

is eighteen inches high. On well drained land abundant yields of grain are expected. In some spots the wheat failed to recover from the injury recelved from the excessive rains of the early spring. Spring sown grain is coming up, though the cool weather is unfavorable to its healthy growth. Hep vince are being twined. In many yards the plant sycrages six feet in height. Gardening is receiving much attention. The potato crop is about half planted. The Willamette, Rogue and Umpqua valleys are clothed in verdure, pastures green and signs of prosperity present a pleasing appearande.

I thought of selling my farm and going to California. Added to my misery were the painful effects of a fracture on the end of my backbone, which resulted from a coastmy backbone, which resulted from a coast-ing accident when a boy. I happened to read about Hood's Saraaparilla and decid-ed to take two bottles, and before the last one was gone, I could eat a hearty meal without any distress. The fracture of my backbone is also healed and I do not have any fameness. I can truly say I am now well, and I believe Hood's Saraaparilla
