## FAREWELL STATE FAIR.

The Receipts Surpass Those of Last Year.

BY SEVERAL THOUSAND DOLLARS.

Conclusion of the List of Premiums Awarded.

Up to Friday night the total receipts were \$1200 greater than all of last year. Friday aggregated \$1700, or \$200 less than Thursday. All premiums and awards will be paid in full.

The state prison exhibit of curious carvings and articles made by convicts was shown off in a large case in charge of J. B. McMillan.

Prof. Morrison, of the Polytechnic institute, displayed a good exhibit of mechanical and artistic work produced by his school. The wood turning, metal work, dynamos, carvings interested parents very much.

D. J. Fry's drugstore showed an elegant case of rare perfumes and his own manufacture of choice flavoring extracts, squirrel and gopher powder and Redding's German condition powder. It was a very creditable display from one of Oregon's leading manufacturing chemists.

Saturday forenoon two wheeling contests were announced on the state fair tracks. A \$15 gold medal, \$8 silver medal, \$5 sweater and a \$45 watch contest for boys' race, one-half mile.

Lee came out with a new fifteen pound rambler, the lightest wheel ever on the track. The entries for the ten mile were as follows from the pole: Murphy, Miller, Wright, Lee, Winters. Pace was set by Shipp and Singleton on a tandem wheel.

At 11:15 all came to the scratch, time limit was set for 33 minutes. Winters led off, Murphy following Winters, Lee and Wright following. The first mile was made in 2:58, positions the same. Second mile, 3:03, no change; third mile, 3:04; three miles in 9:05; against a hard north wind. On the fourth Murphy set the pace. On the fifth Miller paced. Time 3:04; fifth 2:52. The sixth was a slower mile, 2:59. On the seventh Lee took the pace and the mile was made in 3:12. The order on the eighth. first was Wright, Murphy, Winters, Miller, Lee. Time three minutes flat. Murphy was keeping behind big Dr. Wright. On the ninth they came in Winters, Lee, Murphy, Wright, Miller. The bell rang as they entered on the tenth. The ninth had been made in three flat. On the half Wright sustained a fall. All the riders generously waited for him. The finish was Lee, Murphy, Winters, Wright. Time 3:17. Lee's spurt was grand but his light wheel came in for a share of the glory.

Murphy to steer and Shipp to behind, tandem crossed the line at 12:25. The

half was made in 1:30. The mile was announced as made in 2:40.  
The boys race did not start, but will be run later this afternoon.  
It was only by importing a 15 pound racing wheel that a Portland man got a medal at the Oregon state fair meet, and that was only by a scratch.

MANY PEOPLE KILLED AND INJURED.

Mason City, Algona, Spring Valley and Marshland Hit.

WINONA, Minn., Sept. 22.—A cyclone from the southwest struck Spring Valley, Minn., at 10 o'clock last night, demolishing the Winona & Northwestern depot, water tank, oil tank, cold storage house, Schell's brewery company and a dozen houses. Three persons were killed and many others injured, some of whom will die. The cyclone afterwards struck Homerville, four miles south of here, destroying three barns, the new town hall, a general store and two houses. The storm then passed the river, striking Marshland, on the Wisconsin side, destroying several houses, but injuring no one as far as reported. In Gilmore valley, at West City several houses and barns are reported uninjured. Reports of damage are coming from the vicinity of Marshland, Wis. The Eastern part of Leroy was swept, the Milwaukee depot was destroyed, together with other houses and the following were killed: Henry Finney, Gilbertson, a drummer boy, Mrs. Danton and Joe Nelson, a laborer.

The town of Clynder, twenty miles west of this place on the Milwaukee road, it is reported, was literally swept from the face of the earth. About 25 miles north of that place a family of four, named Goulden, were all killed. Robert Stevenson was killed and his wife probably fatally injured.

Two Duels Imminent.

CHICAGO, Sept. 22.—Two duels instead of one may be fought by Editor Reubensamen of the Abend Post. Editor J. P. Stephens of the Free Press was challenged by Reubensamen because of an article reflecting on the German Press Club, and said if Reubensamen insisted he should have all the satisfaction he desired. Both served in the German army and as cutthroats have been named it is thought the duel will result in bloodshed. Reubensamen this afternoon challenged City Editor S. Eldman of the Free Press after a quarrel.

## BUSINESS AND FINANCES.

State of Commerce—National Treasury—Wool Market.

New York, Sept. 22.—Bradstreet today says: The condition of general trade this week is an improvement over one week ago, one favorable feature is that we have maintained surprisingly good reports from business in the south, and with some exceptions in the west, the same are indicated by our special advices from Baltimore, Nashville, Chicago, St. Louis, Portland, Or., and San Francisco. The activity reported in almost all lines at Chicago one week ago is continued, merchants being satisfied with the situation. Many western buyers who used to buy in the eastern markets are purchasing stocks at Chicago. The greatest activity is shown in dry goods, clothing, millinery, shoes and wool. Tobacco is active, a lot of 700,000 pounds having been sold to a Rhode Island man.

The season's shipments of wheat from Portland, Or., and San Francisco have begun and a vessel sailed this week from Portland and six from the Golden Gate. Sales in larger cities on the Pacific coast have increased in all lines. Receipts of Alaska salmon have been very heavy and exports promise to be correspondingly large.

There were 213 business failures reported in the United States this week against 228 last week, as compared with 328 in the third week of September, 1893. In that week of 1892 there were only 174 business failures reported, but in 1891 the aggregate for the week was 250.

NATIONAL TREASURY.

WASHINGTON, Sept. 22.—The treasury statement issued shows that the custom receipts at the New York custom house for the first twenty days of this month have been \$7,411,797 against \$4,852,952 for the first twenty days of last month and \$5,597,571 for the first twenty days of September, 1893. Not one dollar in gold coin or gold certificates was received at the New York custom house during the first twenty days of September.

At the close of business Friday the net cash in the treasury was \$125,763,175, of which \$58,005,097 represented the gold reserve. The gold reserve passed another million mark and reached the highest point since July 28th, when it began to dwindle to the lowest point in the history of the department, \$52,000,000.

WOOL SALES.

LONDON, Sept. 22.—There was a good attendance at the wool auction sales and extreme competition between French, American and German buyers. Greasy, Victoria and Sidney wools were especially required, obtaining in exceptional instances a penny advance from the last series. A general advance of 5 per cent is now fully established in Australians, while Cape of Good Hope and Natal are generally weaker. American buyers bought 600 bales today.

SWINDLERS CAPTURED.

Placed Large Orders, Sold Out Low, and Never Paid.

CINCINNATI, Sept. 22.—Government officials have made a capture that has attracted a decided sensation. Men who have heretofore borne good characters in the neighborhood where they lived, who have been quoted as gilt edged by mercantile agencies, were caught in one of the most gigantic swindles of the age. For six months postoffice inspectors were working on the case and now have the swindlers in jail. Their modus operandi was to order goods by cards from large firms, refer to one another and to banks in Maysville, where they made large deposits. They would pay a little cash down and then swindle the firms out of the balance. They sold the goods at a great sacrifice as fast as received. Officials say the stealings in the past year will amount to over \$100,000.

THE MARKETS.

SAN FRANCISCO, Sept. 22.—Wheat Cash shipping 60@51.

CHICAGO, Sept. 22.—Wheat, Sept. 63; Dec. 54.

PORTLAND, Sept. 22.—Wheat valley 75; Walla Walla 65@67.

HAWAIIAN POLITICAL NEWS.

SAN FRANCISCO, Cal., Sept. 22.—The steamer Australia arrived from Honolulu this morning, bringing news to September 15th. The coming elections of October 29th, are creating considerable talk. From the present indications there will be no opposition to the government candidate. One of the provisions of the new constitution is to the effect that all government officials who have not taken the oath of allegiance to the Republic by September 1st, will be removed from office, and this rule is being carried out, even to the exclusion of women as school teachers.
