SUGGESTED COMMENT. One good thing—free trade times are bringing down rents.

Of course, about THE JOURNAL. Every thief is ready to do that.

If the unpaid laborers on the Santiam were Italians Penoyer might help them.

The Salem rainy day club are praying for rain to be able to wear their suits out.

Why not run Col. Eddy, the brilliant member of the Oregon railroad commission, for governor.

The pilots on the Columbia who have nothing to do are invited to study the navigation of Oregon roads.

McElroy, Hermann, Baker, Hirsch: It is safe to gamble that two of these gentlemen and perhaps three will be on the next Republican state ticket.

Penoyer is not playing to the people at present. He is playing to the politicians who will make up the next legislature and who will elect a senator.

After all the talk about silver interests, our country exported in 1892 twice as many dollars in value of hog products as the whole country produced of silver.

They can explain how all the high-priced officials on the Oregon Pacific get their fees and salaries; but they cannot explain how a single dollar can be got out of it for a single laborer.

Cleveland good times have not come yet but then he has not been in a year. By the time he has been in office two years we shall certainly be near those good times if we can live until then.

An congress is through with the tariff it might concern itself with a postal telegraph, postal savings banks, free rural mail delivery, cheaper telephones and several matters of public interest.

The Salem Populist managers want to start another People's Party paper at Salem. The one they have don't suit. It is not reliable for Penoyer. McMahon would be erratic. But he cannot swallow Penoyer's record.

Carlisle's issue of gold bonds gives employment to a lot of extra clerks in the treasury department. All the gold bonds that could be printed would not help one unemployed laborer to get one days work.

In 1892 the balance of trade in favor of our country was \$202,875,686. The first nine months Cleveland was in turned this balance into \$22,154,098 against our country. No wonder New York Democrats refused to come out and vote the other day.

The Walla Walla jute mills have been ordered to go to work on hop-sacking for Washington's crop next year. The Oregon jute mill will never be built and Oregon will continue to purchase the India imported hopcloth, while her 350 state prisoners are maintained at state expense in idleness.

The Democrats are saying it is all John Sherman's fault that gold bonds are issued. He had a conference with Carlisle and that settled it. Well, Sherman was in the senate when Harrison was president and there were never any gold bonds issued. But then the treasury was never bankrupt under Harrison, and never would have been if he had been re-elected.

A case of oppression of laborers occurred in Colorado, where the Santa Fe railroad treated its employes very much as the Oregon Pacific has. Governor Waite referred the matter to the supreme judge of that state who has taken steps to protect the men. He has at least not referred them to the poorhouse.

Popular Everywhere. Beginning with a small local sale in a retail drug store, the business of Hood's Sarsaparilla has steadily increased until there is scarcely a village or hamlet in the United States where it is unknown.

Today Hood's Sarsaparilla stands at the head in the medicine world, admired in prosperity and envied in misery by thousands of would-be competitors. It has a larger sale than any other medicine before the American public, and probably greater than all other sarsaparillas and blood purifiers combined.

Such success proves merit. If you are sick, is it not the medicine for you to try? Hood's Sarsaparilla Cures.

The total indebtedness of the city of Seattle up to January 1, '94 is \$2,539,445.97.

Out of 20,000 Chinamen in Oregon, Washington and Alaska 570 had registered up to Monday morning.

Twenty-two salmon canneries are now in operation on Fraser river, and six more will be added this season.

Seattle is just now being worked by a gang of highwaymen who waylay women with the intention of robbing them.

Astoria will vote to bond or not to bond its school district on Feb. 19th for \$12,000 to pay the present indebtedness.

Sheriff Osborn, of Benton county, will set out 28,000 hop plants on his farm near Corvallis. He procured his plants in California.

B. H. Springler, of Amity has a penholder made from a cedar fence post that stood sixty years in Illinois and he helped build the fence.

A Chinook has prevailed in the Akanagan county, Wash., consequently much suffering by stock has been avoided.

It has been announced by a Corvallis paper that the Multnomah Seniors will not play a game of football with the O. A. C. team of Corvallis. The lack of sand is said to be the cause.

Under the laws of the Dominion all fishermen on the Fraser river are required to be citizens of the country. They are also required to have been bona fide residents for eight months prior to taking out naturalization papers and must pay an annual license fee of \$10.

The Salem taxpayers committee do not want another judge in this district. In this they are right. It is as useless a luxury as spending \$1200 to fit up elegant apartments in the Marion courthouse when litigation is declining.

An old gentleman named Howard, attempted to cross the mountains to Coffee creek, the deep snow prevented him making much headway and he was lost when darkness came. He spent two days and nights in the mountain and froze both hands and feet.

A rainy day club has been organized in Salem by a number of that city's society women. They have invented a skirt to be donned for street appearance that is about eight inches shorter than the conventional garment. A gaiter is worn that meets the storm rubber on the shoe and extends to the knee. The fashion is a sensible one for our wet climate.—Hillsboro Independent.

John Rolfe, of Albany, met with a serious accident while varnishing the inside of a beer tank, using a candle instead of the usual lantern. The substance caught fire and he was imprisoned in a fiery oven, surrounded by a

plithy blaze, and his only avenue of escape was a manhole in the top of the barrel. He was immediately rescued by one of the hands but was very badly burned.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the formation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. IS PAYING TEN PERCENT.

The Portland Savings Bank Not Forced Into Liquidation.

PORTLAND, Feb. 1.—The Portland Savings bank opened today and is paying a dividend of ten per cent. Depositors began to gather long before the opening hour. When the doors opened a rush began and the bank was filled with a struggling mass of humanity. All were trying to get at the tellers window at the same time. But little deference was shown to women, of whom there were quite a number. The payments were made slowly, some time being consumed in identifying each depositor and his account. Probably it will require several days to pay depositors. It is understood the court is not disposed to force the bank into liquidation, but will grant further time to enable the directors to secure further extensions from creditors.

Ask Your Friends.

Who have taken Hood's Sarsaparilla what they think of it, and the replies will positively be in its favor. Simply what Hood's Sarsaparilla does, that tells the story of its merit. One has been cured of indigestion, or dyspepsia, another finds it indispensable for sick headache or biliousness, while others report remarkable cures of scrofula, catarrh, rheumatism, salt rheum, etc. Hood's Pills are purely vegetable.
