GOVERNOR'S VETO AXE

Descends on Several Acts of  
Legislation.

THE \$1000 ABBINGTON COST BILL  
And the Sheriff's Mileage Bill Is  
Knocked Out.

NOT APPROVED.

No. 65. Senate bill to regulate rail-  
way traffic between Cello and The  
Dalles, known as Smith's postage rail  
way bill, filed February 25, without ap-  
proval. In effect May 25.

A SQUARE VETO.

No. 380. House bill to legalize de-  
fective remission of fines and the costs  
in the case of the state vs. V. L. Ar-  
rington, defaulting county treasurer of  
Douglas county, in sum of \$22,960.48,  
judgment and fine \$45,981.48 and costs,  
the purpose of the bill being to remit  
costs to amount of about \$4,000 against  
be boudamen. District Attorney  
Brown had the case in charge and a  
remitment was pending when Repre-  
sentative Shielbrode, also an attorney  
in the case, had this bill passed. The  
veto message says:

"The facts as contained in the record  
relative to house bill No. 380, convince  
me that such a bill ought to be vetoed,  
because as a law it would work injustice  
to the taxpayers of Douglas county.  
Besides the bill is of doubtful constitu-  
tional propriety which adds to the  
difficulty of allowing it to become a  
law."

WM. P. LORD,  
Governor.

THE SHERIFF'S BILL VETO.

SALEM, Feb. 28, 1895.

To the legislative assembly—I can-  
not approve house bill No. 14, author-  
izing sheriffs to collect mileage in view  
of the present state of the law. The  
salaries of these officers were intended  
as compensation for the services which  
they were required to perform, in lieu  
of fees and mileage. The object of the  
law was to abolish the fee system,  
which includes mileage. By the  
present law it is proposed to give mil-  
age to sheriffs in addition to their salar-  
ies, which were intended to cover them.  
This is in conflict with the declared  
will of the people on this subject. If  
the salaries for any reason were not  
sufficiently compensatory, they should  
be increased to an amount commensur-  
ate with the duties or services required  
to be performed. In this way, just  
compensation could be secured to these  
officers, and the evils of a return to the  
fee system avoided. Mileage, it is  
thought, furnishes a cover for the worst  
abuses of that system. For these reasons  
I veto this bill.

WM. P. LORD, governor.

NOT APPROVED.

No. 70. Senate bill for reorganiza-  
tion of Oregon National Guard. In  
effect May 25. Increases the power  
and discipline of the organization.

APPOINTMENTS.

To fill expired terms of members of  
state board of horticulture, by the state  
executive council composed of govern-  
or, secretary and treasurer:

John Minto, Salem, in place of R. D.  
Allen, 3d district.

Emil Shanno, The Dalles, succeeds  
himself, 4th district.

G. A. Noble, Milton, in place of  
James Henderson, 6th district.

MEDICAL EXAMINERS.

Gov. Lord has designated following  
as the state board of medical examiners  
under the new law:

Alloupaths—W. H. Taylor, Portland, 6  
years; W. A. Ulrich, Salem, 3 years;  
W. E. Carl, Oregon City, 3 years.

Homeopathy—R. E. Miller, Portland,  
4 years.

Ecclectic—W. McLaughlin, Newberg, 1  
year.

THE COMMISSIONERS.

Attorney General Ideman is still  
trying to ascertain the legal status of  
the holding commissions and bonds.  
If they have any legal claim to state  
Governor Lord will let them stand. If  
not they will probably have to go and  
so new ones will be appointed unless  
the governor is required to do duty  
law. The governor very reluctantly  
allowed the horticultural bill to become  
a law but only at the last moment.

THE SALARY BILL.

The senate bill changing salaries of  
county officials was not to apply to  
Marion county officials, as after several  
hearings the delegation from this  
county decided they were not in favor  
of reducing salaries during the term of  
the incumbent. How it was changed  
is still a mystery.

THE SHERIFFS.

The senate bill the correction of the  
journal to two clerks, the house to  
three of its members. The house com-  
mission did not include the clerks of the  
house. The people are going to watch  
each house closely to see what bills  
it passes. In the past the house journal  
was corrected by a committee of three  
members.

OTHER APPOINTMENTS.

Secretary Kincaid has not yet made  
any of the state house appointments  
and will probably not do so this week.  
Governor Lord has not yet decid-  
ed upon any man for the state prison,  
although it is understood that ex-  
-post-  
-master Gilbert has a first claim upon  
the Governor's patronage for some im-  
portant or desirable position. Mr. Gil-  
bert made an excellent postmaster and  
would probably make an equally  
acceptable record in charge of a state  
institution. There are some objecting  
to him, on account of his connection  
with the grocery business, but it is  
understood on the other hand that he  
would retire from business if he accepts  
an appointment that would require all  
his time. Chas. Johnson is a prom-  
inent candidate for superintendent of  
the pen as are T. T. Geer and several  
other good men from other parts of the  
state.

REPUBLICAN RATIFY.

Woodburn Citizens Regardless of  
Party Endorse Mr. McBride.

For the third time a monster mas-  
-meeting at Woodburn was held. This  
time on Thursday afternoon, to ratify  
the senatorial election.

The local committee of Messrs. Bar-  
-row, Moreton and Strain, had made  
complete preparations and everything  
passed off according to program.

As the afternoon train pulled in the  
crack cornet band of the country  
played a ringing welcome of Republi-  
can music. Senator Johnson, of Linn,  
Representative Hofer and other Salem  
Republicans were given a cordial greet-  
ing and hand-shaking. The procession  
at once formed and marched to the  
large hall which was filled to its ut-  
-most, there being nearly five hundred  
in the building, mostly Republicans.

Speeches and music followed. Hon.  
J. B. Dimick presiding. The best of  
feeling prevailed. The speakers were  
warmly applauded whenever they re-  
ferred to Mr. McBride, the senator  
elect, showing that the Oregon boy is  
very near and dear to the hearts of the  
masses of the people. The demonstra-  
tions and enthusiasm over his election  
are simply immense, and scores now  
declare they never did like Dolph, as  
the new senator is just the opposite of  
the retiring senator in the affectionate  
regard and esteem of the people. The  
ladies were out in full force and their  
expressions of approval were as hearty  
as those of the men.

The speakers all attested their regret  
that more reforms were not accom-  
plished, but all present agreed that the  
first duty of reform was to break up the  
old machine, and dig up "the old man  
in the ground" by the roots before any  
other enduring reforms could be accom-  
plished. Rep. Barkley showed that  
the House repeated the railroad com-  
mission in three different ways, re-en-  
acted the mortgage tax law and deduc-  
tion of proven and recorded indebted-  
ness, cut down clerkships and appro-  
priations on nearly all items, but that  
the senate, which was completely  
controlled by the machine, had smother-  
ed every one of these measures, and  
all other good measures, promoting all  
of their own ring methods. This was  
loudly applauded as evidence of good  
faith on the part of the House. The  
meeting closed with three rousing  
cheers for McBride.

THE MEETING.—At Central chapel,  
conducted by Mr. and Mrs. Barber,  
are increasing in interest and in num-  
ber attending each evening. Meetings  
are also held each afternoon at 2:30.  
These meetings will continue until  
Tuesday of next week.

-ative Wilson's nomination to be post-  
-master-general was withdrawn by the  
senate this morning.

MRS. M'KENNEY INNOCENT.

Another Woman Arrested On a Simi-  
-lar Charge.

EUGENE, March 1.—The preliminary  
examination of Mrs. J. I. McKenny,  
on the charge of sending obscene mat-  
-ter through the mails, was held this  
afternoon before commissioner J. J.  
Walton, and resulted in her discharge  
and the dismissal of her complaint.  
The evidence went to show conclusively  
that the wrong person had been ar-  
-rested, and that Mrs. McKenny was  
entirely innocent of any such offense,  
but evidence was brought out in the  
trial which may bring the guilty party  
to punishment. Upon this evidence  
United States Attorney Murphy swore  
out a complaint against Miss Mary  
Berger on a similar charge, and she  
was arrested by Deputy Marshal Hum-  
-phrey.

HOME AGAIN.

Kidnapped Chinese Woman Restored  
to Ah Sney.

TUALATIN, Or., March 1.—The Chi-  
-nese woman, who was recently kid-  
-napped from her husband, one Ah  
Sney, an employe on the ranch belong-  
-ing to Professor J. W. Hill, of Port  
land, has returned to her husband,  
after causing the officials of Clack-  
-amas county much trouble in releasing  
her from her enraged captors, who, it  
appears, seized her on account of the  
balance due on the amount of her pur-  
-chase price, which was not paid on  
Chinese New Year.

THE HAYWARD MURDER TRIAL STILL  
DRAWS ALONG.

MINNEAPOLIS, Mar. 1.—The Hay-  
-ward murder trial proceeded today in  
spite of the fact that County Attorney  
Nye had to go to bed from nervous  
prostration. He remarked that the jury  
look like ghosts after a six week pull.  
Lawyers are worn out with work and  
worry and even the judge looks weary  
and bored. The defendant Harry Hay-  
-ward, comes into court each morning  
fresh and smiling as if it were a mat-  
-inee he were attending. The state  
knocked a few more props from under  
the defense in rebuttal today.

Sailors Yarns.

New York, Mar. 1.—The American  
ship Resper, of Bath, got here from  
Portland, Oregon, after a voyage of  
131 days with 75,000 bushels of wheat.  
In the North Pacific about 36 miles  
above the equator, a month before she  
left Portland, the Resper passed  
through a strip of black water about  
sixty feet wide extending as far as the  
eye could see from northwest to south-  
-west, or parallel with the west coast of  
Central America and Mexico. On  
November 28th, in the South Pacific,  
a hard gale that affected only the  
stratum of air just above her course  
carried away every stitch of her canvas  
except the three lower sails.  
There was only a light air on deck.

A Battle With Tramps.

DECATUR, Ind., March 1.—Fifty  
tramps came into the city last night,  
stealing, begging and frightening  
women. The marshal and posse drove  
the tramps across the railroad bridge  
east of town, when they opened fire  
on the police with revolvers. The  
police returned the fire and a battle  
resulted. The tramps finally fled, carry-  
-ing with them three of their number;  
who were either killed or badly  
wounded.

A Fatal Falling Wall Kills Many  
Men.

New York, March 1.—The wall of  
an old six story building, at Forty-  
-third and Sixth avenues, fell this morn-  
-ing, killing and injuring many men,  
who were leaning it down. Already  
three dead bodies have been extracted.  
Probably a score of men are still in the  
ruins and many of them dead.

Building Collapsed.

New York, March 1.—A building,  
corner of Irvington and Allen streets,  
collapsed at 12 p. m. today. Six men  
were killed and several injured. The  
building was a six story structure and  
several people are killed and injured.

Dr. Driver Replies.

In a letter to the press, dated Eugene  
Feb. 27th, Dr. Driver says:  
In your issue of the 25th inst. I am  
glad to see the First Regular church  
of Portland to a public debate, and my  
statements of meeting Colonel Inger-  
-solid in a controversy at Eugene Oregon,  
positively denied. This they have  
done from Victoria, B. C. to San  
Diego, California, seven miles this side  
of the Mexican line, and just as often  
as they have denied it, written state-  
-ments of eye and ear witnesses have  
been made and published, to prove  
their statements false. This was first  
published by them in Port Townsend,  
Wash., and I sent certified copies of  
the written statements to Dr. Denison,  
now of Centenary church, Portland,  
and proved their statements false; one  
from Mr. C. P. Bishop, of Salem, who  
heard the controversy between Mr.  
Ingersoll and myself. The other from  
Professor Wetzel, superintendent of  
Multnomah schools, that Colonel Inger-  
-solid himself told him in Illinois on  
his return from the coast, "that he never  
had been so hard pressed before in his  
life in discussion, as he had been by an  
old Methodist preacher in the William-  
-ette valley. Mr. Cummings, Professor  
Wetzel's father-in-law, now of Port-  
-land, and Mr. James Martin, of Salem,  
testify to hearing the same thing in Il-  
-linois, where Colonel Ingersoll told it  
himself.
