**TO THE DEFEATED.**

Sentiment for those who were defeated for nomination in the recent state and county conventions may seem cheap—too cheap a tribute to offer. But a good thought, a kind word is never out of place. The man who makes an honorable effort for success among his fellow men, has nothing to be ashamed of in defeat. The lottery of life can not hold prizes for all. The man who is turned down today may be turned up tomorrow.

Amid the incense of success and uproar of victory, who will stop to shed tears over the defeated candidates? Who will mourn for the fallen? Those who are trampled upon by the way-side? Such is life! Such is politics! But even they have their rights and must be accorded fair treatment. There is a great deal of savagery in politics. Too much. The gentlemen, the men of honor, the men of faith, the men who regard friendships as sacred is a match in demand in politics as anywhere on earth.

The man who takes a fair and honorable defeat, or even a defeat that was brought about by questionable means, without a murmur, is the man who stands high in the estimation of his fellows. That is the spirit of game in the thoroughbred that all men admire. C. W. Fulton showed that when he eulogized the men and the candidate who put him to sleep politically at Portland. There is no death or burial for such men. They rise above defeat and discouragement.

The men who were defeated in the Portland convention who will take off their coats and work for the whole ticket are the men who will be remembered in the future. There is one kind of stuff that all men appreciate and that is principles which endure the fierce flames of failure and come out unscathed. Party devotion that is unshaken by personal defeat shows that a man's principles mean more to him than merely getting office and honors.

"Gentle as the Summer Breeze."  
 "I would rather take a thrashing than a dose of pills," groaned a patient to whom the doctor prescribed physic.  
 "I'd as lief be sick with what ails me now as to be sick with the pills."  
 "I don't think you've taken any of the pills I prescribe, or you wouldn't dread the prescription so," laughed the doctor.  
 "I never use the old inside twisters you have in mind. I use Dr. Pierce's Pleasant Pellets. They always make me think of a part of an old hymn—  
 "Gentle as the summer breeze,  
 The best thing of the kind ever invented—  
 No danger of their making you sick. You'll hardly know you've taken them. I wouldn't use any other in my practice."  
 ONLY TWO MORE.—Finest lot of presents yet offered, with the famous health-making powder. Only two cases more to be sold when the watch will be given away, at J. C. Clark's.

**FOR LIEUTENANT GOVERNOR.**  
**The Farmers Want Hon. O. M. Tinkham---April Finds Him Well Again.**

There is no man more popular among the farmers of the country than Hon. O. M. Tinkham, whose likeness is here given.

A man of acknowledged ability, of commanding presence, an excellent presiding officer, he will undoubtedly fill with credit the office to which the farmers of his own state wish to elect him.  
 Ten years as agricultural editor of the Freeman and Watchman of Montpellier, Vt., secretary and president for several years each of the Vermont state dairymen's association, and employed by the boards of agriculture of Maine, New Hampshire, Massachusetts, and New York at their meetings, assistant commissioner of agricultural affairs, dairy commissioner at the world's fair at New Orleans, member of his state legislature, where he was chairman of the house committee on agriculture, and recently accredited by the secretary of agriculture to Europe to study the labor problem, he is one of the most conspicuous representatives of the farming interests of the country.

Some time ago, Mr. Tinkham was prostrated with heat in the hay field, from the consequent derangement of the system suffered severely from dizziness, so much so that walking was difficult. He tried the famous Paine's celery compound, which had been so publicly recommended by Mayor McShane of Montreal, Rev. Father Ouellet,

Miss Mable Jeunes, Ida Lewis, and others, and the result was most happy. To quote his own words: "The dizziness is all gone, and I am now quite recovered."

The success of his vigorous lectures upon his European experience has been marked. He is now residing at North Pomfret, Vt., and the citizens of the state will wisely insist upon his going into politics so far as to take the lieutenant governorship.

Mr. Tinkham's experience with the wonderful remedy that makes people well and is as superior to all other spring medicine as milk is more nourishing than water, is not surprising.  
 Men and women all over the country are finding strength and freedom from disease in Paine's celery compound. It clears the sluggish blood of the unhealthy humors that a poor circulation and faulty assimilation tend to produce. It corrects unhealthy nervous action and feeds the nerve centers with just the elements needed to build them up again into healthy tissues. Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college discovered the formula for the famous Paine's celery compound after long years of study of the deep changes that take place in worn-out, disordered nerve tissues. Dr. Phelps was accustomed to explain in his lectures his mastery over diseases due to bad blood and nervous weakness as follows: "In diseases of the liver, kidneys, and heart something is in the blood that

ought not to be there. Neutralize these bad humors. The nerves and nerve centers are starving. Feed them with the elements that will build them up again." Paine's celery compound embodies these advanced ideas regarding the blood and nerves.

As was to be expected, so remarkable a discovery has not failed to attract the attention of scientific men all over this country and in Europe. Medical journals have given Paine's celery compound much discussion. Paine's celery compound is extensively used in all the large homes and institutions for sick and aged persons throughout the country. Today it stands unquestioned as the most valuable and reliable remedial agent at the physician's command for curing neuralgia, rheumatism, dyspepsia, inability to sleep and diseases of the heart, liver and kidneys. It is prescribed by the entire medical faculty.

It is the greatest spring medicine, "the only spring medicine worthy the name," says one physician of the highest standing in the profession. For languor, debility and all forms of nervous weakness it has proved its invaluable curative power. It makes people of all ages and occupations well and active.  
 The famous Dr. Parr, who lived to such a patriarchal grand old age, was accustomed to say: "'Now' is the watchword of the wise. 'Now' is on the banner of the prudent." Take Paine's celery compound "now." April is the most favorable time.

Mrs. Eliza A. Freeman  
 Vandalia, Illinois.

**Ivy Poisoning**  
**Eight Years of Suffering Perfectly Cured by Hood's Sarsaparilla.**  
 "C. L. Hood & Co., Lowell, Mass.  
 "We have tried Hood's Sarsaparilla and find it to be all you claim for it. My wife was poisoned by ivy when a young woman, and for eight years was troubled every season with the breaking out and terrible itching and burning. I thought here was as bad a case as anyone ever had. She was in this distressing condition every year until she began to take Hood's Sarsaparilla, which has effected a perfect cure, without leaving any scars, and she has had no sign of the poison since.  
 She is well and hearty. I have taken Hood's Sarsaparilla after the grip with good results, and have also given it to our four children. We are all pictures of perfect health and owe it to Hood's Sarsaparilla." J. C. FREEMAN, Vandalia, Ill.  
**Hood's Pills** act easily, yet promptly and efficiently, on the liver and bowels.
