

THE CAPITAL JOURNAL

PUBLISHED DAILY, EXCEPT SUNDAY. Capital Journal Publishing Company. Postoffice Block, Commercial Street. HOFER BROTHERS, - - Editors.

Daily, by carrier, per month, \$1.00. Daily, by mail, per year, \$10.00. Weekly, 5 pages, per year, \$1.00.

5,000 OPINIONS WANTED.

THE JOURNAL will publish the opinions of five thousand men, or as many more as will express themselves, as to the best way to elect the next United States Senator from Oregon, whether (1) by popular vote, (2) by instructing candidates to the legislature as to who they shall elect for senator, or (3) by leaving it to the legislature after it is elected? The replies should not exceed over 100 words, including address of writer, and will be printed in the DAILY JOURNAL during the month of March. Persons writing can also express their choice for Senator if they desire. Order THE ONE CENT DAILY during that month. HOFER BROS., Publishers, Salem, Oregon.

VOTING FOR SENATOR.

THE JOURNAL'S open ballot of the people for the next United States senator from Oregon is beginning to be heard from. No matter what parties or legislators do, the publishers of this paper are in favor of direct choice by the people.

Several efforts have been made to secure an expression of our choice. We prefer a free choice by the people themselves and as publishers of a people's public newspaper we do not care to commit ourselves in advance in favor of any candidate. We are heartily in favor of the people's choice for senator if that can be obtained fully and fairly and without partisan manipulation.

If a senator is to be returned by the old way of leaving it to the party managers to decide in the legislature, or leaving it to some machine to select the legislative candidates, then it is more than likely Mr. Dolph will be chosen, and owing to his long experience he will probably be the best man to serve this state. But if the voice of the people is heard the result will be different.

THE JOURNAL is in favor of a senator of the people's choice. He should not be a free-trader. So long as we need to collect three hundred millions of revenue by duties on imports no patchwork protection or half-way free-trade Wilson bill will do. If there are to be duties on woollens there must be a duty on foreign wool. If the tanneries are to be protected in the east, the farmer who raises hides must be protected against hides produced in South America by peon labor at ten cents apiece.

As long as there is to be a system of duties, Oregon products must be protected fully against cheap foreign competition. The senator to be chosen should also be sound on the question of importing cheap foreign labor as well as cheap foreign products. Immigration from Italy, China, and other pauperized countries must be stopped. Corporations subject to American laws must be prohibited from bringing such and landing them on American soil, and from employing any who are not, or cannot become American citizens.

The next senator from Oregon should not only be distinctively an American on the tariff and immigration questions, but he should be sound on finance and in favor of a more economical and liberal financial policy. Oregon is a silver state, and the Republicans will win or lose very largely according to the way their financial plank in the state platform is written. While no war should be waged upon the national banks, neither should they be perpetuated forever. No good money we now have should be destroyed or imperilled, but gold and silver should be coined on equal terms, and a larger volume of paper money should be issued direct to the people, on a sufficient coin basis, but not in such a way as to always put the government at a disadvantage and at the mercy of the gold shysters of Wall street. We do not expect to see the election of a senator of our choice in every particular, but we believe on the main propositions we have outlined, the American people, without regard to party, are reasonably agreed.

SUGGESTED COMMENT.

The next national Woman Suffrage convention meets at Atlanta Ga.

Senator Hill has two of Cleveland's supreme judgeship scalps dangling at his belt now.

The Democratic senators are jubilant over the hope of framing their tariff bill that will yield \$450,000,000.

T. V. Powderly, who has always been a labor agitator with a big salary, now sees the order of Knights of Labor for back salary.

It is proposed to build war-vessels of the whaleboat pattern. A sensible idea only we do not need them for war vessels so much as for peaceful purposes.

The important political information that Congressman Hill has beautiful red cheeks will be doubt be very gratifying to his constituents and go

far toward securing him a renomina-tion.

The patriotic gentlemen who always manage to hold down the "sheep" appointments in Oregon are belaboring the wool tariff for all there is in it. It would be refreshing occasionally to see a man's name attached to a public discussion who was not a candidate for office.

The last grand jury had the good sense to submit a very brief report of its inspection of state institutions. There is not a bigger farce than these semi-annual visits. As the officials know when to expect a call they are always prepared. It is an expense entailed upon Marion county that is of no possible benefit to anyone and only protects the officials in charge.

Rather Steep.

Than take in any other form is what many people think and Park's Tea is made for just those folks. It cures constipation and though not a cathartic moves the bowels every day. Sold at Capitol Drug Store.

Georgia's Petrifying Spring.

There is a spring in Brooks county, Ga., which in a very short time converts wood and several other substances into hard rock. The peculiar qualities of this Georgia fountain have been known since early in the century, when an old "tin hunter" accidentally lost his knife in the basin which has been hollowed out of the granite strata by the ceaseless bubbling of the water. A month later the old trapper again repaired to the spring and was agreeably surprised to find his favorite knife. The water had had no effect upon the bright steel, not even to the extent of leaving a speck of rust, but with the wood of the knife's handle it was far different. The petrifying particles with which the water is so highly impregnated had entered every pore and sap tube in the wood, and what was but a few weeks before a hickory handle of "home make" was now two thin slabs of solid stone, woodlike in appearance, but as hard and unyielding as a chip from a granite boulder. To this day the place is known as "old Moore's petrifying spring."—St. Louis Republic.

Examining the Brain by Electric Light. A report comes to us from St. Louis to the effect that Mr. Donald H. Farquhar of that city has succeeded in so concentrating the electric light that it will illuminate the brain. The same plan can also be adopted when it is necessary to study the pathological condition in other parts of the body. A small cone of light from an 800 candle power lamp is made to penetrate the tissues, and it is said that broken bones can be studied and injuries learned that could not be determined by the ordinary methods of examination.—American Therapist.

A Horrible Example.

Mother—Little Willie Mugg's nose turns up terribly. Little Johnny—He's been taking cod liver oil a good deal longer than I have.—Good News.

Advice.

Affable Friend—Ah, Mr. Grumpsey, I hope I see you well. Grumpsey—If you don't, you had better consult an oculist.—Philadelphia Record.

Better Than Electricity.

Argent—Wouldn't you like to have a burglar alarm put in your house? Mr. Blinks—Don't need it. I've got a wife.—New York Weekly.

No Wonder.

Jorkins—Mrs. Perkins seems a very sad woman. Mrs. Jorkins—Well, she has reason to be sad. She has had several great disappointments in life. Jorkins—Is that so? Mrs. Jorkins—Yes. She has been married three times.—New York Herald.

The Explosions of a Bomb. startles all within hearing. So the pains which arise from derangements of the liver, stomach and bowels, quickly alarm those who experience them. Dr. Pierce's Pellets afford a speedy and inexpensive cure. Sick headache, bilious headache, constipation, indigestion, bilious attacks yield like magic to this wonderful specific. Only one tiny, sugar coated Pellet for a laxative dose. Purely vegetable and perfectly harmless. The action is prompt and pleasant. Absolutely the best Liver Pill made. Your money given back if they do not give entire satisfaction. The only pill not possessed of merit as to warrant their being sold on trial.

Refuse All Substitutes. Made only by N. K. FAIRBANK & CO., ST. LOUIS AND CHICAGO, NEW YORK, BOSTON.

Patents. CAN I OBTAIN A PATENT? For a

My little boy had had fainting spells, at most ten, followed by vomiting. We gave him three bottles of Hood's Cures and he is now as rugged as one could wish to be.

Hood's Cures. His appetite is good, his cheeks are rosy, and he gains daily. Mrs. DAVID LAMB, Bond Village, Talbot, Md.

Hood's Pills cure liver troubles, indigestion and headache. Try a box. 25c.
