STRIKE AND FIRE RECORD.

No Cessation of the Fight at Pullman.

RIOTERS STILL AT IT IN CHICAGO.

Debs and the Strike Leaders Cases Continued.

CHICAGO, July 25.—The Allen paper car wheel works at Pullman started up today with a dozen new men. There is no evidence of any weakening among the Pullman strikers. Simon Reskins, a Russian, hurled stones at the massive residence of George M. Pullman today breaking ten or a dozen large plate glass windows. He was arrested.

A Serious Fire.

WASHINGTON, D. C., July 25.—Three firemen were killed, a dozen persons injured, and over 200 horses were burned to death in a fire which swept a block at B and Second streets, in which were the Knox stables and warehouses, early this morning. Besides the Knox and Adams express stables, ten houses were burned. One hundred and fifty horses in the Adams stables were rescued. The loss will exceed a quarter of a million dollars.

More Fighting in Chicago.

CHICAGO, Ill., July 25.—Policeman Lindgren was seriously wounded and two rioters badly hurt in a fight at the Grand Trunk yards, Forty-Ninth street. The strikers attempted to stop a freight train. The officer interfered and was felled by a volley of stones and coupling pins. Lindgren fired, probably fatally, injuring Alexander Hart, and slightly wounding a striker named Donnigan. But one rioter was arrested.

Carlisle Looking for Crisp.

WASHINGTON, July 25.—Secretary Carlisle went to the house of representatives today and sought Speaker Crisp but left for the treasury without seeing him. Prominent members, including some classed radical free traders, have let it be known that free iron ore and coal are not worth the conflict they are causing. There is no indication however, that this feeling is shared by Speaker Crisp or Chairman Wilson.

The Case Continued.

CHICAGO, Ill., July 25.—In the American Railway Union contempt court cases today Judge Woods delivered a brief opinion formally overruling motion defense quash information. Court continued the case until September, owing to illness of special Counsel Walker.

By order of the court the bail of the four prisoners was reduced from \$10,000 to \$7,000 each.

Desperado Killed.

PERRY, O. T., July 25.—Clay Davis, a member of the Dalton gang and a horse thief, and Bud Appling, a prize fighter, were liberated from jail during a fire and the officers found them secreted in a hut near Morrison. A battle occurred, in which Davis was killed and Appling wounded.

Downing the Schemers.

WASHINGTON, July 25.—The minority of the house committee on Pacific railroads, who voted against the Reilly bill for adjusting the debts of the Central and Union Pacific, are drawing a report in opposition to the bill granting an extension of time for the railroads to settle their debts.

Fire at Spokane.

SPOKANE, July 25.—A fire early this morning destroyed an entire block, owned by All Saints Parish, of the Episcopal church, including the new rectory and a number of tenements. Mrs. Holman, who conducted a lodging house, jumped through a window, breaking her breast bone and receiving internal injuries. Others had narrow escapes. Total loss, \$30,000, insurance, \$20,000.

Political Melange.

HAWKEYE REPUBLICANS. DES MOINES, Iowa, July 25.—The largest and most enthusiastic Republican state convention ever held in Iowa met here today, with John N. Baldwin as temporary chairman.

The prayer of Rev. J. L. Weaver was sentimental. He prayed that the country's enemy, the Democratic party, be as merciful as possible, and appealed to the Omnipotent to assist in expediting the infamous Democratic party from power, and restrain them forever from the exercise of the government authority.

SUCKER REPUBLICANS.

SPRINGFIELD, Ill., July 25.—The Republican state convention met at noon, with James B. Mann, of Chicago, as temporary chairman.

BADGER REPUBLICANS.

MILWAUKEE, July 25.—One of the largest conventions ever held by the Republicans in Wisconsin met here today.

REED RENOMINATED.

BIDDEFORD, Me., July 25.—Representative Tom Reed was renominated by the Republican convention of the first district.

A NEW P. M.

WASHINGTON, D. C., July 25.—The president today nominated John D. Tyrrel, postmaster at Pomeroy, Washington.

SOCKLESS JERRY.

HUTCHISON, Kan., July 25.—Jerry Simpson was renominated by acclamation at the Populist congressional convention held here today.

EDITOR CANDIDATE.

CHICAGO, July 25.—A special from Springfield says W. E. Mason has agreed to withdraw from the candidacy for the United States senatorship in favor of Joseph Medill, editor of the Chicago Tribune. A telegram has been sent asking Medill if he will accept. The Journal's Springfield special says Medill has absolutely refused to allow his name to be used.

Strikers Scattering.

OAKLAND, July 25.—The strike is over and the men defeated is being conceded by all except the radical members who would not be taken back under any circumstances, but insist upon the men staying out. The men generally are not blaming anyone but say they will go elsewhere for work. Many left last evening for Portland, Ogden and the East, while a large number of others are getting ready to leave. This will relieve the labor market of nearly all single men, while the largest percentage of married ones have quietly kept at home and after they have been made to feel the effect of the strike, will likely be taken back to work. A number of United States marshals have arrived to watch the railroad property and in all cases of tampering the guilty party will be taken before the Federal court. They will also perform escort duty on trains and relieve the militia of such work.

Mississippi Warrants.

WASHINGTON, July 25.—The alleged violation of the laws of the United States by the state of Mississippi in issuing warrants bearing similitude to United States money was considered at the cabinet meeting. The matter was referred to Attorney-General Olney, with power to act. He directed the district attorney at St. Louis to commence proceedings against the national bank note firm that printed the warrants.

The Turnerbund.

DENVER, July 25.—The sixteenth biennial convention of the North American Turnerbund met today with 400 delegates present. President Henry Braun, in an address, said, owing to the hard times little progress has been made in the past year. Internal dissensions jeopardized the order.

Other Details of the Mongolian Situation.

WASHINGTON, July 25.—Secretary Herbert has ordered the Petrel and Concord, on duty in Behring sea, to Corea at once.

Japanese Army Marching.

YOKOHAMA, July 25.—The Japanese troops in Corea have commenced a forward movement against the position occupied by the Chinese. A battle is daily expected.

China-Japan War Dispatches.

SHANGHAI, July 25.—The British consul has received a telegram from the British charge d'affaires at Tokio, stating the Japanese had undertaken to regard Shanghai as outside the sphere of operations.

WASHINGTON, July 25.—Information was received at the Japanese legation that the trouble referred to in the Shanghai dispatch to the Associated Press occurred at Seoul, the capital of Corea, not at Nagasaki. A cablegram to the minister says the Korean troops made an uncalled-for attack on the Japanese troops stationed at Seoul, and the troops returned the fire. The minister feels sure firing was unauthorized by the government of Corea.

LONDON, July 25.—A dispatch from Chemalpo says the Korean government, instigated by the Chinese residents, has withdrawn its promise of reform already made to Japan. The guards at the imperial palace are assuming a most hostile attitude toward the Japanese troops. A conflict is momentarily expected. The Japanese legation here has received no news of the bombardment of Korean ports, and gives the report no credence.

WASHINGTON, July 25.—It can be stated authoritatively that there is no foundation for the published report that Secretary Gresham apologized to M. Taton, the Japanese minister for the utterances contained in the telegram sent by the secretary of state to the Japanese government through Minister Dunn at Tokio. The dispatch contained nothing offensive to the Japanese minister.

Corbett in Ireland.

DUBLIN, July 25.—Pugilist Corbett paid a visit to Ballinrobe, the birthplace of his father, yesterday, and was given an ovation. He was literally carried to the hotel. In the afternoon, he gave a performance for the benefit of the church his uncle, Rev. James Corbett, is building. People came from all parts to see him. In the evening he was tendered a reception in the town hall.

The Tariff Bill.

WASHINGTON, D. C. July 25.—The Democratic senatorial caucus this afternoon decided to send the tariff bill back to conference without instructions.

Territorial Troubles.

GUTHRIE, O. T., July 24.—Governor Renfrow received a telegram from the citizens of Euld declaring the United States deputy marshals violating an organic act of the territory by arresting citizens, denying them a preliminary hearing and splitting them away while an unlawful organization at North Town threatens to burn the city.

In the Senate.

WASHINGTON, July 25.—In the morning hour in the senate the conference report on legislation, executive and judicial appropriation bill was agreed to.

A resolution was adopted to investigate the office of Colonel Charles Tracy, secretary of the board of charities, District of Columbia. Colonel Tracy is a brother of General Tracy, the New York congressman. The senate committee on new states and territories, ordered a favorable report on the bill admitting New Mexico and Arizona. The bills have already passed the house.

Gabe Loucks walked along the banks of the Little Crow river in Florida and very foolishly looked through the big end of a pair of fieldglasses. He saw what appeared to be a small lizard about half a mile away. Mr. Loucks continued to walk, and when his leg was bitten off at the knee he discovered the difference between a lizard and an alligator and a half mile and a half yard.

At the Circus.

"Well," remarked the royal Bengal tiger from his cage as he observed the elephant reach up to the top of a wagon and get an apple, "if I had to put up my trunk for my board, I don't think I'd let everybody know it."

"Don't you worry about me," retorted the elephant, with characteristic bonhomie, "I'd a blame sight rather put up my trunk for it than have no trunk and get it by wearing stripes," and the royal Bengal withdrew to the farthest corner of his cell, where he might not hear the elephant smile.—Detroit Free Press.

Oregon Crop Report.

The U. S. department of agriculture sends out its crop-weather bulletin for the week ending Monday, July 23d, for Western Oregon as follows:

Weather: The temperature has remained nearly stationary, with a mean of about 68 degrees, during the past week. The maximum temperature has ranged from 70 to 80 degrees and the minimum from 50 to 60 degrees. A few widely distributed and light showers fell the morning of the 19th, from a thunder storm, principally in the northern portion of the Willamette valley. The mornings to 10 o'clock have been cloudy while the remainder of the day has been clear.

Crops: The weather has been very favorable to farming operations. The hay crop has been practically secured; it is of good quality and as a rule very heavy; in the coast counties some hay-ling is yet in progress. A few headers and binders started last week on the fall sown wheat; but this week will see the fall wheat harvest in full blast. The wheat is turning out very well; the general impression is that the wheat aphid did no injury to the winter wheat. In Linn county the opinion prevails that the wheat crop will not be such a large one, though the general average will be maintained; the wheat aphid has done some damage to the wheat. The spring sown grain would be benefited by rain, though it has a good stand and usually a good color. Winter oats are being cut. As a rule the oats are in good condition. The hops have generally a good growth and few lice are so far observable. Many new yards were put out in the spring and are doing well. The cherries and strawberries are now practically over. Raspberries and blackberries are ripening rapidly. The potato crop will be a large one. They are generally in fine condition, though a few localities report a blight. A few varieties of plums are ripening. The codling moth has made its appearance on the apple trees; but with proper care no damage will result. Western Oregon as a whole will have a grain crop above the average; the hay has been heavy, the hops are promising, as are vegetables; fruit will make a fair crop.
