THE FIFTH TEN MILE CONTEST

Takes Place at the State Fair Grounds This Evening.

There will be not less than two thousand people out to witness the ten mile heat of the Salem amateurs tonight.

The fifth contest will start promptly at 7 o'clock, before which there will be a mile race for a special. The starters will be Albert Jessup, Watt Shipp, C. B. Craven, Perry Card, Chester Murphy and Chas. Winters. An admission fee of ten cents will be charged (ladies free,) the funds thus raised going to the purchase of gold medals for the state fair meeting.

The entries for the mile handicap race to precede the ten mile race close at noon today. There will be about fifteen starters, as there were an even dozen entries last night.

A PROTEST. There is a protest entered in writing against Chas. Winters regarding his standing as an amateur wheelman. The referee holds that pending investigation, Winters will run this evening under the protest, the rule not being mandatory on the referee.

The charge against Winters is that he won a purse in a race for money at Jefferson. This is denied by his friends who claim he is entitled to all the privileges of an amateur, the only fear of the others being that he will win as he has a time record, though not made in race, that is faster than any man entered so far. That is what his friends say. It seems that under the rules he can go in tonight. After referees ruling he has a perfect right to race and the outcome will make the race exciting, unless all the contestants are afraid of Winters and pull off.

The Muscle Dancer. One of the Turkish dancers that was imported for the Midwinter fair has been wandering over the state, giving exhibitions in what is called muscle dancing wherever the police would allow it, appeared in Salem last night before a small select audience at the rooms formerly occupied by the Q. P. chop-house. As these dances are not advertisements for any legitimate, educational, charitable or moral enterprise, and seem to be conducted secretly, they will not be encouraged in these columns. American boys and girls can learn all about their muscles that is necessary at the Y. M. C. A. school and at home without importing one of these Turkish women.

"Deplete not the day of small things," as the tiny pill (taken from a vial of Dr. Pierce's Pleasant Purgative Pellets) said to the 300-pound man, suffering from indigestion. As a gentle, thorough laxative, these pellets resemble nature more closely in their action than anything before discovered. Business and professional men, whose habits are sedentary, need something of this kind to ward off sick headache, biliousness and dyspepsia, but which will not strain and rack the digestive organs as did the old-fashioned pills. 25 cents per vial, at all druggists.

Serviceable, stylish and cheap are the shoes sold by Krause Bros.
