

THE SOUND MONEY ISSUE.

THE JOURNAL is a sound money paper. It does not want to see the Republican party in Oregon driven by a lot of fashion-democrat-populists upon a depreciated currency platform...

THE JOURNAL has no objection to any man being sent to the United States senate this winter because he is a silver man, so long as he is a sound money man within the definition of the terms of the Oregon and national Republican platforms...

The common people of this state have a deep interest in the way the next legislature is organized. The times have changed in two years, not for the better. The liberality of the last legislature cannot be repeated with safety.

The exchanges say that Don Cameron has declared for Tom Hood for presidential candidate for 1896, while the west was declared for Don Cameron. But there is many a slip 'twixt the cup and the lip.

A good authority says the last legislature appropriated \$3,700,000. That much coin in taxes taken out of the productive capacity of 400,000 people, does not leave them much to live on, or even half as much.

If members of the new city council next year will lay aside all selfish interests there is no reason why Salem should not become the best governed little city on the Pacific coast.

Can you help make the Christmas at the Orphan's Home, pleasant? They do so.

Overlook everything else, but not that Christmas tree for the little ones.

We are friends of silver in Oregon, but not Estlin's nor lunatic.

Astoria has two boom on. Salem don't want any.

A SPIRITED WOMAN'S REPLY.

The Salem Independent editor is afraid to give women the ballot, lest they use it to wipe the Populist party off the face of the earth as they did wherever they voted this year. He should read the way a pessimistic English novelist has come to grief at the hands of an English woman...

TELL YOUR FRIENDS.

Tell your friends about Oregon. Every one of our four hundred thousand population who can write ought to begin this winter to write to their friends in the east urging them to come out and help settle up and develop this commonwealth.

If everybody would at once go to writing their friends in the east and at the same time give us their address and let us send them reading matter about our country, we could have 50,000 people at Salem and 500,000 in the Willamette valley before five years roll around.

Chicago is called, since the great fair, the best known city in the world. We should have but one ambition, one pride, to make this the best known valley in the world. We can do it if we go to work personally, with all our railroads, with the boards of trade, with our newspapers.

GENERAL SCHOOLS.

A friend of denominational schools asks why normal school graduates should have any advantage over graduates of private schools in obtaining teachers' certificates. He adds: "Please answer without any evasion on the subject."

There is but one defense of any kind of public education. It is that the general welfare requires the training of as many citizens as possible in the rudiments. Nearly all the states have decided that a public school system is rendered more efficient by training teachers with reference to the methods which are adopted for the general system.

ONE SCHOOL OF OFFENSIVE BOSSISM.

A Salem newspaper talks about a girl's state reform school. The fact is the location this year of the Oregon deaf mute school on a hundred acres of land out six miles from the city, that is so much talked about at present, was as offensive a piece of political bossism as was ever perpetrated in Oregon.

SPEAKS BY THE CARD.

It is a matter of entire indifference to insurance companies, except in so far as it may give them a little trouble, whether a tax be placed on their business or not. They will meet it simply by increasing the rate, and will recoup every cent, and a little more.

The Oregonian undoubtedly speaks by the card and with its well known solicitude for the poor people. Will the champion of the poor please tell us why it is lawful to allow the State Insurance Co., of Salem, to pay about \$1000 a year on its gross premiums in Washington and allow the Washington companies to charge the trust rates on insurance and pay no gross premium tax here?

Another Salem paper calls itself the One Cent Daily. That is a taking name and THE JOURNAL feels complimented by the plagiarism. People know a good apt term when they hear it and readily pick it up. Of course THE JOURNAL is the only ONE CENT DAILY at Salem—THE DAILY JOURNAL by mail. It costs 25 cents a month to carry and collect for a daily paper over so large an area as THE JOURNAL circulation extends.

Oregon does not need more legislation, so much as the repeal of a great deal now on the books. The Baker City Daily Democrat says: "The committee of one hundred has prepared bills for the legislature to effect some financial reforms, both as to the security of public moneys and the protection of private depositors in all kinds of banking institutions."

A Portland writer says: "Although the Sun claims to be a free silver paper, it refuses any hearing to any free silver idea not in accord with its editor's arbitrary views." There are all kinds of silver men, but there is only one kind of sound-money-that-will-circulate men. They are national Republicans.

The new Portland Telegram is radically goldbug. That is supposedly Democratic—Portland Oregonian Democracy.

The national Republican idea on finance should be: Sound money, but with the largest use of silver possible.

West & Frisco, Wholesale Druggists, Toledo, O. Swilling, Kinman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system.

Speaking of F. T. Ozer's candidacy for superintendent of the state prison at Salem, the Union Republican says: "His appointment by the new Republican administration would be a just recognition of his faithful services and would be highly satisfactory to the Republicans of Oregon and, of course, to those of the entire state."

LATE NEWS ITEMS.

The tight rope walker is now in Seattle. The Rebeccas of Dallas are holding a fair for the benefit of the order. The lawyers, bankers and doctors of Seattle are enjoying themselves at playing basket ball.

Senator DeDeek has taken a sample of gold obtained by his machine from the Ovesta sands to Seattle for a test. Citizens of Seattle are indulging in a Christmas love for the year. Quite a large amount of money has already been pledged.

The United States weather bureau has adopted a new wind signal, to be known as the hurricane signal to take effect January 1, 1895. Parties were recently detected in the act of stealing 3,000 tons of iron rails from the track of the old portage railway across the Cascades, on the Washington side of the Columbia.

The Genuine and the Sham.

Every good thing has its host of imitators; every genuine article its counterfeit. The imitators always choose the most valuable and popular article to counterfeit, so that when they claim their sham to be equal, or as good, or the same as "So-and-so's," the public may depend upon it that "So-and-so's" article is the best of the kind. Alcock's Porous Plaster is the standard of excellence the world over, and imitators in their cry that theirs is "as good as Alcock's" are only emphasizing this fact and admitting "Alcock's" to be the acme of perfection, which it is their highest ambition to imitate.

The three most offensive terms in the English language to American people are: Spoils politicians, mischief politics, political boss. They are synonymous of bad government, expensive government, corrupt government.

Oregon produces oysters, turkeys, cranberries, celery, and even a bottle of wine if you want it, for your Christmas dinner. What other state can equal that?

The way to circulate silver to the best advantage is to enclose a 25 cent piece for THE ONE CENT DAILY a month or a silver dollar for ONE DOLLAR WEEKLY a year.

The Pacific railroads have systematically been used to boom California and Washington, at the expense of Oregon. It's time we had a new deal.

Poor Digestion Leads to nervousness, fretfulness, peevishness, chronic dyspepsia and great misery. Hood's Sarsaparilla is the remedy. It tones the stomach, creates an appetite, and gives a relish to food.

A session of the Salem city council without a bill or two passed over the mayor's veto is becoming devoid of interest.

If corrupt Portland political bossism can organize the next legislature, the people need expect little relief at its hands.

The national Republican idea on finance should be: Sound money, but with the largest use of silver possible.

Right Arm Paralyzed!

Saved from St. Vitus Dance. "Our daughter, Blanche, now fifteen years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. We feared St. Vitus dance, and tried the best physicians with no benefit. She has taken three bottles of Dr. Miles' Nervine and has gained 31 pounds. Her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and has recovered complete use of her arm, her appetite is splendid."

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 25¢ bottles for \$1.00 or it will be sent prepaid on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
