COREAN INDEPENDENCE

The King Has Declared for the Japanese.

ALL CHINESE TREATIES RENOUNCED.

Chinese Forces Win In Two Engagements.

COREA INDEPENDENT. TOKIO, Aug. 22.—It is officially announced that on June 30th, the king of Korea declared himself independent of China and appealed to Japan to assist him in driving the Chinese from Asia with the assistance of Korean troops. On the same date Korea renounced all treaties with China.

NO ENGAGEMENT. WASHINGTON, Aug. 22.—The Japanese legation received no news of an engagement between the Japanese and Chinese forces, reported from Shanghai in dispatches published this morning.

AFFAIRS IN BRAZIL. VALPARAISO, Aug. 22.—The Herald's correspondent in Brazil sends word that President-elect Morales is greatly incensed against President Peixoto, and the latter's friends are urging him to assume the dictatorship. From Montevideo, Uruguay, news advises are that the Rio Grande rebel committee, which has headquarters there, denies the report sent out by the Brazilian government that General Saraiva is dead. They say he is still unacquainted and is at the head of an army of 8000 determined revolutionists. The arrival of Admiral Saldanha de Gama from Europe tomorrow is anxiously expected.

VIGILANT'S CENTERBOARD. SOUTHAMPTON, Aug. 22.—Divers have been at work endeavoring to free the Vigilant's centerboard, with a view to obviating the necessity for the yacht going to the drydock, and were finally successful in knocking it away from its fastenings. The Vigilant, however, will be compelled to drydock for repairs, which she will do at the same time the Satanita enters the dock. Divers will raise the Vigilant's board, which sank to the bottom as soon as the fastenings broke.

THE KOW SHUNG. LONDON, Aug. 22.—A dispatch to the Times from Shanghai says a court of inquiry has established the fact that the commander of the Japanese warship Naniwa ordered the destruction of the drowning men from the Chinese transport Kow Shung, sunk by the Japanese. Vice-Admiral Fremantle, in command of the British China station, is collecting detailed evidence on the subject.

NOT FRIENDLY. LONDON, Aug. 22.—The Pall Mall Gazette says: "The excitement and mystery in yachting circles is simmering down to a general feeling which can hardly be pronounced friendly to the American visitors." ILLNESS OF THE POPE. LONDON, Aug. 22.—A special dispatch from Rome says the pope had an attack of syncope Sunday, and for some minutes his condition caused much alarm.

THE KOREAN MINISTER. WASHINGTON, Aug. 22.—Yee Sung-ree, Korean minister, and Jarog Bong-Whan, secretary of legation, left Washington for Chicago, on their way home. They will leave San Francisco on the 28th inst., and expect to reach Yokohama about the middle of September. As the regular lines of commerce between Japan and Korea are interrupted, the minister applied to Secretary Gresham for permission to go aboard an American warship at some convenient Japanese port, and that instructions be sent to Commodore Carpenter

to have him and his secretary landed on Korean soil. The state and navy department have the matter under consideration, and it is likely the Koreans will be taken aboard the Concord, Petrel or Menocacy at Nagasaki, and landed at Chemulpo. The only question arising is the taking of a foreign representative aboard a United States man-of-war, under the existing condition of affairs in the east, especially when the United States is pursuing a policy of absolute neutrality.

JAPS DEFEATED TWICE. LONDON, Aug. 22.—The Times has received the following dispatch from Shanghai dated August 21st: Gen. Tio, commanding the Fong Tien division of the Chinese forces, telegraphs as follows: The Chinese forces on Friday attacked the Japanese at Ping Yang, driving them back with a heavy loss, a distance of eleven miles, to Chung Ho. The Chinese made a second attack on Saturday and drove the Japanese from Chung Ho, which is now in Japanese hands. The Japanese again lost heavily in Saturday's fighting. Another great battle is expected today. Admiral Fremantle, the British commander has established the headquarters of his fleet at Chee Foo, where the British, Russian and American ministers are now.

GOING HOME. TACOMA, Aug. 22.—Five young Japanese of Tacoma sailed on the steamship Tacoma for Yokohama, where they intend to enlist in the army and fight against China.

COSTLY ASSASSINATION. WASHINGTON, Aug. 22.—A celebrated case which has occupied a good part of the attention of the state department for years and has also figured in congress several years, has just come to a successful termination and the Mexican government has placed with the state department to the credit of Mr. Leon McLeod Baldwin, the sum of \$20,000 as an indemnity for the assassination of her husband. Mr. Baldwin was superintendent of the Valencia mines. In August, 1887, he was shot and killed by two desperadoes. The Mexican government renounced responsibility for the assassination and it has taken seven years to determine otherwise.

REV. MOSELY RELEASED. WASHINGTON, Aug. 22.—Some days ago the dispatches from Mexico announced that Rev. H. R. Mosley, a Baptist minister, had been imprisoned at Santillo, Mexico, as a result of publishing a pamphlet, entitled "Three centuries of Romanism in Mexico." The publication caused much excitement and it is probable the reverend missionary was arrested by the authorities to preserve him from harm quite as much as to punish him. At any rate they made no objections when United States Consul Donnelly requested his release.

Cleveland Returns. NEW YORK, Aug. 22.—President Cleveland left for Washington this afternoon.

STAGE GLINTS. It is said that George W. Wilson will not head the "Shore Acres" company No. 2 next season, all negotiations to that end being off.

"A Cork Man" is the title of the new musical comedy in which the Irish comedian, Herbert Cawthorn, will star the coming season.

A POLITICAL PABULUM.

Income Tax Is Knocked In the Head.

ANTI-MONOPOLIST ROW IN NEBRASKA

"Reorganized" Democrats Win in California.

THE INCOME TAX. NEW YORK, Aug. 22.—A special from Washington says: In addition to a long list of errors found in the Gorman tariff bill the surprising discovery has been made by the treasury department officials that no appropriation has been made for putting into effect the income tax provisions.

STRIKING SENATORS. WASHINGTON, Aug. 22.—There were twenty-one senators present today when the senate was called to order. The sergeant-at-arms was directed to request the presence of absent members. The senate went into executive session.

SILVER MARKET. NEW YORK, Aug. 22.—The drift of opinion on Wall street is, that up to the present time the demand for silver comes from speculators. They profess to know no direct buying for China, and say in making prices they entirely follow the London market. One prominent bullion broker said the rise probably had been assisted by the introduction in the house yesterday, by Johnson, of North Dakota, of a bill for unlimited coinage of silver. At the New York agency of the Hong Kong and Shanghai banking corporation, it was said that the recent Chinese loan of 10,000,000 taels, equal to \$700,000 of our money, was a silver loan, but if a large war loan was issued, it would likely be in gold, and therefore Chinese loans should not necessarily result in advancing the price of silver.

NEBRASKA REPUBLICANS. OMAHA, Aug. 22.—The largest Republican state convention ever held in Nebraska met today. Lieutenant Gov. T. B. Majors was nominated governor. The Omaha Bee and anti-monopoly element party will fight Majors.

CALIFORNIA DEMOCRATS. SAN FRANCISCO, Aug. 22.—The Democratic state convention reconvened at 10:30 today. First the railroad fight was settled. By a report of the committee on credentials in the case of contesting delegations from Sacramento "the Old Liners" were defeated and the convention recognized "the Reorganized Democracy," delegates who are outspoken against Southern Pacific interests. The usual committees were then appointed, after which the convention adjourned till tomorrow.

Fond of Beer. CHICAGO, Aug. 22.—Several witnesses were examined by the strike commission today and gave testimony favorable to the Pullman company. Paul E. Herms, a news dealer, said the trouble with the men is largely due to fondness for beer. All the saloon keepers in the surrounding towns had grown rich.

Chapter Masons. TOPEKA, Aug. 22.—About 300 prominent masons from all the states in the union are in Topeka attending the 29th triennial convocation. General Grand Chapter Royal Arch Chapters have been granted to the councils at Salt Lake City, Spokane and Seattle.

The Wage Question. PORTLAND, Aug. 22.—It is rumored the engineers and firemen will take the question of reduction of wages on the O. R. & N. to the courts.

END OF A LAWLESS INDIVIDUAL.

Gets a Laconic Verdict From a Coroner's Jury.

KLAMATH FALLS, Aug. 22.—Word is received from Lakeview, Oregon, that last Monday night a mob of masked men surrounded the county jail there and compelled City Marshal Helmeyer, who is acting as jailer, to hand over the key of the jail. The mob entered the jail and brought out a prisoner named W. S. Thompson and hanged him on the court house steps. Thompson was confined in jail on charge of assault with a dangerous weapon. He was a resident of Warner Valley, where he had hosts of enemies, who allege Thompson did as he pleased, killing horses and cattle and abusing people. At one time he is charged with almost having caused the death of his wife and child. A coroner's jury returned a verdict that Thompson came to his death by strangulation by unknown hands.

PERSONAL GOSSIP.

Grand Master Sovereign of the Knights of Labor is a tombstone cutter by trade. Alderman V. B. Dillon has been nominated for lord mayor of Dublin for 1895. He has already held the office. Lord Tennyson recently applied to the bishop of Winchester for authority to erect a tablet to the memory of his father in a Freshwater church. The Marquise Lanza is busy writing another novel. She is no longer a resident of New York, having rented her charming house and taken one in Washington near her father's residence. The pope, although there is no remarkable change in him, is declining in strength. He is much bowed in figure and has rather frequent fits of somnolence, as was the case about two years ago.

Miss Agnes Roppler, who is now visiting London, has become a literary lioness in that city. Andrew Lang has given a dinner in her honor, among the guests being Professor Max Muller, the philologist.

Governor Tillman of South Carolina makes no secret of his candidacy for the United States senate. "I went into the fight three years ago," he says, "for the biggest plum. I shook it down, and now I'm after another."

Miss Ollie E. Field of Mitchell, Ind., and Will S. Burdick of Alfordville, Ind., two students of the Southern Indiana Normal college, were married on the stage at the conclusion of the graduating exercises at Mitchell.

President Casimir-Pierie continues to show that he has no intention of being a slave to precedent. He has expressed his determination to make several changes in the official life in the Elysee. He will reduce the military household and create a civil household, which has not heretofore existed.

Queen Victoria is possessed with a particular longing to visit the Holy Land, to look down upon Jerusalem from the Mount of Olives and try to picture the past, and the older she grows the more is her desire to undertake this pilgrimage, and none of her immediate entourage would be astonished if she made up her mind suddenly to set out on her journey.
