BOOK AND JOB PRINTERS

Legal Blank Publishers.

Bush's New Brick over the bank, Com'l Street.

### CLEVELAND'S POLICY DECLARED.

Will Favor Non-Interference at Hawaii.

NO INTENTION OF RESTORATION.

Dynamite Bomb Exploded in French Parliament.

Cleveland's Policy.

LONDON, Dec. 9.—A representative of the Associated Press showed Ambassador Bayard its Hawaiian advices from Auckland. After reading it he said: "President Cleveland will deal with the weak Hawaiians in a most magnanimous manner and will not force on them a government which they had not a full chance to discuss." Regarding a dispatch published here today, indicating that Cleveland had sent instructions to Hawaii reversing his policy there, Bayard said there can be no reversal of a policy based simply on justice and magnanimity. Cleveland's policy is one of non-interference; he had no intention of entering the islands and deposing the government.

Explosion in Paris.

PARIS, Dec. 9.—A dynamite bomb exploded in the chamber of deputies this afternoon. Deputies Lemyre, Wilers and one of the socialist deputies and an attendant are killed. Later reports say one or more additional deputies are killed or injured.

LATER DETAILS.

The police allow no details to reach the public. Notwithstanding it is insisted that two deputies are dead and many wounded. But the probabilities are the police statement is correct, though doubtless a number of deputies are wounded. Among them are mentioned Dumas, deputy from Allier. It is said the bomb was filled with slugs which were thrown in all directions, some going into the galleries. Fortunately there were but few people in the galleries. The police have arrested a number of persons in the galleries at the time. One is said to be the man who threw the bomb.

MOORE KILLED.

PARIS, Dec. 9.—Latest: When quiet was somewhat restored it was discovered that nobody had been killed and business was resumed. The deputy seriously wounded is not Lemyre de Villea, but a socialist deputy, Albe Lemaitre.

At least a score are wounded. It is now believed the man who threw the bomb escaped, and that he is wounded.

Situation in Brazil.

BURNING AYRES, Dec. 9.—Advices from Rio Janeiro are that the Brazilian government has captured the insurgent general's depot at Armacao. Political arrests continue all day. All except two papers are suppressed.

GOVERNOR IN TROUBLE.

Waite of Colorado Riding in It Up to the Bridle.

DENVER, Dec. 9.—The Evening Caller News says if Governor Waite calls an extra session of the legislature, to forward his silver scheme, he will be impeached for his action in the penitentiary matter. Governor Waite is the executive who declared at a miners' convention that before the west would allow an anti-slavery man to be elected president, they would ride up to their bridles in blood.

The Arawa all Right.

VICTORIA, Dec. 9.—The report from Seattle that the Canadian-Australian steamer Arawa was lying off Victoria in a fog is unfounded. The Arawa has not entered the straits of Juan de Fuca yet. The agents of the steamer here say they do not expect her before Monday, certainly not earlier than Sunday. Great interest centers in the arrival of the Arawa, as it is expected she will bring news of the restoration of Queen Liliuokalani to the Hawaiian throne.

## CATARRH IN CHILDREN

For over two years my little girl's life was made miserable by a case of Catarrh. The discharge from the nose was large, constant and very offensive. Her eyes became inflamed, the lids swollen and very painful. After trying various remedies, I gave her SSS. The first bottle seemed to aggravate the disease, but the symptoms soon abated, and in a short time she was cured.

DR. L. B. RITCHIEY, Mackey, Ind.

Our book on Blood and Skin Diseases mailed free. Write to S. S. S. Co., Atlanta, Ga.

### LATEST FROM WASHINGTON.

The Queen to be Restored by Moral Suasion if Possible.

WASHINGTON, Dec. 9.—Associated Press: The transmission of Hawaiian instructions to congress is probably several days away yet. There is ground for the assertion that it will strongly urge upon congress the importance of continuing the policy he has pursued in Hawaii, of endeavoring to bring about a restoration of the Queen by moral suasion. It is not believed that he intends to ask for authority to use armed force or to make war except so far as his policy toward a friendly power can be interpreted as making war.

Bad Train Wreck.

SAN FRANCISCO, Cal., Dec. 9.—A private dispatch from Lihou, New Mexico, states that last evening the west bound train was derailed at that place, and four passenger cars overturned and fifteen or sixteen passengers injured. None fatally. The cause of the accident was a loose rail, which was thought to be the work of tramps.

Wreck on Great Northern.

SPOKANE, Wash., Dec. 9.—The news from Belton is that the east bound passenger train on the Great Northern struck a land slide. Engine, express, and baggage cars went over a 20 foot embankment. It is reported several are hurt and perhaps killed.

New Explosive.

PARIS, Dec. 9.—Pictet, a Swiss engineer, has invented an explosive called lurgurite, which he claims possesses a power equal to dynamite, and a greater power when used as gunpowder. It is smokeless, and, according to the inventor, perfectly safe in handling. Its qualities are not impaired by weather or water, and it is cheaper than dynamite.

More Investigations.

BOISE, Ida., Dec. 9.—As one of the results of the recently inaugurated investigation of county affairs here it is said an information will be filed in the district court today asking for a disqualification of all the county commissioners from office. They are charged with collecting illegal fees.

Manchester Ship Canal.

MANCHESTER, Dec. 8.—The directors of the Manchester ship canal formally opened the canal yesterday. The public opening will take place on New Year's day, with a procession of vessels.

Dalton Gang Again.

DALLAS, Texas, Dec. 9.—The Plano National Bank, 12 miles north of here was robbed by burglars last night. The robbers are supposed to be the Dalton gang. They secured six to eight thousand dollars.

Work of Tramps.

EL PASO, Tex., Dec. 9.—It is supposed the wreck on the Southern Pacific, near Lordeburg, N. M., is the work of 185 tramps collected there, and who threatened to wreck the passenger trains, unless they were allowed to ride on the freight trains.

THE MARKETS.

SAN FRANCISCO, Dec. 9.—Wheat, Dec. \$1.08 1/2.

CHICAGO, Dec. 9.—Cash, 82 1/2; May 68 1/2.

PORTLAND, Dec. 9.—Wheat valley \$2.92; Walla Walla \$2.82.

RIVER NOTES.

Steamers Elwood and Hoag arrived up from Portland at 5 o'clock last night.

The Hoag loaded a few tons of San Francisco freight here and received the Elwood freight for upper river points then left for Independence where she will take on a load of flour and feed for San Francisco. She will return the first of next week with San Francisco freight for Salem merchants.

The Elwood laid here last night and left for Portland at 5 o'clock this morning. She had quite a number of passengers and a small load of flour for Portland.

The Altona will be up tonight about 5 o'clock from Portland on her regular run to Independence and will return to Portland tomorrow, leaving here at 7:30 a. m.

Steamer Modoc is expected down tonight from Monroe landing with a load consisting of wool for Portland and wheat for Salem flour mills. She will lay here tonight and leave for Portland at 8 a. m. tomorrow.

Roast duck dinner at Strong's restaurant Sunday—delicious. Try it.

### THE PORTLAND CYCLONE.

Burying Reputations Under the Ruins.

HON. WHIT. BOISE IS ON THE LIST.

An Indictment Found Against Banker J. L. Cowan.

Whit Boise Indicted.

PORTLAND, Dec. 9.—Among the indictments returned by the United States grand jury last night and not made public till this morning was one against Whitney L. Boise, chairman of the Republican state central committee on charge of conspiring to unlawfully land Chinese.

No warrant has yet been issued for Boise's arrest. It is understood that he is to be allowed to go on his own recognizance. The indictment associates him with ex-collector of customs Lotan and others already indicted under a similar charge. It is claimed by Boise's friends that the indictment is brought for political purposes and that there is no evidence implicating him.

NOT INDICTED.

PORTLAND, 3 p. m.—Upon authority of U. S. Dist. Attorney Murphy we have the statement that no indictment has yet been returned.

A true bill also been returned against Hon. J. L. Cowan, a Democratic political boss of Linn county, and president of the Linn county National bank of Albany, Ore., which suspended last June. Cowan is charged with violation of national banking laws.

Bank Cashier Sentenced.

NASHVILLE, Tenn., Dec. 9.—In the United States circuit court Judge Sage overruled the motion of a new trial in the case of Frank Porterfield, convicted of violating national banking act while cashier of the defunct Commercial National bank of this city. The judge sentenced Porterfield to 10 years' imprisonment in Kings county prison, New York.

She Served Lemons.

A certain New York clubwoman became desperately enamored of a charming country widow. She was not unmindful of his passion and invited him down to dine at her place. He was something of a gourmet, and as she was richly endowed with the accumulations of her first husband's trade in some patent medicines, the suitor anticipated a delicious little dinner which should make him appear at his very best when it came to putting the momentous question. But when they were at the table, and she served him only cold ham, jelly, tea and lemonade, his heart fell. He had never made love after a dinner like that, and he could not rekindle the flame if he was no go, and he gave it up. As he was making his adieu the widow asked with seeming simplicity, "My dear Mr. W., how does one get into New York society?" His opportunity had come. It was a mean advantage, but he took it as he replied, "By not serving lemonade at dinner!" And he hurried to the station.—New York Recorder.

A SUSPICIOUS MOVEMENT.

It is understood papers are again being prepared in a suit to restrain the boards in charge of the soldiers' home and Eastern Oregon Insane asylum from going ahead with their work. Since the supreme court decided that an individual taxpayer could not be made plaintiff, but that the suit to enjoin must be brought in the name of the state, an effort is being made to have Prosecuting Attorney McCain of this district bring the suit.

Just before a general election it looks too much like a political movement to stir this matter again. Salem certainly has no interest in arresting the construction of two so much needed institutions. The legislature provided for them and the sections that secured those institutions are entitled to have the work no longer delayed. No Salem politician, no state official, or board to locate will receive any endorsement from the people of the capital city in any policy of obstruction through the courts.

We are informed that Capt. Sherman has nothing to do with this proposed suit. Certainly the Grand Army has not. At a recent gathering called by Department Commander J. C. Cooper at Dallas it was voted that the soldiers home at Roseburg should be proceeded with at once. In every aspect this movement has a suspicious appearance and should not be promoted by the press or public officials. It is an effort to give Salem or some one at Salem a black eye in the state at large.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## Royal Baking Powder

ABSOLUTELY PURE

NEWS NOTES.

In some parts of Oregon unprincipled parties have been passing off Confederate bills for United States money, and have succeeded in victimizing some people. As the Confederate bills are genuine, there is no law that will reach the party who is guilty of passing them.

J. M. Keyton who was charged with holding up the county judge of Douglas county at the point of a Winchester and compelling him to sign a document agreeing to release Keyton's children and not prosecute Keyton for forcing him to sign the document, was sentenced to one year in the county jail.

The pulp and paper mills which had to shut down the last of the week on account of the high water were able to start up again Thursday morning.—Oregon City Enterprise.

The Eugene Guard describes a petty fraud who with an envelope in his hand enters a business house requesting a two-cent stamp. Supposing that he will pay for it, as he is fairly well dressed, the chap is usually accommodated. Turning on his heel he leaves the place, to call next door. He is said to be in this way accumulating from \$2 to \$3 per day.

Last Monday the motions for new trials in the cases of O. P. Mason and Ben P. Watson, convicted of publishing and circulating libelous and obscene literature, were overruled by Judge Munly and the men were sentenced to one year each in the county jail.—Oregon City Enterprise.

Waitsburg has a number of well defined cases of scarlet fever.

I. W. Miller, of Summerville, whose daughter, Little Gladys Miller, disappeared a year ago last September, was in La Grande on the 11, making arrangements to go to Oulo, where a child resembling his long-lost daughter has been detained by the authorities pending Mr. Miller's arrival. The child is in possession of a band of gypsies who can give no satisfactory explanation of her presence with them.—Arlington Record.

The carpet recently taken up in the mill at San Francisco cleaned up \$5,500 in gold-dust.

Hundreds of acres of new orchards and hop fields will be planted in Douglas county this season.

The town of Riddle offers great inducements for a porkpacking house.

An important ruling was made in the circuit court at The Dalles by Judge Bradshaw, which will effect the validity of every judgment rendered by default in justice courts over the state, unless it should be reversed by the supreme court of Oregon. It seems that the summons, as now used, is not in statutory form, and where there is not a personal appearance of the defendant, the court does not acquire jurisdiction under this defective instrument. The defendant must be cited to appear in a legal manner, or there can be no process by which his goods and chattels can be disposed of to satisfy creditors.

Those in charge of the work of the state agricultural college have determined to institute a short course of lectures for the agriculturists and horticulturists of Oregon. It is not intended to take the place of college work, but is intended to meet the wants of those who are engaged in such pursuits. They will be thoroughly practical. This is free to all who feel disposed to attend them; and they should be listened to by all who can spare the time.

The Oregon state reform school at Salem contains sixty-six boys, ten horses, eleven cows, forty hogs and 200 chickens. Only the boys are there for reformation. The rest of the animals are all right.

A child of Ray Price was drowned a few days ago in the Luckamote river while Mrs. Price was absent from home.

It is estimated that 400 bales of hops remain unsold in Lane county, and 300 of these are in the warehouse at Eugene.

The open fishing season for salmon in the Umpqua begins Dec. 15, and Rose-

burg fishermen expect to do a big business this year in shipping the fish. The fish commissioner last year stopped the shipping to the Willamette valley points, claiming it violated the law during the closed season on the Columbia and opened the door to fraud. The supreme court has decided that the Umpqua fishermen may catch 'em and ship 'em to any place they choose to consign them.

The two mills operating in the Bohemia district each have produced \$25,000 worth of gold bullion the past year.

Apples can now be shipped from Oregon as far east as Chicago for one dollar per hundred pounds in car load lots.

Oregon and Washington last year imported about \$4,000,000 worth of dairy and poultry products.

The Roseburg & Coos Bay railroad has been damaged to the extent of several thousands of dollars by high water.

It is said that a saw-mill company is being organized to put in a large mill up the Breitenbush on the North Santiam, and to build a timber railway to the timber region up that stream.

The following item has been going the rounds of the press which is a mistake: "The taxpayers who owe state, corporation and school taxes should bear in mind that they cannot pay half their taxes with county script this year. The corporation, state and school taxes must be paid in coin and only half the amount due for county taxes can be paid in script." The law provides that all of the tax levy for county purposes can be paid in county warrants.

Sheriff Massey, of Columbia county, Oregon, is missing. An expert who examined his books report that he is \$3150 short in his accounts. It is supposed he has left the county to escape prosecution.

The commissioners of Spokane county, who recently appropriated \$2000 to defray the expense of sending an exhibit to the Midwinter fair, have reconsidered their action.

NONE BETTER.—The Gillman coal selling at \$8 per ton at the Salem Improvement Co.'s yards, is the best fuel in Salem.

Catarrh Cannot be Cured with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine, but a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

F. J. CHENEY & CO., Props, Toledo, O. Sold by druggists. Price 75c.

## Don't You Know

that you can secure almost immediate relief from Indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with Indigestion and the like. It is the inaction of the Liver that causes Indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. H. Wharton, Baltimore, Md.  
"It affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, as sometimes doctored, for many years, and regard it as the greatest medicine of the times. No good medicine deserves universal commendation."
