally accepted that wool, coal, iron ore, lumber, sugar and salt will be added to the free list. But the committee jealously guard the list of manufactured articles, that are to go on the same list. Sugar is still under consideration, though so far the tendency is to repeal the bounty and put it on the free. Iron and coal men continue to protest against placing those articles on the free list. Bland, of Missouri, Culbertson, of Texas, and others have openly announced their intention of opposing free wool.

A New Movement.

BUFFALO, N. Y., Nov. 14.—The name of seventy-five citizens, including an editor, lawyers, business men and even clergymen, will be presented to the next grand jury for indictment for conspiracy, for being members of the anti-Catholic organization, known as the American protective association.

Work of a Mob.

PINE BLUFF, Ark., Nov. 14.—A negro mob at Varner, on the Iron Mountain railroad this morning took a negro murderer named Nelson from jail and hung him to a tree, riddled his body with bullets and then set fire to it.

Never Goes Unguarded.

CHICAGO, Ill., Nov. 14.—A special from Washington, D. C., declares that Cleveland never goes out without a body guard.

TWO BIG FAILURES.

Big Southern Banking House Closes its Doors.
MIDDLESBORO, Ky., Nov. 13.—The Coal and Iron bank, the largest bank doing business here closed its doors this morning. Assets and liabilities are unknown. Had a capital of half a million.

Grocers Fail.

NEW YORK, Nov. 14.—Andrew Kirk Patrick and Thomas Reid have been appointed receivers for the Thurber Whyland Company, wholesale grocers, liabilities eight hundred thousand; assets estimated at two million dollars.

BOLD BANK ROBBERS.

It is Believed There is Little Chance for Escape.

FENDLETON, Or., Nov. 14.—The bank at Milton, thirty miles north of here, was robbed by desperadoes about 3 o'clock Monday afternoon. Three men well mounted, rode into Milton during a dense fog and dismounted near the First National bank. One held the horses while the other two entered the bank.

Hopson and Davis then kept quiet while Charles Hopson, the assistant cashier, handed out \$904.25 in gold coin from the till. The robbers quickly backed out of the bank, mounted their horses and were out of sight even before an alarm was given. Scott Robie, the deputy sheriff, with a posse of five men started in pursuit soon after the alarm was given. Poses left Athens and Weston to take the trail and the alarm is general.

President A. Hopson, Cashier N. A. Davis and Assistant Cashier Charles Hopson were in the bank, and were covered by pistols in the hands of the two robbers, demanded money. The bank officials hesitated, and President Hopson attempted to reach a pistol. The robbers immediately fired three shots. One struck Hopson in the arm and another in the side. One wound is serious and painful, Cashier Davis was missed, but had his face badly powder-burnt.

THE SITUATION TODAY.

It is believed there is little chance for the Milton bank robbers to escape. All ferries along the Columbia river are guarded. Hopson, who was shot, is but slightly injured. Officers have accurate descriptions of the three robbers. It is thought they headed for Wallula, State of Ohio, City of Toledo as Lucas County.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. THE TAXPAYERS COMMITTEE

Revelations of Multnomah County Financiering.

ROTTENNESS AT HEADQUARTERS.

County Officials to be Prosecuted for not Publishing Reports.

Following report was made by the committee appointed several weeks since in Multnomah county to investigate into the conditions of the county government. Its report was read to an immense meeting at Portland Saturday night and published in the Oregonian of Sunday.

THE REPORTS.

"On the 2d inst. we called upon the county officials, the first official being the county clerk. Your committee stated the purpose of its mission to Mr. Powell, who in reply to our question why the semi-annual statement of the financial condition of the county had not been published for the months of April and October, 1893, stated that it had not been customary to publish these statements. After reading the law to Mr. Powell, the penalty for its violation, etc., he acknowledged that he knew the statute. When asked if he would publish a statement, he said he would, if ordered by the county court, after which the committee pointed out that the county court had nothing to do with it, and that it was mandatory upon the clerk to have it published.

"The committee called upon Sheriff Kelly, and upon inquiry whether he had made his April and October reports to the county clerk, he said he had not—that he had not been in the habit of making these reports. We insisted that the report be made to the clerk Monday, 8th inst., and he promised to make such report by Wednesday at latest. We inquired the amount of funds he had on hand, and he went on at great length to explain how the funds got into their present predicament, and showed the receipts for moneys turned over to the treasurer. Sheriff Kelly reports \$168,926.24 in the Northwest Loan & Trust Company's bank, \$148,717.88 in the Oregon National bank and \$2000 in the Union Banking Company, in all \$319,644.12. He was asked why these funds were not available, to which he replied he could not check against them as it would close the banks. He was further asked whether he had any money which could be turned into the school fund, and he replied that the banks had promised to raise \$50,000 by Dec. 1.

"The following day your committee ascertained that there were some funds deposited by the treasurer in one of the banks. We made a second visit to the treasurer's office on the 3d and made further inquiry in regard to this matter. We informed the treasurer that we were aware that he had some funds in one of the banks, and Mr. Malarky, upon second thought, said he did have some state funds, but that we had nothing to do with that. We then asked Mr. Malarky whether the state treasurer had received for the same. He said no, but that there was an understanding between Mr. Matschan, state treasurer, and Mr. Loewenberg, of the Merchants National bank, and that everything was all satisfactory. He was asked as to the amount, and replied \$121,000. He was then asked if any arrangement had been made with the bank for the payment of 8 per cent interest that the county was paying on the warrants redeemed because of the money in the bank, and he said that question had not been raised. Then the committee ventured the remark that the people had already raised the question.

When asked as to the amount of moneys due to the state, and as to the amount of moneys on hand, he submitted a letter from State Treasurer Matschan, bearing date March 21, 1893, making an urgent appeal to our county treasurer to forward moneys due, insisting that it should be forthcoming as the state was paying 8 per cent interest on its outstanding warrants, and that the moneys should be applied to their cancellation. Then followed an itemized account, as follows:

County tax, 1891	\$ 62,876 75
County tax, 1891	2,675 75
University tax, 1891	1,913 59
County tax, 1892	393,453 75
Military tax, 1892	11,881 75
University tax, 1892	8,486 99
Total	\$482,831 28

"This amount, the county treasurer claims, is in excess of the actual amount due by \$80,908.90. You can but guess

as to which of the two treasurers is correct, that was last March. He further states since that time he had deposited in local banks, to be held and applied in the reduction of the debt to the sum of \$373,063.72, of which amount there has been turned over to the state treasurer the sum of \$291,500 and that there was yet on hand and due to the state the sum of \$111,593.72, which amount could not at present be withdrawn and applied. He also stated that he had about \$500 in the general fund and about \$4000 in the school fund.

"The sheriff stated that he could not file the report with the clerk, as he lacked \$323,949.29 of the \$837,528.82 which should have been paid over to the county treasurer. Of this amount about \$30,000 was due him for taxes from some of our wealthy people, although the books show them as having been paid, while in fact he holds the receipts, claiming that it would not do to publish them as being delinquent, the remainder being in two of the local banks. There is no record of the collection of a road poll tax, and the report of 1612 poll taxes being collected excites much comment.

"From this it will be seen that he has on hand \$180,860.73.

"Finding that these officials have so far neglected and refused to make the financial reports as required by law, your committee proceeded to lay the matter before the district attorney and requested that they be arrested and fined, in accordance with section 3481. Upon going to his office, we learn that the district attorney was at Salem, and we laid the matter before each of his deputies, Malarky and Hall, each of whom positively refused to issue the warrants, as did also Justice McDevitt. Your committee then awaited the return of the district attorney, and upon his arrival called upon that official. Upon learning our mission he declined and refused to issue the warrants out of the justice court, claiming that the justices are closely associated with the county officials and largely dependent upon them for business, he would not expect a conviction in such cases, and the stigma of an acquittal would attach to him for failure to convict.

"While waiting for an audience with the county court your committee had the pleasure of hearing Hon. D. P. Thompson, as school director, ask of the county court why there was such an unfair and unjust distribution of the funds that had been collected. He presented figures showing that there should have been paid over to the school fund \$89,430.42, when in fact \$82,604.06 of that amount had been paid over to the road and general funds. Mr. Thompson further stated that had the school fund received its proper share, district No. 1 would not have had to go and borrow \$100,000, as was recently done. The tax payers will readily see that they are out \$500 per month in interest on account of this unlawful action of some of the officials.

"Owing to the way we have been hindered and delayed your committee has not been able to devote time enough to dig into the matter of expenditures for road purposes and other items that deserve careful search. Your committee earnestly advises that it or a similar committee be authorized to employ counsel to assist them in prosecuting this matter through to a successful termination, and be authorized to sue out an order restraining the county treasurer from paying the \$40,000 warrant illegally issued to Mary R. Hawkins and sue for the recovery of the \$19,101 paid out illegally on the present ownership books, also for the \$7500 illegally paid out to Archibald Hodgson to prosecute the county clerk and sheriff for having failed and neglected to file their emolument returns as provided by section 3378, and also to prosecute the clerk, sheriff and treasurer for failing to make the reports as provided for by section 3471. Your committee further recommends that there should be employed at least four men to carefully expert the books of these officials, as we believe the cost of employing four men for a short time will not be greater than that of a man for a long time; and again, for men will be less open to being tampered with or bluffed out

from doing their duty to the taxpayers. These men should have the necessary intelligence to look up carefully the duties of the offices they are to inspect, and the moral courage to do their duty fearlessly. Every office should be most thoroughly searched."

GROVER'S LAST CAKE-WALK.

The resignation of two of President Cleveland's cabinet members on account of their determination to restore the rotten Hawaiian monarchy will be no surprise to those who have witnessed the gradual evolution of his autocratic and un-American administration. His "rotten" methods with his party, his nullification of the Geary anti-Chinese law, his truckling to aristocrats and his connivance with royalty, have long since disgusted loyal Americans. It is only to be wondered at that the whole cabinet has not before this renounced the president's mistaken and from a patriotic standpoint, extraordinary fiscal policies.

The resignation of Hoke Smith will endear him to the South which is opposed to negro domination in the South as well as Hawaii. It will endear him to the North which believes in hoisting the American flag over the islands.

It is well known that Morton, secretary of agriculture, has been long chafing under the Wall Street despotism enthroned at the White House. London and Wall Street have dictated too much free trade and exclusive gold-bugism to suit even the Democratic farmers of our country. Unless Cleveland can recover some of his lost ascendancy he will be deserted by all the Democratic leaders as he was long since deserted by the rank and file, and it is none other than Morton's fate.

BRITISH WARSHIPS.

The Champion was Ordered Home and Not to Honolulu.

VICTORIA, B. C. Nov. 14.—The British ship Champion did not sail secretly for Honolulu, but for Great Britain to go out of commission. On her return from Behring sea she underwent a general survey to ascertain whether she was fit to recommission here. The result was that she was ordered to the English naval dock yards to be overhauled and paid out of commission. On this she flew her flag and sailed for home several days ago. Possibly she may call at Honolulu, but it is understood she had no instructions from here to do so. By the time she reaches England her time will have expired. The Nymph, which also sailed recently for the Southern seas, had waited several days for the new medical officer for the Hyacinthe, now at Honolulu, where she will go to place him on board.

THE QUEEN.

The Portland Telegram: Queen Liliuokalani, whom Cleveland wants to restore to her throne, is a paunchy, old, colored lady, who sops her gravy in the past, and believes in ghosts. She is an idolater, and will now add the golden calf to her collection of false gods. Grover will like her.
