### JAP RECRUITING OFFICE

Americans Joining the Mikado.

Queen Lil's Friends Go Home Disgusted.

Central American Republics Want to Unite.

THAT AMERICAN REGIMENT.

LOS ANGELES, Aug. 18.—The presence of an agent of the Japanese government for the purpose of enlisting American men for the mikado's service, has aroused the officers, who are trying to effect the man's arrest for a breach of the neutrality law, as it is now claimed that he is an American citizen. The only facts that are positively known are that he has offered \$20 a month to men, together with rations and other allowances, and that he is keeping dark and makes his contracts so that they read that the men are to be employed in railroad work. The idea is that out of the 1000 men to be enlisted, a number would prove efficient officers to drill regiments of the natives, and that the others would make good soldiers. It is said that the agent has already been at work in San Francisco, where, it is claimed, he secured his complement of men and that they are being forwarded by detachment. So far the recruiting officer has baffled all attempts to effect his arrest.

### QUEEN LIL'S CASE.

CHICAGO, Aug. 18.—Queen Liliuokalani's commissioners, Samuel Parker, H. A. Widemann and J. A. Commins, arrived at the Grand Pacific last night on their way back to Honolulu. "Our mission was not wholly unsatisfactory," said one of the commissioners. "We succeeded in presenting the subject of the present situation in its proper light. We had expected, however, to be able to keep the republic, as it is called, from receiving recognition. We failed in that, as President Cleveland has seen fit to recognize it. There is nothing for us to do but to live under the government in the hope of some day securing a change. It has not the support of a majority of the white people, and no support whatever from the natives. Such being the case, you can readily see that it has not the elements of stability. The claim that the natives were only waiting for the recognition of the republic by the United States to take the oath of allegiance is not true. The natives will not take the oath. The constitution gives more power to the president than the constitution of 1852 gave to the king, who had been absolute ruler over life and death and property when he agreed to it. It is a republic only in name, and will not continue unless made more liberal."

### AN ANARCHIST PLOT.

PARIS, Aug. 18.—According to Le Petit Journal, a plot to assassinate Premier Dupuy has been discovered. The premier is in Vernet les Bains, not far from the Spanish border, accompanied by three detectives. The anarchists, says the Journal, had been warned of danger the night before the police expected to arrest them, and fled to Spain. The plot was hatched at Barcelona by Spanish and French anarchists. Three men were designated by lot to cross the border about the middle of August and assassinate the premier during his absence from Paris.

### SMALL REPUBLICS UNITING.

WASHINGTON, Aug. 18.—So far the American ministers in Central America have not advised the state department of the movement for the combination of the five small Central American republics into one large nation. While such a combination would be welcomed it is felt it is scarcely practicable because of the personal jealousy of many of the self-constituted leaders which led to the downfall of the old confederation a quarter of a century ago.

### MUCH DISAPPOINTED.

LONDON, Aug. 18.—The Pall Mall Gazette says there is much disappointment in British yachting circles because of the infrequent appearance of the Vigilant in the Solent. That paper also states Gould will build a yacht to defend the America's cup if Dunraven challenges next year.

### Strikers Next Return.

TOPEKA, Kan., Aug. 18.—There is a uniform movement by strikers along the Atchison, Topeka & Santa Fe for their old places, but thus far they have met with no success. General Manager Frey remains firm in his original position not to take any of them back, and in the general offices it is not believed he will surrender.

## REPUBLICAN SENATE CAUCUS.

WASHINGTON, Aug. 18.—The Republican senate caucus held yesterday adjourned without having accomplished a great deal. Senator Aldrich brought up the question of Republican interference in the selection of a Democrat on the finance committee when Senator Pettigrew stated there was no need of discussing the subject, as there were eight Republicans who would agree to it as it would result in breaking up all party discipline in the senate. That matter was then dropped. As to taking action on the filling of the vacancy, the general feeling was that no party action was necessary. The resolution of Senator Murphy that there be no further tariff legislation this season was discussed, and it was decided that the Republicans would support it in a modified form, which would not specify tariff legislation but would state in view of the fact that the season was so near the end, that it is impracticable to attempt to pass any contested legislation during the remainder of the season, and that it is the duty of congress to adjourn as soon as possible.

It is probable that if a vote can be had upon the resolution, it would secure enough Democratic votes to pass. The Republicans claim that any separate tariff bill to which there is an objection will be debated until it is defeated by lack of a quorum, and it is useless to make any attempt to secure the passage of any of those now before the senate. The Republican senators expressed the opinion that the Murphy resolution amended as they are willing to accept it, will pass by a majority of ten or fifteen. The resolution will probably be amended so as to strike out all reference to Secretary Carlisle's letter.

## NO VEToes RECEIVED.

The Tariff Sugar Bill With Bounty.

Senator White Selected For the Finance Committee.

The Vigilant Disabled and the Race Off.

WASHINGTON, Aug. 18.—Unless the president is heard from in the shape of a veto by midnight, the river and harbor appropriation bill will, through the expiration of 10 days, become a law.

The Republican steering committee of the senate met today to put in shape the amendments decided upon by the caucus yesterday. One is a resolution instructing the finance committee to report a free sugar bill so provided for, with a revenue duty on sugar and a continuance of the present bounty. The other amendments agreed upon by the caucus and to be put in shape by the steering committee provided for a modification of the Murphy resolution so as to declare against further legislation this season.

Murphy then called upon a resolution declaring against further tariff legislation at this session. Murphy offered an amendment to the resolution declaring it to be the sense of the senate that no further tariff legislation be considered this session and that it be advisable to adjourn at the earliest possible moment. The vote in detail was as follows:

Yeas, Allison, Aldrich, Blanchard, Caffery, Carey, Chandler, Cullon, Davis, Dolph, Gallinger, Gibson, Gorman, Jones of Nevada, Kyle, Mander-son, Mitchell of Oregon, Murphy, Patton, Peffer, Pettigrew, Platt, Pugh, Quay, Roach, Shoup, Smith, Stewart, total 27. Nays, Bates, Berry, Blackburn, Cockrell, Coke, Faulkner, George, Harris, Hutton, Jarvis, Lindsay, Ransom, Turpie, Vilas, Vest and White, total 16.

White Appointed.  
 WASHINGTON, Aug. 18.—In the senate today a resolution for the appointment of White to the vacancy on the finance committee was adopted. The Murphy resolution declaring against further tariff legislation went over temporarily at the request of Gorman. The resolution of Gray instructing the finance committee to report back a free sugar bill with an amendment to strike out the one-eighth differential on refined sugar was adopted.

No Loan Wanted.  
 LONDON, Aug. 18.—The Japanese legation has not received news from Japan to confirm the report that an imperial decree has been issued, authorizing raising a Japanese loan of \$50,000,000. It is stated at the legation that if a loan is required it can be entirely raised in Japan.

A dispatch to the times from Tien Tsin says: The Northern Chinese squadron has vainly searched the gulf of Pe Chi Li for Japanese warships.

## THE TERRIFIC BATTLES

Chinese and Japs Meet in Blood.

Thousands Are Slaughtered on Land and Sea.

'Hell' Let Loose, and a Sea of Blood.

VANCOUVER, B. C. Aug. 10.—From Asiatic advices per steamer Empress of Japan, it is learned that a bloody battle between China and Japan was fought on July 29 at Seikan. There were 6,000 Chinese with 40 cannon and 5,000 Japanese engaged. About 1,000 were killed on each side, and as many more were wounded by arrows and bullets.

The Chinese at a sacrifice of several thousand cannons and 300 wounded on the field, who are said to have been afterwards retched, retired to Koshu, where they fortified themselves on Korean ships. The Japanese army followed them to Asan, where another battle took place. Of this battle no official word can be gained.  
 It is claimed the Japanese are suppressing the news owing to its troops being defeated. Some newspapers say the Chinese, reinforced by 10,000 troops, swept down upon the Japanese and slaughtered them to a man. In Japan, postoffices are being closed. All telegrams are overlooked and all newspapers are prosecuted that publish the news of battles. The Japan Herald claims that China has gained several victories by sea and land of late, news of which has been suppressed.  
 There have been naval engagements between the two powers near Jenthaun, but not one particle of news can be obtained of an important battle. Both the Chinese and Japanese troops continue to pour into Korea, and it is expected that in a short time, one of the greatest battles, numerically, of modern times will take place.

The Yokohama Nippon says: On the 25th of July a naval fight took place at Nanyang bay. The ships engaged were a second rate Chinese man of war and a second rate Japanese man of war. The former were victorious and, though riddled with bullets and shot, and her decks running with blood, chased her foe out of the bay. The latter being faster, steamed away from her, but at night the Chinese warship approached under cover of dark and the bloody contest was renewed by lighted lanterns. The Chinese and Japs fought like demons and the scene was described by an English lieutenant on board the Chinese ship as "Hell let loose and a sea of blood." Men fought with their teeth were not enough to work the guns. The ships were shackled and a hand to hand combat ensued. When the Japanese cried for quarter there were but 50 able bodied men on board.

Coxeyites Freed.  
 BALTIMORE, Aug. 18.—At a conference between Governor Brown, Attorney-General Poe, and the counsel for the hundred imprisoned Coxeyites it was agreed that the governor would pardon all hands except Christopher Columbus Jones, and Marshall McKee, who are to be held for the purpose of testing the right of the state to take the army from encampment and imprison them without trial.

The Vigilant Disabled.  
 FRESH WATER GATE, Isle of Wight, Aug. 18.—The match race between the Britannia and Vigilant is off. Before the starting gun was fired the Vigilant hauled down her racing flag and took in her topsails, having lost her center board. The queen had gone on board her yacht to watch the race.

An Ordinance Enacted.  
 SIOUX CITY, Iowa, Aug. 18.—Last night fifty women raided a harness store in Dalton, where they got whips and drove two dissolute women through streets out into the country, lashing them and warning them not to come back.

Effect in England.  
 LYONS, Aug. 18.—The silk market is tremendously active in view of the passage of the tariff bill. Big orders have been placed at Yokohama for raw silks to be worked up for the United States.
