### THE DAY'S OREGON NEWS.

Gathered by Telegraph and From Exchanges.

Prof. Louis Barzee delivered an address at the Sodaville Seminary Monday evening, September 24th.

The Newport brewery, owned by Robert Schweibold, has made an assignment. Liabilities \$1200, assets \$5800.

One day last week two Lane county hop growers sold 10,000 pounds of hops to Herren & Levy for 63 cents per pound. Two German families, while on their way home from the hop yard were held up and robbed of their hard earned cash near Springfield.

M. A. Miller, the Lebanon druggist, has sold over 6000 pounds of brimstone to the hop growers in that vicinity at a lower price than any other firm in the valley.

The new \$12,000 school house in East Albany is now completed and school will commence Monday, October 1st. It is one of the finest school houses in the valley and the work is first-class throughout.

M. V. Rees, a Thurston, Lane county fruit grower, has gone to Missouri to sell his apple crop, which is good this year for the first time in four years. He has sixty acres in apples and estimates that the yield will be about 7,500 bushels. Eastern buyers have offered 50 cents per bushel.

Mr. Buchanan, who lives above Harrisburg, lost 1500 bushels of oats last week by fire. He had left the grain out in the field near the stack and thinking it was going to rain, set fire to the stack. After he had guarded it until he thought there was no danger he went home. During the night the fire started up and burned both straw and oats.

The saloonkeepers of Lebanon say they cannot pay the present license of \$600 a year and have made the following proposition to the city council: If the license is reduced to \$400, each will take out a license for a year; if the reduction is not made, they will consolidate the two saloons and run under one license. The licenses expire the 10th of October. The city council will meet in special session this evening to consider the matter.

Mr. McClure, of the Bladden fruit farm near Eugene, is loading a large refrigerator car at the depot with prunes, which go to Sioux City, Iowa. The car will hold 1250 boxes and they weigh 20 pounds each. They sell in Sioux City at wholesale, at \$1.25 per box, netting the shipper about 80 cents per box. The trees in the orchard are yielding about 24 bushels of the product each. Mr. McClure expects to receive about \$1040 net for the car. Italian prunes, green, are in excellent demand East, but other varieties are very slow sellers and are from 65 to 80 cents per box. As will be seen from the above figures raising Italian prunes is a profitable business.—Eugene Guard.

## BILL MCKINLEY TALKS.

### Startles the World With Democratic Tariff News.

### THE AMERICAN PRODUCERS ROBBED.

### Hawaiian Sugar Kings Greatly Enriched.

INDIANAPOLIS, Sept. 25.—Gov. McKinley in speech here today upon public affairs opened with a scolding reference to the administration of President Harrison under which he said the country prospered as it never had prospered before or since. The address was devoted almost wholly to a discussion of the tariff and especially the effect of the democratic tariff law. The governor pronounced a phase of the law recently passed which was a startling surprise to the audience. The sugar schedule, (schedule E) he said in effect provides for a continuation of the treaty of 1875, made with the king of the Hawaiian islands, under which all sugars from those islands are admitted free. This provision was inserted by the senate. "It gives the sugar trust," said Gov. McKinley, "an advantage which had not heretofore been suspected." The sugar production of the Hawaiian islands is under control of the sugar trust. That country is the field of its primary operations. The democratic party took away from the sugar raisers of the United States a bounty of \$10,000,000 per year and bestowed a bounty of \$6,000,000 per year on the sugar producers of the Hawaiian islands, giving them advantage over not only the sugar producers of the United States, but of the whole world outside these islands. The revolt of the Louisiana sugar planters against the party which had smitten them so heavily was also referred to.

Science and experience concur in the judgment that Dr. Price's Baking Powder is the purest and best ever made.

### Murder at Albany.

ALBANY, Or., Sept. 25.—Two young gentlemen returning from a reception at the college about 11:30 p. m. found the body of a man in the alley back of the United Presbyterian church with his feet on the walk. Thinking the man drunk, they went for Nightwatchman Jones. Dr. J. L. Hill and son returning from a call, arrived at the place soon after and found the man was dead.

There was a bullet hole in the left side, under the heart. They sent for the acting coroner, Judge J. C. Powell. On the body was found a Masonic pin, a Masonic diploma and a receipt from the Corvallis lodge, A. F. & A. M., showing the man was E. H. Burnham.

In one of the pants pockets were some keys, and a knife in the other. In the hip-pocket was a handkerchief. There were \$1.35 in loose silver and a watch-key in one vest pocket, but no watch. The body was taken to the engine-house. It was plainly a case of murder and robbery. Mrs. Crouch, living in the house opposite the church, heard a shot and some one cry for help, and awakened her husband, but others found the body before he reached there. The body was still warm when found.

### The Death List.

Magli, of the cruiser Akihama; Lieut. Aase, of the cruiser Yoshima; Chief Surgeon Myack, Chief Paymaster Ishizuka, and Surgeon Morakos. ### Jack the Ripper Style.

VIENNA, Sept. 25.—A terrible double tragedy of "Jack the Ripper" order is reported from America, not far from Infespruck. A young and pretty waitress of America went away from her employer's residence to witness a religious procession. On returning home the girl was murdered, and the only clew to her assassin is the knife picked up near the body. Near the spot where the waitress was killed the body of another woman naked and slashed with a knife was found today. In addition another woman belonging to the same neighborhood is missing. A strong detachment of gendarmes and two companies of riflemen are scouring the country around America, but all the efforts to arrest the murderer have proved unsuccessful.

### Banker Missing.

ANTONIA, Or., Sept. 25.—J. R. Morrison, a banker of Ilwaco, who was supposed to have left Portland last Monday evening to attend the Republican convention at Spokane, has been missing since that time, and much uneasiness is felt at his disappearance. It is thought that he has been foully dealt with. He went to Portland last Monday morning in company with L. A. Loomis and J. G. Meigs, and Morrison was missed before the train arrived at Spokane. Every effort is being made to trace him.

## NEW YORK DEMOCRATS

### Hill Temporary Chairman of the Convention.

### HE SEVERELY CONDEMNS THE A.P.A.

### Also the McKinley Tariff—Cleveland and Flower O. K.

SARASOTA, Sept. 25.—Senator Murphy called the democratic state convention to order here at 1:20 p. m. Senator Hill was named for temporary chairman amid intense enthusiasm. Susan B. Anthony and other women suffragists are here to urge the adoption of a plank in favor of extending the ballot to women.

In his remarks Hill said: "The Democrats of the Empire state assemble here today undismayed at the premature boasts and assumed confidence of our adversaries. We win our victories on election days, and not by exuberant bravado in convention halls. New York is still Democratic, and if we are true to ourselves will this year resume her place in the Democratic column. The people have not forgotten it, nor the Republican administration which in the ill-fated year of 1890 saddled the country with the unwise and vicious legislation, which has since crippled its prosperity, endangered its finances and augmented its public burdens." Hill went on with an arraignment of the McKinley law, eliciting frequent applause. Commendation of Cleveland and Flower set the convention wild. When he condemned the American Protective Association methods, there was hearty applause. The convention adjourned till tomorrow.

### A 25 Round Fight.

NEW ORLEANS, Sept. 25.—The first of a series of fights which will form a pugilistic triple event at the Olympic club, took place last night in the presence of about 5000 people. Prof. John Eckhardt, the popular New York referee, officiated. Murphy and Plimmer fought for a purse of \$2,500; \$2000 to go to the winner and \$500 to the loser. The fight was declared a draw at the end of the 25th round. Plimmer forced the fighting, though Murphy proved game. In the eighteenth round Plimmer knocked Murphy down with a blow on the neck, but the latter got up and fought gamely. In the 22d Murphy got in his work on Plimmer's jaw and sent him sprawling. The referee declared the match a draw and his decision received general approbation. Plimmer had the best of the fighting, but the little Bostonian's gameness and generalship saved him through the required 25 rounds.

### Yankee Democrats.

NEW HAVEN, Conn., Sept. 25.—The Democratic convention today nominated Ernest Cady, of Hartford, governor. The platform endorses Cleveland and condemns the American Protective Association.

### County Clerk Robbed.

### Fire at Marion.

G. W. Epier's residence, one mile north of town, caught fire Sunday about 12 o'clock. The house and nearly all of the contents were consumed in a very short time. No one being at home except Mr. Epier, who saved only a few trunks and their contents, and was badly burned himself on one wrist by some fire dropping on it, while he was carrying something out of the house. The house was occupied by P. W. Van Burin and family, Mr. Epier and his daughter Ruby and B. H. Van Burin (Pete's father); but they were all away from home except Mr. Epier. Pete and family and his father were in Jefferson, on a visit, and Ruby Epier was in Salem. The estimated loss is about \$2000. Insurance on house \$600; on contents \$800. The fire caught from the flue burning out and sparks dropping on the roof.

### Oriental Comments.

YOKOHAMA, Sept. 25.—The Asahi, a Japanese paper declares: "We have already stated that a treaty with the United States was in progress, and almost reaching its completion. We hear now that the United States government has appointed by cable Mr. Dun, its minister in this country, minister plenipotentiary for ratification and exchange of the ratifications." "We believe," remarked the China Gazette, "that we are not premature in stating that formalities have been arranged and everything is out and dried for the completion of a new set of trading regulations between Great Britain and China, which we are assured will be found very advantageous to the former, from a commercial point, at least."

The Shanghai Mercury says it is rumored in Peking that the emperor has expressed his desire to personally take charge of operations in Corea, and to leave the throne under the regency of the empress dowager. When his majesty made known this desire, his hearers are said to have knocked their foreheads and prayed his majesty not to let his anger drive him so far as to engage with so paltry an enemy, but to let his officers drive off the barbarians. Defenses of Moukden, the home of the Tsing dynasty, are being strengthened. The garrison has been reinforced by 8000 trained troops. It was rumored some time ago, says a Japanese journal, that Chung Tse Tung and others were going to impeach Li Hung Chang, but nothing has resulted.

It is even said that an appointment was made to deceive the Peking government. That government, continues the same paper, considered it most inexpedient that Li Hung Chang should declare war when the empress dowager was about to celebrate her 61st birthday.
