COMMITTEE OF U. S. SENATE

Struggling with the Queen of the Kanakas

WHILE THE POPULIST GOVERNOR

Lowelling Will Be Forced to Restore the Queen of Kansas.

We're and Hawaiians.

WASHINGTON, Jan. 2.—The senate committee, investigating the alleged irregularities in the diplomatic relations between this country and Hawaii, will resume its sittings today. All who have been communicated with upon the subject have signified their willingness to come to Washington for that purpose, without making it necessary to resort to the process of formally issuing subpoenas. It had been expected that Stevens would appear early and give his testimony, but his health is liable to prevent. Thus, even with all of the committee present and prepared to go forward with the work, the inquiry may be delayed indefinitely. The committee counts upon securing tomorrow the testimony of Professor Alexander, who is its secretary-general of Hawaii, under the provisional government, and a native of the country, a son of missionary parents and naturally a strong supporter of the Dole government.

The Income Tax.

WASHINGTON, Jan. 2.—The Democratic members of the ways and means committee met in the treasury department last night to finally decide upon the income tax question and the internal revenue features of the tariff bill. There were present Wilson, McMillin, Breckinridge, Montgomery, Bryan, Taft, Coker, Stevens, Whiting and Turner. Bynum's absence prevented a vote on the income question, and after a session of three hours the committee adjourned until today at 4 o'clock. The discussion was general, covering the entire question as to how the deficit in the revenues was to be met. The issue between the members is whether the income tax shall be upon individual incomes or simply upon incomes from corporations. The weight of the administration's influence is thrown strongly against the individual tax proposition. This was apparent by the manner in which it was attacked by those supposed to represent the administration's views.

The Hawaiian Throne.

WASHINGTON, Jan. 2.—The subcommittee of the senate committee on foreign relations met again today, for the purpose of continuing the investigation into the diplomatic relations of this country with Hawaii. Senators Morgan, Gray and Frye were the only members present. The proceeding are strictly private. There was but one witness before the committee during the forenoon, P. Jones, from Boston. Jones has large business interests in the islands. He was in Honolulu during the revolution. Jones proved to be a strong advocate of annexation to the United States, and a staunch supporter of the present government, as opposed to that of the queen.

Mrs. Lease Will Not Go Down.

TOPEKA, Jan. 2.—It is current gossip that Governor Lowelling will reinstate Mrs. Lease, as it has been found, as Mrs. Lease claims, that the governor has no legal right to remove her.

A MYSTERIOUS AFFAIR.

Two Dead and Two Others Dying From Some Unknown Cause.

INDEPENDENCE, Kan., Jan. 2.—One of the most horrifying discoveries was made New Year, when Al Brown, son-in-law of George W. Read, manager of the Long Dell Lumber Company, broke into the home of the latter and found Read, dead only in his night clothes, sitting dead in a chair before a hot stove fed by natural gas. The body was in an advanced stage of decomposition. Edith Scott, a domestic of the family, was lying dead on the floor of her room, and Mrs. Read and her 5-year-old son were in bed, the boy dying and the mother unconscious. The terrible tragedy is surrounded in mystery. Many theories are current as to the cause, one being asphyxiation, another accidental poisoning, another foul play. The fact that two gas stoves in the house were burning at full force practically explodes the theory of asphyxiation, and there being no bruises on either of the persons renders the murder theory almost incredible, leaving accidental poisoning as the most probable cause. None of the family were seen later than Saturday evening, leaving no doubt that Read and the domestic had been dead 36 hours before being discovered. Every room in the house was intensely hot, and there being no ventilation the fumes from the badly decomposed bodies of the dead were stifling. An autopsy was held, but nothing definite can be ascertained until an analysis of the stomachs can be completed. The coroner will hold an inquest tomorrow morning.

The doctors, after an examination, decided the family had been poisoned by strychnine, which had probably gotten into the food. Mrs. Read is still unconscious, but the doctors have hopes of her recovery. The boy will probably die.

Debt Statement.

WASHINGTON, Jan. 2.—The public debt statement issued today shows an increase of debt during the month of December \$6,891,062. Cash in treasury \$737,014,701.

THE STATE TAX BOARD.

No Wholesale Raising by the State Board This Year.

The State Board of Equalizers are doing comparatively a retail business this year. There are no wholesale elevations of values. The board is getting the JOURNAL idea as to the purpose of its existence through its head.

Distention in Ohio.

CLEVELAND, Ohio, Jan. 2.—A large crowd of unemployed men, accompanied by women, many carrying children in their arms, marched to the city hall this morning and demanded work from the city. They were informed that no work could be had. They made many threats. One leader said: "We will have work or tear down the city hall. Our families are suffering; we must have employment or bread." The police dispersed them.

Two Trains Collide.

LAWRENCE, Kan., Jan. 2.—A Rock Island freight train crashed into the rear end of a Union Pacific freight, ten miles east of here this morning. The Union Pacific engine and passenger coach and two freight cars, one loaded with hogs were burned. Five men hurt and the conductor and one passenger are missing. The Rock Island engine was smashed and burned.

Mrs. Lease Presides.

OLATHE, Kansas, Jan. 2.—All the members of the state board of charities except Freeborn, who was appointed as Mrs. Lease's successor, responded to Mrs. Lease's call for a meeting of the board at Olathe today, instead of at Winfield. Mrs. Lease was present to preside. Other members do not state whether they will recognize her or not.

Stevens Attends Another Banquet.

PAWTUCKET, R. I., Jan. 2.—At a banquet at the Gardiner Club last night ex-Minister John L. Stevens delivered an address. He declared the return of Queen Liliuokalani to the throne of Hawaii by any outside force or intimidation, by any diplomatic pressure or chicanery, will be a public crime by whomsoever perpetrated, and said:

"It would make Hawaii a second Singapore of Hong Kong. It might be all very well for a British colony, but it is not adapted to American institutions nor intended for an American form of government. The executive of this great republic has assumed a hostile attitude to the American colony of the Hawaiian Islands. When Cleveland's emissary reached the islands last March there was no part of the United States more peaceful, for the monarchy was dead and official corruption had been put an end to. This same emissary bore letters of credence to representative Americans, whom he subsequently stabbed in the back.

On the secret testimony of enemies, respectable members of the provisional government were condemned as criminals and insulted with the promise that when a grossly immoral queen was restored to her throne she would pardon them. Pardon such men as Chief Justice Judd and Attorney-General Hatch, a son of New Hampshire, and the superior legally, and in every other respect, of Secretary Gresham, pardon such representative men whose private and official character at no period in their past lives ever had a blot upon them. With sorrow and shame we look upon this sad picture which we have been brought by the present administration. In the name of freedom loving races; in behalf of who love justice and fair play; in behalf of Christian civilization in the United States, let us do our duty in endeavoring to put a stop to such an extraordinary usurpation of power and stamp out the outrage inflicted upon our patriotic, devoted and imperiled fellow-countrymen of the North Pacific."

How Inmates of Mrs. Annie Hackett's Boarding House Burned.

BUFFALO, N. Y., Jan. 2.—Fire this morning destroyed Mrs. Annie Hackett's cheap lodging house, and tumbled down the four-story structure at 21 Swan street. The first floor was used as a saloon and restaurant. The second and third floors are sleeping rooms. The beds in the little compartments were like stalls in a stable. There were no fire escapes on the building. All the inmates were rescued except two, who burned to death. About 20 were badly injured, five or more of whom will die.

Cattle and Sheep Men Desperate.

SAN ANTONIO, Tex., Jan. 2.—A dispatch from Fort Stockton says: Conservative men estimate that 50 per cent of the sheep in that section will die the present winter. There is nothing for them to eat except dead grass, some water, but the cow men are fencing and guarding it. The grass has been killed by hard frost. The sheep men are moving their herds toward Mexico. The cow men swear they will lie before they let sheep go over their ranges. Both sides are armed ready to shoot.

MURDER AT A DANCE.

Three Persons Killed, One Fatally Wounded and Others Hurt.

COLUMBIA, Tex., Jan. 2.—An account of a wholesale killing at Cedar, about eight miles from here, states that E. N. Williams, who held the floor at a dance, aroused the animosity of Lemou Gayle, who demanded that Williams surrender his place on the floor. Williams at first refused, but Gayle became boisterous and he started from the room. Then Gayle, his brother, London Gayle, and Bob Ely, began firing at Williams and others. London Gayle shot through the window and killed a boy named Eil Waddy. A small boy named Isaac Scott shouted, "London Gayle has killed Eil Waddy," whereupon London, turning said, "What is that to you?" shot and killed him. A perfect fusillade followed. A woman was killed. Lemou Gayle was shot through the body and will die. A girl was wounded in the face and another in the head. Others received slight wounds. After Lemou Gayle was shot it is said his brother London stepped over his prostrate body, rifle in hand, and jumped cold lead into the panic-stricken dancers, who were unable to get out of the house in time to avoid his awful vengeance. Three are dead, a fourth fatally wounded, two seriously, and about half a dozen received minor injuries. London Gayle is in jail, and it is reported, that Ely has been captured.

Powder Explosion.

BOSTON, Mass., Jan. 2.—Three men were killed and a number wounded by a powder explosion in Roxbury. It now transpires that four were killed.

The Lightweight Won.

NEW BEDFORD, Mass., Jan. 2.—Geo. Stroug, of Denver, last night fought Patsy Downey, of this city, at the rooms of the New Bedford Athletic Club, Dan Egan, the "Montana Kid," was in Stroug's corner, and everybody expected to see a clever fight. Stroug weighed 130 pounds and Downey only 115 pounds. It was thought on the men entering the ring that Downey was outclassed, but he was in clever hands and gave a good account of himself. In the first round Downey found out that Stroug was a left-handed fighter, and after receiving one or two body blows he looked out for Stroug's left, and that fighter was unable to land an effective blow. Downey rushed the fight at the end of the third round, and in the fifth round drew first blood. The fight was ended in the next round. Downey clearly had the best of it. Stroug was badly punished about the face and chest.

How Inmates of Mrs. Annie Hackett's Boarding House Burned.

BUFFALO, N. Y., Jan. 2.—Fire this morning destroyed Mrs. Annie Hackett's cheap lodging house, and tumbled down the four-story structure at 21 Swan street.
