**Last Regular Session of the Old Board of Aldermen.**  
 At the regular session of the city council last evening all officers were present except Alderman Geo. F. Smith, who is ill.  
 The first matter brought up was by a motion of Mr. Duncan to expunge the protest of Messrs Albert and Cross from the minutes relative to city hall matters. This called forth a defense from the makers of the protest, and some sharp repartee was indulged in by both sides. Mr. Duncan's motion prevailed with the following vote:  
**Ayes: Duncan, Gray, Holman, Kay, Klein.**  
**Nays: Albert, Cross.**

**Albert-Wiggins Nuptials.**  
 This evening at 8 o'clock, at the First Presbyterian church in Salem will occur the marriage of Miss Myra Albert to Frederick Arthur Wiggins. The ceremony will be performed by Rev. A. L. Hutchison, the pastor.  
 The bride's accomplished sister, Miss Blanche Albert, will serve as maid of honor, while Mr. C. S. Hamilton will act as groomsmen.  
 The bridesmaids will be Misses Agnes Earhart and Jessie Dairympie. The young gentlemen to serve as ushers are Joe Albert, Harry Singleton, O. J. Wilson, and Dr. Frank Griffith.  
 A reception to relatives and intimate friends will be given at the Albert home in University place, from 8:30 to 12 o'clock.

**Unnecessary Risks.**  
 The wise man runs no unnecessary risks. There are few greater risks than allowing a cold to fasten itself upon the system. Whether it attacks the throat, the lungs, the stomach or the muscular system, if given even a little time, it is sure to strengthen its hold and can then be shaken off only with great difficulty.  
 It is entirely unnecessary to run these risks. Alcock's Chest Plasters applied to the back, chest, pit of the stomach or to the limbs will effectually prevent the trouble from increasing. They are simple in their ingredients, perfectly safe, and can be applied by a child.  
**Brandreth's Pills tone up the system**

**THANKSGIVING ENTERTAINMENT.**  
 The entertainment to be given by the ladies of Unity church on Thanksgiving evening promises to be a very brilliant affair. It is to be repeated by request of many persons. It was prepared for the first time three years ago at Reed's opera house and was without doubt the most successful amateur performance ever given in Salem. Since then Mrs. England has rewritten it and had it copyrighted. In this Harvest Home Festival Edward Evert Hale in a letter to Mrs. England wrote: "It is really wonderful that you have in your first attempt at anything of the kind so successfully written and staged the play. I have read it with much pleasure." In giving this beautiful spectacular play the ladies are ably assisted by the best local talent. A procession of nations has been introduced.

**Married.**  
**BREYMAN—PRAEL.**—At the home of the bride's parents, Mr. and Mrs. Eugene Breyman, in Salem, Wednesday, November 21, 1894, at 10:30 o'clock a. m., Anna Breyman to Mr. Rudolph Prael, of Portland, Rev. P. S. Knight officiating.  
 The wedding was attended only by the relatives and a few immediate friends of both the bride and groom. After a sumptuous wedding dinner, the bridal party departed on the 1:40 train for Portland, whence they start for a tour of the sound cities and points in British Columbia.

**Died.**  
**ISHAM.**—At Wheatland Nov. 20, 1894, infant daughter of Mr. and Mrs. J. T. Isham, of lung fever, aged 6 months.  
 The funeral will be from the residence at 1 o'clock Thursday, and burial at Hopewell cemetery.

**THE CHARITY SHOW.**—The entertainment to be given November 26, for benefit of the city board of charities will consist of a minstrel show for the first part, with a farce and specialties for the second part. The wide-awake home talent promises a good time for all who come. Admission will be 25 cents with 10 cents extra for reserved seats.

**A Great Battle**  
 Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore badly health for many years.  
**Hood's Pills cure nausea, sickness, indigestion and biliousness, 25 cents.**  
**CARELESSNESS.**—A great many laundries are very careless and do not take pains in doing up clothing, shirts especially. The collars are not banded correctly and consequently they are soon spoiled. The Salem Steam Laundry takes pains and gives perfect satisfaction to its patrons.  
**An ordinance exempting the state capital grounds from sidewalk regulations was referred to a committee composed of Cross, Duncan and Hutchison. The ordinance, placing the license at \$50 per year was unanimously passed.**  
**An ordinance was introduced relative to cement walks in that part of the city east of Church street and south of Trade street and north of Center street, was duly referred. It provides that those walks on State and Court streets be not less than six feet wide and on all other streets not less than four feet wide; that all future walks of that character be built either four, six, eight, ten or twelve feet in width and that the inner line of said walks shall be one foot out from the line of the property.**  
**Mr. Kay called up the bicycle ordinance and wanted some regulations placed upon the speed of some.**  
**An ordinance concerning opera house block walks was also introduced and read.**  
**Adjourned.**

**IS OLD AGE PITIABLE?**  
**Not While Vigor and Zest in Living Lasts.**  
**Bismarck and Gladstone Full of Years and Honor.**  
**They Keep Their Blood Well Stocked—Their Nerves Well Fed.**

Some people carefully disguise the fact, but a coat of paint on an old building only makes it look smart; it doesn't keep the rickety old staircases from creaking nor make the framework stronger.  
 What is needed is fresh bricks and mortar.  
 Fresh blood and new tissues are the building materials that tired human bodies need. Paine's celery compound supplies all the elements for building up the worn-out, exhausted nerves and tissues.  
 One is never older than he feels. Many are young at 70, and the world is full of men and women who are old in heart and spirits at 30.  
 Nothing "ages" one like illness.  
 To keep young, keep well; keep the nerves calm, the blood ruddy, the system well fed. And when the sudden attack of fever or the heavy cold comes the sturdy, because well nourished, body will resist and prevent calamitous results.  
 All over the country there are hard worked business men, and men in public offices, subjected to incessant criticism and fearful nervous strain, who appreciate the saving power of Prof. Paine's remarkable discovery, Paine's celery compound. In the thousands of cases where overworked brains have at last refused the sleep that they so vitally needed, this great modern nerve nutriment has brought the happiest results. Multitudes of women reduced in strength, half sick and on the road to becoming life-long invalids, have sent in heartfelt stories of their rapid gain in vigor after a trial of Paine's celery compound. "It takes years off their aching shoulders."  
 As the years go on, the regular tick-tock of the heart and the rhythmic action of the digestive organs and the brain slow up and the strength must be economized. The important organs need more frequent assistance and encouragement. Paine's celery compound gives just the needed stimulus to digestion and assimilation that the system requires. It purifies the slowly moving blood of any bad humor that its stagnant flow is apt to engender, and thus removes rheumatism, neuralgia, sleeplessness, nervous weakness, dizziness, liver and stomach.

It was a favorite remark of the famous Dr. Parr when 106 years old, that he had always taken care to keep his body well nourished. Pure blood and healthy activity of the nervous system makes a happy, hopeful, useful old age. Paine's celery compound makes people well.

C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America.
