LOYAL IS M'KINLEY.

Travels With Loyal Sons of Loyal Fathers.

HE TALKS TO LOYAL AMERICANS.

Continued Ovarions Tendered by the Plain People.

DES MOINES, Oct. 6.—At Avoca a long stop was made by Governor McKinley on his way to the city. The governor left the car to speak from a platform to the thousand assembled. He claimed that 90 per cent of products of agricultural in the country are consumed in this country, while only 10 per cent goes abroad, and said:

"The Republican party is looking after the 90 per cent; the Democratic party gives its attention to the 10 per cent."

Two thousand people were waiting at Atlanta to hear McKinley. Stops of one or two minutes were made along the route and at every one was a crowd that insisted upon hearing a word from the governor. The private car of General Dodge was attached to the train at Council Bluffs, and in it, as guests of General Dodge, were Colonel Freeman, Tecumseh Sherman, Major Hoyt Sherman and General Howard.

It became known along the route that the sons of Generals Grant and Sherman were abroad the train, and they were compelled to show themselves, and at several points to say a few words. Governor Jackson accompanied Governor McKinley from Council Bluffs to Des Moines.

Governor McKinley's reception in Des Moines was something extraordinary. He was taken from the depot by thousands who surrounded his carriage and kept up a continuous yell, which was joined in by other thousands that packed the sidewalks. Colonel Grant came in for a share of attention, especially from the Grand Army veterans. They searched the carriages until they located Colonel Grant, then shook hands with a vigor that approached violence. Governor McKinley made two speeches, the first at the tabernacle and the other at the opera house. Thousands were unable to obtain admission. The Grant Republican club entertained the other notables at a banquet after the speech making was concluded. The early train was taken for St. Paul.

MARSHALLTOWN, Ia., Oct. 6.—Governor McKinley has arrived from Des Moines, accompanied by Governor Jackson and other distinguished Republicans. He spoke twenty minutes in the open air, to fully five thousand people. The enthusiasm of the crowd was unbounded.

The Silverton Pedestrians Arrive at San Jose.

SAN JOSE, Cal., Oct. 6.—A. C. Wallace, late of Silverton, Or., walked into town with a queer traveling outfit yesterday, accompanied by a boy of eight and a girl of six. He told a pathetic story to the supervisors and was given \$10 to help him on his way, his destination being Springfield, Mo. Wallace is 40 years of age. August 20 he started from Oregon with a small hand cart rigged up like a prairie schooner, and his children, the girl riding in the cart and the boy getting frequent lifts along the way in passing wagons, riding several miles ahead and waiting by the roadside for the others to come. The entire party were given a ride from Sacramento to San Francisco on a boat.

"I was married in 1884," said Wallace, "but my wife had nothing to her but beauty. My business was a canvasser. Coming home after an absence of some length, I found that she had taken up with another man and was leading a fast life. She had disposed of our four children among her relatives. With difficulty I got the two elder, and as her relatives threatened lawsuits I struck out. I will spend the winter in Los Angeles, and when the weather gets warmer resume my journey and leave the children with my mother. My relatives there will aid me, and when I am able I will return for the other two."

Wallace says he has been treated very kindly by farmers along the way, seldom having to camp out. The children are bright and intelligent, and are devoted to their father. Wallace does not seem anxious to obtain work, but prefers the easy mode of life he is now leading.

THE AGGRESSIVE JAPS

Landing Seventy Warships in Chinese Waters.

ALL CHINESE ARE ON THE RUN.

European Powers All Want Part of the Spoils.

LONDON, Oct. 6.—A Shanghai dispatch says seventy Japanese transports and warships have been sighted in the Gulf of Pei-Chi-Li. The news has caused great excitement at Shanghai and elsewhere. In London it is believed the Japanese fleet is the force of 30,000 men which left Hiroshima, Japanese headquarters, September 28, under sealed orders, and under command of Field Marshal Count Oyama, Japanese minister of war. A dispatch received at New Cawang, Gulf of Lao Tong, says the Chinese are in full retreat from Moukden, which is threatened by the advance of the Japanese troops from Corea and the Japanese force, said to have been landed near Poesiel bay, and far from the Russian territory, bordering on Corea and the Chinese province of Manchuria. Another report, which reached London from Shanghai, says it is believed at the latter city that Chinese forces, which have been defending Moukden, have been hastily summoned from that place to oppose the projected Japanese landing, either in the Gulf of Pei-Chi-Li, or the Gulf of Lao Tong. The Chinese have been hurriedly adding to the fortifications of New Chwang, in anticipation of a Japanese attack upon that port or landing in its neighborhood.

Spies Arrested.

SHANGHAI, Oct. 6.—Wang Feug Tsao, late Chinese minister at Tokio, has had an audience at Peking and was severely censured on account of his ignorance of Japanese designs in Corea. Two Japanese spies have been arrested at Mankow. One of them confessed to the Japanese. It is reported 2,000 men belonging to the Sheng division of Li Hung Chang's crack corps, now in Corea, have deserted, on account of their pay being in arrears. It is also rumored they have joined the enemy.

John Bull Neutral.

LONDON, Oct. 6.—A dispatch received from Berlin says that it has been learned on high authority that the meeting of the British cabinet was called to discuss a proposal for combined action on the part of the powers to interfere and prevent the overthrow of the Chinese dynasty, which, it is claimed, would result in anarchy in the empire, and the massacre of Europeans. Each power, it is said, favors a compulsory settlement of the Chinese-Japanese dispute. The dispatch adds that Sir William Vernon Harcourt, chancellor of the exchequer, supported this view of the action to be taken, but that Prime Minister Rosebery and a majority of the cabinet believed active interference would be more dangerous than non-intervention, and it was decided Great Britain should not interfere.
