Campaign Notes.

Quite a number are going out from Salem to attend the political meeting at Sunnyside tonight.

The Salem Democratic club is to be organized at Grange hall this evening. The South Salem McKinley club meets this evening at the old school house. John A. Carson, C. B. Moores and others are to speak.

The campaign of the office of state printer is evidently simmering down to the present incumbent. Up to the few days Mr. Dunaway, of Portland, was considered Mr. Baker's chief competitor for the nomination; but judging from the action of the Portland printer's union of which he is a member in refusing to endorse his candidacy, it now looks as though Mr. Baker had a clear walk-way.

Prospectors Lost.

EUGENE, April 3.—J. L. Downing and R. L. Weaver, who started for the Bohemia mines over two weeks ago, are supposed to have perished in the mountains. The last man who saw them was Doc Pitcher. He was going into the mines the next day, and made in agreement with them to take their blankets in for them.

The place to leave the blankets was agreed upon, and Pitcher told them the route to take. When it was found that they had left the trail and did not appear at the mines a party of searchers went out after them, but at last accounts, they had been unable to find them.

They were tracked about twelve miles and then fresh snow covered the trail so that it could not be followed. The search for the men was kept up for twelve days. They had no blankets and no provisions, and have undoubtedly perished.

Excitement at Tacoma.

TACOMA, April 3.—The whole city is in a state of excitement over the municipal election. Parades and speeches in every direction are much more numerous than at the last national election. Last evening several street fights occurred between supporters of various candidates. Three full tickets are in the field, each of which claims it is going to carry the day and charges every opposition candidate with every crime in the calendar. The A. P. A. is expected to be leading to the Populists, on account of their candidate for mayor being a prominent member of that order; though some claim that a number of that order will not vote that ticket even though ordered to do so.

A Big Fire.

INDIANAPOLIS, Ind., April 3.—A big fire is reported raging at Hobart. Four persons were burned to death.

is the struggle against the two-looms system. All weavers are out today.

Tillman is Mad.

COLUMBIA, S. C., April 3.—Governor Tillman addressed the militia today. He said he was more determined than ever. If the mayor don't make the police do their duty, he will ask the legislature to empower him to remove them.

Big Labor Convention.

SCOTTSDALE, April 3.—A convention this afternoon is attended by 5000 men. The leaders say Thursday morning will see one of the most widespread and determined strikes ever inaugurated in the Coke region.

In the Senate.

WASHINGTON, April 3.—The tariff bill was taken up. Allen offered a free coinage bill as an amendment.

WASHINGTON, D. C., April 3.—The senate this afternoon passed the Behring Sea bill.

The struggle in the Quell-Joy contested election case is occupying the house. Patterson, of Tennessee, says there will be no adjournment until action is had. There are 193 Democratic members here, 14 more than a quorum and the plan is to arrest all absentees and bring them to the bar of the house.

THE APRIL ELECTIONS.

Monday's Municipal Ballots Do Not Discourage Republicans.

HELENA, Montana, April 3.—The Republicans elect their entire ticket with the exception of city treasurer and two aldermen, making the next council stand Republican 10, Democrats 4. Weed, Republican, for mayor, polled 1,555 votes; Hussey, Populist, 484 votes; Bair, Democrat, 674.

CINCINNATI.—Reports indicate the Republicans have carried most of the Ohio municipal elections. In Cincinnati they are conceded victorious over a fusion of citizens tickets and Democrats.

CLEVELAND.—Returns show the Republicans have won by majorities ranging from 3,000 to 5,000. In the last presidential election the city went Democratic by about 4,000, and has sprung the Democratic candidate for mayor had nearly 1,500 plurality.

MANSFIELD, O.—The Republicans won a notable victory here, electing their entire ticket for the first time in the history of the city.

TOLEDO.—The entire city Republican ticket was elected.

ST. PAUL.—At Yankton, S. D., the straight Republican ticket was elected. At Wahpeton, N. D., for the first time in many years, the Republicans carried the city.

GRAND RAPIDS.—The city election here resulted in an overwhelming victory for the Republicans.

HARTFORD, Conn.—The city election resulted in a Republican sweep of such proportions as Hartford has not seen for many years. The entire Republican ticket elected with one exception.

CINCINNATI.—The count from the election in the 12th Cincinnati precincts was completed at 1 o'clock last night. Five tickets were in the field. Republican candidate for mayor received a plurality of 6,752. There were 290 votes cast for the People's Party candidate. Every Republican is elected.

DES MOINES, Iowa.—The Republicans elected their city ticket by majorities of from 100 to 1,000.

Chicago Election.

CHICAGO, Ill., April 3.—The election of alderman, and ten tickets in the field, is attended by many disturbances. At 23rd ward polls several beaters and policemen were badly bruised. John Feil was shot twice in a saloon brawl by Louis Sutler and may die. In the 14th ward Samuel Phelps was shot at the polls by John Marshall. He may not recover. A few arrests were made.

Republicans Lead.

KANSAS CITY, Mo., April 3.—Six tickets in the field. Republicans lead.

A MOMENTOUS QUESTION.

SHALL AN ABANDONED RAILROAD DIVERT TO THE STATE?

A BIGGER ARMY.

ST. LOUIS, April 3.—General Fry's army arrived at Jefferson barracks. Commonwealers were on top of box cars, eighteen cars in train, six hundred men in all, respectable lot.

Big Labor War.

PROVIDENCE, April 3.—The biggest labor war Rhode Island has ever seen

was the Union P. C. C. for \$2,500,000.

Denver, Col., April 3.—Judge Caldwell has issued an order for the abandonment of the South Park railroad by the Union Pacific. The question arises will the line divert to the state? The line is 282 miles long. It was built by Governor Evans and sold to the Union P. C. C. for \$2,500,000.

VOORHEES TALKS TARIFF.

More of His Argument for the Wilson Bill.

HIS POSITION ON THE INCOME TAX.

Eulogizes the Patron Saints of Democracy.

WASHINGTON, April 3.—Speaking of the proposed income tax, which he warmly upheld, Mr. Voorhees said:

"The proposition contained in the pending bill, to levy a tax of 2 per cent on all incomes of corporations and of individuals in excess of \$4000 per annum, is so just and equitable toward the hardworking taxpayers of meager resources throughout the entire country that not a word in its defense or explanation would seem necessary here or anywhere else. But the narrow and corroding selfishness of riches has been exposed by this simple measure of justice into fierce resentment and contention. We bear on all hands the voices of individuals and corporations of wealth demanding that it shall not be disturbed by the demands of the slightest touch of the taxgatherer, whatever may be the demands of the government or the oppression of the tolling masses."

"I believe the limit of endurance has been reached; that the time has come for a test to be made between the power of hoarded money and the power of productive labor; that the people from this time forward more than ever before will organize and take rapid measures against the continued and brutal dictation of the plutocracy, against the rule and supremacy of the rich in shaping the financial policy of this government in their own interests."

Mr. Voorhees concluded as follows:

"When the day shall dawn in which a farmer, the mechanic and the wage-worker shall alike have the right and the privilege to go into the open, liberated market of the land and buy where their hard-earned money will buy most for their wants, with none to molest, to assess, to levy, to take toll, or to tax or tax, then indeed will the millennium of labor have come and all the sons and daughters of toil shall rise up and call their government blessed."

"In turning to another subject on which much ignorance and much malevolent criticism has been heard, the task is easy. In securing a sufficient revenue for the support of the government with as light a tax as possible on these necessities of life, I have at all times earnestly favored an increased tax on whisky. I would be glad today if the pending bill provided a tax of \$1.20 per gallon, instead of \$1.10 as it does. Revenue is raised from distilled spirits, the purchase and consumption of which is never a necessity of life; but the fact that \$21,000,000 of surplus accruing under the bill was furnished by the tax on whisky is a genuine joy to my mind. My sincere regret is that more money for the government was not obtained from that source and consequently from other sources of a different character."

BIRTHDAY OF JEFFERSON.

"Sir, this is the birthday of Thomas Jefferson. One hundred and fifty-one years ago today he came into the world, the greatest emancipator of thought, philosopher of liberty and teacher of the natural rights of man ever known in human history. The blow for freedom and justice and equity in government are yet resounding throughout the earth, and they will never cease to be heard until the last shackles of privilege and tyranny are broken. Ten days before his soul took flight from his mountain home he wrote his parting words to his own countrymen and to all the race of mankind. With this great dying message before us and in its spirit we take new courage and go on with our work. 'All eyes are open,' he said, 'to the rights of man. The general spread of the light of science has already laid open to every view the palpable truth that the mass of mankind have not been born with saddles on their backs, nor a favored few pooped and spurred ready to ride them legitimately by the grace of God.' Hail, mighty message! and hail its speedy and certain fulfillment! All hail the counsels of Thomas Jefferson in this hour of caste based on wealth, or privilege granted by law, and of monopoly based on the slavery of labor!"

Depravity in Gotham.

NEW YORK, April 3.—The masque ball of the Carmencita club at Tammany Hall ended in a riot. The lights were turned out, a free fight followed, and Terrence Gallagher, a race track tough, was killed. Mark Buckner had his skull cracked and may die.
