### THE CZAR IS DYING.

Report of His Death Expected at Any Moment.

ALL HOPE IS NOW ABANDONED.

His Left Lung Is Seriously Inflamed—Cannot Live.

LONDON, Oct. 31.—A dispatch to the Pall Mall Gazette this afternoon from Lividia, says: The czar is dying. His left lung is so seriously inflamed that all hope has been abandoned, and the news of his death is expected at any moment.

ST. PETERSBURG, Oct. 31.—An official bulletin issued at 10 o'clock this morning, says the czar slept a few hours late last night, and that the bleeding has somewhat subsided. Otherwise his condition is unchanged.

Swindled His Friend.

PENDLETON, Oct. 31.—Mr. S. P. Conron has had a man by the name of Arthur J. Thornley at work for him selling goods for the past six weeks. Last Thursday morning this man went down to Hood River, and Mr. Conron supplied him with about \$25 worth of goods, and loaned him an overcoat, watch and chain and two grips. Yesterday morning he received a letter from him at Cascade Locks, stating that he was about to leave for San Francisco; that if Mr. Conron made any noise about his leaving he would not pay him a dollar. If nothing was said about it, he would settle with him in time. This information was to be conveyed to Thornley by his girl at The Dalles, with whom Thornley had correspondence. As soon as possible Mr. Conron telephoned to the authorities in Portland, and it is expected by this time that he is in limbo.

Another Hohenzollern.

LONDON, Oct. 31.—The Daily News hears from its Berlin correspondent as follows: "It is certain that the kaiser designated Count Botho zu Eulenburg for the governorship of reichsland, and that Prince Hohenzollern objected. I learn from a credible source that the kaiser has decided upon the Prince of Hohenzollern-Langenburg for the place. The latter is unknown in politics except in the one respect that he is not a reactionist nor an iron-fisted administrator. He is greatly interested in colonial matters."

Race Troubles.

NEW ORLEANS, Oct. 31.—Little work is being done along the docks. The colored laborers remained away, owing to the feeling against them by the whites. On the cotton exchange and shipping circles it is charged that a reign of terror exists on the front, and negroes cannot be induced to go to work.

The Luxon investigations of bribery in New York are still in progress.

### The Pope Speaks.

ROME, Oct. 31.—The text of the pope's speech to the conference held to consider the union of eastern and western churches has just been made public, although the speech was delivered on the 24th. After praising all who had helped to bring about the conference, he said: "We wish that all governments all alike had embraced this grand ideal, inasmuch as the work, if achieved, will be for the interest and benefit of the entire world; but political views and still more, we regret to say, the unreasonable jealousies of some of the governments, which show in what condition the papacy is placed, have prevented these reunions from having the large and solid results rightly expected from them. Above all we must lament the absence of the patriarch Armenians. We shall not on this account, however, recede from our purpose and, even if we count only within certain limits on political union, nothing will prevent us from solving the grand problem from the religious side, while awaiting more propitious times for the rest of the work."

### Stage Driver Shot.

NEVADA CITY, Oct. 31.—Arthur Meyer, driver and one of the owners of the stage running between this place and North Bloomfield, was shot and instantly killed by a highway robber yesterday afternoon. At Rock creek, three miles north of here, the incoming stage was stopped by a lone highway man who commanded Meyer to get down out of the box. Meyer refused and the bandit fired twice at him with a revolver. The second shot passed through the drivers body and he fell forward into the boot in the front of the coach. C. H. Bovee of Sierra county, who was the only passenger, was riding on the box with Meyer. When the robber began firing Bovee jumped from the coach and ran into the forest. The robber sent three bullets whizzing past him, but he escaped unhurt. So far as known the robber secured no booty.

### The Beef Embargo.

WASHINGTON, Oct. 31.—The announcement that the embargo placed upon American cattle by the senate of Hamburg, had been extended to the length of an exclusion of American cattle and dressed meat from every part of Germany, was received with surprise by department officials today. That Texas fever was merely a ground which Germany could adopt for enforcing retaliatory measures against the United States, because of the supposed discrimination against German interests in the sugar schedule of the tariff bill, was the prevalent impression.

### Affairs in Utah.

WASHINGTON, Oct. 31.—The annual report of Governor West, of Utah, was published yesterday. He charges the Southern Pacific road with responsibility for dumping the California industrial army upon the people of Utah. He says the expense entailed is about \$9000, and unless the territory is reimbursed it will sue the Southern Pacific. He commends President Cleveland for the amnesty granted polygamists and recommends the restoration to the Mormon church of its realty, worth \$285,000.

### Rebels Victorious.

BURENO AYRES, Oct. 31.—The New York Herald's correspondent at Montevideo telegraphs that advices have been received from the Rivera that the government forces met a body of federal troops near Cruz, San Pedro, and a battle was fought, in which the former were badly routed. ### A Rice Famine.

Engineer Butler crawled out from beneath the wreck of the two engines.

### On the Book Trust.

LENTS, Or., Oct. 31.—The school superintendent of Multnomah county recently requested the school directors of school district No. 12 to give him their opinion upon the desirability of a change in school books. Following is the resolution adopted by the board of directors:

Owing to the evident corruption of the American Book company, we recommend that the selection of school books for the ensuing six years be postponed, if possible, until the meeting of the legislature in January, at which time it is probable that a committee will be appointed and the matter thoroughly investigated; steps may also be taken to have the books printed by the state.

### Bishop Marty for Pettigrew.

SIOUX FALLS, S. D., Oct. 31.—A sensation was sprung in South Dakota political circles when it was learned that Bishop Marty, the Catholic bishop of South Dakota, had sent out letters to the priests of the state, urging them to use their influence for the re-election of Senator Pettigrew. On the letters are written with typewriter the list of Republican legislative candidates, and under that in pencil is: "Please use your influence for the above named candidates, to the end that Pettigrew may be sent back to the senate. Signed, M. Marty, Bishop." The bishop, in an interview, admits he wrote the letters, saying he believes that the election of Mr. Pettigrew is an important matter just now for the prosperity of the state as a whole, as defining its position on financial questions.

### Mail Robbery Rewards.

WASHINGTON, Oct. 31.—In view of the great number of postoffice burglaries and highway mail robberies, the postmaster general today issued offers of reward as follows: One thousand dollars for the conviction of any person in any United States court on the charge of robbing the mails while being conveyed to a mail car attached to a railway train; \$500 for the conviction of any person in any United States court on the charge of robbing the mails while being conveyed over any post route other than a railway; \$250 for conviction of any person in any United States court on the charge of attempting to rob the mails being conveyed over any post route; \$150 for the arrest and conviction of any person in any United States court on the charge of breaking into a postoffice and stealing; and \$200 reward where the amount exceeds \$500.

They entered the room where two women were asleep, seized a 400 pound iron safe which contained diamonds valued at \$2500 and \$150 in currency and carried it down stairs through the house into the coalshed. Here they blew open the safe with ten pounds of powder. The report was heard within a radius of several blocks. The safe was torn to pieces. Before the police arrived the robbers escaped with the plunder.
