REED'S RULE IS ADOPTED

By the Democratic Committee on Rules.

CONGRESSMEN PRESENT TO COUNT

In Making Up a Quorum for Business.

WASHINGTON, April 16.—A constitutional opinion of great importance was rendered by Judge Nott of the court of claims today, to the effect that the president can lawfully approve a bill after adjournment of congress, provided the right be exercised within the days allowed in the constitution.

THE REED RULES.
After a session of two hours today the Democratic members of the house committee on rules agreed on a new quorum counting rule, and thereupon sent for Messrs. Reed and Burrows, Republican members of the committee. It is understood the rules provide for ascertaining a quorum by counting the members present and not voting, also fixing members who absent themselves from the house. The new rule will probably be presented to the house tomorrow.

Resumes Other Duties.
WASHINGTON, April 16.—Representative Breckenridge appeared on the floor of the house of representatives today for the first time since the beginning of the Pollard-Breckenridge trial. After occupying his seat a few minutes he left the chamber. He will resume his congressional duties at once.

His Last Chance.
WASHINGTON, April 16.—The supreme court today granted a motion to advance the case of McKane, appellant versus Warden Duxon, of Sing Sing, and was set for hearing April 23rd.

Populist Leader Ill.
WASHINGTON, April 16.—The condition of Congressman Jerry Simpson is very critical. No callers admitted, arms and legs swollen as by dropsy and seems approaching vital parts.

THE COXEY'S ARE COMING.

Not Expected at Salem Before Tuesday Night.

Following dispatches announce the approach of the first detachment of Coxeys' army upon Oregon soil.

SISSON, Cal., April 15.—Company A, Second regiment, Industrial Army, under the leadership of Capt. Charles E. Kato, passed through Sisson, from Sacramento en route to Portland, Or., this morning. They number forty, and all have the appearance of being workmen. The railroad furnished a flat car for their transportation.

ASHLAND, Or., April 14.—Company A of the Industrial Army arrived here last night on a freight train. They intend to pick up recruits on the way north, and are going through Oregon and Washington before turning east.

Inquiry at Southern Pacific offices today shows that Co. A has proceeded as far as Reeburg, but will not reach Salem until Tuesday night on the late freight. They may number one hundred by that time. Rev. Kellaway of the Salem Christian Mission has done much to keep down the numbers of this element in Salem, though there are undoubtedly some recruits awaiting the army here. It is the opinion of many citizens that arrangements should be made to accommodate the army at this city and enlist all who want to go on to the front. The men, if they are what they are represented to be, are entitled to decent and hospitable treatment.

THE INDUSTRIALS.

An Opposition Army Being Organized.

CUMBERLAND, Md., April 16.—The army of commonwealth will leave Tuesday morning early, in canal boats, for Hancock. It may be that this route will be continued to Hagerstown. The men are being fed extravagantly well. This has allayed the feeling of discontent. It is rumored that several scores of unemployed are being organized for opposition to the march to Washington.

They Will Walk.
OMAHA, Neb., April 16.—Gen. Kelley's Industrial Army will walk out to Council Bluffs at 3 o'clock. Kelly was notified by the sheriff that the soldiers must march on.

Mining Trouble.
BIRMINGHAM, Ala., April 16.—A posse of deputy sheriffs was sent to the Blue Creek mines to quell any disturbances that might arise. The situation is regarded serious.

WASHINGTON WOMEN ACT.

Resolutions Adopted at the Capital of the Nation.

WASHINGTON, April 16.—Miss Madeline Pollard is the most talked-of person in Washington. As might have been expected with a woman of her temperament, the long strain of the trial culminated in a nervous prostration. She was taken to the Providence hospital, situated in a quiet part of the city.

Judge Wilson's defense of the rights of women to an equal place with man in the professions was so appreciated by many of the Washington ladies that a party of them sent to him a magnificent bunch of La France roses, which adorned his parlor today. They were accompanied by a note stating that they were intended as an expression of appreciation for his championship of the cause of women in the professions. One of the signers was Mrs. Dan Waugh, wife of the Indiana congressman; another was Miss Louise Lowell, the stenographer who wrote Colonel Breckenridge's love letters while he was at the capital, and another was Mary Desha, sister of Colonel Breckenridge's late wife. The tribute of Miss Desha is significant of the feeling of the relatives of the late Mrs. Breckenridge toward the colonel.

Scarcely had the verdict been rendered when a meeting of prominent Washington women was called. Representatives of several leading organizations met, and after an interesting conference, adopted resolutions calling upon congress to consider the qualifications of Representative Breckenridge for membership in that body. Some of the organizations represented were the Woman's Suffrage Association and the Woman's Christian Temperance Union. Mrs. Sarah LaFetra, of the later organization, and Mrs. Ellen S. Murphy, the widow of the late General Murphy, who is a practicing lawyer and prominent in the movement for the advancement of women, were among the leading speakers of the meeting. The resolutions adopted were addressed to the house of representatives, and read:

"We, as representative women of Washington, aiming toward the establishment of a higher code of morals and against the atrocious double standard which has cursed society so long, declare that we do not believe masculinity to be a license for uncleanness, but hold that the same high standard for women which men demand shall be required of manhood; therefore be it

"Resolved, That we must have chastity for chastity, under one rule of rights, and bearing as rigidly in its application upon one sex as upon the other. From this standpoint we ask congress to consider the case of W. C. P. Breckenridge, regarding his conduct so unbecoming a legislator. Be it further

"Resolved, That we, the daughters, wives and mothers of the commonwealth, express a belief that types of highest manhood are to be found in congress; therefore, we ask in confidence that the house of representatives shall join in the sentiment of justice held by us, and take some definite action to insure the high character of our country's administration and help the future national councils to present a clean unchallenged body of legislators."

CARD FROM MISS POLLARD.

She Thanks All Those Who Have Been Kind to Her.

NEW YORK, April 16.—A local paper publishes a note from Madeline Pollard, in which she says:

"I thank the press of the United States in general for all that has been said in my behalf, and how clearly I see and admit the justification for much that has been said against me. I should like to say how deeply grateful I am for the kind letters which have come to me and to my counsels from all parts of the United States during the terrible ordeal through which I have passed. If the future holds anything for me it cannot be in the direction of publicity and sensation. If my untrained literary ambition is to receive any reward of justification, it must come with labor and patience. I have no idea of going on the stage or a future platform, or otherwise acquainting the public with my unfortunate career. I have been applied to for various publishers to edit a report of the trial, but I have not brought myself to think that this should be a wise step, and if I should take it, it will only be because I believe myself able in a good sense to point out the moral of my misguided life, and to awaken good sentiments in the public rather than to keep alive bad sentiments."

THE ONLY WOMAN.

FORT SCOTT, Kansas, April 16.—An expert investigation of the books of City Treasurer Mrs. F. R. Pulliam, the only female city treasurer in the state, makes it appear she is \$1300 short in her accounts. It is not thought she has been dishonest, but that the shortage is due to some one having obtained money by illegal means.

Chris Evans' Partner.
FRESNO, Cal., April 16.—Ed Morrell, Chris Evans' partner, was this morning sentenced to life imprisonment at Folsom.

Judge Webb has fixed the bail of Heath, the alleged murderer of McWhirter, at twenty thousand dollars.

Waite Wins Once More.
DENVER, Col. The supreme court granted a writ of certiorari in the Fire and Police board controversy, ordering the old board to vacate at noon tomorrow. This is a complete victory for Governor Waite.

The American people are getting a whole lot of hard but wholesome information about the code of morals in modern society as well as the relations of men to women: One of Col. Breckenridge's epigrams is: "What destroys a girl only injures a man." Maybe, but sometimes the injured man is destroyed by the destroyed girl. We hope it will be so in his case.

KENYON VS. APPLEWHITE.

The Benton County Scandal in Court.

TREASURER OF THE STATE COLLEGE.

Progress of the Trial Will Be Closely Watched.

Special to the JOURNAL.

CORVALLIS, Or., April 16.—The case of the state vs. J. M. Applewhite and Lucinda A. Kenyon, came on for hearing Saturday, and upon motion of the state the indictment was dismissed as to defend Mrs. Kenyon, and a motion to set aside the indictment on a legal technicality interposed by Dr. Applewhite's attorneys, Messrs. Bryson, Burnett and Nash. Seymour W. Condon, district attorney appearing for the state. The dismissal of the indictment as to Mrs. Kenyon, confirms the current statement that she has turned state's evidence before the grand jury. She is said to have disclosed her relations with defendant Applewhite. Dr. Applewhite has numerous friends who will stand by him until his guilt is established by trial. The woman has no sympathy for having betrayed confidence.

Able and lengthy arguments were made both pro and con the motion to set aside the indictment, but the decision of Judge Fullerton has not yet been rendered.

Defendant Applewhite's attorneys will probably attempt to get this case continued until next term, but it will be pressed to trial unless a good showing is made for a continuance.

RECEIVER CLARK'S SUCCESS.

The Oregon Pacific Railroad Pays More Than Expenses.

Special to THE JOURNAL.

CORVALLIS, April 16.—Charles C. Clark, receiver of the Oregon Pacific, filed his petition Saturday afternoon, asking the court for an order authorizing him to pay his employees in full their March salaries, amounting to \$4,287.27, an additional sum already paid thereon by him. Mr. Clark says he is able to meet his pay roll and has over \$100 remaining. This is the third month's administration of Mr. Clark that he has met his pay roll. His receivership is giving entire satisfaction.

Circuit court will probably adjourn tomorrow until about June 4th when the Oregon Pacific sale, if made, is to be confirmed. Execution has not yet issued, however, and will not until money is placed into the hands of Sheriff Osborn to pay fees. Plaintiff will probably ask the court to direct the receiver to do this before it adjourns.

Great Northern Strike.

ST. PAUL, Minn., April 16.—Vice President Howard, of the American railway union, says the strike on the Great Northern will not be extended to this end of the line for a day or two. The strike is considered a fight for existence on the part of the brotherhoods, for if defeated it will be dominated by the American railway union.

Pulliam, the only female city treasurer in the state, makes it appear she is \$1300 short in her accounts. "Your Money or Your Life."
Such a demand at the mouth of a "six shooter," sets a man thinking pretty lively! With a little more thinking, there would be less suffering.

Think of the terrible results of neglected consumption, which might easily be averted by the timely use of Nature's Great Specific, Dr. Pierce's Golden Medical Discovery.

Consumption which is lung scrofula, is a constitutional disease, and requires just such a thorough and effectual constitutional remedy! Taken in time before the lung tissues are wasted, it is guaranteed a radical cure. Equally certain in all scrofulous affections and blood disorders. Large bottles, one dollar, a few druggists.

GOING REPUBLICAN.

Not only the whole country, but the whole Democratic party seems to be going Republican.

Cleveland seems to be all that is left of the Democratic party.

The Democracy has not only adopted Republican financial ideas and Reed's rules in congress, but the Democratic leaders in the senate are making a fight for a protective tariff.

Nothing remains to complete the job but to elect Reed speaker of the House and adopt the McKinley bill.
