AWFUL STORMS IN THE EAST.

A FATAL CYCLONE IN STATE OF OHIO

Also a Stormy Time in the U. S. Senate.

KUNKLE, Ohio, May 18.—A cyclone passed one-fourth of a mile west of here at 4:30 o'clock yesterday afternoon killing five persons and fatally injuring two others, and slightly wounding several more. The dead are: Daniel Barrett, Mrs. Daniel Barrett, Martha Dusho, Myrta Dusho, George Oxinger. The injured are: Charles Cole fatally hurt, Mrs. Charles Cole head crushed and will die.

The scene of the cyclone is a hard one to describe. Houses, fences, trees and obstructions of all kinds in the path of the storm have been carried away, and nothing is left to mark the spot where they stood, except huge holes in the ground. The country devastated is a quarter of a mile wide and six miles long. The great funnel-shaped cloud traveled in an irregular southeast course, the greatest damage being done about a mile from where it rose. The building in which were Daniel Barrett, his wife and their two granddaughters, Myrta and Martha Dusho, is completely demolished, not even a portion of the foundation being left. The first remnants are at least 100 yards from where it stood, where there are a few scattering boards; further on can be seen large portions of the building, and about 40 rods from where it stood is the roof, almost intact, together with portions of the framework.

Four persons were killed by the Konkle tornado last night. Martha Dozo, Charles Moore and wife were fatally injured and Mrs. Ella Evans is missing. A gruesome incident was the finding of a human heart in the cemetery. It belonged to Mrs. Barrett, whose body was torn to pieces. Had the tornado gone a hundred yards further north it would have wiped out Konkle and killed the greater portion of the people.

The Storm at Chicago.

CHICAGO, May 18.—The storm today is the worst on Lake Michigan this spring. Scores of yessels are lying in the harbor, unable to make their way in the river. The Senate in Duress.

WASHINGTON, May 18.—At 6 o'clock last evening Harris, the floor manager of the tariff bill, moved the senate take a recess until morning with the intention of continuing the legislative day, and for the consideration of the tariff bill to the exclusion of all legislative business. This meant the inauguration of the policy of duress that made famous the struggle over the federal election bill, the bill to repeal the Sherman law and all other big legislative contests in the senate. The Republicans under the leadership of Manderham resisted, vainly arguing that they did not seek to delay action on the tariff bill. They use the usual filibustering measures, breaking a quorum by refusing to vote, although certain of their western colleagues, declined to join in the filibustering.

THE HOUR FIXED.

This morning the senate adopted a resolution fixing the meeting hour, beginning Monday next, at 10 o'clock a. m.

Idaho Industrials.

GREEN RIVER, Wyo., May 18.—Industrials boarded the Union Pacific freight at Echo, Utah, today. The cars were sidetracked, and deputies have been sent to prevent another seizure. Judge Riner accompanied by United States Attorney Fowler, arrived today to give hearing to the Idaho industrials.

Judge Riner today ordered the removal of the prisoners to Boise City forthwith.

Two companies of troops were detailed as an escort. A special train left at 3 o'clock.

NATIONAL ASSEMBLY AT SARATOGA.

A "Sporty" Moderator Gets Out of Patience.

SARATOGA, N. Y., May 18.—At the general assembly of the Presbyterian church there were four candidates for moderator, Dr. A. J. Brown, of Portland, Oregon; Dr. J. W. Dinsmore, of San Jose, California; James Gardner, of Gloversdale, N. Y., and Dr. Samuel A. Mutchmore, of Philadelphia. The first vote stood as follows: Total number of votes, 550; necessary to choice, 276. Brown, 223; Mutchmore, 207; Gardner, 96; Dinsmore, 24. The names of Gardner and Dinsmore were then withdrawn and a second vote taken. The result was: Mutchmore, 280; Brown, 269. Mutchmore was then welcomed to the moderator's chair.

When the newly elected moderator began to reply to the welcome, there came calls of "louder," and turning to the body of the house, Dr. Mutchmore exclaimed: "I cannot yelp at the first jump."

The Cumberland.

EUGENE, Or., May 18.—Thursday was the first day of the regular work of the Cumberland Presbyterian general assembly. This morning after the opening exercises the retiring moderator, Rev. Dr. Ferguson, of Illinois, delivered a sermon. He dealt with some of the reforms which are needed at the present time and of how the church should work in co-operation with the state in the accomplishment of the desired end. The part of the church in this united work is not in making laws, but in the education and assisting in the development of the higher life and in individual aiding of the spiritual understanding which will lead to conscientious exercises of the rights of citizenship. He urged aggressive action on the part of the church in this direction. There is not so much to fear at the present time from Romanism or science as from the evil of too indiscriminate bible criticism. The ideal spouse of the cause of Christ, the fatherhood of God and the universal brotherhood of man is not now so much one of theory. Practical religion may be seen growing with gratifying prospects.

The afternoon session was mostly taken up with the work of organization. The election of moderator resulted in the choice of Rev. F. R. Earl, D. D., of Arkansas, and Meriden, Miss., was chosen as the place for holding the next annual meeting of the general assembly.

New Jersey Presbyterians.

ORANOE, N. J., May 18.—The Presbyterian general assembly met in biennial session at 4 o'clock yesterday. Willis C. Craig, the retiring moderator, in his sermon took a decided stand for the doctrine of a liberal inspiration of the scriptures.

Waite Wants Spoils.

DENVER, May 18.—It appears that in removing the penitentiary commissioners Reynolds, Chamberlin and Boettcher, Governor Waite has inaugurated another political war. Commissioner Reynolds today said the understanding between the members was that they will not give up until the highest court has decided against them. Governor Waite has not yet appointed a new board, but when he does it will be composed of men who will remove the penitentiary warden, McLister, and give the governor an opportunity to appoint his son-in-law, Dan Bruce, to that office. It is reported that anticipating trouble, Warden McLister has the penitentiary in a state of defense and is preparing to stand a long siege. The governor is also having much trouble with his new fire and police board and is preparing to remove them in the near future.

Gives Up Democracy.

WASHINGTON, May 18.—William J. Bryan, of the first Nebraska district, has sent a letter to the chairman of his congressional committee, Judge J. H. Proady, of Lincoln, declining to be a candidate for re-election. His reasons for retiring from congressional life are that he is unwilling to enter a contest, which, to be waged successfully, would confine him to his district during the campaign. The district is Republican

by 7000, and in the last election Mr. Bryan won by the majority of 140, and, as he wants to take a more active part in the state campaign than he could do with a doubtful congressional campaign on his hands, he has decided to decline a renomination. In his letter he expressed some doubts as to the future of the Democratic party, saying:

"If the president's financial policy becomes the policy of the party, I do not see any reason for the continued existence of the party, because the Republicans having followed that policy longer are better prepared than we to support it. On the other hand, if the party repudiates Mr. Cleveland's financial policy and renews its devotion to the common people, it may yet become an effective instrument in the securing of good government."

Coal Convention.

CLEVELAND, O., May 18.—When the coal convention met yesterday the miners and operators were as far apart as ever. There is no prospect of agreement. Contracts taken by Pittsburg operators for furnishing fuel for railroads and lake vessels at \$1.90 per ton, against \$2.25 to \$2.50 last year, stand in the way of settlement.

Smallpox in Oregon.

KLAMATH FALLS, Or., May 18.—From a letter received by Dr. H. A. Wright, of this place, it is learned that in the Willow ranch precinct, there are six authenticated cases of smallpox and one in Lakeview. In Modoc county, California, just across the line several cases have been reported.

A Woman's Revenge.

SNOHOMISH, May 18.—Mrs. J. J. Riley, of this city, has received word that her son, J. P. Riley, who left for Chicago about a month ago, had been shot. Riley, who was in the East last winter, had been guilty of improper relations with Miss Carrie Wendell, of Maquoketa, Ia. She followed him here, and when she found that he had a wife in this city, resolved to revenge herself. He eluded her and went to Chicago. Learning of his whereabouts, she followed him, and on Monday last shot him in the heart. The murdered man's wife is on her death bed, and it is not improbable that when the body of the man is recovered here on next Sunday the man and wife will be laid away together.

WHY SHE SHOT HIM.

CHICAGO, May 18.—Carrie Wendell, who killed J. P. Riley at the National hotel Monday, declared that she did so because, while she had borne two children to him, she had just learned that he had a wife and child in Snohomish.

Republicans at Jefferson.

SPECIAL TO THE JOURNAL.
JEFFERSON, May 18.—At least two thousand people assembled to hear Chas. Fulton expound Republican doctrine. The carriages that surrounded the platform were drawn up in procession and all started for the picnic grounds.

The Jefferson band under the lead of Harry Roland was at the depot to serenade the train as it drew in. D. H. Looney introduced Hon. R. G. Horr, the mayor of Jefferson and others present. At 2 p. m. speaking began in the grove.

Hanged at Astoria.

ASTORIA, Or., May 18.—The execution of John Hansen took place here promptly at noon today behind a temporary screen in the jail yard. The execution was private. It was devoid of unusual incident, the neck being instantly broken and death ensuing without a perceptible struggle. Hansen made no statement. He ascended the scaffold unaided and conducted himself throughout with remarkable composure. The crime for which he was executed was the brutal murder of his wife during a drunken frenzy July 26, 1893, at a point in the country near this city.

Gibraltar Troubles.
MADRID, May 18.—In the cortes today the policy of the government in regard to the hostilities of the Rifians at Melilla was severely criticised by a number of deputies. In the course of the debate ex-Premier Canovas del Castillo mentioned the possibility of an attempt on the part of England to seize Tangier, with the object of controlling absolutely the passage of vessels through the straits of Gibraltar. Should such an attempt be made, he declared, all Europe would protest in such a manner as would precipitate the most disastrous naval war ever known to humanity. No one nation ever held the key to Gibraltar.

Will Be Cardinals.

ROME, May 18.—At a secret consistory today the following prelates will be created cardinals: Monsignore Estachay, Pervas, archbishop of Valencia, Spain; Monsignore Ferrari, new archbishop of Milan; Monsignore Leomapa; new archbishop of Bologna; Monsignore Mauri, archbishop of Ferrara; Monsignore Zegna, assessor of the holy office and cousin of the pope; Father Steinhuber, German member of the Society of Jesus.
