## WASHINGTON DELIBERATIONS.

### Manufacturers of Wool Agree on a Tariff.

### BLOODY PROSPECTS IN HAWAII

### War If the Senate Favors Restoration.

### A KANSAS STATE BANK SUSPENDS.

### Large Depositors Left Badly in the Lurch.

PROVIDENCE, R. I. May 7.—A Washington special to the News says that the proposition of the woolen manufacturers to the senate committee on wool tariff is as follows: "The McKinley tariff to remain untouched till January 1, 1895, then a reduction of ten per cent to be made, followed annually by a similar reduction until absolute free trade conditions are reached." This schedule it is understood has been submitted to New England manufacturers by Democratic woolen manufacturers and they agreed to it and it is claimed virtually all woolen manufacturers of the United States have signed the petition.

**Hawaiian Restoration.**  
WASHINGTON, D. C., May 7.—A letter, dated April 5th, received by C. C. Mareno from R. Wilcox, of Honolulu, says: "A bloody revolution will ensue on the islands in the event the senate does not support the Cleveland policy for restoration of the statu quo at the time of the queen's disposition. H. M. Damon, minister of finance of the provisional government, has given his assurance that the provisional government would surrender control of the kingdom to the queen as soon as it was learned that the senate approves of President Cleveland's policy. The Chinese and Japanese have organized as a body to secure restoration of the queen, in case the United States senate fails to do justice."

**Some Resolutions.**  
WASHINGTON, D. C. May 7.—Representative Breckenridge of Arkansas, of the committee on ways and means, today introduced the following:  
"Resolved, that the committee on rules is hereby instructed to report a rule making it in order to amend any of the general appropriation bills so as to reduce or repeal the bounty or tariff on sugar or either of them."  
McGinn of Illinois, chairman of house committee on labor, has framed a terse joint resolution proposing to appoint a committee of two senators and three members of the house to inquire into the cause of the present industrial depression and idleness and to report within thirty days. The resolution is to make the inquiry on broad lines, so that the effects of tariff uncertainty, silver legislation, etc. may all be considered without reference to politics involved.

**THE CHURCH FOR HIM**  
But the Women of Kentucky Denounce Breckenridge.  
LEXINGTON, May 7.—The women of Lexington have issued an address to the voters in Colonel Breckenridge's district, in which they oppose his reelection and denounce his defenders. The address among other things says: "Would you vote for the destruction of your boys? No, sooner vote for the destruction of your party than sink moral sentiment. It is your duty to lead your boys to a higher moral plane, but would such a representative inspire your sons and daughters with the sublime duty of morality? No, his name is synonymous for corruption. Let no extenuating plea of charity cause you to even listen to his sly tones; they can no longer avail; he has sacrificed himself; his voice is silent; his influence is lost. Refuse to return him to congress and by so doing you will best promote the interests of society and of your own state."  
LEXINGTON, May 7.—At a meeting of the Mount Hope church of which Col. Breckenridge is a member, he was summoned to appear. Mr. Breckenridge confessed his guilt and prayed for forgiveness. After consultation he was forgiven and taken into the church

again. This is the second Kentucky statesman who has embraced religion in the past two months. Joe Blackburn has confessed before Moody, the evangelist, and has been converted. This movement it is believed will put Breckenridge in good standing with the church people again.

**Breckenridge Canvass.**  
PARIS, Ky., May 7.—There are immense crowds in town today to hear the opening speeches in the congressional campaign. Settle has forced Breckenridge to agree to a division of time.

**Tammany's Chief.**  
CHICAGO, Ill., May 7.—Chief Crocker's purpose in resigning as head of Tammany was authoritatively made known to leading New York members of congress today in a telegram from Crocker himself.

**Coxey's Defense.**  
WASHINGTON, May 7.—The defense had the hearing today in the trial of Coxey, Browne and Jones for their May day demonstration. There is no denial of defense for what the commonwealers have done. The defense consists in the lawfulness of their actions.

**Scattered Commonwealers.**  
TACOMA, May 7.—A thousand commonwealers are scattered along the Northern Pacific track from Stampede tunnel to Pasco, in Central Washington. This evening only a few over a hundred industrialists remain at Puyallup, the starting point.

**Coxey's Leaving Portland.**  
THE DALLES, May 7.—An advance guard of the Portland contingent of Coxey's army, numbering about one hundred men, moved on east this morning, after having been joined by another company which came in on the early morning freight from the west. They were very quiet and orderly. They said they would leave the trains when ordered, but that they would immediately return to the main body in Portland. More will come on every train.

**Coke Ovens Dead.**  
SCOTTDALE, Pa., May 7.—The coke region is almost smokeless today. At Moyer but ten men are working. Large crowds of strikers are assembled there. It has been given out that Sheriff Wilhelm will endeavor to disperse the crowd.

**Work of a Mob.**  
BIRMINGHAM, Ala., May 7.—About midnight a mob of two hundred went to the mines of Thomas Price, at Horse Creek, Walker county, where the miners refused to join the strikers. They put dynamite under the boiler and engine and blew them up. They also destroyed other property. At Victor mines they blew up a railroad car loaded with timbers. Several other cars were turned loose down hill. That Governor Jones has put troops upon orders to make an attack on the Pratt City and Coalburg miners is feared.

**Bank Suspend.**  
WICHITA, Kansas, May 7.—The State bank, which was considered one of the strongest in the west has suspended. I. D. Skinner, president, and the Lombards were interested. Large depositors are left in a bad financial condition.

**Murderer Sentenced.**  
SAN FRANCISCO, Cal., May 7.—Judge Levy today sentenced the murderer, Fredericks, to be hanged at San Quentin, July 11th.

**A Raging Fraud.**  
BERLIN, May 7.—An American named Kneeborn won the prize and 2250 marks with Bethel, running under the name of Nellie Kneeborn, declaring she had never before won a race. A discovery of the fraud led to the seizure of three mares owned by Kneeborn.

**Pope's Appeal for Peace.**  
ROME, May 7.—The Pope's coming encyclical appeals to Christians of all creeds to preserve peace and strive for unity.

## THE TARIFF BILL DEBATE.

### Developments Expected in the Senate This Week.

### THE TRUCE WILL END TUESDAY.

### Gladstone Admits Free Trade Is Losing Ground.

WASHINGTON, May 7.—This week will, in all probability, witness an interesting development in the tariff debate. The armistice arranged on Friday will end next Tuesday, if not continued by agreement, and the debate, which was interrupted Friday in the midst of Quay's speech, to allow the Democrats to arrange their compromise, will be resumed if the compromise shall prove to have progressed so far as to admit of the introduction of the amendments proposed.

The amendments will be found numerous on the chemical, iron and steel, agricultural and sugar schedules, but they will affect the entire bill, including woolen goods, cotton goods, metals and many other articles. In almost every instance where there have been changes, increases have been made and there has been a general slaughtering of the advocates for specific duties. The sugar schedule is totally changed and iron manufacturers will show an interesting transformation, if reports be correct.

With the amendments once in the senate, it will be interesting to observe the program of the Republicans. The Democrats have believed that if they could secure a bill which would insure the support of 43 senators then some Republicans would yield after a formal and business like protest against the changes, and they have assured the Republican tariff leaders that the bill, which they hope to present, will have the support of 43 Democratic senators, to say nothing of the assistance they hope to secure from the Populists. The week will probably demonstrate what credence the Republicans are to give the statement and develop their plans. It is understood that if, when the Democratic compromise bill is before the senate the Republicans do not show a disposition to talk of its merits, the Democratic managers will make an effort to expedite business by lengthening the hours of the daily sessions and by curtailing the liberties offered. This policy was today intimated in the reply made by Harris to an inquiry as to whether the present hours would be observed after Tuesday. His reply was:

"Yes, until we move for longer sessions."  
The Republicans will resist an effort of this character, and when it is made, some unwritten speeches may be expected. The only speech so far announced for the week is one by Hoar Tuesday.

### Gladstone on Free Trade.

PARIS, May 7.—Mr. Gladstone has written to the president of the political economy society of this city, praising the efforts made by the society to bring about free trade. In his letter Mr. Gladstone says he regrets that free trade has lost ground during the past thirty years. He concludes by declaring he believes Great Britain will persist and patiently await the day when experience combined with reason will again convert men to this established economic truth.

### DECLARATION OF PRINCIPLES.

What the A. P. A. Is and What It Proposes to Do.

DES MOINES, May 7.—The supreme council completed its labors here Saturday night after a four days' session. The declaration of principles for the order is an important document. The statement that Supreme President Thayer had recommended 21 years' residence for naturalization was an error. His recommendation was 10 years, and the supreme council finally decided that seven years should elapse between an alien's declaration of intention and naturalization. The council passed a resolution asking this correction to be made by the press. The declaration of principles is as follows:  
Loyalty to true Americanism, which knows neither birthplace, race, creed or party.

The A. P. A. is not a political party and does not control the political affiliation of its members, but it teaches them to be intensely active in the discharge of their political duties in or out of party lines.

While tolerant of all creeds, it holds that subjection to and support of any ecclesiastical power, not created and controlled by American citizens, and which claims equal, if not greater, sovereignty than the government of the United States of America, is irreconcilable with citizenship. It is therefore opposed to the holding of office in national or municipal government by any subject or supporter of such ecclesiastical power.

We uphold the constitution of the United States of America, and no portion more than its guarantee of religious liberty to be guaranteed to the individual, but not to mean that under its protection any un-American ecclesiastical power can claim absolute control over the education of children growing up under the stars and stripes.

We consider the non-sectarian free public schools the bulwark of American institutions, and the best place for the education of American children. To keep them such, we protest against the employment of subjects of any un-American ecclesiastical power as officers or teachers of the public schools.

We condemn the support out of the public treasury, by direct appropriation or by contract, of any sectarian school, reformatory or other institution not owned and controlled by public authority.

We protest against the enlistment in the United States army, navy, or the militia of any state, of any person not an actual citizen of the United States.

We demand for the protection of our citizen laborers the prohibition of the importation of pauper labor and the restriction of all immigration to persons who cannot show their ability and honest intention to become self-supporting American citizens.

We demand the change of naturalization laws by the repeal of the act authorizing the naturalization of minors without a previous declaration of intention, and by providing that no alien shall be naturalized or permitted to vote in any state in the Union who cannot speak the language of the land, and who cannot prove seven years' continuous residence in this country from the date of his declaration of intention.

We protest against the gross negligence and laxity with which the judiciary of our land administer the present naturalization laws and against the practice of naturalizing aliens at the expense of committees or candidates as the most prolific source of the present constitution of American citizenship to the basest uses.

We demand that all hospitals, asylums, reformatories or other institutions, in which the people are under restraint, be at all times subject to public inspection, whether they are maintained by the republic or by private corporations or individuals.

We demand that all national or state legislation affecting financial, commercial or industrial interests, be general in character, and in no instance in favor of any one section of the country or any class of people.

The council tabied every motion attempting to commit the order to any

distinct line of policy on the money, labor, suffrage, temperance or other party questions, and also adopted a resolution declaring that no committee or authority in the order could bind the members to any political action beyond their negative obligation.

**A Parrish in Trouble.**  
DENVER, May 7.—This afternoon Bishop Matz excommunicated Father Malone and all members of St. Joseph's parish who were present at the recent parish meeting at which it was decided to sue Father Malone, civilly, for the purpose of vindicating him from the charge of shortage in his accounts, despite the desire of the bishop that the suit be dropped. There were one hundred or more at the meeting referred to and this means that at least one-third of the leading members of the parish are now suspended from the church.

**A Marion County Victim.**  
DENVER, May 7.—County Clerk Garrett, of Georgetown, has received a communication from William Bentley, of Aumsville, Or., asking about land purchased by him supposedly from J. P. Ward. The land is 11,000 feet above sea level, in the region of eternal snow, and is absolutely useless for tilling, and title to it rests in the United States government. Ward has been working his scheme in the East for four years. This is the first deal heard of in the West.

**A Banker Indicted.**  
SAN FRANCISCO, May 7.—R. H. McDonald, Jr., vice president of the People's Home Saving bank and of the Pacific bank was indicted by the grand jury for felony and embezzlement. The specific accusation has not been made public, but it is well known that the charge against him arises from the mismanagement of the People's Home savings bank. Judge Hubbard fixed the bail at \$100,000, and issued a bench warrant for McDonald's arrest.

A new lot of cashmere remanants have just arrived at the New York Racket, sold at 25 cts. per yard worth 50 cts. on the full price.

**Don't Monkey With The Snake.**  
It is stated that a rattlesnake cannot bite if held up by the tail. Would you like to put the statement to a practical test? Probably not; but how often do you take far greater risks? A snake-bite is not the only means of introducing poison into the system. If your liver is sluggish, it fails to remove the impurities from the blood which passes through it, and deadly poisons are thus thrown into the circulation, all the more dangerous because they are insidious. If your blood is impure, if your liver is out of order, if you have blotches, pimples, boils or eruptions, "don't monkey with the snake!" Take Dr. Pierce's Golden Medical Discovery, the only specific against all blood poisons, no matter of what name or nature. It is sold under a positive guarantee that it will benefit or cure, or your money will be refunded.
