## MEN'S AND LADIES' TAN SHOES.

Many new styles and novelties arriving at Krausse Bros. See them before making your purchase. They can please you in price, style and quality

### A GOOD THING.

Push it along. That's easily done, as the public want it. Our shoes are a go, because they have the wear. Pedestrians find our footwear a study in ease and comfort. Walking, standing or sitting, you feel at home in a pair of our shoes. We believe in having shoes to fit the feet instead of squeezing the feet to fit the shoe. The fit of our shoe is as exact as a square, the adjustment to the foot as comfortable as a moccasin, and the quality and durability superior to any other footwear obtainable in town. Our shoe prices leave competition out of sight.

Your respectfully,

## WHAT DO THEY MEAN?

Further Reports of Firing on Our Flag.

SPANISH TARS MAY GO TOO FAR.

Everything Denied But the Reports Keep Coming.

### Japan-Chinese Peace.

SHIMONAKAI, March 19.—Viceroy Li Hung Chang and suite arrived here this morning, to negotiate for peace between China and Japan. Envoys from the Japanese foreign office immediately visited the steamer, conveying the Chinese viceroy. Later, Li Hung Chang, accompanied by John W. Foster, the American adviser for China, visited the Japanese minister of foreign affairs.

### Excitement Subsiding.

MADRID, March 19.—The Epoca announces that the Spanish minister to the United States, Senor Murguia, has been cabled to by Senor Grosard, minister of foreign affairs, that the excitement in the American press, owing to the firing upon the steamer Allianca, is abating. Senor Murguia, according to the Epoca, added that the resentment shown by the American newspapers was never shared by President Cleveland.

### An Abandoned Steamer.

LIVERPOOL, March 19.—The British tank steamer Delaware, from New York, has arrived in Mersey river, with the crew of the steamer Donau, abandoned in mid ocean. When sighted by the Delaware the Donau had been on fire 36 hours and her crew had taken to the boats.

### Another Sunken Warship.

CADIZ, March 19.—The Spanish cruiser Alphonso XIII reports having found the missing cruiser Reina Regente sunk near Rajo Acoitanos not far from the straits of Gibraltar with only twenty inches of the mast above the water. The Alphonso XIII has returned to the scene of the wreck with divers to recover the bodies. The Reina Regente carried a crew of 430 officers and men and all are believed to have perished.

### Another Vessel Fired Upon.

NEW YORK, March 19.—The Herald's Key West special says: The latest report is to the effect that the schooner Irene was fired into and disabled by the Spanish cruiser Infanta Isabel. The news was brought to this city yesterday afternoon by a vessel engaged in the cattle trade between this port and the mainland. The Irene is a small schooner, owned in this port by Canary Islanders. She has been employed in the fish trade all winter, but within the past few days returned with a part of court officials from Fort Myers, where an important murder trial has been held. She afterward sailed for the fish ranch at Punta Gorda, where it is reported an expedition sailed for Cuba. This port has been under surveillance by the Spanish cruiser, and the schooner was followed from here and fired into.

This is the report given by fishermen at the ranch to a vessel, which has just arrived. The family and owner and crew of the Irene live here and considerable alarm has been occasioned by the news.

### Again Reported.

Key West, March 19.—A letter has been received from Cuba, stating that the Spanish gunboat Alcedo, fired upon and sunk a supposed American schooner off Puerto del Padre, with 16 people aboard. It is rumored that the schooner from Key West was the Golden Hind of Key West, which left

here several weeks ago for a cargo of fruit, with a crew of 16 men. She had to pass Puerto del Padre, and may be the vessel in question. The schooners Louis Hastings and Lily also sailed for fruit several days ago.

HAVANA, March 19.—Nothing has been heard here to confirm the rumor that the gunboat Alcedo has sunk an American schooner. The rumor is regarded as utterly unfounded in fact.

HAVANA, March 19.—The commander of the Spanish cruiser Conde de Venadite reports that on March 8, while cruising off the eastern coast of the island, he sighted a steamer heading for Malsi point. The steamer's course was to the northeast. The cruiser hoisted a flag, and the steamer replied by raising an English flag. The cruiser signalled the steamer to stop, but without effect. As the steamer proceeded at full speed, the cruiser fired two blank shots, and then two solid shots. The commander says that he did not desire to hit the steamer, but merely to cause her to heave to. He asserts that the steamer was but one and a half miles off the Cuban coast when the firing occurred. The authorities here have ordered that a full inquiry be made into the commander's act. Judging from Captain Crossman's story, nobody can doubt that the steamer was the Allianca, which was fired on by the Spanish cruiser March 8.

HAVANA, March 19.—It is reported here that the Allianca carried 24,000 rifles south on the trip on which she was fired at. It is also reported here that there were landed on the island some men who were passengers on the Allianca. These men, it is reported, were taken off the Allianca in fishing smacks the night preceding the firing.

### Fired on a British Flag.

WASHINGTON, March 19.—As far as learned, the state department has not yet heard either from United States Minister Taylor or from Consul General Williams at Havana upon the question of the identity of the cruiser which fired upon the Allianca. As the commander of the Conde de Venadite reported that the steamer upon which he fired was flying the British flag, there is a possibility that his story refers to another incident which may result in bringing Great Britain to the defense of her ensign.

### Gold and Silver.

In December, 1871, Germany decreed the gold standard and commenced the coinage of gold, stopping the coinage of large silver coins. Prior to 1871, Germany had very little gold, but had about \$400,000,000 of silver. These silver coins were not demonetized until July, 1873, when the exclusive gold standard was established, with the mark as the unit. The United States demonetized silver by the act of February 12, 1873, and by the act of June 22, 1874, adopting the revised statutes, legal tender was taken away from any standard dollars then in existence. In 1874 the coinage of silver was limited by the Latin Union, and in August, 1876, the coinage of 5-franc pieces was stopped altogether.

The states forming the Latin Union, formed in 1865, are France, Italy, Belgium, Switzerland and Greece. In 1873 the amount of gold produced in the world, according to the director of the United States mint, was \$96,292,000; the amount of silver, figuring same at our coinage value, or at \$1.3529 per ounce, for the same year was \$1,800,000, or \$14,400,000 more gold than silver. In 1874 the amount of gold produced in the world was \$90,750,000, the amount of silver \$1,500,000, or \$19,250,000 more gold than silver. In 1875 the amount of gold produced in the world was \$97,500,000 and \$90,500,000 of silver, or \$7,000,000 more of gold than silver. In 1876 the amount of gold produced in the world was \$103,700,000 and the amount of silver \$97,000,000 or \$19,100,000 more of gold than silver. In 1877 the amount of gold produced in the world was \$114,000,000 and the amount of silver \$94,000,000, or \$19,000,000 more of gold than silver; and yet the Oregonian would have its readers infer that the large commercial nations of the world demonetized silver on account of its over production, as is evinced by its statement: "So much silver was coming into market that it could not be a sufficiently accurate measure of value for the use of commerce, and each nation, mindful of its own interests, and desiring of protecting its own money system, acted for itself in restriction of its laws."—Portland Star.

## DEMAND EXPLANATION

Of England's Ultimatum to Nicaragua.

A WARSHIP IS NOW ON THE WAY

Probable Infraction of the Monroe Doctrine.

### England's Ultimatum.

MANAGUA, Nicaragua, March 19.—The British government, through its minister here, has submitted an ultimatum to Nicaragua. It demands a cash indemnity of \$15,000, as "smart" money, to pay for the expulsion of Mr. Hatch, British consular agent, during the troubles of last year, and also for the appointment of a commission to investigate the damages sustained by the persons and property of British subjects who were expelled from the Mosquito reservation about the same time.

By the terms of the ultimatum, Great Britain is to name one of the commissioners and Nicaragua another, and these two to choose a third, who shall be a citizen of the United States. It was also made known that a British warship is on her way to Nicaragua to enforce these demands, which must be complied with within seven weeks from February 25, last, the date of the ultimatum.

WASHINGTON, March 19.—It is probable Ambassador Bayard will be instructed by cable to call attention of the British government to the British ultimatum addressed to Nicaragua and to ask for an explanation of British purposes.

### The Monroe Doctrine.

WASHINGTON, March 19.—The state department has been advised officially of the demands upon Nicaragua by Great Britain. General Barrios, who was appointed by Nicaragua to endeavor to settle the difficulty, has recently made several visits to the state department in company with Dr. Guzman, the resident Nicaraguan minister and our government is fully posted in regard to the matter.

It cannot be denied that the new incident, taken in connection with the hostile attitude of Great Britain toward Venezuela, promises to lead to trouble of a character much more serious than the incident of the Allianca. There are questions of indemnity arising in Venezuela growing out of claims preferred by other European nations. Many of the claims grow out of the failure of these nations to meet their obligations to foreign debtors under the stress of hard times and the influence of the world-wide depression in trade.

As the European governments appear to be moving to collect these individual debts on their own account, it is a question which the United States must speedily settle as to how far it is prepared to permit this process to go on. Besides, there is a rather disagreeable reflection upon American citizens in the announcement that none such shall serve on the commission to adjudge the damage. On the whole, it is probable that the president will interfere to secure at least an amelioration of the terms of the ultimatum by an appeal to the British government, representing the great hardship that it would work to Nicaragua under her present depressed condition to prefer a demand for so large an indemnity.

William Hunter and Mrs. McIntire of Brownsville were married. The former was 35 and the latter 39.

Many car loads of potatoes are being shipped from Washington to British Columbia for seed.

Dr. Price's Cream Baking Powder World's Fair Highest Award.

## THOSE RESOLUTIONS.

THE JOURNAL wants to thank Mr. Bishop and the committee who drew up the resolutions at the citizens' meeting for their moderation and for the practical and reasonable suggestions they make to our city council. The resolutions nowhere imply that there is any abnormal state of depravity in the fair city of Salem. They wisely considered it no part of their duty to blacken and defame the town they live in.

The Portland papers are already taking advantage of the telegrams that have been sent abroad. The Sun has a heading, "Salem's Sinful Sundays." There is no use talking, but all these things flung abroad react easily on a community and cannot be easily counteracted. Extended interviews with the police and the ministers showing a state of social corruption and blackening the character and reputation of the town can only do harm.

Sending abroad such an impression as that the whole community is aroused and up in arms at its immoral condition can only work a lasting injury to our city. The JOURNAL editor warned the meeting last night against sending out any impression that a peculiarly bad state of affairs existed at the capital city, that it was other than a clean and moral city.

Some men cannot figure as moral heroes without manufacturing a background of terrible depravity in the community they live in and then posing as reformers. This movement to Parkhurstize Salem is about as ridiculous as anything that was ever started. Salem has less saloons, less vice and fewer gambling houses than any town of its size on the Pacific coast.

These are the well known facts, all efforts of individuals who cannot achieve notoriety in any other way to the contrary. If we would see Salem grow and prosper as this city so richly deserves on its real merits, let us stop all blackening of our town's reputation. Any bird that cannot do otherwise than defoul its own nest, better hunt some other nest, and leave those who take a more hopeful and helpful view to promote the development of our city.

THE JOURNAL is a firm believer in living up to all laws. It is willing, without pharisaical bluster, to help every good cause for the betterment of humanity. Every law should be enforced or repealed. If the law is not strong enough make it stronger, but do not make it a farce. As a speaker said, it takes more than wind work to carry a statute into execution. It requires informers, and unless the citizens who complain are prepared to furnish the necessary material to put a law into effect all agitation and clamor that merely gives the city a black eye abroad is worse than useless. Salem is no modern Babylon or Gotham of wickedness. It is a good, clean, healthy, growing city, with a great deal more of good than evil in its makeup.

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. The cause of deafness is caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, etc.

The mob is killing the ground squirrels in Washington.

## SEATTLE'S JAIL BIRDS

Are Again Being Taken Into Custody.

MURDERER BLANCK NOT CAPTURED

Prominent New York Police Officials Arrested.

### Seattle Jail Delivery.

SEATTLE, March 19.—Frank Chincfelter, one of the jailbreakers, was captured at Kent, this morning. Sheriff Van Devanter came in from Black river, this morning, for reinforcements, as he believes that he has the murderer, Black, surrounded. He expects to take him by tonight. Blanck is a dangerous criminal and there is expected to be considerable blood shed before he is captured or killed.

### More Lexow Work

NEW YORK, March 19.—All the police officials against whom indictments were found yesterday by the extraordinary grand jury were arrested this morning. The indicted are: Inspector William McLaughlin, Capt. Jacob Seibert, Capt. J. J. Donohue, Capt. M. J. Murphy, Capt. Jas. K. Brice, former police captain, William S. Devery, Wardman Edward Glennon.

### A Notorious Nephew.

CHICAGO, March 19.—Christopher W. Larrabee, a nephew of Ex-Governor Larrabee, of Iowa, and Cashier of the Boyd-Stickney & Co. wholesale coal dealers, is missing, and if all accounts are true his looks do not balance by \$20,000 or \$25,000. A woman is said to be in the case.

### He Had a Mania.

SAN FRANCISCO, March 19.—The legal contest over the forty million dollars left by the late James G. Fair has been the topic of discussion here since the production of the latter will in the superior court yesterday. The report now is that ten days before his death, Fair executed still another holographic will and entrusted it to the keeping of Mrs. Bessie Paxton, sister of the wife of Colonel Warfield, proprietor of the California hotel. Rumors of other alleged wills are also heard, and it is hinted that it may be shown that the late millionaire had a mania for executing last wills and testaments and entrusting them to the keeping of his lady friends.

### Machinery Company Fails.

SEATTLE, March 19.—The Walter A. Wood Harvester Co., went into the hands of receivers today, by order of Judge Egan.

## THE MARKETS

PORTLAND, March 19.—Wheat Valley 80 @ 81; Wells Walls 45 @ 46; SAN FRANCISCO, March 19.—60; CHICAGO, March 19.—Cash 54; May, 60.

It is learned that Gov. Lord will appoint a new railroad commission and fill other vacancies occasioned by the failure on the part of the legislature to elect. The present railroad commission is composed of good men, but if the governor is desirous of replacing them with other men, Eastern Oregon hopes to see G. M. Donaldson one of the members from this part of the state—Harney County Eagle.

Two men were recently sentenced to the Washington penitentiary for stealing a cow of value, an old bride and a pair of mittens. They were sentenced to 7 years each at hard labor.
