These are made from the purest, most refined and concentrated vegetable extracts, and from forty-two to forty-four are contained in each vial, which is sold at the same price as the cheaper made and more ordinary pills found in the market. In curative vir-mes, there is no comparison to be made be-tween them and the ordinary pills, as any one may easily learn by sending for a free sample, (four to seven doses) of the Pel-lets, which will be sent on receipt of name and address on a postal card. A DESERT MYSTERY.

Colonel Whitehead is a story teller from way back and has a reputation as a raconteur that spreads over a dozen western states and territories and from the waters of the Atlantic to those of the Pacific. He has had innumerable thrilling adventures, both in war and in peace, and when in the proper humor he will spin yarns of the most absorbing interest by the hour.
