THE LOCAL RESUME.

Remember the hop growers' meeting at Salem Saturday. One box-car fender was run in by the police last night. Fourth bicycle contest tonight at state fair grounds track.

The Salem woolen mills received a carload of wool from Drain last night. A large delegation went to Chemawa this afternoon to attend the Indian institute.

The usual spell of three hot days with the mercury in the eighties and nineties will send many to the seashore. Mr. Striker, recently superintendent of the Corvallis Carriage works, was in the city today on his way to Montreal, Canada, where he will have charge of a factory.

A report comes from the McKenzie that John Matthews, of Salem, who was engaged with a crew of men running logs for J. C. Goodale's mill at Coburg, met with a painful accident Monday forenoon. He was working with others trying to break a huge jam, near Gate Creek, when he lost his hold, falling nearly 30 feet and striking his back across a log. The extent of his injuries was not learned.

The Democrat man is mad. He dares us to be as funny as we can. We could never be as funny as Flagg. It is not in our shape. The public will notice as long as we said he had a finer figure than Gov. Fletcher, of the Independent, he was pleased at our remarks. The moment we indicate physical decadence, he kicks. We were going to use all our influence with Judge Hubbard to get Flagg's bill of \$700 allowed for printing tickets, that he was allowed only \$410 for. But now we shall not do it.

CAUGHT HIM.—Last evening as a prominent citizen was passing Van Eaton's grocery store his eye was caught by the choicest fruits and he at once ordered a supply.

W. C. T. U.—A literary and musical social will be given by the W. C. T. U. August 1st. Ice cream and cake will be served. All for 15 cents. Come.

A FISH STORY.—Jo, Clark, the Court street grocer, is fishing by the sea, but for superior pickled mackerel, herring and salmon, his store takes the cake.

A GREAT CONVENIENCE.—When you want a good cake of any kind you can get it made to order at the Home Bakery, Insurance block.

There is no bread in the city equal to that from Strong's bakery. It is the best sold. Westcott & Irwin.

Sweet Clover Honey syrup, guaranteed the best table syrup. Take no other. Farrell & Co., Omaha, Neb.

Ask your grocer for Farrell & Co. syrups, they are pure and palatable. Refuse all others.

Dr. Price's Cream Baking Powder Contains no Ammonia or Al.

IN PROBATE COURT. On May 20, 1893, John S. Evenden died at Gervais. He possessed real and personal property in Marion county of the value of \$1000 and in Yamhill county of \$4000. A will was left by the decedent bequeathing the property to his wife so long as she remains a widow. Should she marry then the four sons to share the estate alike. HAPPY FORLORN.—The assemblage of forlorn awails whose families are at the seashore grows at Hotel Willamette. It is suspected that a number of Salem business men have sent their families to the coast and into the mountains in order that they may live high for awhile. Landlord Wagner never set a better table nor to better men. Judge Wolverton, Aldermen Klein and Cross, Doctor Byrd, Supt. Anson, Eugene Breyman and Doctor Smith can tell you all about it.

NOTICE.—Send in social and religious items of news for Saturday's JOURNAL before noon, as important China-Japanese war news, and the great tariff battle in the senate will occupy all of our space after that hour.

HOME MANUFACTURES.—Patronize home manufactures by buying the la Corona cigar. It is of superior quality and the best the market affords.

The attitude of the population generally is warlike.

They Will Meet. WASHINGTON, July 27.—The U. S. commissioner of labor, as ex-officio chairman of the Strike Commission appointed by the president, has called a meeting in this city Monday.

A WELTER WEIGHT FIGHT.

Minneapolis Disgraced by a Bloody Encounter. MINNEAPOLIS, July 27.—In a fight with Billy Smith last night, Ryan won on points in the twentieth round.

The decision of Joe Choynski makes Tommy Ryan the welter weight champion of the world. The contest which has been attracting the attention of ring followers for several weeks throughout the country was a 20-round affair, the men to weigh in at or under 142 pounds, the winner to take all the money. The fight took place at the Twin Athletic club and was witnessed by a large audience.

At the end of the twentieth round with Smith on his feet, smiling though bloody, Choynski declared Ryan the winner on points, though the audience to a man except the friends of Ryan, declared it should have been a draw. Delegations of the sportingmen from all parts of the country were in attendance. Smith did most of the leading up to the 15th round, though Ryan did not miss his chance when an opening was offered. In the 6th round Smith drove Ryan to the ropes twice and it looked as though the Bostonian was getting the best of it. In the 11th, Ryan closed Smith's eye, though he landed heavily on Ryan's kidneys. In the 14th, Ryan led and Smith caught him with an uppercut. Smith landed a terrific right on Ryan's chest, which nearly felled him. Smith chased him all over the ring and landed right and left, but could not finish him.

In the next three rounds some hard fighting was done and in the 18th Ryan shot out his left, which dazed Smith and drew blood. He went after him but both fought like tigers and Smith was groggy as the round closed. Smith's nose was broken. In the 19th, time only saved Smith. Ryan sent his right and left into Smith's face, blood flew but he could not knock him out. In the 20th, Ryan landed punch after punch on Smith's face but appeared afraid of Smith's dangerous right, although nearly gone. Although not knocked out, Smith was declared beaten by the referee.

A Brutal Prize Fight.

PORTLAND, Me., July 27.—At Trundy's Reef occurred one of the most brutal prize fights ever held in Maine. Tim Sylvester, of New York, and Sam Cooney, of Portland, fought for a purse of \$100. In the second round Cooney's wrist was broken by a right-hand swing which caught Sylvester's left guard.

GRASS AFIRE.—The open block east of the S. P. passenger depot covered by dry weeds took fire this afternoon, and soon the flames were rolling ten feet high. But the grass was not dry enough to permit it to do any damage.

BE TRUTHFUL.—We make friends by truthfully advertising and we keep them, too.—The Salem steam laundry. No Chinese, the best of work done and at moderate prices, is our motto.

SAVED! cried the buyer as he clasped the dollar to his pocket book, and you can do the same if you buy your building supplies of the Salem Improvement Co.

A LIBELOUS WORD.

Harper's Weekly does Governor Penoyer a great injustice by classing him with Altgeld, of Illinois and Waite of Colorado and labeling him an anarchist. He is a common petty larceny political speculator, but that is all. Waite and Altgeld are serious men and mean what they say. They believe in the principles they advocate. That cannot be charged against Penoyer. He is not in earnest as a reformer. He does not believe what he says that is of violent character. Penoyer is not to be classed with the men who govern Colorado and Illinois. He has given the state, or at least the state has enjoyed, a peaceful administration under Governor Penoyer. Oregon has no large railroad centers like Chicago, Denver, and San Francisco. The militia was never called out by Penoyer but once and that was to suppress the riotous, insurrectionary, hilarious, jubilating Cleveland Democracy. Harper's Weekly has undoubtedly libeled the governor of Oregon and laid itself liable to an action for slander in designating the chief executive of this state as an anarchist. No court has yet construed the word anarchist to be libelous "per se." But it is a crime for which men have been arrested, convicted, have laid in jail, and been executed in various countries. France has just passed stringent anti-anarchy laws and there is an anti-anarchy bill pending before congress. Anarchists of the Herr Most type are undoubtedly criminals under the laws of nations, and in the eyes of our people. No more offensive, opprobrious humiliating appellation can be given a public official than to call him an anarchist. No other term is so well calculated to destroy a man's influence with his fellows, or lower him in his self-esteem or the esteem of others.

Undoubtedly there will be a court decision constraining the term, as it has become quite a habit with some newspapers to call this man or that man an anarchist. Editors make altogether too free and flippant use of the word, calling men, with whom they merely disagree politically, anarchists. No newspaper has a right to call a man an anarchist unless it is prepared to prove that he entertains and has expressed anarchistic sentiments or advocated the overthrow of all law, order and civil government. Nothing can be more reprehensible to a free people, living under a free government, and under a constitution founded on the doctrine that the people are capable of self-government, than the teaching of anarchy. It means destruction of the life, liberty and happiness of our country. Governor Penoyer does not belong to that class of reformers. He has speculated upon the credulity of the people. He has played the part of demagoguery until he is a star in that role. But he has never to our knowledge uttered an anarchistic sentiment. The good name of our state demands refutation of this slander and the welfare of society and the proper restraint of free speech demands that courts rule this word into the criminal class where it belongs. At present to call a man an anarchist imputes the gravest crime in all the calendar of public offenses.

OREGON'S RESOURCES.

This magnificent summer weather sets all to thinking about the wonderful resources of the Webfoot state. The crops of all kinds, as well as the weather, are perfect, and the great variety of products is only excelled by the extraordinary resources of Salem's Postoffice grocery store. NORTH YAMHILL HOP MEN.

Meet and Agree on Prices for Picking and Pail Pulling. Special to the JOURNAL.

NORTH YAMHILL, July 27.—Pursuant to an understanding among themselves, the hop growers of this section held a meeting in Laughlin's hall to discuss the situation and prospects of the present year, and come to some understanding as to the wages they can afford to pay the pickers during the coming hop harvest.

There were about forty growers present, representing the territory in nearly every direction from town.

The meeting was called to order at 2:30 p. m. and John H. Russell was chosen chairman, and Fred Trullinger as secretary. The chairman stated the object of the meeting and asked for an expression of all present. This request was responded to by a number of the growers present.

They all seemed to be adverse to reducing the wages of the pickers, but could see no other way of saving themselves under the present existing conditions. After the subject had been discussed pro and con for nearly two hours, the question of the price to be paid pickers this season was put to a vote, with the understanding that all should abide by the decision of a majority vote and resulted as follows: To pay 80 cents per 100 pounds, 19 votes; to pay 90 cents per 100 pounds, 17 votes; there was one vote to pay 85 cents. It was then declared by the chair that 80 cents per 100 pounds is the established price, according to the decision of the meeting. On motion, the pay of pole-pullers was fixed at \$1 a day and board. It was stated that the growers in the vicinity of Carlton would abide by the decision of this meeting.

A committee of four, consisting of C. Obey, Mark Hutchcroft, A. D. Runnels and D. P. Tullinger, was appointed to ascertain where sulphur, sacks, baling cloth, etc., can be bought the most reasonable, and report at the next meeting.

The meeting then adjourned to meet again on Saturday, August 4th, and all those interested are requested to be present.

How to REALIZE.—It is difficult for some people to realize that they can just as well have the benefit of a big stock to select from, and consequent low prices, but after once trying Gilbert, Patterson & Co. these facts become patent.
