## SUGGESTED COMMENT.

The women of Colorado are going into the Coxey movement.

Congress can furnish work for the unemployed now or bread next winter.

Employment for labor before winter sets in must be the war cry or a bread war will be up in our country.

It has leaked out that some young "ladies" with Kelly's industrial army wore stockings worth \$2.50 a pair.

THE JOURNAL favors silver as much as ever but not in the way that he has been going to the detriment of silver.

Is Governor Penruy a joker of his bands? He seems to be afraid son, one will make more noise than he does.

American silver money should never be Mexicanized. That is what the coinage of silver at Cleveland price would mean.

The people are going to do some thinking between this and June 4th. Then they will not vote the Populist ticket.

Congress better stop talking tariff reform and building of more warships and do something to supply the millions of idle laborers.

Immigration must be shut off and some employment furnished to millions of laborers now in our country before prosperous times will return.

The Populists are alarmed lest Mr. Simon boss the Republican party. He is the man Penruy recommended for federal judge for life. He wanted to appoint him boss over all the people of Oregon for life.

President Pullman, of the Pullman Car Co., has confided to a reporter the statement that he was far happier when he hadn't a dollar in the world than he is now. Well, there are thousands of men ready to take his \$30,000 worth of unhappiness.

The Republicans have put up men to manage the finances of this county who are honest and competent. Three better men were never named than John Knight for sheriff, Lorenz Ehlen for clerk, and R. G. Brown for treasurer. They will account for every dollar that passes through their hands.

Iowa State Register: Out on the coast Gov. Penruy is a candidate for the United States senate, animated with an ambition to transfer the antics of his penny-in-the-slot politics from state to the national arena. Of course he relies upon a fusion between Democrats and Populists for success. The Democrats are still playing with the paternalism of the Populists.

SALEM, May 15, 4 p. m.—Office DAILY CAPITAL JOURNAL: Quotations for day and up to hour of going to press were as follows:

# GET STRONG BEFORE SUMMER.

## Hard to Gain Strength During Hot, Debilitating Weather—Most Favorable Results from Paine's Celery Compound in May.

Now or never get health and strength. The most obstinate indoor dwellers get snuff of outdoor in May.

No one altogether escapes the spring feeling in the blood. The most delicate and confirmed invalids now venture on short rides and walks. May is the blessed month for convalescents. "When May comes I'll get well," is the cry all through winter. There are fewer obstacles to getting well in May, no cold wind to bring relapses and exhausting sickness, nor debilitating heat to rob one of strength.

A sweeping glance over the land would show millions of weak, nervous, ailing men and women every day growing stronger and getting rid of lingering diseases by using Paine's celery compound this month, when this remarkable blood and nerve remedy works best hand in hand with nature's

purpose to give every animate thing new life, strength, and happiness in spring.

Paine's celery compound hastens convalescence from all nervous and wasting diseases.

It feeds badly nourished nerves and takes away their irritability and pain. It purifies the blood and supplies rich material for new healthy tissues all over the body. Prof. Phelps, M. D. LL. D., of Dartmouth college discovered Paine's celery compound in the now famous laboratory of the college.

The world is full of busy, thankful men and women who owe their energy and health and very existence to Paine's celery compound. An immense burden of rheumatism, kidney trouble, constipation, salt rheum, eczema, disordered liver and blood diseases has been lifted from the world since Paine's celery compound came into it.

LOGGERS, STEERS, COWS, CALFS, CATTLE, HORSES, SHEEP, PIGS, CHICKENS, ETC.
