Bland's New Silver Bill Killed.

DEMOCRATS GET NO QUORUM

And So the Bill Cannot be Taken Up.

TAX PROPOSED ON ALL SUGAR.

And Two Cents a Pound on All Coffee.

Bland Silver Bill.
WASHINGTON, Feb. 7.—Bland moved to take up his silver seigniorage coinage bill in the house this afternoon. Some Eastern Democrats and Republicans refusing to vote broke the quorum, and a call of the house was ordered. The vote on taking up the bill stood 160 to 7.

Chinese Exclusion.
WASHINGTON, Feb. 7.—The urgent deficiency appropriation bill reported by Appropriations committee today makes, among others, an appropriation of \$50,000 for enforcement of the Chinese exclusion act.

In the House.
WASHINGTON, Feb. 7.—The house committee on elections today decided by a strict party vote against the title of Hilborn, a Republican of California, to a seat, contested by English, a Democrat.

In the Senate.
WASHINGTON, Feb. 7.—Dolph presented a resolution reciting that the finance committee had refused hearings on the tariff bill and that directing all memorials and protests presented to that committee and to the senate be printed as a senate document. It went over. The Federal elections bill was then taken up and Hoar took the floor against it.

Cameron also presented an amendment to the bill, postponing till Jan. 1, 1896, date for it to go into effect.

Tariff Changes.
WASHINGTON, D. C., Feb. 7.—It is understood the draft of the tariff bill as reviewed by the subcommittee of Democratic members of the Senate Finance committee is being printed. Among changes said to have been made from the bill as it passed the house, are: One cent a pound on all kinds sugar; two cents on coffee; thirty cents ton on coal and duty on iron ore also that bonded period on whiskey made five years. Also understood intention report bill next week. Income tax remains in.

Gas Explosion.
INDIANAPOLIS, Feb. 7.—At 1 o'clock this morning the building at the corner of Yiezer street and Madison avenue was totally demolished by a natural-gas explosion. It is supposed the gas had accumulated in the cellar, and finding its way through the floor above, ignited at the gas jet or open fireplace. The building was occupied by Louis Keuhr, who, with his wife and four children occupied the upper portion of the house. Below was a saloon. At 2 o'clock the firemen had taken out the entire Keuhr family. One was dead and the others fatally injured. Twelve-year old Russ is the one dead.

Confiration.
MONTGOMERY, Mo., Feb. 7.—The greater portion of the business part of the city was burned this morning. Loss \$150,000.

No Strike Anticipated.
MILWAUKEE, Feb. 7.—Eugene Debs, president of the American railway union, a new railway labor organization.

MERCURIAL
"About ten years ago I contracted a severe case of blood poisoning. Leading physicians prescribed medicine after medicine, which I took without any relief. I also tried mercurial and potash remedies, with unsuccessful results, but which brought on an attack of rheumatism that made my life one of agony. After suffering four years I gave up all remedies and began using S. S. S. After taking several bottles I was entirely cured and able to resume work. S. S. S. is the greatest medicine for blood poisoning to-day on the market."

tion, which is stronger on the Union Pacific than on any other system, does not look for a strike on the Union Pacific or Northern Pacific, chiefly because so many men are out of work. He places the number of idle firemen who belong to the brotherhood at 3,000. This would indicate more than 5,000 out of work, including non-brotherhood firemen.

Riot at Perm, Russia.
PERM, Russia, Feb. 7.—A riot occurred at the large iron works at Nizhnee, Taghlek, in the Ural mountains, participated in by 5000 workmen, on account of low wages and nihilistic propaganda. The local authorities are unable to cope with the disturbance and a large force of troops has been sent to the scene. A pitched battle ensued in which many of the rioters were killed and a number of soldiers shot or stoned to death.

Silver Drops Another Notch.
LONDON, Feb. 7.—Silver took another drop today, the price of bar silver reaching the lowest point in many years. The market is flat at 29 13-16 d. per ounce. Morning papers comment upon the fact of silver touching record price. The Times regards the matter seriously and in its financial article says it attracts the painful attention of many interests.

A Growl from Mill City.
MILL CITY, Feb. 5.

ED. JOURNAL: There are a few facts which I would like to call your attention to in regard to the O. P. railroad. I would like to have the opinion of the public on the subject. There is no doubt but Mr. Clark is a good manager and I highly endorse his good judgment in regard to curtailing expenses, but he could do away with \$35 more unnecessary money paid out of the earnings of the road. First, he has two master mechanics. One would do. Let him send one of those men running on the road, as they are both competent engineers. Second, there is Conductor Sullivan who gets \$175 per month and expenses. His title is superintendent of trains, bridges and buildings. He is no mechanic. He couldn't frame a tool house. The idea of him having charge of bridges of which he knows nothing. When he hired as roadmaster three years ago he got \$100 per month. In fact the latter is too much, as the man only goes over 83 miles of track, from Albany east. He don't go over it once a month. There is where Mr. Clark could make a big saving. In other words, he could hire those four section foremen he has laid off for less than Sullivan's wages and it would be more beneficial to the road. They would look after bridges and track and report all necessary repairs to be done to the bridge foreman, and as Mr. Clark saw fit to lay those section foremen off why did he not give them their rights as he gave the team men. The oldest men in the employment should have the preference, but this is not the case. Those laid off are men of families. One of them is one of the oldest men on the road. One that commenced work last April is retained; also his nephew, a young, single man. I am more than surprised that Mr. Clark would allow this outrage perpetrated on the old employes and men of families to be turned off without a dollar. After all the long years of hard toil and sacrifice of their wages, of which they have sold for the past ten years at a big discount, to be turned off for new men and less competent. There was a thing of this kind of work allowed during W. M. Hoag's time. Even if he was behind with his pay he gave a chance to the men to live and keep their credit good.

I am surprised at the amount of names that accompanied the petition sent from here to Mr. Clark asking for the removal of Conductor Sullivan. Last summer when the contract was awarded to settlers to get out several hundred cords of four-foot wood the price was established in the general office at \$2.25 per cord for barked wood and \$1.99 for unbarked wood. Conductor Sullivan was sent to purchase said wood. Those he saw fit, he offered the above price and the poor creatures that were depending only on such work for a living he offered them \$2.00 and \$1.75 but this was soon found out. Several wrote to the general office for contracts. The result was the above named scale of wages were given to all. In several other small instances he has contracted with settlers which causes them to renounce him and pray for his removal, which would be a credit to the system of the road, besides safety, as there are several miles of track that no one looks after which is dangerous to the traveling public. I should think the railroad commissioners would give their attention. Signed, Settlers.

MCCREARY'S RESOLUTION.

Against Annexation or a Protectorate.

HAWAIIAN DEBATE CLOSED.

General Sickles Makes One Opposing Speech.

REED LASHES THE ENEMY SEVERELY

Democrats Forced Under the Sash to Support Cleveland.

Resolution Passes.
WASHINGTON, Feb. 7.—In the house today after some filibustering on the part of Republicans, the roll was called on the passage of McCreary resolution condemning Minister Stevens, approving the course of Cleveland and declaring against annexation or the assumption of a protectorate over Hawaii. The Republicans refrained from voting and Democrats failed to muster quorum, vote standing 174 to 3. Springer made point of order, that as there were four vacant seats, 177 instead 179 should constitute a quorum. After some debate the point order was sustained and resolution declared passed.

Boutelle's Hawaiian resolution was lost by 91 to 191. Those who voted in the negative were Daniel, (N. Y.), Adams, (Penn.), both Republicans and Cummings, (N. Y.), Democrat.

After some sharp sparring between Reed and the Speaker on points of order it was by consent decided to have another roll call, and the speaker withdrew further decision. When it became apparent on the second roll call that the Democrats would have a quorum, Republicans voted against the resolution. It passed 177 to 75.

WASHINGTON, Feb. 7.—The Hawaiian debate was concluded last night, but the entire resolution was not passed, because of the failure of the Democrats to secure a quorum when the vote was taken upon it. Much less opposition from the Democratic side developed than was, at one time, anticipated.

Only one speech, that of General Sickles, was made in opposition to the adoption of the resolution, although there was some passive opposition on the Democratic side, indicated by a refusal of several Democrats to answer their names when the resolution was placed upon final passage. The Hitt substitute, the Blair amendment and the motion of Reed to recommit, were in turn voted down, when, upon a vote for the adoption of the entire resolution the Republicans refrained from voting the Democrats lacked 17 of a quorum. Cummings voted for Reed's motion to recommit, and Sickles against the McCreary resolution. Cummings, Geary of California, and Cockrell of Texas, refused to go on record for or against the adoption of the resolution. The Populists voted, generally, with the Republicans. Broderick of Kansas, was the only Republican who declined to follow the lead of his party and refrain from voting. He voted against the resolution.

When the Democrats found themselves without a quorum, they passed a resolution revoking the leaves of absence and then adjourned. They expect to have a quorum present when the house meets tomorrow. Speaking on the resolution Gen. Sickles, Democrat of New York, said: "I do not agree with the resolution and I will not vote for it. As long ago as 1850, I heard Governor Marcy say the Sandwich Islands should not belong to any other power and would eventually belong to the United States. I agreed with him then and agree with him now.

The hour of 2:30 having arrived the vote was taken on the first motion pending, which was the majority resolution offered by McCreary, condemning the policy of Minister Stevens and approving the president's Hawaiian policy. The second is Hitt's minority resolution offered as a substitute, concerning the president's attempt to overthrow the provisional government and restore the monarchy, also Blair's substitute declaring for annexation. The Blair substitute was lost, 77 to 155. The Hitt resolution was lost, 102 to 142.

Upon announcement of the vote Reed moved to recommit the report of the committee, with the accompanying resolutions, with instructions to investigate all the assertions of fact; lost, 93 to 160. The vote then recurred upon the adoption of the McCreary resolution. The Republicans, excepting Broderick, of Kansas, refused to answer their names. The Populists also declined to vote. The Democrats lacked 17 of a quorum and McCreary immediately moved a call of the house. Reed followed up his filibustering programme by forcing a roll call upon this motion. The call of the house was ordered. The roll developed the presence of 245 members. The Democrats were chafing a great deal under the sarcastic remarks of Reed. McCreary presented a resolution to revoke all leaves of absence except those granted on account of sickness, and instructing the sergeant-at-arms to telegraph to absent members and request their attendance. The resolution was adopted without division, and at 6:35 the house adjourned.

THE REPUBLICAN CLUBS.

In State Convention at Portland—Election of Officers—Speeches.

PORTLAND, Feb. 7.—Forty-odd clubs and over 300 delegates met to save the country from going to ruin and announce their adherence to old time Republican principles. Great enthusiasm prevailed and an address to the people was adopted. Various committees were appointed and Pres. Thos. H. Tongue delivered an address. The various candidates for governor were introduced and made speeches. Among those heard from were two Marion county men, reported in the Oregonian as follows:

Hon. T. T. Geer, the "philosopher of the Waldo hills," was of the opinion that the man who undertook to ret into heaven would stand a poor show of passing by Saint Peter. If he let the old gentleman know he was not a member of the Republican party while enjoining in this vein of tears. He made a speech in this vein that kept the convention in a continuous roar. He thought it was a frightful thing to be a Democrat, but to be a Populist was a crime. The Populist party had done one thing for him. It had increased his respect for the Democrats. For years he had thought no party could go farther wrong than the Democrats, but the Populists had dispelled that illusion.

Hon. Tilman Ford said he met a tramp a few days ago who said the Democratic free-trade policy had ruined his business, because it had made too much competition in the tramp business.

OFFICERS ELECTED.
B. B. Beckman, Portland, president. J. C. Lonsure, Pendleton, vice pres. Executive committee: Frank Davey, Forest Grove; S. P. Mays, the Dalles; C. H. Carey, Portland.

Hadley's Administration.

CORVALLIS, Or., Feb. 7.—C. C. Hogue, who for 10 years was auditor of the Oregon Pacific railroad, has been examining the final accounts and reports of E. W. Hadley, late receiver of that company, and claims the reports are not complete, in that many items which are properly chargeable to Mr. Hadley's administration are not included, and that Mr. Hadley's report accompanying these accounts is full of gross inaccuracies; in fact, that not a single item is stated correctly therein. He says these inaccuracies are made the basis for an unequalled attack on the administration of Colonel T. E. Hogg.

Benton County Republicans.

CORVALLIS, Feb. 7.—Special.—A called meeting of prominent Republicans was held at the court house last night for the purpose of organizing a Republican club. After appointment of committees on permanent organization and by-laws, constitution etc., a Republican love feast was held. Among the speakers were Hon. Geo. Waggoner, E. Flury Kilson of the Gaslet, W. B. Hufford, William Hartless and others. The committee will report next Saturday and at that time a permanent organization will be perfected. Its object will be to promote Republicanism in Benton county.

THE OREGON PACIFIC METHODS.

A Peculiar Defence of Judge Fullerton.

"JUDGE" BURNETT SPEAKS.

Calls on the People to "Rise up En Masse."

AND TO DENOUNCE "THE JOURNAL"

As a Diabolical, Damnable and Wicked Sheet.

Judge Fullerton Defended.

(Roseburg Review.)

ED. REVIEW:—Upon the publication of the scurrilous articles against Judge Fullerton, by the Salem CAPITAL JOURNAL, in regard to the Oregon Pacific railroad, a prominent citizen of Roseburg, desiring to obtain information from those at the "seat of war," and who have an opportunity to know the facts, and also who are not biased by reason of belonging to the same political party with Judge Fullerton, wrote to Judge John Burnett, of Corvallis, desiring to know the cause of the publication referred to, and urged the Judge to be frank, fearless and full in his answer.

The letter was written on Jan. 20, 1894, and on Jan. 23rd the following answer was written:

CORVALLIS, Jan. 23, 1894.
FRANK:—Your letter of the 23rd inst. has been received and contents noted. I have no hesitation in saying to you frankly, that the article is an atrocious libel upon an upright, honorable man, and conscientious judge. It is absolutely false and without any excuse whatever, and the man who published it ought to be indicted, for he is guilty of a crime more diabolical and damnable in its conception than murder.

Judge Fullerton stands high in the esteem of this community and they are indignant over this dastardly attack on his good name.

The people of this district ought to rise up en masse and denounce the action of the publishing house of the Capital Journal to make him feel the wrath of an insulted community. Yours truly,
JOHN BURNETT,
CITIZEN.
