## DESPERATE MOBS AND STRIKERS

### Still in Conflict, Shooting and Stabbing.

### COXEY COMPANY CONVICTED.

### Given 48 Hours to Leave the City of Washington.

### KELLY AND HIS ARMY AFLOAT.

### Willis Writes Down the Provincial Government.

UNIONTOWN, Penn., May 9.—At the farm works north of here, as Richard Harburger and three companions were going to work they were met by forty strikers who beat them brutally with clubs. Harburger would have been killed had not deputies armed with Winchester rifles come to his rescue. The deputies opened fire on them from the yards. At least 25 shots were fired, none of which took effect owing to the distance. Several shots were returned by the strikers who then fled.

### Armenians Attacked.

STONEHAM, Mass., May 9.—A conflict between the non-union Armenian laborers (who have taken the places of the striking lasters in Arthur E. Mann's factory) and the strikers took place today, as the non-union men were leaving the works. The police came to the rescue of the Armenians, and after considerable fighting, arrested six men who were brandishing daggers.

### Trouble Feared.

AKRON, Ohio, May 9.—The striking street laborers today marched to Exchange street, and attempted to drive the foreign laborers away. The foreigners are mostly Italians and refused to leave, and at 2 p. m. trouble seems imminent.

### Fostering Strikes.

STAUNTON, Ill., May 9.—Twelve striking coal miners gathered here today, the intention being to stop work in the shafts of the six and seven consolidated coal company.

### A Mob Fired.

TROPPAUX, Austria, May 9.—The gen d'armes fired on a mob of rioting miners today, killing nine and wounding twenty in the conflict.

### The Coxeys Trial.

WASHINGTON, May 9.—The three leaders, Coxe, Brown and Jones have been found guilty of violating the laws and will have to submit to the sentence hereafter to be imposed by the court, for their demonstration on the capitol grounds.

All three of the accused were tried on the first count which charged displaying a banner designed to bring into public notice the Coxeys good road association. Jones, of Philadelphia was acquitted of the second charge, which accused him of treading on the grass, but Coxe and Brown were convicted.

The jury retired at five minutes before 1, after hearing a long charge from the judge which left them little alternative but to convict if they followed his leading. At 4 they returned. The verdict was guilty as to the first charge of carrying banners upon the capitol grounds, against all the defendants, and on the second charge of walking on the grass of the capitol grounds, guilty as to Coxe and Brown, and not guilty as to Jones.

Carl Brown remarked: "I was surprised at the conviction of Brother Coxe because he was plainly acquitted by the evidence of any technical violation of the statutes. For my part I expected conviction." The punishment which may be meted out to Coxe and Brown is 200 and 120 days in jail, while Jones is subject to 100 and 60 days.

### Coxey Before Congressmen.

WASHINGTON, May 9.—Coxey appeared before the house committee on labor today and spoke on Representative McGann's resolution for the appointment of a joint committee to investigate the causes of the prevailing industrial depression.

### 48 Hours to Leave.

WASHINGTON, May 9.—The district health officers have decided Coxeys'

army a nuisance and dangerous to health. The district commissioners have given Coxe and his followers 48 hours to abate the nuisance. This doubtless means they must break camp.

### Kelly Afloat.

DES MOINES, Iowa, May 9.—Kelly's army was afloat at noon today and bade good bye to Des Moines. Most of the boats in the fleet were rigged with oars or sails improvised from army blankets. Commodore Kelly expects to reach Runnels twenty miles away tonight.

Kelly's boats were soon strung along the river five miles. One boat with ten commonwealers and a number of Des Moines women and children capsized and all narrowly escaped drowning. Fully 2,000 people straggled along the banks awaiting the flotilla.

### More Train Stealing.

PUEBLO, May 9.—At 6:30 last evening an engine of the Denver and Rio Grande was taking coal, the fireman being off the engine, it was suddenly surrounded by fifteen of the men under General Sanders, who came in Saturday as a Coxeys band. They took the engine and ran it to the Missouri Pacific track where six coal cars that had been left a short time before were coupled on.

The whole band, boarded the cars, and attaching the Rio Grande engine, started for the east at a lively gait. Four miles out they met an engine. The engineer reversed and is keeping ahead of the industrialists. The latter stopped at Boone and took coal and water. The engines passed Nepht station going fifty miles an hour. The superintendent has an engine and car overturned in a cut at Olney, so that the runaways can get no further.

### Outwitted the Officers.

PUEBLO, Col., May 9.—The Cripple Creek Coxeys seized the train here and started east last night, got around the obstruction near Olney, caused by ditching an engine, by laying a new track, and resumed their journey.

### Will Be Arrested.

ATCHISON, Kans., May 9.—D. P. Waggener, general agent of the Missouri Pacific, left here by a special train to meet the Colorado branch of the commonwealth with the stolen train. He expects United States Marshal Heley and 200 deputies, to accompany him from Topeka. Waggener has instructions from the general manager to arrest every man in the commonwealth army.

### Still Going.

TOPEKA, Kansas, May 9.—Sander's Coxeys army on the captured train passed Arlington, Col., this morning bound eastward.

### Train Stealers Held.

PITTSBURG, Pa., May 9.—Twenty-three members of Galvin's commonwealers were arrested at Bissell at midnight, for attempting to capture a Baltimore and Ohio freight train. They were held today on charge of trespass.

### THE MARKETS.

SAN FRANCISCO, May 9.—Wheat \$1.00; December \$1.12.

CHICAGO, May 9.—Cash, 56; July 58 1/2.

PORTLAND, May 9.—Wheat valley 83 1/2 @ 85; Walls Walls 75 @ 77.

### County Court.

The court met this morning in regular session, with all members present. The C. Hagnaur road case was up; the viewers report was accepted and the road ordered established and opened.

The court remonstrated against the proposed improvement of Church street by the city council of Salem.

A warrant of \$12 was ordered drawn in aid of Mrs. G. A. Knight.

Fifteen dollars was also allowed in aid of P. H. Ewell, with E. N. Thomas as distorting agent.

August Klager, who has filed a petition for a license to sell liquor at Turner, has his case before the county court. A remonstrance, signed by 121 citizens was presented, and the matter is now being considered. The petition has ninety-five names, and the court must decide as to who are legal voters on both sides, and strike out all others.

A DELICIOUS DRINK.—The fresh, pure orange cider now being sold by glass or gallon by Van Eaton is extra choice.

Illustrated lecture at the parlors of the Viavi Co., room 1, Parkhurst block over N. Y. Racket store, Thursday, May 10th, at 2:30 o'clock. These lectures are free.

## PENNOYERISM AND PLUTOCRACY.

### The Governor Attacks the One Cent Daily.

### PLAIN TALK ON PENNOYER.

### He Takes Two Thousand Dollars for Doing Nothing

### ON DOMESTIC ANIMAL COMMISSION.

### Draws Over \$17,000 Illegal Salary as Governor.

### CHALLENGED ON HIS CORRUPT RECORD.

### Doing Daily What He Pardons Penitentiary Thieves for Doing.

Governor Penoyer, who is stumping the state to make himself Dolph's successor in the United States senate, persistently attacks THE JOURNAL on every occasion as a plutocratic paper, and goes out of his way to attack its editor, who is a candidate for the legislature in Marion county, as a plutocrat. He does this in the hope of weakening the influence of THE JOURNAL. He does not like THE JOURNAL. It has always spoken well of any good things done by Governor Penoyer, but when he has done wrong, or has not done his duty it has always said so in plain words.

Why a man who is worth from one-half to three-quarters of a million dollars, who is a manufacturing baron, who has rents and incomes amounting to from \$20,000 to \$50,000 a year, who has in eight years as governor of Oregon taken over \$17,000 in excess of his constitutional salary, who has always conducted his sawmill under the lumber and shingle trust—for such a man to call a man who supports his family on weekly wages, a "plutocrat," is a sample of assinine gall.

The true reason why Governor Penoyer strikes at THE JOURNAL as viciously as he does in all his campaign speeches is because he cannot use it to suit his political purposes. THE JOURNAL has more than once unmasked Governor Penoyer as an enemy of the people of Oregon, while posing as their friend. His record on various matters in connection with our state government has been exposed in these columns in a manner which he does not like, and can only reply to by calling us a "plutocrat."

Governor Penoyer can not explain his action in kicking at the work of his own state board of equalization in raising values of mortgages in Multnomah county from fifty to one hundred cents on the dollar, when the cow counties all taxed them at dollar per dollar. He appointed that state board of equalization and then kicked at the justest and fairest proposition coming from their labors, and which has been followed as correct ever since.

The "plutocratic" JOURNAL stood in his way when he wanted to kick over the work of his own board in order to let the mortgage-owing tax-dodgers of Portland out of paying the snug sum of \$68,000 state taxes and in all about \$300,000 city and county taxes. Of course, he has no use for a man who shows up his course to the people on this and other kindred matters. He has no use for a man in the legislature who would fairly and honestly approve his record where it was good but would unhesitatingly and in plain King's English denounce a governor or any other public official for wrongdoing. He prefers creatures who would do his bidding, like the members of that board which he appointed and then afterward spat upon, but signed

### Read on Wilson.

WASHINGTON, May 9.—Read authorizes the following concerning the tariff amendments made public: The presentation by the senate finance committee of 81 pages of amendments, apparently more than 400, is a delicate compliment to Mr. Wilson and his house of representatives. It virtually says the house bill is right, except on 400 or 500 points. This will hardly tend to restore confidence in the country, especially as every amendment smacks of prior ignorance or present barter.

### The Filth Goes.

WASHINGTON, May 9.—The story of the Breckenridge case will be allowed to pass through the mails. First Assistant Postmaster General Jones has notified the postmaster at Chicago that the department has no authority to exclude the book.

### The Samoa Matter.

WASHINGTON, May 9.—In transmitting to the president the voluminous correspondence relative to Samoa, which was laid before the senate today, Secretary Gresham says the Berlin treaty has entirely failed to correct, if it does not aggravate the evils it is designed to correct.

In conclusion, he asks: "What have we gained by our departure from our established policy, beyond expenses, responsibilities and entanglements, that so far have been its only fruits?"

### Hawaiian News.

WASHINGTON, May 9.—The president sent the senate a letter from Minister Willis at Honolulu enclosing resolutions adopted at a mass meeting of socialists, affirming that all loyal citizens will refuse to take the oath of allegiance to the provisional government, and refrain from voting for delegates to a constitutional convention.

### Rumor Denied.

WASHINGTON, May 9.—Rumor from Port Townsend, Washington, that the sailing of the Behring sea Patrol has been postponed two weeks, is denied at the navy department. When orders which were sent by mail are received the fleet will sail.

### Oregon Pacific News.

CORVALLIS, Or., May 9.—In the Oregon Pacific suit, George Dowsett, late engineer of the Steam Tug Resolute, has filed a petition, setting forth the fact that the defendant company owes him \$1181.52 for services, and asks that the tug be sold that he may get his salary. This is a matter that ordinarily is of admiralty jurisdiction, and therefore heard in the United States court, but inasmuch as the defendant companies are in the hands of the Benton County Circuit Court, it must come here for adjudication.

The steamboat Elwood will take a large party of excursionists from Corvallis to Salem and return next Sunday.

### Grants Pass News.

SPECIAL TO THE JOURNAL.  
GRANTS PASS, May 9.—Constable J. C. Randie has taken Mrs. Vetter, an insane lady, to the asylum. She has been partially insane for about three years but became violent in the last fifteen days.

The frosts of last week have killed nearly all the fruit in the Rogue River valley.

The Josephine cave Co., put twenty men to work on the road yesterday as they are looking for about ninety or more excursionists to examine and explore the cave.

### Eastern Oregon Frosted.

THE DALLES, Or., May 9.—It is feared the heavy frost of last night has done much damage to all the crops in this section. In The Dalles ice formed in many places and in the uplands ice was a quarter of an inch thick. Reports from farmers are very discouraging.

### At Opera House Tonight!

Grismer-Davies Co. in their great play—"The New South." Don't fail to see it.

### PERSONALS.

Mr. John Shaw came from Salem yesterday going on to Mill City.—Albany Herald.

W. H. Hobson, Republican candidate for senator, was in the city today on his way home from Portland.

Judge Galloway, Mr. Weatherford and T. L. Davidson went up to Albany this morning to hold a meeting tonight.

A SEVERE FROST.—Last night occurred the worst frost known in many years at so late a date. Ice was formed a fourth of an inch thick in some places and all kinds of fruit and vegetables were more or less injured. Mr. Lyons, of the Garden road, reports sharpless strawberries almost ruined, and the Wilson's, which are beginning to bloom, as fully half destroyed. Other fruit he thinks is considerably affected, but could not speak definitely. H. L. Black came in from the Wallace farm this morning and although rather early to judge he ventured the assertion that from one-third to one-half the pears which are already well formed were killed. Unless they are totally killed, a thinning out will only help the crop, but it is feared last night's frost was entirely too severe for such results.

HOPS FROSTED.—W. G. Merrifield, of Whiteaker, was in the city today. He is an extensive hop grower, and reports no lice on his vines, but says the frost last night injured them not a little. He reports that the frost also injured fruit in his neighborhood to some extent.

PETITES FROSTED.—Frank Beatty, of Chethawa, reports that in low places petite prunes were nipped by the recent frost, especially on young trees.

JUNE RACER.—The Oregon Breeding and Speed association held a meeting. Business pertaining to the June meeting was transacted, among which was an order that the trotting race for the 2:30 class be changed to 2:25. This was done by request of the horseman and will add somewhat to the attractiveness of the racing program. Messrs. Jasper Minto, H. W. Hatch and Mart Childers were selected as a track committee and Messrs. Minto and Derby will look after the necessary printing to be done for the meeting.

APPLE BLOSSOM AFFAIR.—The Salem kindergarten will tomorrow afternoon entertain their friends with play, music, tea, ice cream, and other delicacies for the mind and palate. All friends are invited. Admission 25 cents; children 10 cents. From 2:30 to 5 o'clock p. m.
