AN ERROR.—By an error of computation we had \$78,321.72 as the figure for the amount of tax for county purposes to be raised for 1894. It should be \$72,321.72, or six thousand less. The levy will need \$6,540 more than last year.

LARGE FIRE AT HILLSBORO

Odd Fellows' Hall and Contents Are Totally Destroyed. HILLSBORO, Or., Jan. 15.—Fire was discovered in the rear of the Odd Fellows' hall and so quickly did the flames spread that very little could be done to either check their progress or save any of the contents of the building. The building was the property of Mountzuma lodge, No. 60 I. O. O. F., the upper portion has long been used as a lodge room for the Odd Fellows' order, also for that of the Knights of Pythias, Forsters and A. O. U. W. The lower story has been occupied by S. M. Heidal as a bakery and confectionary store. Both building and contents were totally destroyed. The loss on the building and the property belonging to the different lodges, in the way of paraphernalia, etc., will reach \$2500; on this there is an insurance of \$1200. Heidal also loses his entire stock, which is estimated at \$800; insurance, \$450. The origin of the fire is doubtless due to the explosion of a lamp. Heidal was engaged in the rear of the lower story, and had occasion to go out into the front of the store. He left a lamp burning near the oven. A few minutes later he was startled by the discovery that the premises were on fire.

IN THE SOCIAL REALM.

A YOUNG GOVERNOR.

T. T. Geer, of Macleay, has become a grandfather before he has become a governor, and the young man may get there first as he has got a very good start. Born at Salem, Wednesday, Jan. 17, 1894, at 6 p. m., to Mr. and Mrs. Harry C. Downing, a son, weight ten pounds.

THE MILITARY BALL.

Albany Democrat: There was a good attendance at the military ball last night at the army. Besides many couples from this city, there were about ten couples from Salem, coming here on the Altona, and returning this morning at 8 o'clock. Prof. McLyman's orchestra, of Salem, furnished music for the occasion, opening the ball with a short program, an interesting feature being the "Capital City March," composed by Prof. McLyman. One of the members of the orchestra is Fred Whittier, a former resident of Albany. Among the Salem people present were Maj. Sherman and two daughters, Lieutenants Roblin and Henry, Miss Roblin, and Dr. Finley. A pleasant time is reported.

THE WILLAMETTES.

The parlors and dining room of the Hotel Willamette were crowded by members of the Willamette Social club and their invited guests, last Wednesday evening, the occasion being the closing of a series of parties given by this popular club. Cards, conversation and dancing, (principally the latter) were the features of the evening which were very much enjoyed. At ten o'clock it was noticed that a great number of the young unmarried men present were holding mysterious conversations in different parts of the room which was so-e when Mr. E. L. Giltner informed the club that in recognition of the many past courtesies extended to the young men, they would on the 9th of February, give a return party to which all members were invited, closing with the remark, "We'll foot the bill."

REDUCE TAXES.

THE JOURNAL has, by persistent agitation, secured results that will lighten the taxpayer's burden materially. The state board was induced to lower values of horses and cattle, farm lands and town lots all over the state. Instead of raising the values all over the state thirty-three millions they reduced the values several millions. Instead of the state officials levying \$1,000,000 for 1893 they levy \$622,000 for 1894. Thank God for small favors, ye in authority. In Marion county the state, school and county tax will be fifteen mills in 1894, against twenty mills in 1893. Still the county is a year behind in payment of warrants and on the increased valuation. The smaller levy will produce \$12,500 more taxes. If levies could be reduced in the city and school district and there could be an enforcement of laws for making public all county expenditures, the taxpayer could well be satisfied with the work of reform.

AUNT MILLIE RAINS.

Sketch of a Remarkable Pioneer Woman—Numbers Hundreds of Descendants. Mrs. Millie Rains who passed away on the 6th of this month was born in Kentucky May 14, 1797. Was first married in that state to Lewis Neal in about the year of 1815. At the death of her husband in about the year of 1820 she moved to Illinois with her three children (Mary Edwards, Daniel and William Neal) and was married to John Rains in 1825 and remained in that state until the following year when they moved to Indiana, where she remained until 1833 when she moved to Missouri. They came across the plains to California in '57 and to Oregon the following year. The subject of this sketch was the only daughter of Joseph and Mary Cox and also the last surviving member of a family of eleven children. Her ten brothers were Thos. Cox, died in Salem about 25 years ago and at one time was a stockholder in the old woolen mills in North Salem; Gideon Cox, died some five or six years ago on his donation land claim near Silverton; Peter Cox, died also on his claim near the same place, and of Wm., Jacob, John, Joseph, James, Jesse and Elias, the writer has no history of and does not believe that any of them ever came to this state. "Aunt Millie," as she was familiarly called by all, was the mother of nine children, including the three above named. They are Mrs. Lewis Pettyjohn, Thos. Rains, John Rains, Joseph Rains (now deceased), Gideon Rains and Jane Weaver, of Crook county. The oldest of her children would, if living, be a little over 80 years of age and the youngest 44 years. There are forty six living grand children, one hundred and two great-grand children and seven great great-grand children. In comparison her remarkable long life with history, we find her to have been 2 1/2 years of age when Washington died. She was 7 years old when Lewis and Clark made their eventful journey across the continent. She was 10 years old when Robert Fulton plowed the waters of the Hudson River with the first steamboat. Perry fought his memorable battle on the lakes when she was 18, and in the year when Jackson fought the great battle with the British at New Orleans she was married. She was a woman of 33 when the great debate occurred between Daniel Webster and Robert Hayne. THE JOURNAL takes pleasure in adding this tribute to the memory of a noble pioneer lady, whose goodness of heart and sterling character are attested by a worthy line of descendants. May she ever rest in peace and may they all respect her memory.

Of Interest to Athletes.

James R. Johnson, the athletic trainer at Princeton College, Princeton, N. J., says: "I have found it imperative to have sure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in Alcock's Porous Plasters. I tried other plasters, but found them too harsh and irritating. Alcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In case of weak back put two plaster on the small of the back and in a short time you will be capable of quite severe exercise. In 'sprain' and 'distention' and in jumping, the muscles or tendons in the legs and feet sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on the muscles affected."
