House Burglary.

Last evening, between the hours of 9 and 10 o'clock, during the absence of Mr. and Mrs. Wm. England, their home on Liberty street was entered by burglars and completely ransacked. The burglars gained admittance to the building by climbing into the basement through a window. They then proceeded up the basement stairs, but found the door to the upper story locked. This was soon pried open with a cold chisel and the burglars had full possession of the building. A ladies' gold chain, a revolver, and a purse containing about \$5 in coin is missing, but a more thorough search may reveal other missing articles. The police officers were at once notified and are doing their best to ferret out the guilty parties.

### OREGON STATE FAIR.

Board of Agriculture Decides to Hold a Ten Day Fair.

On motion of Myers, the Oregon state fair for 1895 will be held during ten days, beginning Wednesday, September 25, and closing on Friday, October 4. This decision was reached after due deliberation and in response to an almost universal demand for a fair of more than six days. The dates selected include one Sunday, but no fair will be held on that day, neither will it be permitted that the pavilion, refreshment stands, etc., be open on that day. The gates will be open Sunday and religious exercises will be conducted under the auspices of the Y. M. C. A. or some organization that will secure good talent for that day. These services will be in connection with a sacred concert to be rendered by whatever organization furnishes music for the evening concerts during the week.

### COMMITTEE.

Executive—Galloway, Moody, Apperson, Myers and Looney.

Speed—Apperson, Looney, McAllister, Programme—Myers, Moody, Albert, Tickets—Miller, Apperson, Moody, Premium list—Miller, Moody, Guthrie.

Printing—Looney, Guthrie, Finance—Apperson, Miller, Moody, Transportation—Galloway, Myers, Moody, Albert.

J. T. Apperson was elected vice president, Vice W. F. Matlock, whose term as a member of the board has expired.

The matter of hiring a band to furnish music during the week was left to the executive committee, as was also the letting of the bar and pool privileges.

The executive committee will also decide the question of permitting the Oregon Breeding and Speed association of Salem to use the track during its June meeting and complete the necessary arrangements for such. The matter of allowing the interstate college association the use of the fair ground for their "field day" meeting is also in the committee's hands.

The board has directed that all articles for exhibit at the coming festival must be in place when the gates are thrown open Wednesday morning. The entries will close at 10 a. m. of the Tuesday night preceding.

### SATURDAY SESSION.

The state board devoted the day to revising the premium lists. The forenoon was spent on horses.

The following was set aside for this race: \$7,500 for six days last year; this year \$10,000 for ten days. The speed program was adopted as reported by the committee.

### Killed a Valuable Horse.

Thursday evening, W. N. Savage, the milkman, came in from his farm with one of his valuable horses, which he had just taken out of the pasture. Mr. Savage left the horse standing while he attended to some other work. During his absence, the children unhitched the horse and allowed it to go into the barn alone. Instead of going into its own stall, the animal passed in to one occupied by a bull, which turned around and with his ugly horns disemboweled the poor creature.

### Died.

CLEMENS.—At Hayesville, Friday, March 6, 1895, the infant child of Mr. and Mrs. Clemens.

The funeral was held at 12 o'clock today at the Claggett cemetery.

### YATMAN YET LIVES.

Remarkable Attendance Continues—Sunday's Program.

FRIDAY AFTERNOON.  
Friday afternoon services were exceedingly interesting. Several hundred persons gathered in the Methodist church at 3 o'clock to hear the celebrated evangelist. His theme was "Success in Life," basing his remarks on Psalm 32:8.

### THE EVENING.

In the evening the capacity of the large Methodist church was taxed to its utmost to accommodate the mass of people who came to hear the word of God. The service was a very impressive one. Mr. Yatman discussed the question—"Is it Well With Thy Soul?" Much interest was manifested and the throng left the church profoundly impressed. Certainly the people of Salem are enjoying a wonderful privilege during these days so rich in opportunity.

At the conclusion of the prayer the audience was dismissed and asked to go out quietly without speaking to anyone.

The announcements for Sunday are as follows:

9:30 a. m.—Christian workers' conference, Congregational church, conducted by Mr. Yatman.

10:30 a. m.—Preaching at all the churches.

12:30 m.—Sabbath school at all the churches.

3:30 p. m.—Woman's mass meeting, Presbyterian church, addressed by Mr. Yatman.

4:30 p. m.—Men's mass meeting, First M. E. church. Address, "Lamb or Tiger, Which?" by Mr. Yatman.

6:30 p. m.—Union young people's mass meeting, Presbyterian church, led by Mr. Yatman.

7:30 p. m.—Sermon to the unconverted by Mr. Yatman in the First M. E. church. (Christians please attend the other meetings.)

### Bondsman Secured.

Last Tuesday, Deputy Sheriff Probst brought A. F. Stowe to Lebanon, for the purpose of securing a bondsman, says the Lebanon Express. His bonds had been reduced to \$300, and by hard work and considerable persuasion, he succeeded in getting ten men to go on his bonds for that amount, with the provision that Joe Smith be sworn in as deputy sheriff and guard him all the time until court meets.

Mr. Stowe was arrested some time ago, charged with appropriating \$40, which he had collected for a client, to himself. He was held in the sum of \$500 to appear before the grand jury, and has lain in jail for several weeks. Mr. Stowe, an attorney by profession, is now out on bonds.

### Fined Fifty Dollars Each.—C.

A. Watson, R. P. Simms, J. M. Wells, L. P. Boeck and F. L. Good, the Portland druggists who were arrested charged with selling morphine without a prescription, were fined \$50 each by Judge Smith yesterday afternoon after a three day trial. Defendants were allowed one week to file bonds on appeal.

### A COMMITTEE.—John Schruder,

aged 45 years, of Glendale, Lane county, was yesterday committed to the asylum. The cause of his insanity is business troubles.

The choicest lot of dressed poultry ever in Salem at Davison's Court street market.

# AUTHOR OF "A MODERN HEATHEN."

The Famous Southern Novelist, Mrs. E. Burke Collins, Tells of Her Complete Recovery from Nervous Debility by the Use of Paine's Celery Compound.

The London Graphic, in its recent summing up of the half dozen successful novels of the year, includes with Du Maurier's "Tribby", Hall Caine's "Maxman", Conan Doyle's "Sherlock Holmes", "The Heavenly Twins", and "Ships that Pass in the Night," Mrs. E. Burke Collins' "A Modern Heathen."

Speaking of this last work of our distinguished southern author, the Graphic says:

"What Geo. W. Cable's writings are to the Creoles of New Orleans, Miss Murfree to the rough strata of humanity among the Tennessee mountains, and Gertrude Atherton to California, Mrs. E. Burke Collins' are to the Acadicians of the Louisiana Pine Lands. In her latest work Mrs. Collins has struck a new vein in literature, opening to the novel reading world a vision of the real life of the Acadicians of the backwoods, among the wild, scarcely known regions of the bayous and swamps of Louisiana."

Besides her novels she contributes each week short stories, sketches, etc., to the prominent magazines and to a great variety of other publications.

Although her writing has always been a joy yet such an incessant mental exertion, constantly harvesting the ideas of her brain without a single leisure season or fallow time for rest and refreshment, could not fail to have its effect on the recuperative power of her nervous system. At one time she found herself tired out and weak from such uninterrupted work; she even saw nervous prostration staring her in the face; she became nervous and incapable of work. The general toning up of her system needed so badly she found in Paine's celery compound, today she is perfectly well and strong again, busy as ever with her brain and pen, and grateful to Paine's celery compound for the timely help when failure and trouble and despair seemed about to close round her and shut her off from everything that was dear to her.

She says:

NEW ORLEANS, La., Nov. 21, 1894.

I wish to add my note to the thousands of testimonials which you have received in regard to the efficacy of this wonderful compound. In my professional life as a physician, I have just completed my 50th year, and my constant work at the desk had weakened my constitution, injured my nerves, and I suffered from general debility.

When a person in that condition writes continually, living in the realm of fiction and romance, the effect upon the nervous system is lamentable. I was weak and debilitated, suffered from insomnia, and was irritable and nervous.

Four bottles of Paine's celery compound gave me strength, quieted my nerves and brought sleep to my pillow. I owe lasting gratitude to the wonderful medicine, and I take pleasure in adding mine to the long list of testimonials.

Yours gratefully,  
MRS. E. BURKE COLLINS.  
313 Valence St.

Paine's celery compound is found to best supply the great need of studious, sedentary people. Its extensive use by brain workers, both men and women, suffering from sleeplessness, indigestion, or other effects of a debilitated nerve force, shows its ability to feel tired, emaciated, nervous, listless. Nothing else has ever possessed any thing like the power of Paine's celery to restore a healthy nervous tone to the entire body and to thoroughly cleanse the blood. School teachers, professional men, ministers, newspaper men, public officials, men whose daily outlay of vitality, because of hard, trying, anxious work, is excessive, find renewed strength, not only of nerves, but through their healthy action, of entire body, in Paine's celery compound. Its use shortly dispels headaches, rheumatic pain, dyspepsia, heart trouble, general debility and languor, and all other outward signs of the grave mischief that comes from disordered nerves and impure blood.
