

THE CAPITAL JOURNAL.

PUBLISHED DAILY, EXCEPT SUNDAY. BY THE Capital Journal Publishing Company Postoffice Block, Commercial Street.

HOFER BROTHERS, - - - Editors.

Daily, by carrier, per month, \$0.50; by mail, per year, \$5.00; Weekly, 8 pages, per year, \$1.50.

5,000 OPINIONS WANTED.

THE JOURNAL will publish the opinions of five thousand men, or as many more as will express themselves, as to the best way to elect the next United States Senator from Oregon...

SUGGESTED COMMENT.

Salem's city credit is not below par if warrants are...

Good roads need the best work of some good men.

Do not throw mud. Throw in lots of gravel and broken rock.

The convicts should build good roads connecting the state institutions.

Only the people who oppose every thing oppose good roads.

Give us better roads. We have business stagnation enough already.

Some Oregon Pacific lawyer is abusing Receiver Hadley. What for?

The organized taxpayer is good; but he must not become an organized office seeker.

If President Harrison cannot be president again he can be Mrs. Stanford's husband.

The good roads reform in this county is in careful hands. It will not be run into the mud.

THE JOURNAL has more paid subscribers and paid ads. than any paper ever printed in Salem.

The present grand jury are not fooling away any time. They feel the presence of the organized taxpayer.

Ten young men take up law or teaching - one entering the ministry. There is less money to be made of humanity's hopes than its necessities.

The Portland Tomahawk says the principles of the secret order, A. P. A., are those on which this government is founded. That paper is not a George Washington style of hatchet.

The Oregonian wants no silver certificates issued, but if any are issued, the treasury should withdraw them as fast as they are issued. It seems to fear some money will get into circulation.

When the senate extends the bonded whisky privilege and leaves the coal and iron tariff in the Wilson bill it will be such a patchwork of free trade and protection that no honest man of any party should support it.

The man who steals a half million through legalized corporation robbery is sent to the United States senate. If mediocre talent confines his acquisitions to a hundred thousand he goes to congress. Fifteen dollars sends him to the penitentiary.

THE FUSION FRAUD.

Attorney Fenton, a Portland corporation Democrat, in a speech at that city outlined the fusion program that is to capture the next United States senatorship for Penneyer.

Fenton is the skillful attorney of the Southern Pacific and Penneyer is undoubtedly the choice of that line for senator. His friendship for Simon, McArthur, Fenton, McGinn, Keady, Compton, and the corporation gang that completely gobbled up the last legislature is well known.

Let the faros go on. This generation is so bound up in man-worship and so easily duped by demagogues that reason stands abashed and totters on its throne.

FACTS NOT CHARITY.

To our editorial note last week in regard to the proceedings of Judge Fullerton in the O. P. middle, the CAPITAL JOURNAL says:

The indifference of the Populist papers to this case of corporation looting is a surprise to real friends of reform.

Being honest minded, Mr. Hofer, (and not running a Populist paper), we would advise you to be more charitable towards the Populist papers. Presumably they did not have the chance to gain information that you had. - Stanton Times.

The facts are that the Populist papers have not been taking any interest in

this controversy. Like most Populist politicians, and politicians in general, they would rather explode political wind-bombs about matters at Washington, D. C., than lay hold of some evil here in Oregon.

THE JOURNAL is the only evening paper at Salem printing the Associated Press dispatches or any kind of dispatches.

The Silver Statue of Ada Heban.

It has been frequently noticed by men who visited Montana's exhibit at the World's fair that whenever there was a party of women without escorts around the statue they invariably got to laughing at a great rate, as if they had made some great discovery which was just too good to let the horrid men into the secret of.

Yesterday, however, in an unguarded moment one of those unconscious critics let the cat out of the bag. There were four or five of them standing around the statue gazing at her classic pose, when one of them, who had been looking intently at the ankles of Justice for several minutes, suddenly burst out with, "Oh, girls, she's bowlegged - just look!"

There was a gathering of heads in one place and a craning of necks and much raising and lowering of eyes, as if trying to mentally follow the direction taken by Justice's ankle where it was lost under the folds of her toga. Then there was a unanimous nodding of heads and a great deal of giggling as if the discovery constituted one of the rarest jokes ever heard of.

A careful survey of the lines of Justice's right ankle confirms the criticisms passed upon her by the women. There can be no question that, taking the original departure of the ankle from the foot to a straight line, the upper end would leave the main trunk of the statue some where about three feet above the pedestal and if further projected would strike the roof of the Mines building, about 150 feet north of the point immediately over her head. The only possible way for her ankle to reach the main trunk of her body after starting out the direction it has is to describe a sort of horseshoe bend somewhere about the knee joint - Chicago Inter Ocean.

Mails From Abyssinia. An unexpected item of news which has just transpired will delight the heart of every philatelist. The king of kings, the successor of King Solomon, has written to the Universal Postal association at Bern, announcing his intention to enter the Postal union. We shall consequently have Abyssinian postage stamps, for the king of kings is none other than King Menelik of Abyssinia. Many things will undoubtedly happen on the heels of this Nile before the first post office opens in Abyssinia. For we live in strange times, when savages are becoming civilized and civilized savages are becoming savages - European Inter alid.

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.
