## JAPANESE VICTORIOUS.

### Defeat of the Chinese Army at Asan.

#### IN POSSESSION OF COREA.

### Cleveland Uniting With Germany and England

#### TO PROTECT CHINESE TREATY PORTS.

### Russia, France and America Side With Japan.

#### BRITISH PRISONERS.

SHANGHAI, Aug. 4.—Captain Galeworthy, chief officer of the tannin and the quartermaster evangelist, of the sunken transport Kow Shung, and rescued by boats from the Japanese cruiser, have been taken to Szebo, where they are held as prisoners. The commander of the British warship has informed the prisoners they will be delivered to him today.

#### JAPANESE WIN AT ASAN.

SHANGHAI, Aug. 4.—A dispatch received here confirms the report of a second battle being fought at Yashan, or Asan, between the Chinese and Japanese in which the Chinese were defeated.

#### CLEVELAND AS MEDIATOR.

NEW YORK, Aug. 4.—A special to the Tribune from Washington says President Cleveland has practically decided to unite with Great Britain, Germany and Italy to preserve forcibly the neutrality of what are known as the treaty ports of China during the war. The Chinese government has been fully informed of this intention, and it is understood, the emperor will submit without protest to the forcible occupation of his principal ports. It is not a question of pride with him, but of prudence. He realizes he is in no condition to resist the policy of the European nations, and then an empty remonstrance would do more good than harm.

The Japanese government assents cheerfully to the arrangement, and has intimated that a similar occupation of her principal commercial ports would meet no resistance. The plan was suggested by the British premier, but the negotiations have mostly been conducted in Washington by Sir Julian Pauncefote, British ambassador; Baron Von Surma Jeltsch, the German ambassador; Baron Fava, Italian ambassador, and Secretary Gresham. An earnest attempt has been made to bring M. Patenotre, the French ambassador, and Prince Cantecucque, the Russian minister, into the negotiations, but, under instructions from their governments, these diplomats have kept away.

Secretary Gresham has not yet announced the formal assent of the United States to the agreement, but all the conferences have been held in his office, the memoranda is in his hands, and he has so thoroughly committed this government to the plan that it would be impossible for him to withdraw now without sacrifice of his dignity and the respect of those with whom he has been negotiating.

#### AMERICAN INTERFERENCE DENIED.

WASHINGTON, Aug. 4.—A strong denial was entered at the state department of the published story that United States will enter into a treaty with European powers to forcibly occupy and keep open the treaty ports of China. The attitude of the United States will be one of "benevolent neutrality." The entire United States fleet in Asiatic waters now consists of the Baltimore and the Monocacy. About a week ago orders were sent to Behring sea to have the Concord and Petrel sent over to join the China station and that is all that has been done in that direction.

#### LAST NIGHT'S DISPATCHES.

WASHINGTON, Aug. 4.—Official notifications of the battle between the Japanese and Chinese land forces in Corea was received at the Japanese legation last night from the foreign office at Tokio. The telegram stated that on the 28th of July a portion of the Japanese

troops at Seoul marched against a much superior force of Chinese entrenched at Shang Yeng. A battle ensued after heavy fighting, the Chinese were put completely to rout and a large number of prisoners and munitions of war were captured by the Japanese. On the morning of the 30th the Japanese proceeded to march against Gasan. A fight resulting in a loss of 2,000 Japanese is reported to have occurred.

#### SAN FRANCISCO, Aug. 4.—It is believed here that the U. S. steamship Charleston now lying in the stream off Mare Island navy yard fully equipped for sea, is soon to sail for the scenes of trouble in Asiatic waters.

#### LONDON, Aug. 4.—A dispatch from the Times from Tien Tain dated Aug. 3, says:

The preamble of an imperial edict just issued recites China's claim in Corea, its hundreds of years suzerainty of that country and the constant assistance it has rendered the vassal king to subdue rebellions. China, it continues, recently sent forces to Corea with this object. Japan without any right also sent troops and refused to withdraw them. She has further sunk a transport carrying Chinese soldiers and her action has been condemned by other powers.

The emperor places all military authorities under the viceroy. Li Hung Chang, who will protect the rights of the empire. He also orders the capture and destruction of Japanese ships wherever found. It is probable that a copy of the edict will be communicated to the representatives of foreign powers today.

#### LONDON, Aug. 4.—A dispatch to the Standard says: "It is reported there has been a fresh collision between the Chinese and Japanese troops in Corea. It seems that after their recent defeat, the Japanese assembled their available strength and took the offensive, achieving a decided victory over the Chinese. The details are expected tomorrow."

#### ENGLISH CORRESPONDENCE.

LONDON, Aug. 4.—The Daily News correspondent in Berlin says the German colonel who commands the Japanese forces in Corea, Major Freiherr von Gotschalker, formerly of the Korean general staff, is organizing the national general staff of Japan.

The Shanghai correspondent of the Times says: "The inquiry into the Kow Shung affair was conducted by the commissioner of customs in Tien Tsin in the presence of the foreign consuls. It was concluded today. Forty-five survivors stated that the morning of the 25th the Japanese ordered the Kow Shung to anchor off the island of Shopa. The transport remained there until noon, being twice boarded, when having given no provocation, she was struck with a torpedo and sunk. The Japanese fired with gatlings at the swimmers long after the Kow Shung had foundered."

The Russian and British ministers informed the correspondent that China had shown the utmost moderation and had won the sympathy of the foreigners.

The Times says editorially: "If the declaration of the Russian newspapers that no power will be permitted to occupy a portion of Corea is a hint to England, it is scarcely necessary, for not even the most sincere desire on our part to see Corea decently governed would lead us to interfere with that interesting but dangerous country."

#### DIPLOMATS CONSULTED.

PARIS, Aug. 4.—The Tokio correspondent of the Debats says: "The king of Corea has entrusted to Father Dankein the direction of the government and the execution of the proposed reforms. M. Oteri, the Japanese minister in Seoul, informed the diplomatists there that he intended to consult them on all important reforms, and that these would be effected, despite China's opposition."

#### LEFT HIS JACKET.

SHANGHAI, Aug. 4.—The emperor has divested Li Hung Shung of the yellow jacket, in consequence of his supposed remissness in prosecuting the war.

Twenty thousand Chinese have crossed the Yellow river, and 8000 have left Moynen for Seoul. Ship's officers have been promised double pay as a douceur. Deserters from Tien Tsin have been beheaded.

#### A Jail Breaker.

SPECIAL TO THE JOURNAL.

CORVALLIS, Or., Aug. 4.—The jail breaker and criminal, Ed. Scott, sawed through the jail floor last night, and is now at liberty. A horse had been left outside for him, which he mounted and rode off. Sheriff Osburn and deputies are in hot pursuit.

## JUST A LITTLE MORE TARIFF.

### Results In No Tariff Bill Whatever.

#### WORKING ON THE SUGAR SCHEDULE.

### May Reach An Agreement In Three or Four Days.

WASHINGTON, Aug. 4.—The tariff conferees began work again today with the sugar schedule. The senate conferees point out that the schedule which was presented yesterday would not receive the votes of the Louisiana senators because no bounty for this year is provided. The schedule provides for a duty on raw sugar of 40 percent, on refined sugar of 40 percent, on the quantity of raw sugar necessary to make the amount refined in any importation, and one-fifth of a cent additional. Also one-tenth of a cent additional from countries paying a bounty on sugar exported. When a short recess was taken, the house conferees announced that no agreement had been reached on the three main items of sugar, iron and coal. Some of the conferees said it might take three or four days more to bring the members together.

#### The Conference Failed.

WASHINGTON, Aug. 5.—It developed today that a conference was held at the white house last night, at which the present president, Grover Cleveland, Speaker Crisp, Chairman Wilson, Secretary Gresham and some others were present. The new sugar schedule was gone over and the subsequent action of those present warrants the inference that the president and others believed it advisable to accept the proposition. It was with this understanding that the house conferees met the senators today, but the objection of the Louisiana senators developed an unexpected obstacle.

#### In the State Department.

WASHINGTON, Aug. 4.—The Japanese legation has received a telegram containing the formal announcement of war against China. Wideman, one of the Hawaiian royalist commission, had an interview with Secretary Gresham today. As Wideman was given to understand the commission cannot be dealt with officially by the department, there is ground for a presumption that the mission is at an end.

Dolph, who yesterday submitted the conference report on the river and harbor bill, today asked leave to withdraw the report and send the bill back to conference to correct any technical errors. It was agreed to.

#### In the Senate.

WASHINGTON, Aug. 4.—Last night a resolution on the subject of lynching which created something of a sensation in view of the lynching question by Miss Wells, was offered in the house by Blair, of New Hampshire, as follows:

"Resolved, by the senate and house of representatives in congress assembled, that the commissioner of labor be instructed to investigate and report the number, date, location and attendant facts and circumstances of an alleged assault by males or females throughout the country the ten years last preceding the passage of this joint resolution for or on account of which organized but unlawful violence has been inflicted or attempted to be inflicted. Also to ascertain and report all acts of organized but unlawful violence to person, with attendant facts and circumstances which have been upon, accused persons alleged to have been guilty of crimes punishable by due process of law which have taken place in any part of the country within the ten years last preceding the passage of this resolution."

Dumphy objected and the resolution went over.

The river and harbor appropriation bill was reported from the conferees to the house. As finally presented, the bill carries \$11,488,180, an increase of \$1,949,491 from the house bill. Compromises were reached on sixty-five of the amendments, the senate receding from two and the remainder being accepted by the house.

The sum for the Columbia river is reduced from \$250,000 to \$100,000 and for Salmon Bay, Washington, from \$100,000 to \$25,000.

The last of the appropriation bills, the deficiency bill, was passed by the senate.

The cash balance in the treasury at the close of business Friday was \$119,299,815.
