REPUBLICAN CONVENTIONS.

Adopt Platforms on the Tariff and Silver.

ILLINOISANS DENOUNCE ALTGELD.

Wisconsin Declares for Separation of Church and State.

DES MOINES, Iowa, July 25.—The platform adopted declares for a system of protective duties so adjusted that every American resource can be developed by American labor receiving American wages, and insists upon a tariff that will accomplish these ends. Continuing, it says that “we reaffirm our belief that the interest of the country, its farmers and workmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.”

“We favor the largest possible use of silver as a money that is consistent with the permanent maintenance of the equal values of all dollars in circulation. We do not want monometallism either in gold or silver, and we pledge ourselves to continue to work for bimetalism to be brought about by all means within the power of the government. The Republican party renews its pledge to defend the workingman not only against the assaults of foreign competition, but against the attacks of domestic avarice.

“We favor an amendment and more stringent enforcement of the immigration laws so as to exclude the criminal, pauper and all other undesirable classes.”

The following nominations were made by acclamation: Secretary of state, Wm. M. McFarland; (renominated); auditor of state, C. G. McCarthy, (renominated); judges of the supreme court, C. T. Granger and H. E. De me; state treasurer, John S. Herriott; attorney general, C. Milton Remley, of Iowa City.

THE OLD SUCKER STATE. SPRINGFIELD, July 25.—The Republican state convention amidst great confusion, voted to lay the question of the nomination of a United States senator on the table by a vote of 1019 to 315.

The platform favors the doctrine of protection to American industries, and denounces the Wilson bill. On the coinage question it says: “We favor bimetalism and believe in the use of gold and silver as money metals upon a parity of values with complete inconvertibility under such legislative provisions as shall make the purchasing or debt-paying power of any dollar coined or issued by the United States absolutely equivalent to that of any other dollar so coined or issued. The Republicans of Illinois are in favor of the largest personal liberty consistent with law and order. We condemn in emphatic terms the course pursued by the present national administration toward the people of Hawaii to attempt to overthrow a friendly government, re-establish a corrupt monarchy and force upon them a barbarous queen. We arraign the present Democratic governor of Illinois as the most conspicuous case of misfit in an official position. From the day he began to debase and turn the reformatory charitable institutions and public parks into infirmaries and asylums for politicians he has shown such wonderful aptitude for doing the wrong thing at all times that the people of the state, irrespective of party, wait with undisguised impatience the expiration of his term of office.”

BADGER STATE REPUBLICANS. MILWAUKEE, July 25.—The platform adopted by the convention, holds the Democratic party responsible for the present financial distress on account of their threatened change in the industrial policy of the nation. It says: The Republican party is a friend of both labor and capital; each is indispensable to the other. We recognize the right of laborers to organize, using all honorable measures for the purpose of dignifying their condition and placing them on equal footing with capital. The Republican party is in favor of honest money. We are unalterably opposed to any scheme that will give to this country a debased or depreciated currency. We favor the use of silver as a currency to the extent of only that it can be circulated on a parity with gold. The Republican party is a party of religious liberty and absolute nonsectarianism; of the entire separation of church and state, of free common schools and of the utmost independence of individual thought, speech and action within the law.

OTHER POINTS. HUTCHINSON, Kan., July 25.—Jerry Simpson was nominated by acclamation at the Populist congressional convention. OMAHA, July 25.—The general executive board of the Knights of Labor has completed arrangements for canvassing Nebraska in the interests of the Populist party.

Harvesters Strike. GOLDENDALE, Wash., July 25.—The heading crew in the Goodnoe hills, who were receiving \$1 a day per man, struck last Saturday for \$1.50. The rate was granted, as other hands could not be produced immediately, but the farmers will see that hereafter they are not caught in a similar predicament.

A Race War. SULLIVAN, Ind., July 25.—A race war has broken out between the White and the colored miners, employed at Linton. In a fight last night, one white man was killed, and excitement is at a high pitch. The telegraph and telephone wires have been cut. White miners propose to drive out or exterminate their colored competitors.

Debs Speaks Once More. CHICAGO, July 25.—At a meeting of the American railway union today President Debs said: “I have not forfeited my right to free speech, and if Judge Woods yesterday enunciated law, I had rather be in jail than be a free man. If I alone were concerned, I would permit no defense to be made in my behalf, for I consider it an honor to be in contempt of the court that is going to try me.”

Stole the Juice. YOUNGSTOWN, O., July 25.—The street railways were again tied up at 5 o'clock today, miscreants having grounded the trolley wires in such a manner that the electricians have so far been unable to locate the trouble.

A Strike Convention. CHICAGO, July 25.—The directors of the American Railway union today issued a call for a convention in Chicago Aug. 23. Debs said the convention will decide whether the strike is to be continued, extended or declared off.

SUGAR BATTLE STILL GOES ON.

Quay's Amendment Is Withdrawn.

FOR FEAR BILL WILL PASS.

Pop. Peffer Would Support Free Sugar.

WHAT MAN OF SENSE WOULD NOT?

If the Bill Passes Republicans Must Do It.

Agreement Deferred.

WASHINGTON, July 25.—By agreement the conference report of the tariff bill was deferred, when the senate met today, until 2 p. m., for the purpose of giving the Republicans time to consider.

The Republicans, after consultation, found they could not carry the free sugar amendment proposed by Senator Quay yesterday. It has been decided that Quay shall withdraw all amendments, but that they shall be renewed in different form by some other Republican. Mauderson and Perkins expressed fear that the free sugar proposition would go through and the bill pass, as it is understood that in case free sugar is added Peffer would vote for it. Republicans all felt that the only proposition that would go through which will endanger the bill is that instructing conferees to strike out the one eighth cent differential. This would carry by a margin of one vote, if all Republicans, all Populists and Hill and Irby vote for it.

At 2 o'clock Jones called up the conference report on the tariff bill. Quay withdrew the sugar amendments he offered yesterday and Vilas replied to the assault on Cleveland.

LATER SITUATION. There is little hope that Republicans will be able to strike out the 1/8 cent differential duty on sugar, as it is understood that Stewart, Populist of Nevada, whose vote is necessary to carry the proposition, will not vote with them.

VILAS WITHDRAWS. Vilas asked leave to withdraw the motion that the senate conferees recede from the one eighth differential duty on refined sugar.

Jap. Minister Recalled. WASHINGTON, July 25.—M. Tateno, Japanese minister to the United States, has been recalled. The recall, it is stated, is due not to anything connected with the present Japanese-Corean-Chinese difficulty, but a matter growing out of the recent treaty negotiations.

It has been learned that Tateno was recalled, simply in pursuance of the Japanese rigid civil service rules.

No War in Corea. LONDON, July 25.—Up to noon today the Chinese and Japanese ministers have received no news regarding the situation in Corea. The opinion is gaining ground that war will be averted.

SENATE SUGAR CAUCUS. WASHINGTON, July 25.—The senate will accede to the request of the house for another conference on the tariff bill and its conferees will return to the meeting with those of the house untrammelled by any specific instructions whatever. This was the conclusion of the Democratic senatorial caucus which adjourned sine die a few minutes after 5 o'clock yesterday, after a two days' sitting. While the caucus did not commit itself to any definite line of policy in so many words, the conferees feel with their Democratic colleagues that

Caffery of Louisiana Wants Protection.

WILLING TO FOREGO THE BOUNTY.

Rumor That Cleveland Is Ready to Yield to the Senate.

WASHINGTON, July 25.—In the senate the conference report on the legislative, executive and judicial appropriation bill was agreed to. Allen presented a resolution directing the attorney general to transmit full copies of all correspondence (telegraphic and otherwise) between the department of justice and the railroads entering in Chicago, from June 1st to the present time. He asked immediate consideration, but Platt objected, and it went over. A resolution was adopted to investigate the office of Colonel Charles Tracey, secretary of the board of charities of the District of Columbia. Colonel Tracey is a brother of General Tracey, the New York congressman.

Caffery took the floor and resumed his explanations, why a duty should be placed on sugar. Calmly and dispassionately he went on to tell how the sugar schedule could be arranged to suit all parties. He appealed to the senate for protection for sugar. He predicted if protection was extended, the sugar planters would need no assistance from the government. Louisiana did not desire to stand in the way of tariff reform, but he asked the senators to hesitate before they marched over the body of his state. He was willing to vote for the Wilson bill in silence, unless the bill destroyed his state. He protested against the admission of Hawaiian sugar free. He hoped a tariff bill would pass. He hoped the uncertainty would end. When Caffery had concluded, Daniel arose and in a personal explanation made an appeal for the passage of the tariff bill. He denied that he was at any time prepared to vote against the tariff bill. He declared the failure to pass the tariff would be disastrous to the Democrats. After a few remarks by Hutton, the senate went into executive session.

ARMOR PLATE INVESTIGATION. Lieutenant Charles A. Stone, for three years ordinance officer for the Carnegie Company, was a witness in the armor-plate investigation yesterday. When asked for the results of the recent government trials of plates he replied the top halves of the first two plates failed by a narrow margin of the requirements for obtaining a premium, while the lower halves failed by a wide margin. In the case of a third plate the top half secured a premium and the bottom half failed. The bottom half was generally considered the better piece.

SENATE SUGAR CAUCUS. WASHINGTON, July 25.—The senate will accede to the request of the house for another conference on the tariff bill and its conferees will return to the meeting with those of the house untrammelled by any specific instructions whatever. This was the conclusion of the Democratic senatorial caucus which adjourned sine die a few minutes after 5 o'clock yesterday, after a two days' sitting. While the caucus did not commit itself to any definite line of policy in so many words, the conferees feel with their Democratic colleagues that

they understand what the majority of them desire, and they believe this to be that they shall stand substantially for the senate bill. This is not the individual preference of many of the Democratic senators, but it represents the opinion of most of them as expressed in caucus as the only practical course open to the Democrats who think that the present congress must pass a tariff bill of some kind, whether it be what they desire or not.

In other words the result of the caucus is the reascertaining of what was known when the three days' caucus closed last March—that it is impracticable to pass any tariff bill through the senate which does not meet the demands of the so-called conservative senators and the Louisiana senators. It became evident soon after the caucus convened that the resolution of Jarvis to send the bill back to conference without instructions was the only course open to the caucus. The majority of those who participated in the caucus came out when it adjourned with their faces wreathed in smiles and most of them indicated by their actions that they had inaugurated a line of policy which would secure the passage of a tariff bill. Some of them who would say nothing as to the proceedings, announced themselves as confident of the ultimate success of the bill.

The vote on the resolution to send the bill to conference again was not unanimous, Senator Vilas and a few others opposing it, and explicitly stipulating that their participation in the caucus should not be considered as binding them to support the report of the conference committee when again presented. During the proceedings, the attitude of the Populist senators, Allen and Kyle, who have generally voted with the Democrats on the tariff bill, was alluded to and one of the senators present stated that he had been authorized by Allen to say that he thought the bounty on sugar should be continued for the present.

Hill, Murphy and Irby were absent from the caucus.
