APPREHENSION IS AROUSED

By the Demonstrations of Coxeyism

THROUGHOUT THE WESTERN STATES.

The First Blood for the Industrials.

WASHINGTON, D. C., April 25.—The strong hand of the national government has been extended to check the Coxeyites who seized a train at Butte, Montana. Colonel Swain in command of the department of Dakota, U. S. A., has been instructed by telegraph to intercept the mob and restore the railroad property. This peculiar movement throughout the west has aroused the apprehension of the national authorities. Further trespass upon the visited rights and good order will probably be severely repressed whenever United States laws are violated.

The Train Stealers.

ST. PAUL, April 25.—Hogan's army of Coxeyites from Butte, Mont., reached Columbus, fifty miles this side of Livingston, and went into camp. Marshal W. A. Leigh, with a force of deputies overtook the stolen train at Columbus, early today.

Growing in Oregon.

PORTLAND, April 25.—About sixty recruits arrived from the South this morning, on the Southern Pacific. They, with a few stragglers, have gone into camp near the Southern Pacific's car shops. The main body which left this morning, will camp tonight at Sand Point, on the Union Pacific. Union Pacific officials say they look to federal authorities to protect their property. Fifteen hundred industrials are en route for Portland, between Salem and Sacramento.

Oregon's Army.

PORTLAND, April 25.—The Industrial army, five hundred strong, began to march eastward early this morning. They started over the Union Pacific, and it is supposed they intend to capture a freight train near Fairview.

Battle With the Coxey.

HELENA, Mont., April 25.—Deputy marshals attempted to arrest the Coxey army near Billings. A fight ensued. One man on each side was killed. Deputies are reported overpowered by Coxeyites.

Will Be Stopped.

ST. PAUL, April 25.—Private advices say, in the fight between deputies and Coxeyites no one was killed, but three or four injured. The army will probably be stopped at Fort Keogh, and returned to Butte, under military escort.

The Strike Spreading

CONNELLSVILLE, Pa., April 25.—The strike is spreading and almost every plant has closed. Mobs are again marching through the region to intimidate date workmen, but no violence has been committed. Many men were prevented from going to work today by their wives, who feared the vengeance of the strikers.

PACIFIC RAILWAY DEFICITS

Shown in Place of a Surplus Last Year.

BOSTON, April 25.—The fourteenth annual meeting of the stockholders of the Union Pacific railway company was held today. The directors report shows a deficit on the whole system of \$2,565,841, compared with a surplus in the previous year of \$2,069,757. The heavy decrease was due to the silver crisis, failure of the Kansas wheat crop and general prostration of business. The deficit in the Oregon railway and navigation system was \$199,459 in 1893 as compared with \$1,564,441 in 1892.

California Gets Rain.

SAN FRANCISCO, April 25.—Reports to the Associated Press from various parts of Northern California are that rain fell in showers during last night and today, and the prospects for continuance are good. The rains will be of vast benefit to the grain, though considerable damage has already been done by fifty days of drought, particularly in San Joaquin.

For Bland's Bill.

WASHINGTON, April 25.—The house committee of coinage, weights and measures today side-tracked the so-called Meyer compromise silver bill and decided to report favorably on Bland's bill for the free coinage of silver.

A SOLID PLATFORM.

Harrison Addresses the Convention Eloquenty.

INDIANAPOLIS, April 25.—The Republican state convention met today. Richard W. Thompson, ex-secretary of the navy, presided.

The platform contrasts Harrison administration with what it calls the present travesty, and denounces the pending tariff legislation. On the money question it says: "We believe in a currency composed of gold, silver and paper, readily convertible at a fixed standard of value, and entirely under national control, and we favor the imposition of increased duties upon imports from all countries which oppose the coinage of silver upon a basis to be determined by an international congress for such purpose. We denounce the avowed purpose of the Democratic party to restore the era of wild cat money."

HARRISON SPEAKS.

Ex-president Harrison addressed the convention. He said what the orator and pamphleteer could not do, the latter's experience is now doing for the people. They are now realizing that business depression is due to the attempt to wipe out protection legislation. The times were full of unrest, disaster and apprehension, but he believed all tumult would be stilled as by a voice of omnipotence if industrial and commercial classes could know there would be no attempt to strike down protection. He said the Republican party was friendly to restriction of silver and in England and Germany can be seen today clear indications of growth of sentiment for an international agreement.

GOVERNMENT CROP REPORT

For Western Oregon for Week Ending April 24th.

Weather: The temperature was cooler than the normal. The departure was the least in the Willamette valley and the greatest in the coast sections. A frost occurred on the 17th which was most severe in Douglas, Josephine and Jackson counties. The precipitation was greatly deficient in all sections. The sunshine was about the average. Crops: Favorable weather conditions having prevailed there is a cheerful vein running through the reports received this week. With the exception of a frost which evidently had injurious effects on the fruit crop in the southern counties, the work of progress remains unchecked. The frost had no evil effects in the Willamette valley, owing to having been light, nor in the coast districts, owing to the backward state of bloom in that section. Frosts are becoming less frequent. The lack of rainfall during the past week enabled farmers and horticulturists to make progress in their respective lines. That the average crop of spring grain will be a good one is assured. Seeding is far advanced in some sections while in others plowing has hardly commenced. In this respect Marion county seems to be the most backward. In some portions of the Willamette valley farmers have finished seeding. In Yamhill county seeding is far advanced. The average crop is being sown in the southern section of the state, where seeding is being completed. The average crop of oats and potatoes will be seeded. All fruit trees are blooming in the Willamette valley except the apple. Bloom in the coast counties is backward due to the cool temperature. All fruit trees are in bloom in the southern counties and this is the only section in which apple trees are blooming. There is great activity in the hop yards where planting has commenced. Hops have made a vigorous start. Owing to the success of this crop in previous years, especially in 1893, the acreage has been increased. Garden work is progressing under favorable weather conditions. The past week was the most favorable for working the soil. All classes are well pleased at the infrequency of the showers; only one report having been received expressing the opinion that upper land wheat would be benefited by them. Strawberries are blooming in all sections; a large crop seems assured. Grass continues its vigorous growth. Should the season continue with as favorable conditions as have existed during the past week, the cheerful hopes of all will be realized.

IN FAR FOREIGN WORLDS.

New Zealand Wants to Control Samoa.

ONLY A SCHEME OF GREAT BRITAIN.

More Trouble Has Occurred at Bluefields.

LONDON, April 25.—The proposed solution of the Samoan question is causing much discussion here. It is stated that Great Britain would not be loath to bring the islands under the control of New Zealand, if the United States and Germany can be induced to assent. W. B. Percival, general agent in London of New Zealand, visited the colonial office today and urged a modification of the treaty of 1889 in accordance with the desire of New Zealand. Mr. Percival represented the great stimulus such an arrangement would naturally give trade. New Zealand considers the present unsatisfactory position an opportune occasion for convening another conference. Much stress is laid upon the fact that the German residents of Samoa would welcome a modification of the existing arrangement.

Excitement at Bluefields.

BLUEFIELDS, Nicaragua, April 25.—Since the departure of the San Francisco for Port Lyman to coal and send a report to the navy department of the station here, there have been exciting events, but with no bloodshed yet, but they have caused great uneasiness. Captain Wilson, of the San Francisco, left two officers here with instructions to proceed to Rama to investigate the killing of an American, William Wilson, by the governor of that town. They have not returned, but a report has reached here that the mailboat which plies between here and there, and which flies the American flag, has been seized by the Nicaraguans. A schooner load of Nicaraguan troops has just landed, having come up from Graytown. It is reported that three other boatloads of troops are coming. Locay was much agitated when he learned that troops were about to land, as he feared trouble would ensue with Americans and the natives, especially as the American man-of-war was down at Port Lyman, and would not return for several days.

Today's Telegrams.

The Chicago wheat market is unchanged.

Florian, Cal., was destroyed by fire this morning.

The strikers at Uniontown have won. Pres. Hill of the Great Northern has agreed to meet the strikers.

A Washington special to THE JOURNAL says: Senator Brice is the authority for the statement that a compromise tariff bill has been agreed upon, which is reasonably certain to be adopted by congress early in June. It will take from the committee amendments to the pending bill, making a reduction of about 30 per cent from the McKinley bill.

The Edes-Myers Wedding.

At 8 o'clock this evening Miss Helen Edes and Henry W. Myers, of this city, will be united in wedlock, at St. Paul's Episcopal church, by Bishop B. Wistar Morris assisted by Rev. L. Sinclair, the rector. Following this a reception will be tendered them at the residence of Mrs. Geo. A. Edes, on south High street, from 8:30 until 12.

The bride and groom are prominent in society circles at the capital city. Miss Edes is the only daughter of Mrs. Rhoda A. Edes, and the late Geo. A. Edes, at one time a very prominent man in Salem for many years. The bride was born, raised and educated at this city, graduating with honors at St. Helen's Hall, and also was confirmed and will be married in the same church in which Mrs. Edes, her mother was confirmed and married.

The groom is a young business man of Salem of high character and fine standing in the community. He is the oldest son of Mr. and Mrs. Henry Myers, who is a leading dry goods merchant of Salem, and in which establishment the young man has occupied a trusted position.

About one hundred and fifty friends will witness the service at the church, which is beautifully decorated with palms and cut flowers for the occasion. A covered canvass archway leads to the door. Miss Polly O'Meara, of Santa Rosa, Cal., as maid of honor, Miss Rita Lowndale and Miss Louise Huelst as bridesmaids, and Captain Milton Myers, brother of the groom, as best man. Hugh McNary and Assistant Secretary of State Ed. C. Giltner will act as ushers. Judge Ed. N. Edes, brother of the bride will then repair to the residence of Mrs. Edes, which is also decorated for the occasion. Refreshments will be served.

The elite orchestra will play the wedding march from Lohengrin, and also at the reception. No pains or expense are spared to give the young people a nice start in life.

Mrs. Barker, Miss Thompson, Miss Frankie Jones, Miss Dekum, Miss Morgan, Mrs. Shelly Morgan, Mrs. Abe McCully, and Miss Winnie Watson, all of Portland, Miss Mason, of Albany, and others are expected to be present.

Mr. and Mrs. Myers will take up their home at 35 High street and will be at home Wednesdays in May.

PERTINENT PERSONALS

The courts have awarded Florence Blythe, the illegitimate child of Thos. H. Blythe, his entire estate, valued at \$4,000,000.

Belva Lockwood who was denied admission to the bar of Virginia seeks to compel admission by mandamus of the supreme court.

Claire B. Irvine, the new secretary of the Oregon State Fair, was also secretary of the Oregon World's Fair Commission.

John P. Robertson for the Populist and E. C. Minton for the Prohibs spoke at Turner the other night. They entertained a crowd as well as any two men on the stump.

Mill Burned.

The Prescott & Vanness saw mill at Independence was reported burned last night, by one of the down river boats. Mr. Prescott had left for there with a lot of hose, to be able to protect the property, but was probably too late with his precaution. The plant was valued at \$12,000 to \$15,000.

Religious Notice.

Rev. Dr. Freeland, pastor of the Congregational church, this city, will preach in the Grange hall, (Christian Workers Mission), 123 State street, at 7:30. Subject: "A blast from the Bugle of Paul." You are invited to attend.

Pension Board.

Five applicants appeared before the Salem board of pension examiners at this city today. Drs. Byrd and Jeffries of Salem, and Dr. F. M. Brooks, of Silverton, conducted the examination.

PERSONALS.

N. H. Looney, of Jefferson, is in the city.

E. M. Croisan, went to Albany this morning on business.
