## STRIKERS ON THE RAMPAGE.

### Gov. Altgeld Refuses to Assist the Authorities.

### DEPUTIES SURRENDER TO MINERS.

Open Battle With Winchesters and Trouble Increasing.

SPRINGFIELD, Ill., May 25.—Governor Altgeld today received a telegram from Sheriff Dowell, of Williamson county, saying that three hundred miners from Murphysborough, many armed, had arrived at Carterville this morning and encamped within half a mile of the St. Louis and Big Muddy coal company's works, threatening to destroy them and kill the manager and superintendent. Governor Altgeld declined to send any troops.

### The Miners' War.

CENTRALIA, Ill., May 25.—The Duquoin miners at 3 o'clock this morning crept stealthily up to the Centralia mines. The first known of their approach was a fusillade of bullets against the mine company's office. Fortunately the guards were a short distance away. They returned the fire, and the assailants fled. As far as known no one was hurt. At 9 o'clock troops arrived, and the town was put under military guard. News reached here from Duquoin that 500 more strikers endeavoring to steal a gain would come. At Breeze the strikers are preparing to march.

### TWENTY DEPUTIES CAPTURED.

### A Mob of Coal Strikers Marching the Officials Out.

CRIPPLE CREEK, Pa., May 25.—A train, bearing one hundred and fifty deputies, reached Victor about 10 o'clock. Four hundred miners immediately surrounded the deputies, and fighting began. It is not known whether any are killed. The deputies finally sought shelter in an independence mine shaft house, whence they were driven, and they are now in the hills east of the mine.

Hundreds of miners, armed with Winchesters, are patrolling the roads. The Annie Lee shaft house, as well as the Strong, has been blown up. Part of the mob is now on the way to Victor and Pharmacist mines, and after blowing up the shafts there they intend to proceed to Summit. At Summit and Bull Hill the miners have a barricade of logs, and are plentifully supplied with explosives.

1 p. m.—Eighteen or twenty deputy sheriffs have surrendered to the strikers being told if they surrendered their rifles and side arms they would receive no personal injury. They are being marched to this city under a strong guard, but it is a question if they get here safely.

The latest news from the scene of the struggle is that no shots were fired. It is reported that Superintendent McDonald, of the Strong and Anna Lee mines, was shot.

CRIPPLE CREEK, Colo., May 25.—A wagon load of powder was backed up against the shaft house of the Strong mine by strikers today and exploded. Several men were in the shaft house a short time before, and whether they got out alive is not known.

COLORADO SPRINGS, Col., May 25.—Sam Strong has just arrived from Cripple Creek and corroborates the report of the shaft house of the Strong mine being blown up, and says there were eleven men in the house, a majority of whom were killed.

### All Quiet.

UNIONTOWN, Pa., May 25.—At the Washington Run plants, where the battle occurred yesterday, all is quiet today.

### Rains Disperse Them.

CONNELLSVILLE, Pa., A cold rain last night dispersed several mobs and averted bloodshed over the muddy roads.

### Mines Abandoned.

LASALLE, Ill.—All the coal companies have abandoned their mines here.

### Exonerate Kyle and Hunton.

WASHINGTON, May 25.—The senate bribery investigation committee has sent the testimony taken, relating to the attempted bribery of Senators Kyle and Hunton, to the printer and expects a report to the senate within a few days. It is understood that the re-

port will entirely exonerate Senators Hunton and Kyle in the matter.

WASHINGTON, May 25.—The report of the senate committee to investigate the charges of an attempt to bribe senators to vote against the tariff bill, was submitted to the senate today. The report, after reciting Buttz's proffer of money to Senator Hunton and to Senator Kyle, says: "Your committee is abundantly justified in stating the facts then establish by the evidence, notwithstanding the denial of the charges by W. Buttz, that there is no evidence of the truth of Buttz's statement to Senator Kyle and to Eppa Hunton, jr., that the syndicate had raised a sum to be used for the purpose of defeating the pending tariff bill, or that there was an agent of such syndicate in Washington, or that there was money in Washington for that purpose."

### Free Barb Wire.

WASHINGTON, May 25.—The surprise of the day was the acceptance by the finance committee of an amendment offered by Allen to place barbed wire on the free list. Several Republicans opposed it, but did not carry their opposition to the extent of demanding a record-making vote upon it. An intimation from Hoar that free barbed wire was to be the price of Allen's vote for the tariff bill was indignantly denied. Power's amendment to include other classes of fence wire was defeated after which the following rates were adopted.

### Duty on Lead.

WASHINGTON, D. C., May 25.—Senator Hill has notified Senator Dubois that he intends to move to put lead ore on the free list. Dubois and Teller consulted the members of the finance committee who assured them they would defend the duty of 2 of a cent per pound.

### The U. P. Problem.

WASHINGTON, May 25.—Representatives of the Central Pacific railroad have given their views on the Pacific railroad bill, introduced by Riley, of Pennsylvania. President Huntington spoke on the difficulties encountered in organizing and building the road. The impression that the builders had been made rich was erroneous. When the road was completed there were no government bonds left but very many debts.

### A Portland Assignment.

PORTLAND, May 25.—The J. K. Gill Co., wholesale and retail dealers in books and stationery, made an assignment yesterday afternoon, for the benefit of their creditors. The liabilities are about \$130,000. Assets are believed to be in excess of liabilities. Gill & Co. were the heaviest dealers in books and stationery in the Northwest, and have been in business here for twenty-five years.

### Victoria's Anniversary.

VICTORIA, May 25.—A three days carnival and celebration of the queen's birthday opened yesterday, with the city crowded as it has never been before. Visitors from all parts of the province and Puget sound are here. The regatta this afternoon was witnessed by 20,000. The baseball match for the championship of the northwest Pacific coast was won by the Seattle Athletic club.

### Square Democrats.

EVANSVILLE, Ind., May 24.—The first district Democrats at Rockport today re-nominated Congressman Taylor. Resolutions denouncing Hill, Brice and Gorman as Benedict Arnold Democrats, also demanding that sugar be put on the free list, and that the income tax be returned as it came from the house, were adopted.

### Protecting Their Property.

DENVER, May 25.—All employees of the Rock Island railroad, who run through Lincoln county, are being sworn in as deputy sheriffs at Limon, and armed with repeating rifles. They will resist any attempts of the Denver commonwealthers, now numbering six hundred, to steal a train.

### France Begins Suit.

CHICAGO, Ill., May 25.—A suit for \$100,000 was begun in the United States circuit court this afternoon by the French republic against the World's Columbian exposition, for damages to Goods in the manufacturer's building.

### He Thanks Them for Assisting the Government.

### PIENOTO AND PORTUGAL AT PEACE.

### A New French Cabinet Now Being Organized.

BIRMINGHAM, May 25.—Lord Rosebery, speaking at the complimentary breakfast, said the home rule bill contained many defects, but the liberals would make every possible attempt to solve the difficulties. He requested the support of the people in dealing with questions affecting the house of lords. He thanked the Irish parliamentary party for coming to the assistance of the government in a critical division.

### A Jew Baiter Whipped.

LONDON, May 25.—Huddart, promoter of the Canadian Pacific mail route to Australia, said today in an interview that the British government had not promised to grant a subsidy to the new line, but he was very hopeful it would. ### A Portland Failure.

PORTLAND, May 25.—The J. K. Gill Company, booksellers and stationers, made an assignment yesterday to W. B. Byers for the benefit of all creditors, without preference. The liabilities \$125,000; assets, about \$190,000.

Mr. Joseph K. Gill, president of the company, and his brother John, vice-president, have been identified with the business interests of Portland for many years. Coming to this city in 1870, they purchased the interest of Messrs. Harris & Holman, and thus became the successors in business of the first book and stationery store established in Portland. This store was originally started 40-odd years ago, by A. R. Shipley, who was succeeded by J. L. Parrish & Co., then E. M. Burton, Burton & Harris and Harris & Holman.

### The Tall Sycamore.

McMINNVILLE, Or., May 25.—Hon. T. T. Geer has been holding a series of meetings in this county, the most effective the Republicans have had. He spoke at McMinnville, North Yamhill and Sheridan, and literally fayed the Populists alive. Penneyerists and Coxeyites' hides are hanging in every precinct. Nothing can stand ten minutes before his withering fire of facts. Republicans need not be afraid to invite any one to stand up before him or ask him questions. Five minutes is sufficient for him to paralyze the most blatant Populist extant. Republicans are feeling jubilant since he came.

### The United Presbyterians.

ALBANY, Or., May 25.—The United Presbyterian assembly opened today with prayer by the moderator. Report of the general committee were read. The church has 115,272 members and 937 churches. Dr. H. E. ### Horr on Pennoyer.

PORTLAND, May 25.—While in Portland yesterday Roswell G. Horr's opinion of Pennoyer's campaign was drawn out by the question:

"What effect are Pennoyer's speeches having?"  
"Pennoyer is meeting with large audiences, but the general verdict is that his utterances have driven very many Democrats to vote the Republican ticket, and that not a few Populists are dissatisfied with his course. Time and time again I have heard the opinion expressed that the governor's campaign work is costing his party many votes. He has certainly solidified very many Democrats against him by his abuse of President Cleveland and his advocacy of wild, unbusinesslike schemes. Then the inconsistency of his position seems to weaken his course. He is generally considered a man of great wealth, and yet he goes about denouncing men for no other reason than that they also possess capital. He claims to be opposed to all trusts, yet throughout the state he is regarded as the head center of the lumber combine which enabled him to make his money. The general sentiment all over Western Oregon is that Pennoyer is an able man, but a complete demagogue, and consequently dangerous. My own opinion is that he is going to be badly beaten."

### California Populists.

SACRAMENTO, May 25.—The Populist state convention has finished its nominations, making the complete list as follows:

The best of all ways to lighten our days, is to use Pierce's Purgative Pellets, sir! For nine-tenths of the diseases of the body begin with constipation or the clogging up of the sluice-ways through which the impurities of the blood escape, so that they are reabsorbed into the system. The Purgative Pellets act gently but thoroughly upon the stomach and liver, and are the best laxative known. Without racking and straining the organs, they open the bowels and restore a natural and healthy digestion. Unequaled in dyspepsia, constipation, biliousness, piles, or any of the resulting diseases.
