DURRANT IS COMPOSED

Important Testimony Is Growing Less Daily.

BLOOD STAINS ON THE WALL.

A Long Legal Controversy Looked for in the Case.

SAN FRANCISCO, April 25.—The preliminary examination of Theodore Durrant for the murder of Minnie Williams was resumed this morning. Rev. John George Gibson was again on the stand.

The cross examination by Attorney Dickinson, for Durrant, plainly indicated the intention of the defense to try to saddle the murder on the minister. The day preceding the finding of the body of Blanche Lamont, her aunt received a paper containing the rings of Blanche, on the paper were written the names of "George R. King and Prof. Shernstern," as if to throw suspicion on them. Dickinson made Gibson write these names, he complied, but asked twice how to spell Shernstern's name. The person was a good witness, cool and collected. The defense elicited nothing tangible against him and his examination is now concluded.

SAN FRANCISCO, April 25.—Theodore Durrant passed a quiet night and when he appeared in Judge Conlon's courtroom was as refreshed and self-composed as ever. He conversed with his attorneys earnestly for some time before court opened.

Mrs. Amelia Voy, with whom Miss Williams was to stop before going to Tacoma, testified that Miss Williams had come to her house on the afternoon of the murder and had left about 8 o'clock alone. Mrs. Voy was not allowed to tell where Miss Williams was going. Mrs. Voy identified the clothes worn by the dead girl when she left the house and which were found on the murdered girl.

Dr. Gibson was the next witness called. He answered to the questions put to him in a loud, clear voice. Dr. Gibson said that he had seen Durrant on Good Friday night at the Christian Endeavor meeting held at Vogel's home. He thought Durrant came to the meeting about 9:30 o'clock, after the conclusion of the business meeting. Durrant remained until the party broke up. The witness had seen Durrant in the library of the church since one week before the 17th of March. He had known that a new lock had been put on the library door, but was not allowed to tell why, on motion of the defense. He did not have a key for the new lock. Witness was at the church on the morning the body of Miss Williams was found. He heard a noise in the church but did not investigate. The janitor's boy came and told him that the library lock was broken. He went to see about it, but for some reason did not open the door. He went to his lodging house and was later informed as to the finding of the body of Mrs. Nolt. He went to the church with Dr. King, father of George King. Dr. Gibson gave some information as to his past life. He was born in Edinburgh, in 1857, came to America in 1888, and went to Red Bluff, thence to this city last November. He had known Miss Williams. He saw her for the last time to his certain knowledge, March 2, in the Sunday school room when she told him she was going away and bid him good bye.

A close investigation of the wash-room in Emanuel church was made yesterday. This room could only have been reached by some one thoroughly familiar with the building. Besides a number of stains on the washbowl, they are numerous on the splashes surrounding it. Blood stains have also

been found on the walls of the little hall leading to the wash room. The extent of the blood stains go to prove that the murderer had no light, for a judicious person, as his actions prove him, would not have spattered so much blood around had he seen what he was doing.

The blood stained coat which was brought to light in Berkeley on Monday, has caused a sensation there, but there is considerable difficulty in determining the date on which it was found. Mrs. Bollot, with whom the package was left, tells three different stories as to the date on which a strange man asked permission to leave a bundle at her home for a few hours. Mrs. Bollot says the man resembled Durrant very much and she believes she could identify him.

THE FRANCINA SAFE.

But Great Mystery About That Cape Flattery Vessel.

PORT TOWNSEND, Wash., April 25.—The fishing schooner Francina, of Astoria, which was supposed to have been lost at sea, arrived this morning. She reports a storm which carried her several hundred miles out of her course. Greater mystery than ever now attaches to the unknown derelict vessel seen west of Cape Flattery ten days ago.

Stanford May Close.

SAN FRANCISCO, April 25.—The Bulletin this evening says the teachers at Stanford university are looking for positions in other universities on the impression that the university founded by Leland Stanford will soon close its doors. They fear that the college will close because there is no money in the Stanford estate to pay for its maintenance, the estate being tangled up in the suit with the United States. Meanwhile all expenses of the university are being defrayed from the private income of Mrs. Stanford. Just as the Stanford properties are being put on a first-class business basis, United States Attorney General Olney started his big suit for \$15,000,000 against the Stanford estate. When asked as to this matter, Mr. Lathrop said:

"It is all this government suit. It succeeds it seems inevitable that the university must be closed. As it is, it has tied up the estate in probate and prevented the distribution of the estate so that it may seriously embarrass us. We are pressing the suit and wish to have it determined as early as possible.

"The university cannot pay its own expenses, for tuition is absolutely free. The boarding department manages to pay its own expenses, but that has nothing to do with paying the professors. There is now somewhere near 1,100 students connected with the university and about 75 men in the faculty."

LAKEWOOD, N. J., April 25.—A forest fire which originated from the burning of tallow in a hotel in the cedars, about a mile from this place, has continued fiercely this afternoon. It is estimated that \$75,000 worth of property has already been destroyed. About 12,000 acres of standing timber has been burned over.

NICARAGUA IS QUIET.

Has Not Yet Decided to Yield to England.

WASHINGTON, April 25.—Up to 2 o'clock today no official word had come as to Nicaragua's decision on the British ultimatum. It is known that Nicaragua is in a state of great excitement. The authorities are said to be in consultation. There is a very strong conviction among the officials, however, that Nicaragua will not yet yield.

At the State Department great reticence prevails, but there is reason to believe that Secretary Gresham has cabled Ambassador Bayard, suggesting a brief respite as a means toward adjustment, but not proposing interjection. It is regarded as settled that the United States will not interfere.

Agree With John Bull.

LONDON, April 25.—Inquiries today at the United States embassy confirm the statement fully that Great Britain and the United States are fully agreed as to the former's course of action in enforcing her demands upon Nicaragua.

England Takes Action.

WASHINGTON, April 25.—Advices received today say that Vice Admiral Stephenson in command of the British fleet at Corinto, has given Nicaragua notice that he will consider the time of grace to run till midnight tonight. He will begin landing troops tomorrow morning.

JAPAN IS FIRM.

Will Make No Concessions to Russia, Germany or France.

ST. PETERSBURG, April 25.—The Japanese government, replying to a note of the Russian government, intimating that there are various conditions in the treaty of peace between Japan and China, that Russia cannot allow to be put into execution, has informed Russia if Japan yielded to the exactions of Russia, France and Germany, she would expose herself to a revolution, as the Japanese people are intoxicated with victories and would assent to no concessions. In spite of this reply, Russia is determined to maintain her demands.

The Income Tax.

WASHINGTON, April 25.—The text of the opinion of Chief Justice Fuller in the income tax case, which was delivered on the 24th last, was made public today.

"The men," says the opinion, "who framed the constitution had just emerged from the struggle for independence, whose rallying cry had been that taxation and representation go together."

MARION COUNTY FINANCES.

Taxes Collected and Amount of Interest-Bearing Debt.

Sheriff Knight has collected and turned over to County Treasurer Minto taxes as follows:

Table with 2 columns: Tax Type, Amount. Includes Poll tax, City of Salem, Salem school district, School and other cities, State, county and state school.

For these amounts Treasurer Minto has given his receipts and applied the sums according to law or holds them to the order of the several district and city treasurers. He has paid off \$10,000 on the state tax. The claim of the state against Marion county as presented by State Treasurer Metchan is as follows:

Table with 2 columns: Item, Amount. Includes Total for 1894, Due on tax of 1890, Interest on tax of 1893.

According to law, all taxes due the state draw interest at 8 per cent from March 4th, 1895.

The item of \$830 Judge Hubbard, of the county court of Marion county, instructs Treasurer Minto not to pay, and the item of \$513.59 will not be paid until settled by suit.

Outstanding warrants against Marion county on Jan. 1, 1895, were \$63,826.50. Interest due \$3,500.06. Total outstanding debt and interest \$67,326.56.

Treasurer Minto publishes a notice in THE JOURNAL today calling in all warrants issued up to Oct. 1, 1893, and stopping interest on the same.

It will be seen by reading above that the county is carrying an interest-bearing debt of \$82,426.39.

Taxes are coming in daily and by close application of all the taxes that will be collected the next 60 days a large part of this interest can be stopped and it should be the firm determination of our county administration to do this. April 30 the sheriff will turn over some more money to the treasurer.

BICYCLES AND GOOD ROADS.

What the Wheelman Will Do for the Movement.

The two wheelmen selected by THE JOURNAL to make a 5000 mile trip each in Western Oregon in the interest of the Good Roads Reform were both in consultation Wednesday evening at THE JOURNAL office and both signed up contracts. They will make the trip within four months and start Monday, April 29 at 12 at noon.

Both will wear uniforms made especially for the occasion and bear a shield inscribed with the legend:

THE ONE CENT DAILY. FOR GOOD ROADS, on a white shield in blue letters.

The men will start from the Salem post-office in full uniform, going north on Commercial street with an escort of wheelmen. One will then go to the north line of the state on either side of the Willamette valley.

Bound for California.

Sheriff Cunningham and guard, of Stockton, California, who were in the city Wednesday to secure a warrant of arrest from Governor Lord for J. Green H. B. Curtis and Wm. Duncan, will pass through Salem tonight for California, where the men are wanted for swindling. These men are noted criminals having traveled through several states working their tin box "racket" on unsuspecting citizens. Not a week before their arrest, they endeavored to swindle a Linn county farmer out of \$3,000 and would have done so had not the farmer read the newspapers. Several charges are booked against these bold swindlers in California, to which they will have to answer.

Notice is hereby given that I have sufficient funds on hand to pay all warrants prior to Oct. 1st, 1895, interest ceasing on said warrants from date. J. P. MINTO, County Treasurer. Salem, Or., April 24, 1895.

There are 17775 miles of railroad in the United States.

There are 65,835,880 rails used to cover this ground.

There are 633,255,000 ties used to bind these rails together, but no such amount, however, is required to bind the hearts of the traveling public to the fact that the Wisconsin Central line furnish superior facilities on all their trains between St. Paul and Chicago, which form close connections with all lines to the east and south. Make a note of it.
