### Disreputable Campaign Methods.

ED. JOURNAL: Kindness and courtesy seem to cut very little figure in a political campaign. God mer who are otherwise gentlemen and friends of years standing, in the zeal of party enthusiasm do and say things that in their cooler and fairer moments they would not stoop to and would denotince as neworthy in any man. But there is such a thing as the campaign liar, and he is abroad in the land thus early in Marion county. He has been at work for several weeks past, and as in the ascendancy and to have put up a winning ticket, the efforts of the campaign liar are directed against it, The subtle enemy has no hope but in the slauder or blackening of some indiyidual and thereby directing attention hopeless ambition, thus to defeat a taught and taught and taught again @18 Chop feed \$16 and \$17. man here or there on the county or legislative ticket by "bush whacking." Fat Doctor Bills Make Lean Wills, but Dr. Hage's Catarrh Remedy costs less than one doctor's visit. Catarrh is a loathsome, dangerous disease, and the time has come when to suffer from it is a disgrace. No person of culture for superintendent of and refinement cares to inflict upon his G. M. Irwin, of Union. friends his offensive breath, disgusting bawking and spitting and disagreeable efforts to breathe freely and clear the throat and nose—hence the cultured and refined use Dr. Esge's Catarrh Remedy. And no wise and prudent man cares to run the risk of leaving his another without a productor to be better family without a protector, by letting his "slight catarrh" run into serious r fatal throat and lung troubles, hence he wise and prudent use Dr. Sage's Catarrh Remedy. Children Ciapped Their Handa. This is told by a Vermont paper as a rather amusing incident" which took tace in a St. Johnsbury school:

At about 11 o'clock the children all egan, apparently without a signal from my one, to clap their hands and contined this demonstration for several moucuts. Upon the tencher's asking for n explanation of their strange conduct, he was told that they did it because ove them a little talk on the awful rime for which Almy had made atonesent and drew the lesson from the story Sint is so obvious to all."

It is incredible, but true that this flnetration of the low average of our civlization should be set down in cold print a "rather amusing." It is sufficiently errible that children should be permited by their parents to know all the horore of an execution, but the teacher 'gave a little talk on the crime." Why not something to divert those morbid little minds from the contemplation of rime? Better a wholesome fairy story or a recess for a game of tag. Instead the greed of personal notoriety was fed, and the training in vice went on by the appearance of the incident in print next

The wretched little prigs who clapped the Republican party is conceded to be their hands because sin had met with punishment will grow up into the sort of men and women capable of asking to have the United States troops called out to keep the fair gates closed on a Sun-day.
