### THE DAY'S OREGON NEWS.

Gathered by Telegraph and From Exchanges.

A meeting of the Oregon Association of Nurserymen will be held at Portland, Oregon, October 3d, 1894, at 2 p. m. in the parlor of the Hotel Perkins, corner Fifth and Washington streets. Mr. A. Brownell, of Albany, is president of the association.

The yield of wheat in Gilliam county was from one-third to one half greater than was anticipated. It will take the farmers about one year to haul their wheat to the railroad and, notwithstanding the low price, a large amount of money will be put into circulation.

The Y. M. C. A. of Albany is going to have a night school for the benefit of the young men of that city who cannot attend during the day. The class will study book keeping and arithmetic, under the direction of Prof. C. F. Howland.

State Fish and Game Protector H. D. McGuire is a very much disappointed man. The hatchery established through his efforts on the Siuslaw river has been closed for the season, and not a salmon has been hatched there this summer.—Portland Telegram.

Across the seas and round the world go the praises of Dr. Price's Cream Baking Powder. Beyond comparison "the most perfect made."

LAW STUDENTS.—The following law students were examined for admission to the bar and await the decision of the court: John W. Biggs and Geo. H. Gottanaek, Canyon City; G. M. Short, Marshfield; W. A. Murdy, T. R. McDevitt, J. E. Marks, Portland; F. T. Griffith and Geo. W. Swope, Oregon City; A. E. Yerer, W. C. Hawley and G. W. Hollister, Salem; Geo. W. Kinsey, Eugene.

IS IT TRUE?—An Eugene paper says: It is reported here among the railroad boys that the Roseburg local will be discontinued on the first prox. It is claimed by the management that the overland can take care of all the passengers. This change will lay off quite a number of deserving men.—Eugene Guard.

A PROSPEROUS PLACE.—Yakima county Wash., has a potato acreage of 6000 acres, which at 200 bushels per acre, will yield a crop of 1,200,000 bushels, equal to \$300,000 at 25 cents per bushel.

A POPULAR SCHOOL.—The State Normal school at Drain has opened with the largest attendance in the history and students are still entering every week. The boarding hall is more popular than ever under the new management of matron and students.

THREE PAIRS.—E. A. Popham and Nellie Gelham, H. M. Edwards and Mrs. Martha E. Stites, Leonard Walker and Annie Carter, were respectively granted licenses to wed by the county clerk today.

C. W. Scriber returned today from Portland. He reports that their daughter, Mrs. Holbrook, is improving.

J. O. Sigmund of Jefferson is in the city for a few days.

"As old as the hills" and never excelled. "Tried and proven" is the verdict of millions. Simmons' Liver Regulator is the only Liver and Kidney medicine to which you can pin your faith for a cure. A mild laxative, and purely vegetable, acting directly on the Liver and Kidneys. Try it.

Better Than Pills

Druggists in Liquid, or in Powder to be taken dry or made into a tea.

The King of Liver Medicines. I have used your Simmons' Liver Regulator and can conscientiously say it is the best of all liver medicines. I consider it a medicine class in itself.—Geo. W. Jackson, New York, Washington.

## REPUBLICAN VICTORIES

### Connecticut City Elections All Go That Way.

### THE A. P. A. MEET A DECIDED DEFEAT.

### McKinley Finds Halls Too Small for Republicans.

### OUR NEXT PRESIDENT.

### McKinley Opens the Missouri Campaign With an Ovation.

St. Louis, Oct. 2.—While Senator Vest was opening the Democratic campaign in Missouri at Kansas City last night, Governor McKinley, facing a vociferous crowd in a large hall here, made the opening address of the Republican campaign. It was the third state campaign which he had opened in a week. The Hon. Chauncey I. Filley, chairman of the Republican state committee, ex-Representative Neidringhaus and a committee of reception met Governor McKinley at the depot and escorted him to the Planter's hotel, where he held a public reception.

He spoke to the Merchant's Exchange and also at the fair grounds to 50,000 children. When introduced in the evening he said: "Your chairman said this was the opening of the Republican campaign in Missouri. I wonder in my heart what its close will be. The truth is, that no hall is large enough for Republican meetings this year."

While Governor McKinley spoke inside the hall, Charles F. Jay and Representative Barthold held an overflow meeting of 2500 people outside. Governor McKinley will speak at Kansas City, Kan., this evening.

### Yankeeism Republican.

HARTFORD, Conn., Oct. 2.—Elections for the choice of town clerks and justices of the peace, and for the purpose of voting on the liquor license question, were held yesterday in the various towns throughout the state, while in Norwich and New London city officers were balloted for. Much interest is attached to the election from the fact that the American Protective Association had taken a prominent part in the campaign. Returns from forty towns in this section of the state show that the Republicans gain ten towns.

NEW HAVEN, Oct. 2.—Returns from 100 towns in Connecticut show unprecedented gains for the Republicans in the town elections yesterday. Towns that have not elected Republican officers in years went Republican by a thousand majority. In Waterbury the American Protective Association aroused the Catholics, who elected the entire school board of Catholics. In almost all towns the American Protective Association has met with defeat.

Meriden, Norwich, Middletown and New Milford, which have been Democratic for years, were captured by the Republicans. New London elected a Democratic mayor and displaced a Republican. Republicans, however, captured all the other offices.

Neither legitimate competition nor envious rivalry can shake the hold of Dr. Price's Baking Powder on the public.

### Removing Treasures.

LONDON, Oct. 2.—The Daily News prints a dispatch, under a Vienna date, stating that the Chinese government is removing from Moukden all the treasures stored there and taking them to Jehol, whither the emperor Yien-Joog fled in 1890, because of his pursuit by the English and French armies.

### Near Peking.

LONDON, Oct. 1.—The Times today prints a dispatch from Shanghai stating that a report is in circulation there that 35,000 Japanese troops have been landed on the Shanghai coast, between the Yellow river and Tien Tsin, headed by the magistrate of that place, have publicly thanked Colonel V. N. Hannen for his services in the battle of the Yalu.

### Two Million Drop.

WASHINGTON, Oct. 2.—The first monthly receipts of the treasury department, namely for the month of September, under the operation of the new tariff law, were made public today. The aggregate receipts for the month were \$22,513,236, as compared with \$24,553,746 for September, 1893.

### A Kansas Cyclone.

WICHITA, Kan., Oct. 2.—A destructive cyclone passed through here last night. It first struck the Twelfth street depot of the Missouri Pacific road and it was demolished, the roof of it striking the stable of Dr. Hupps, two blocks away, crushing it like an egg shell. Twelve men were in the building and strange to say none were hurt, although they were thrown about some. The storm passed east about a mile, accomplishing all its destruction in less than two minutes. About 30 houses and barns were wrecked and probably 500 shade trees. The path of the cyclone was about 50 feet wide. It progressed with a fearful roar and was a regular twister.

### A Pugilist Murderer.

PORTLAND, Oct. 2.—A dispatch from Helena, Mont., furnishes particulars of the fatal shooting of Frank Dorrity, a gambler, by Tom Cleary, the well known pugilist. The murderer was the outgrowth of a drunken quarrel. The men had trouble but settled it apparently by taking a drink together. Subsequently the quarrel was renewed with fatal results. Cleary is now under arrest. He is well known in sporting circles in Portland and all over the state.

### Annexation of Madagascar.

LONDON, Oct. 2.—A dispatch from Madagascar says that some Englishmen, who hold large mining, agricultural and forest concessions in Madagascar, sent a letter yesterday to the Nova premier, announcing that, conjointly with certain London and Continental banks, they will soon send to Madagascar a large amount of money to be used for commercial purposes. The letter says that France will not be permitted to annex Madagascar.

### William and the French.

PARIS, Oct. 2.—Le Gaulois says: "Emperor William recently received a Frenchman passing through Berlin and said to him: 'I shall meet you again at the Paris exhibition in 1900.' The Frenchman expressed surprise. The emperor thereupon said: 'I know the French character. Once I say I shall go to their exhibition, I know what I have to do in order to carry out my intention.'"

Will talk about the tariff ever cease? There is far greater benefit in talking about the merits of Dr. Price's Cream Baking Powder.

### In Bad Shape.

FAYAL, Oct. 2.—The British ship, Ainsdale, Captain Ownes, which sailed from Tacoma, Wash., May 10th for Queenstown, has put into this port for medical assistance. The Ainsdale encountered heavy seas on her voyage, during which seaman Thomas Dickson was badly injured, and Glasgow, Thompson, Frelinton and Kendall were washed overboard and drowned.

### London and Paris.

PARIS, Oct. 2.—Figaro says M. De Crais, French ambassador at London, has returned from that city much discouraged, and the belief gains ground he has been unsuccessful. Figaro adds: "Our relations with Great Britain for some time past have been of a difficult nature. The truth is, the discussion of the Egyptian question is no longer ventured openly between Paris and London."

### Captured Matamoras.

AMSTERDAM, Oct. 2.—Dispatches from Batavia announce the Dutch, after eight hours' hard fighting, captured Matamoras, the stronghold of the Balinese rebels. The Dutch loss was one lieutenant and 42 privates killed and four officers and 44 privates wounded. The Balinese lost heavily.

### The Train Robbers Caught.

TUCUMAC, Ark., Oct. 2.—The three robbers who held up the Southern Pacific passenger train yesterday, secured only about \$100 and a watch. One of the robbers was captured by a posse after being wounded. It is believed the others will be caught.

### Is She Gould's Child?

St. Joseph, Mo., Oct. 2.—James Morton, aged ninety years, an inmate of the poor farm at Kingston, confirms the story of J. Frank Pierce, of Rock Springs, Wyoming, that his wife is the daughter of Jay Gould. Morton says he adopted the child when she was two years old. He then resided at St. Thomas, Canada West.

### The Storm in Cuba.

HAVANA, Oct. 2.—The storm which raged throughout the island of Cuba September 23 and 24, destroyed 41 houses in Santa Cruz del Sud.

## CHINA IS TOTTERING.

### The Japanese May March On to Peking.

### TO BE ATTACKED BY LAND AND SEA.

### China Troops Drafted to Protect Their Sea Board.

SHANGHAI, Oct. 2.—Anti-foreign feeling at Peking is increasing hourly and the authorities find it very difficult to repress the outbreaks of the Chinese population. Leading Chinese representatives at Peking fear if the Japanese march upon Peking, the capital will be captured, as the Chinese soldiers gathered to defend it are dissatisfied and unreliable. It is reported that Li Hung Chang has received orders not to proceed to Corea.

TIEN TSIN, Oct. 2.—It is officially announced that 5,000 Japanese troops have arrived close to Passait Bay, near the Russian frontier. By a previous announcement it is reported that the Japanese fleet was sighted September 29th, ten miles from Shan Hai Wan, 200 miles from Peking. Large bodies of Chinese troops have been drafted to that district within the last few days to prevent the Japanese from landing.

### Concentrating Near Moukden.

LONDON, Oct. 2.—Shanghai dispatches say the appointment of Prince Kung, the emperor's uncle and president of the foreign board of admiralty, to act as co-director with Li Hung Chang in the conduct of Chinese affairs, is looked upon as partaking of the nature of a coup d'etat. New Chinese soldiers are now en route to Corea, all of them being concentrated in the vicinity of Moukden and Hung Chang. Chinese transports have gone to Hang-kow for troops. It is reported Tantal Chen has been found to be implicated in furnishing information regarding the Chinese movements to the Japanese authorities. The power of the emperor's uncle, Prince Kung, includes the imperial palace, Bung Kwei. The emperor's father-in-law has started from Shang-Hai Kwan, which is on the road to Peking, with 5000 picked Manchurian soldiers. Preparations for the better defense of Peking are being energetically pushed. It is expected the garrison there will be reinforced by 20,000 Kashgars. Twenty-five thousand troops are being massed at Tung Chow, near Peking.

As incomparably the best leavening agent now in use Dr. Price's Baking Powder has supplanted all others in popular favor.

### Big Reduction in Wages.

ST. LOUIS, Oct. 2.—A reduction of wages in the rolling department of the tinplate works at the St. Louis Stamping Company, is announced. Thomas Neidringhaus was seen, and he said: "Under the McKinley bill the duty afforded us protection on tinplate estimated at 75 per cent. The Wilson bill affords protection of only 35 per cent."

### Corbett Talks.

HAVENHILL, Mass., Oct. 2.—James J. Corbett said today: "I am disgusted with this whole business, but I propose to hold to my decision, not to meet Fitzsimmons until after he has fought O'Donnell, and demonstrated his ability to spar in my class."

### A Ravisher.

FORT WORTH, Tex., Oct. 2.—In the county jail Martin Irons, whose name was made famous by the conspicuous part he took in the great railroad strike of 1893, is a prisoner charged with having attempted to assault the seven-year-old Rosalia Estrada.

### The Deadly Cyclone.

### A Salem Man.

SAN FRANCISCO, Oct. 2.—William Bray, a clerk from Salem, Or., created a sensation at 317 Mission street this morning and was taken to the city prison. He acted so strangely that he was removed to the receiving hospital and put into a padded cell. His mind seems to be affected, but he is not violent. He says he has been hunting for Napoleon, the Little Corporal, and wants to go into exile with him at St. Helena. He is a man of about 30 years.

### Roseburg's Election.

ROSEBURG, Or., Oct. 2.—The annual city election was held here yesterday. The main fight was for marshalship, for which there were six candidates, although there was much interest taken in the election of councilman. The following officers were elected: Councilmen, John H. Shupe, B. W. Strong, W. T. Wright, Ira F. Rice and M. F. Rapp; marshal, F. W. Carroll; recorder, F. M. Zigler; treasurer, J. A. Cox.

At the close of the conference, Hill and De Forrest left the hotel together. To reporters Hill said: "I must decline to say anything of a political nature." De Forrest, however, remarked: "Senator has not yet accepted the nomination."

### Freight Rates Raised.

OMAHA, Oct. 2.—Missouri river roads today announced that after October 20 all freight rates to Portland and adjacent points will be advanced from 7 to 25 per cent. This discrimination will greatly favor San Francisco though the object of the change is a great mystery.
