THE SILVER ISSUE.

Following are the four planks of the Iowa Republican platform on finance: We adhere to the declaration of the National Republican party in 1892 upon its monetary policy.

We re-affirm our belief that the interests of the country, its farmers and workingmen, demand that every dollar, paper or coin, issued by the government, shall be as good as any other dollar.

We favor the largest possible use of silver as money, that is consistent with the permanent maintenance of equal value of all dollars in circulation.

We do not want monetarism, either of gold or of silver, and we pledge ourselves to continue the work for bimetalism, to be brought about by all means within the power of the government.

Two planks are devoted to silver. Really three are. The re-affirmation of the national finance plank of 1892 is an endorsement of bimetalism.

It is conceded we cannot have two standards of money. By bimetalism is now meant not free coinage of both metals, but the largest possible use of both, if anyone can tell what that means, beyond a bid for votes.

The silver issue is not an issue at all. Why should our treasury buy gold enough to float its paper money and all the silver too? Yet, that is what is necessary for the "permanent maintenance of equal values" of all our metal money with our paper money.

It is only common sense to say that all money should be at a parity, and of equal debt-paying value. But how to get it so and keep it so is the problem. The dollar for dollar gold basis plan puts a terrible strain on the country, puts a terrible premium on gold, puts a tremendous discount on everything else.

Until our country again goes back to the sovereign power of issuing national treasury notes, and ceases to issue gold interest bearing bonds to maintain a fictitious inflated gold basis, we shall not see the financial problem solved. It is too expensive to build the house of our financial system upon a constantly vanishing gold foundation that is constantly being torn down and carried away by Wall street.

CURTIS OF CLATSOP.

Hon. C. J. Curtis, of Astoria, a member of the lower house, returned home today. He is also deputy prosecuting attorney for that county. He says each county should elect its own county attorney, as was proposed in Timon Ford's bill in the last legislature. Mr. Curtis is a man of much experience in such matters as county and circuit court legislation, and is one of the progressive generation. He says the constitutional limitation, that forbids any county incurring a debt of over \$5000 is a bonanza for the bankers, as it puts warrants at 10 to 25 per cent. discount in half the counties of the state when they could fund the 8 per cent. warrants at 5 or 6 per cent.

"THE CAPITAL JOURNAL wants an Indian show at the state fair. In order to save expense why not borrow Penney's pot of war paint for decorating the savages. He don't seem to be using it much since the election."—Newberg Graphic.

We want the genuine thing. There is not an Indian tribe in the state that would own Penney, not even the Tammany braves.

Capitalists are not, in general, a detriment to the country, neither are they such an allied benefit that they should be exempted from paying their proportion of the taxes. Let our legislature keep this idea in view, when it meets, next winter.

The gold reserve has gone down to \$12,000,000. Suppose there was none? Wouldn't the people live, breathe, produce, multiply and do business with each other? Wouldn't they take the government money? Of course, they would.

Machinery hall at the state fair is going to be filled this year and the board will build an addition.

SUGGESTED COMMENT.

Patting old deadbeats on the back is not journalism.

Be an exhibitor at the state fair. Exhibit yourself.

Salem will have one thing Democratic—the post-office.

The beautiful hazy autumn Indian-summer weather is here.

There should be no money thrown away this year on military encampments.

The latest, best and completest news is always found in THE JOURNAL or on its bulletins.

THE ONE CENT DAILY has not only held its own these hard times but has steadily forged ahead in circulation.

The Corvallis Carriage works will make a grand exhibit at the state fair. Every Oregon factory should be represented.

The Albany Democrat is now the only Democratic paper in Oregon. Of course, THE JOURNAL is still the people's paper.

Carnot and Prendergast are decapitated. Now let the law get after Debs, Pullman, Huntington and the tariff boodlers.

Push the state fair. Get out your exhibit of something besides tides. But get out your latest and best tides and patchwork.

It is Uncle David Guthrie, of Polk county, who is the father of all the Indian display that will be seen at the state fair, not THE JOURNAL.

There should be a good roads exhibit at the state fair. A section of properly graded roadway, properly gravelled or coated with rock, would be a valuable object lesson.

Wm. G. Westcott says the road conventions last spring did great good. There have been very good roads built in every direction out of Salem. There ought to be more and better work done.

If the state fair management heeds the recommendations of THE CAPITAL JOURNAL there will be more farmers, editors and swishes, and fewer fast horses and faster women at the state fair this fall.—Yamhill Independent.

Tobacco and Cigarette Law. Passed Jan., 1893. It shall be unlawful to sell, barter, trade, give, or in any manner furnish to any minor under the age of eighteen years any tobacco, cigar or cigarette in any form, or any compound in which tobacco forms a component part, without the written consent or order of such minor's parent or guardian, then in that case consent may be given by the county court, sitting for the transaction of county business, upon proper application in the county in which said minor may have his residence.

It shall be unlawful for any minor under the age of eighteen years, to smoke or in any way use any cigar, cigarette or tobacco in any form whatever in any public highway, street, place, square or resort.

Any person violating the provisions of this Act shall, upon conviction, be fined in any sum not less than two dollars or more than fifty dollars.

Justices of the Peace shall have concurrent jurisdiction with the circuit court for all offenses arising under this Act.

In the sixteenth century no man was considered in full dress unless he wore a small oval mirror on her breast.

In Sydney it is the fashion to keep the bodies of the dead till Sunday in order to insure a large attendance at the funeral.

In the year 1261 a tithe was laid upon all whales' tongues brought into Bayonne, they being at that time highly esteemed as food.

In Persia the women of fashion paint black circles around each eye and ornament the cheeks with figures of various small animals, birds, etc.

At the funeral of an unmarried woman in Brazil scarlet is the mourning hue. The coffin, the hearse, the trappings of the horses and the livery of the driver must be scarlet.

"Prevention Better Than Cure. It is no easy thing to cure lung trouble when it once fairly gets a hold upon the system. It can easily be prevented by the use of Alcock's Porous Plaster. Just as soon as any intimation of soreness about the lungs or stiffness of the joints appears, put on one of these plasters, and you will be sure to gain great advantage.

The Magic Touch OF Hood's Sarsaparilla

You smile at the idea. But if you suffer from Dyspepsia

And indigestion, try a bottle, and before you have taken half a dozen doses, you will involuntarily think, and no doubt exclaim,

"That Just Hits It!"

"That soothing effect is a magic touch!" Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates a natural, healthy desire for food, gives refreshing sleep, and in short, raises the health tone of the entire system. Remember

STAGE GLINTS. Jesse Haines will play the part of a tough girl in "On the Bowery."

George Monroe will shelve "My Aunt Bridget" next season and try fortune with a new piece on the same lines.

A copy of the third folio of Shakespeare was bought by Mr. Nattali at a sale in London recently for £435, or \$2,175.

Thomas W. Keene will next season have a practically new company. His bar will be under the management of Edwin Arden.

Marlo and Dunham, the well known triple horizontal bar performers, are soon to separate. Dunham intends to join the Jordan family of acrobats.

James J. Corbett and the members of his company have organized a baseball club that is defeating nines all through the English provinces. Corbett is the shortstop.

Mrs. Linda da Costa has been engaged as prima donna of the company which C. B. Jefferson and Klaw & Erlanger are organizing to present Palmer Cox's "Brownies."

Mrs. Emma Juch will emerge from her private life as Mrs. Wellman at the Worcester musical festival on Sept. 27 and 28. She will sing as leading prima donna at both the concerts in an oratorio.

Mrs. Julie L. Wyman, the mezzo soprano, is to return to this country in the autumn. Mrs. Wyman has been singing in France and was heard there in "Samson et Delila," Saint-Saen's opera.

F. N. Innes, the bandmaster, has just completed "A descriptive spectacle," giving a musical history of the civil war, which he proposes to present during the tour he will begin with his band on Aug. 14.

One successful play very often makes the fortune of its author. William Hawthorn was a struggling actor until "The Ensign" produced. He tried for two years to dispose of it, but nearly everybody thought the big man-of-war scenes could not be handled effectively on the stage.

New parasols are made of insertion and silk, with very full ruffles.

Elbow sleeves are growing more popular, and we are threatened with a visitation of the short sleeve mania.

Striped flannel is used for bathing suits, and plain flannel in white, blue or red is trimmed with very wide white braids.

A striking costume is made of putty colored cloth. The skirt is cut in little buttonhole slits, and cardinal or ruby velvet is threaded in and out.

Large buttons are worn if one fancies them. Indeed one may wear almost anything that suits one's particular figure or face, provided it is natty, stylish and becoming.

Pointed waists are growing in favor, and many of them have soft folds of the material or of some contrasting fabric around the lower edge of the bodice, with a bow, buckle or rosette to finish the point in front.

The figaro jacket of embroidery or lace is worn with dresses of all sorts. A modification of this style, which really amounts to a trimming, shows the jacket fronts with sections of the material merely meeting over the shoulders.

Bathing costumes occupy the attention of many of the fashionables. A novelty is made of bright red serge, with sleeves and waist trimmed with white. A white sash with embroidered and fringed ends is knotted about the waist.—New York Ledger.

A Grand Feature of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me." It overcomes that tired feeling so common now.

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

Do not, to murder, Do, the Knave, Or put down insurance; 'Tis not my crown, but me to save, I write in deep dejection. And so a package I must have Of Park's Tea for my completion. GRESHAM'S ANSWER TO QUEEN LILI. When I received your Cablegram I thought I sure would feel For though I often use Park's Tea 'Tis not for your complaint. \$100 Reward \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have to much faith in its curative powers that they offer One Hundred Dollar for any case that it fails to cure. Send for list of testimonials. Address, F. J. WE HAVE CURED THESE—WE CAN CURE YOU! LAME BACK AND RHEUMATISM. Portland Oregon, September 26, 1892. Dear Sir:—Years of exposure and hard work, combined with the strain coming from the use of an engine, gave me a severe case of lame back from which I suffered for seven years. I was so lame I could not bend my back. I was doubled up with it. I bought one of your belts. It held me in for a few days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am well to-day as I ever was in my life. I now wear your belt, and I know lots of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did. The best remedy in the world. My back is now permanently cured, and I will be glad to talk with you, or to write to you, if you wish. I am, Sir, very truly yours, ROBERT BURRILL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH. D. A. T. Sande, Dear Sir:—I was wearing your belt for several months, and after a month's use of the belt I find myself twice as vigorous as before. My memory is now very perfect, and each day shows me in vigor, and am strong in every part. I am using the belt. Yours truly, HENRY HIGGINS.
