INDUSTRIALISM DISINTEGRATING.

15,000 Coal Miners Go to Work.

ANOTHER COMMONW'L ARMY

Gathering at the Headquarters in Philadelphia.

LATEST MOVEMENTS OF COXEYS

Another Railroad Bridge Blown up with Dynamite.

CLEVELAND, O., June 18.—Reports from points along the Cleveland, Lorain and Wheeling road, show that work was resumed at only two mines today, those are at Rock Hill. In Masillon district few men went to work, the miners having decided in a mass meeting to hold out for the 15-cent differential over rate, paid in the rock district.

The militia continues to guard all bridges and trestles. The miners in the new Lisbon district have returned to work, on the basis of the Columbus agreement.

15,000 Go to Work.

PITTSBURG, Penn., June 18.—The settlement of the coal strike and the return to work today of 15,000 out of 20,000 miners in this district, has given an impetus to all kinds of business.

Working in Ohio.

COLUMBUS, June 18.—Letters and telegrams to the national headquarters of the United Miner workers, give unmistakable evidence of sentiment in favor of sustaining the national officers growing rapidly. It is believed that at least two-thirds of the miners in Ohio have resumed work.

Two Men Killed.

BEACH CITY, O., June 18.—The officers of company "K" on their tour of investigation on the ground where last night's shooting occurred discovered the bodies of two men. It is supposed they were killed by the fire which the soldiers returned when attacked.

No Iron Strike.

IRONWOOD, Mich., June 18.—Today's threatened strike of the Gogabic Range iron miners was a failure.

The Strike Broken.

MARTINS FERRY, O., June 18.—Miners at the Laughlin nail works, at Gaylord, Long Run and Belleaire returned to work today. A general break up is expected.

The Wheeling Creek miners are still out. Miners at Darrellton and Kellys returned to work today and came out again.

Wheeling and Lake Erie road company threatens to evict from its houses miners who will not work.

Will Work Non-unions.

PHILADELPHIA, Penn., June 18.—The conference of the bituminous coal operators in this city today decided not to give any advance. They resolved to work the mines with non-union men.

Miner's Fatal Fall.

BAKER CITY, Or., June 18.—Robert Elliot, a miner, last evening fell down a shaft at the Virtue mine and was killed instantly. He fell over two hundred feet, breaking nearly every bone in his body.

Another Wealer.

PHILADELPHIA, June 18.—McKee, Christopher Columbus Jones' commissary has opened headquarters for the purpose of recruiting another commonweal army to take part in the demonstration at Washington July 4.

Followers of Coxey.

OMAHA, June 18.—Ten Coxeyes were brought to Omaha by United States deputies, and locked up in the county jail to await trial on the charge of interfering with a train, and attempting to unlawfully take possession of Union Pacific property at North Platte, Thursday. Seven box cars, containing 230 members of the army that created such a disturbance at Julesburg and Ogalsala, were hauled into Fort Sidney last night and placed under guard at the abandoned military barracks, where they will be held prisoners until the court can dispose of their cases. They

were in a most pitiable condition on arrival, and had evidently a very wholesome contempt for all sanitary regulations.

Quiet Day at Bismarck.

BISMARCK, N. D., June 18.—Sunday was the most quiet day in the city since the beginning of the Coxey disturbance, and both marshals and wealers seem to be taking a rest, preparatory to the beginning of what it appears will be a week's hard work. Nine of the train stealers were brought in from the East by Colonel Miller and turned over to the authorities. They will be examined today. The first divisions of the army having passed through, the second is now beginning to arrive. A row boat built by the Coxeyites at Mandan has been plying between the banks of the Missouri river.

A Cool Reception.

EMPORIA, Kan., June 18.—The first contingent of the Coxey army to visit Emporia struck here headed by Major C. H. O'Brien. The party comes from Los Angeles. The men were given a cool reception and some forty-five succeeded in jumping trains, and left for Topeka.

Blew Up a Bridge.

BIRMINGHAM, Ala., June 18.—Armed strikers drove the watchman away from the bridge on the Georgia Pacific railroad, near Coalburg, at midnight and placing dynamite under the bridge, exploded it. Little damage was done. A large meeting of strikers it being held at Adamsville today.

Mississippi Rising.

ST. JOSEPH, June 18.—The Mississippi river rose over a foot last night and is one foot and five-tenths above the danger line. Many acres of farm land has been eaten away. A heavy rain fell today and the river will probably go higher.

Near the Danger Line.

OMAHA, June 18.—The river is within a few inches of the danger line. It has been raining all day and there is higher water north.

"TEX" BAGWELL MURDERED.

A Prominent Gambler Shot Dead on the Streets.

SLAUGHTERED ONLY FOR REVENGE

By the Irate Husband of a Divorced Woman.

NORTH YAKIMA, June 18.—This city is greatly excited today over the murder of S. N. Bagwell, a gambler, which occurred early this morning. He was on his way home at the time and the murderer concealing himself behind a picket fence, waited until his victim had passed and then raising a Winchester rifle, sent a bullet into his back and through his heart, stopping only long enough to know that the shot was fatal. The murderer ran towards the river and is now at large. The object of the shooting was not robbery as Bagwell had over one hundred dollars of money in his pocket. A number of theories are being worked on, the most probable being that of revenge, as Bagwell was married to a divorced woman and her former husband was here the day before the murder, and at 7 o'clock this morning, when he paid for his room he had engaged at the hotel but did not occupy. Bagwell was widely known by the sporting fraternity as "Tex," the name given to him on account of his being a native of Texas. He comes from a family of considerable importance, the town of Bagwells being named in honor of his father.

TEN MEN KILLED.

McKinley's Militia Evidently Mean Business. PITTSBURG, Penn., June 18.—A train man just reports that the Ohio militia have fired upon and killed ten rioters at Bowerstown, near Denison, Ohio.

SUPREME COURT.

SALEM, June 18, '94. Following case was argued and submitted today:

Ed. D. Curtis, assignee of the Pacific Builders' Supply company, app. vs. A. M. Sestanovich and B. Childs, co-partners doing business under the firm name and style of Sestanovich & Childs; Wm. J. Kelley, C. H. Richards and P. H. D'Arcy, resp., appeal from Marion county. J. H. Hall, attorney for appellants, D'Arcy & Bingham, attorneys for respondents.

Dr. Price's Cream Baking Powder Contains no Ammonia or Alum.

HILL-STARRED WILSON BILL

Hill Reserves the Right to Help Kill It.

SILVER AND INCOME TAX CLAUSES

May Help to Give it its Deserved Death Blow.

WASHINGTON, June 18.—Hill moved in the senate today to place coal on the free list and spoke in redemption of Democratic pledges. Senator Hill said he reserved the right to vote against the tariff bill, passionately exclaiming: "God knows what the bill will be like when it passes the senate and comes out of conference. God knows how many more extortions and concessions will be wrung from the unwilling hands of the committee."

MAY PASS SATURDAY.

Senator Harris says that the tariff bill would pass the senate by next Saturday, and Aldrich, the leader of the opposition, when asked what he thought of Harris' prediction, expressed the opinion that it could not be entirely realized, but it would come near it, adding: "I think that by next Saturday night we shall be on the far end of the bill."

There are, however, some Republican senators who do not exactly agree with the joint prediction of Harris and Aldrich, and who say that, while they do not consider that the time for the final passage of the bill is far distant, yet they think considerable time will be required for the consideration of the income tax, and for votes on the various features of the bill, as well as the probability for some speeches when the bill shall be reported from the committee of the whole. There is also a probability that Lodge's amendment for retaliating upon England will be revived by the silver Republicans, which would have the effect at least of reviving the silver question in connection with the tariff.

Latest from the Senate.

WASHINGTON, D. C., June 18.—The final vote on Hill's motion, to place bituminous coal on the free list, was yesterday, 7 yeas 51. Allen, Hansbrough Hill, Irby, Kyle, Peffer and Washburn voted aye.

THE MARKETS.

SAN FRANCISCO, June 18.—Wheat December, 109 1/2; new seller, 1.00 CHICAGO, June 18.—Cash, 59 1/2; July 56 1/2.

Portland, June 18.—Wheat valley 77 1/2 @ 80; Walla Walla 75.

Oregon Pacific Sale.

CORVALLIS, June 18.—It is now said that the court will, at its adjourned sitting on July 20th, order a new sale of the Oregon Pacific properties, at whatever price it will bring, regardless of creditors or court costs.

ALBANY'S FLOATING DEBT.

The Council's Plan to Bond the City for \$25,000 to Pay It.

Herald, June 17: At the last meeting of the city council the question of the city's floating debt and the payment of city warrants was discussed. Although no action was taken, and will not be at present, the plan of the council was outlined. Under the present arrangements the new warrants, those issued since Jan. 1, 1894, stand as preferred claims, and an injustice is done to holders of old warrants, besides the city warrants draw 8 per cent interest, while on a bonded indebtedness only 5 per cent. would be paid.

The plan of the council is this, to submit to the voters of Albany this fall the question of bonding the city for \$25,000 to pay off the floating debt, and then ask the legislature to amend the charter giving the city authority to issue such bonds. This seems to be a wise course to pursue, and if the citizens see fit to vote for it when the question is submitted, as they no doubt will, it will be done.

All city warrants would then stand on an equal footing and would be paid in cash in the order in which they were issued.

HOW TO CAN GOOSEBERRIES.—That very light colored island sugar at Joe Clark's, 100 Court street, is just the thing for canning gooseberries and other fruits. Twenty pounds for one dollar.

Thunder storms seem to be the order of the day now. Saturday evening about 9 o'clock a tree on A. C. Goodrich's place was torn all to pieces by lightning. Mr. Al. Clemmens was lying on a lounge in the house near the tree and was slightly shocked. The tree was about 40 inches in diameter at the base and the lightning literally made kindling of it and it is scattered over a space of near 300 feet across. With cyclones and trees struck by lightning and broken banks, what have we left to boast of now.

The election seems to have rattled the weather clerk, too.

The newly appointed superintendent, Mr. Parker, is in charge of the school here now. It is to be hoped that they will proceed to educate the children now and cease their eternal squabbling. So note it be Amen.

There was a great amount of water fell here last night. The main Labish ditch is overflowed and the meadows are largely under water.

Make It Twenty Thousand. THE JOURNAL'S aggregate circulation is now ten thousand a week.

Help us make it 20,000 in the next 100 days.

THE ONE CENT DAILY and WEEKLY JOURNAL stand for good government. Its ideal of society is the clean decent Christian American homes of our country.

It is the cheapest paper in the world for the money.

Every time you get one additional reader you double its power for good. Circulate THE ONE CENT DAILY. Help us make it 20,000, and we will make it a million.

LOSSES HIS THUMB.

A Young Man at Brooks Station Injured by a Gopher Gun.

SPECIAL TO THE JOURNAL: BROOKS, June 17.—Elton Shaw was handling a gopher gun Saturday afternoon, when it was accidentally discharged severing the thumb of his left hand between the first and second joints. Dr. Lemieux, of Gervais, amputated it and Shaw is doing well.

Better Than Pills

Druggists in Liquid, or in Powder to be taken dry or made into a tea.

The King of Liver Medicines. I have used your Simmons' Liver Regulator and can conscientiously say it is the best of all liver medicines. I consider it a medicine chest in itself.—Geo. W. Jackson, Tacoma, Washington.
