Self Praise.

Self praise is no recommendation, but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that ALLCOCK'S PLEASANT PLASTERS are the only genuine and reliable porous plasters made is not self-praise in the slightest degree. They have stood the test for over thirty years and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for ALLCOCK'S, and let no solicitation or explanation induce you to accept a substitute.

PENNSYLVANIA DEMOCRATS

Charge Hard Times on the Republicans.

THE COLORADO LEGISLATURE

Will Make Short Work of Bloody-Bridle Waite.

SECRETARY GRESHAM HAS DISPATCHES

From Honolulu to Transmit to Congress.

Democratic Convention.

HARRISBURG, Pa., Jan. 10.—The Democratic state convention for the nomination of congressman at large met today at noon.

THE PLATFORM.

The platform adopted endorses Cleveland's administration which maintained the faith of the government at home and upheld its honor and dignity abroad. It declares the present disturbed condition of the country financially, due to Republican tariff laws, extravagance in national expenditures and unwise financial legislation and that it is now only slowly recovering through the fidelity and consistency of the Democratic president. It demands the repeal of the McKinley law.

James Belton Hancock, of Franklin, was nominated for congressman at large, by acclamation.

WASHINGTON, D. C., Jan. 10.—Johnson began with an arraignment of the Democratic party for its inaction in carrying out its promise to reform what it had characterized during the campaign as the "robber tariff." If Cleveland had shown the sagacity and courage the situation demanded, congress would have been called into extra session soon after his inauguration. He commended the bill for its blow at the sugar trust, but added that the "whiskey trust, steel rail trust, cordage trust, bicycle trust and lead trust are left free to pluck the American consumer." He spoke of steel rails, of which he is one of the largest manufacturers in this country, declaring the present duty equal to 50 per cent, while present bill proposes a reduction of only 25 per cent. This still gave a protection of 25 per cent on steel rails which could be produced as cheaply here as anywhere. The cost of rails is only \$19 per ton, but the pool maintained prices at \$24. The bill which he would pass, he said, would abolish all import and corresponding internal revenue duties. Such a bill would incite no more opposition than the poor, timid, little Wilson bill, and would raise a mighty support. Dazell, of Pennsylvania, followed Johnson.

Colorado Legislature

DENVER, Jan. 10.—The special session of the legislature called by Gov. Waite, to consider the silver question and internal improvements, met today at noon. It is understood the legislature will adjourn at the end of this week, without passing any bills.

For a Protectorate.

WASHINGTON, Jan. 10.—Congressman Holman, the venerable Democrat of Indiana, will present in the house tomorrow a resolution declaring it to be

the fixed policy of the United States to conclude a treaty with Hawaii, by which the United States will assume a protectorate over the islands.

Gresham Has Dispatches.

WASHINGTON, Jan. 10.—Secretary of State Gresham was seen by a representative of the Associated Press and in reply to the query: "Will you say anything on news from Honolulu?" He said "I do not know any news from Honolulu. I expect to receive the dispatches that came by the Corwin perhaps tonight. I shall have no official information before that time. The dispatches will be immediately sent to congress."

There was nothing in the secretary's manner to indicate any feeling of regret that the matter had reached its present status, and it is made evident that the administration has no intention of proceeding further without the advice of congress.

Idaho Mine Fire.

GRASS VALLEY, Cal., Jan. 10.—There is nothing new this morning about the Idaho Mine fire. There is no loss of life but about two hundred men thrown out of employment. The loss is estimated at one hundred thousand dollars.

Donnelly is Elected.

MINNEAPOLIS, Minn., Jan. 10.—Ignatius Donnelly was elected president of the Minnesota State Farmers alliance this morning.

THE DEMOCRATIC CLUBS.

Endorse Cleveland But do Not Mention Pennoyer.

THE DALLES, Jan. 10.—The convention of Oregon Democratic clubs met here last night. Seventy-five delegates were in attendance from all over the state. A temporary organization was affected by the election of M. V. Harrison, of Hood River, chairman and Robert Hayden, of Portland, secretary. A warm discussion marked the report of the credential committee regarding the right of R. L. Head to sit in the convention and harmony was seriously threatened. In the evening the election of officers took place. It took two hours to elect a president, J. J. Kelly, of Portland, and Attorney General Chamberlain were first nominated and a war of factions took place. A. S. Bennett, of The Dalles, was chosen as a compromise candidate but he refused to accept. Senator Huston of Washington county was finally elected amid great enthusiasm. Other officers are: Vice president, George Herbert, of The Dalles; secretary, Ed N. Gates, of Portland; treasurer, Pat Powers, of Portland.

In the resolutions the McKinley tariff and the R-republican miracle is given as the cause of the present financial depression. The imposing of an income tax is approved. Cleveland is endorsed, but Pennoyer's name is not mentioned.

Assessment Levied.

TACOMA, Jan. 10.—Comptroller of the currency, Stokes, has levied an assessment on the stockholders of the defunct Merchants' National bank, for the full amount of capital stock, \$250,000. The principal stockholders are Nelson Bennett and Walter J. Thompson.

The Utah Legislature.

SALT LAKE, Jan. 10.—The first biennial session of the Utah legislature has convened. L. A. Breeden was elected president of the council, and A. B. Emery, speaker of the house. Both are Republicans. The council is composed of seven Republicans and five Democrats, the house of fifteen Republicans and nine Democrats. Gov. West's message exults in the prospect of speedy statehood, enjoins economy in appropriations, and recommends the appropriation of \$125,000 to construct a capitol building.

INQUIRIES AT STATE DEPARTMENT.

The Administration Troubled Over the Situation.

WASHINGTON, Jan. 10.—Definite news from Hawaii by the Warrim brought a flood of inquiries to the state department, James F. Blount, ex-commissioner to Hawaii, who called at the department, declined to discuss the news from Honolulu, or to talk on the Hawaiian question at all. The cabinet meeting to-day was longer than usual and undoubtedly largely devoted to the Hawaiian question. A surprise was furnished in the Hawaiian matter by the action of the house committees on naval affairs (this morning which voted unanimously to favorably report the Butelle resolution to the house. This resolution is an important one calling upon the secretary of the navy to inform the house by what authority instructions were issued obliging the naval forces under the orders of Minister Blount, and to furnish copies of all orders or suggestions issued by himself or any officer of the navy since March 4, 1893, concerning the naval forces at the Hawaiian islands. An amendment was made changing the date to March 4, 1892, so that the operations of the navy in Hawaii under the Harrison administration would be included. The secretary of the navy was instructed to furnish the information and was given permission to withhold information which he might consider secret, or the publication of which at that time, might be regarded as contrary to public policy.

SAN FRANCISCO, Jan. 10.—A special to the Bulletin from Washington says: Cleveland and Gresham are greatly worried over the condition of affairs in Hawaii. Gresham still insists that he has received no official advice of Minister Willis' demand and President Dole's refusal to comply. Gresham says that he will not make any further statement until he receives by mail the dispatches brought by the Corwin. All members of the cabinet manifest great concern over the situation and are manifestly much worried.

NEW YORK, Jan. 10.—The Associated Press says: Notwithstanding the fact that the action of Willis is known all over the world now, and that the Corwin has brought official dispatches regarding the incident, Gresham still puts out denials and endeavors to preserve secrecy. Every possible effort is being made by the department of the administration to prevent action by congress and it is boasted to-day that if the matter goes no further than what is disclosed by Willis' action in the latest dispatches the question will not be permitted to come before the house unless the administration is confident a resolution of approval can be passed. In this, however, it appears to be reckoning without a majority, for there are many Democrats of standing who in their present mood are far from willing to allow the action of the administration to be ignored.

One thing is certain: Gresham will not be permitted to make a scapegoat of Willis but will have to take the responsibility for Willis' which was in a strict accordance with his own instructions.

Governor Can't Stop It.

PENSACOLA, Jan. 10.—Private advices from Tallahassee last night are to the effect that Governor Mitchell acknowledged to an intimate friend that he cannot possibly prevent the Corbett-Mitchell fight from taking place in Jacksonville, and it is conceded all around that the governor is only playing a big game of bluff for the purpose of stopping the sale of tickets. He is out for the scalp of the Duval Athletic club and would like to make it lose money so as to discourage the holding of other fights in Florida. Leading sporting men here were given private "tips" last night from Jacksonville to give odds that the big fight will come off as advertised.

PITTSBURGH, Jan. 10.—Manager Tom O'Rourke stated he was completing arrangements for George Dixon to meet Young Griff, the Australian, in a six-round contest in Chicago, about four weeks hence.

ATTEMPT TO DOPE CORBETT.

Discovered a Man Getting Into His Room.

GOVERNOR MITCHELL HAS GIVEN UP.

The Champion Got Up and Fired Several Shots at the Intruder.

JACKSONVILLE, Jan. 10.—About midnight last night some unknown person attempted to enter Corbett's room at Mayport. The champion was aroused by a noise at his window, and springing from bed found that some person had broken open the blinds, and was attempting to raise the window sash. Corbett seized a pistol and rushed to the door, when he saw a person in the act of leaving the house about 10 yards from him. Corbett fired several times, but does not think any of the shots took effect. It is believed the person was trying to enter Corbett's room to do him some injury to prevent his being ready to meet Mitchell. Hereafter Corbett's trainers will take turns in watching the champion while he sleeps.

THE BETTING.

A number of bets have been placed within the last few days, all with slightly in favor of Corbett. Tonight several were made \$100 to \$500 being the amounts wagered on a globe contest which has been arranged with the same conditions under which Corbett and Mitchell are matched, to take place in this city the latter end of the week. The principals will be Green Harrison, the negro champion of East Tennessee, and Perry Watkins, champion middle-weight of Florida. A purse of \$500 will be offered for the contest. Although the Duval Athletic club denies it, it is generally known that this will be in the nature of a challenge to Governor Mitchell. If the contest is allowed to go on without interference, then it will be taken as a certainty the Corbett-Mitchell battle will take place, while if it is stopped, the courts will be asked to decide the matter. This is thought to be the plan the Duval people have been forming for a long time past and which has been guarded with such secrecy. Late tonight the club gave out a statement to the public reciting its attempts to obtain a conclusive legal test of the question whether the proposed contest is in violation of any law of the state of Florida and Gov. Mitchell's determined opposition to such legal test. The club asked the governor to unite in submitting a test case to the supreme court, but he refused. The club in this address, dares the governor to ask the supreme court for a decision in the case.

Woman's Suffer-age.

was what a witty woman called that period of life which all middle-aged pass through, and during which so many seem to think they must suffer that Nature intended it. The same lady added: "If you don't believe in 'woman's suffer-age' there is one hal- lot which will effectually defeat it, Dr. Pierce's Favorite Prescription." This is true not only in middle life, but at all ages when women suffer from uterine diseases, painful irregularities, inflammation, ulceration or prolapsus, the "Favorite Prescription" restores strength, enriches the blood, that years of health and enjoyment are added to life.

ABOUT OTHER PEOPLE.

A Salem bachelor who was always a good deal of a muggump, recently married, and for reasons best known to himself, has acquired a strong leaning toward the Republican party. He says: "I confess that free trade has obnoxious features that no married man can tolerate. The higher the sense of duty the greater the protection we enjoy."

In Oregon legislatures there have been some instances of witty repartee. A former member from Marion having called a member from Douglas an ass, he was vigorously called to order by the speaker. Of course he at once apologized, withdrew the offensive term, "but," he added, pointing the slow moving finger of scorn, "the gentleman from Douglas is himself out of order." "How am I out of order?" demanded the indignant and hitherto silent member. "I don't know—possibly a veterinary surgeon could tell you."

Salem Bank Officials.

A meeting of the stockholders of the First National bank of Salem was held last night and the following directors were elected: Dr. W. H. Byrd, Dr. J. Reynolds, G. G. Bingham, E. P. McCracken and A. N. Bush. A semi-annual dividend of five per cent was declared, \$3,500 was passed to the surplus \$14,000; there are also \$2300 of undivided profits.—The Capital National bank stockholders also held a meeting yesterday and the former directors were re-elected. They are L. Vah Dyon, E. M. Croshaw, W. W. Martin, H. V. Matthews, J. M. Martin, W. A. Cuslok, J. H. Albert. The usual semi-annual dividend of five per cent was declared.

DEFECTIVE FIRE PLUGS.—Chief Engineer Coss of the Salem fire department has spent the day examining the fire plugs and finds a number defective. One on Court street that has not been in good working order for nine months he has had taken out and it is being repaired. He reports a good water supply and pressure but says the plugs put in last year made in this city, under Perkins' management of the Iron Works, are turning out badly. If what he reports is true they were a job on the city.
