HORTICULTURAL QUARANTINE REGULATIONS.

At a special meeting of the Oregon State Board of Horticulture, held in Portland, April 2, 1896, all members present, the following regulations were adopted, in accordance with the laws regulating such matters, and are, therefore, binding upon all persons. These regulations are to take effect and be in force from and after May 4, 1896:
RULE 1-A. All consignees, agents or other persons, shall, within 24 hours notify the quarantine officer of the state board of horticulture, or a duly commissioned quarantine guard, of the arrival of any trees, plants, buds or clones at the quarantine station, in the district of final destination.
RULE 2. All trees, plants, cuttings, grafts, buds or clones, imported or brought into the state from any foreign country, or from any of the United States or territories, are hereby required to be inspected upon arrival at the quarantine station in the district of final destination, and if any such nursery stock, trees, plants, cuttings, grafts, buds or clones are found to be free of insects pests and fungous diseases, the said quarantine officer or duly commissioned quarantine guard shall issue a certificate to that effect. And furthermore, if any said trees, plants, cuttings, grafts, buds or clones are found infested with insect pests, fungi, blight or other diseases injurious to fruit or to fruit trees, or other trees or plants, they shall be distinguished and remain in quarantine until the quarantine officer of the state board of horticulture or the duly commissioned quarantine guard can determine whether the said trees, plants, cuttings, grafts, buds or clones are free from insect injurious insects, pests or the eggs, larvae or pupae, or fungus diseases before they can be offered for sale, gift, distribution or transportation. All persons or companies are hereby prohibited from carrying any trees, plants, cuttings, grafts, buds or clones have been duly inspected, and if required disinfected as herebefore provided, and all such shipments must be accompanied by the proper certificate of the quarantine officer, or company have given the proper officer four days notice, so that they shall not be required to hold such shipments further, without directions from such officer.
RULE 3. All peach, nectarine, apricot, plum and almond trees, and all other trees budded or grafted upon peach stock or roots all peach or other pits, and all nectarine, apricot, plum or almond cuttings, buds or clones, raised or grown in a district where the "peach yellows" or "peach rosette" are known to exist, are hereby prohibited from being imported into or planted or offered for sale, gift or distribution within the state of Oregon.
RULE 4. All trees, plants, cuttings, grafts, buds, clones, seeds or pits arriving from any foreign country found infested with insect pest, or their eggs, larvae or pupae, or with fungi, or other diseases hitherto unknown in this state, are hereby prohibited from landing.
RULE 5. Fruit of any kind grown in any foreign country, or in any of the United States or territories, found infested with any insect or insects, or with fungi, blight, or other disease or diseases injurious to fruit or fruit trees, or to other trees or plants, is hereby prohibited from being offered for sale, gift or distribution within the state.
RULE 6. Any boxes, packages, packing material and the like infested by any insect or insects, or their eggs, larvae or pupae, or by any fungi, blight or other disease or diseases known to be injurious to fruit or fruit trees, or to other trees or plants, and liable to spread contagion, are hereby prohibited from being offered for sale, gift, distribution or transportation until said material has been disinfected by dipping it in boiling water and allowed to remain in said boiling water not less than two minutes, such boiling water used as such disinfectant to contain in solution one pound of concentrated potash to each and every ten gallons of water.
RULE 7. Animals known as Syring fox, Australian or English rabbit, or other animals or birds detrimental to fruit or fruit trees, plants, etc., are prohibited from being brought or landed in this state, and if landed shall be destroyed.
RULE 8. Quarantine stations: For the several districts comprising the counties of Lincoln, Marion, Polk, Benton, Linn and Lane, shall be held, John Minto quarantine officer, or any member of the board, or the secretary thereof.
RULE 9. Importers or owners of nursery stock, trees, or cuttings, grafts, buds or clones, desiring to have such nursery stock, trees, or cuttings, grafts, buds or clones, inspected at points other than regular quarantine stations may have such inspection done where required, provided, however, that such importers shall pay all charges of inspection, such charges and expenses to be paid before certificate is granted.
Transportation companies, or persons and consignees or agents shall deliver and cause to be detained all nursery stock, trees, plants and fruit at one of the quarantine stations, for inspection, as provided by the rules and regulations of the board.
Agents in charge of quarantine stations, officers, agents of inspection, referees for disinfection and all desired information may be obtained on application to the secretary or any member of the board or by reference to the pamphlets circulated.
Passed at a meeting of the state board of horticulture at Portland, Or., April 2, 1896. J. B. CARDWELL, President. ALLEN GEORGE I. SARGENT, Secretary.

EGAN VERSUS DEPEW.

It is remarkable what a hold the demand for free coinage of silver is getting on the press of the whole United States. The letter of Senator Mitchell to Secretary Kincaid was telegraphed from Portland to all the large Eastern papers, while the Portland Oregonian has never printed it at all. The wide-awake, bray, aggressive fighting Republican, the men who come in direct contact with that people, are all falling in line for bimetalism with a big "B" and all might as well begin to understand that the silver question cannot be ignored.
Patrick Egan, ex-United States minister to Chili, takes issue with Chauncey M. Depew, was recently declared, after taking a western trip that the free silver craze was dying out. Mr. Egan, who is known as an ardent Republican, sounds the note of warning to Republicans who are over confident of success of the national campaign in 1896. He arrived in Chicago recently and expressed his conviction in regard to the silver movement. "I doubt seriously," he said, "that Depew in his trip came in touch with the actual sentiment of the people. I fear he has been deluded. Having been a resident of the west and knowing the people as I do I am free to say I believe the silver agitation has only begun, and unless reaction sets in it will become cyclonic before the fall of 1896. Last January I would readily have ventured the prediction that any candidate the Republicans saw fit to nominate in 1896 would be elected. I am now prepared to revise the opinion in so far as to say that if a candidate opposed to free coinage of silver the election at least will be problematical. The Republicans should not be over confident. It would not be a bad idea for the leaders to send trustworthy men to the western states and let them listen and learn the real sentiment of the people. They will find that Coin's Financial School and the address of Archbishop Walsh at Dublin are becoming the guide and preceptor of Western farmers, who believe capital by the single standard is squeezing them as a lemon is squeezed. There may be a new formation of party lines. New formations may confront us within a year, but the outlook is now that the advocates of free silver coinage will demand a hearing in the National convention or they will make trouble. I find too, that the feeling is not alone confined to the west and south, but is spreading eastward."

There is a material brightening to the general prospects, the result of higher prices for many things and a crop outlook that has never been surpassed in Oregon. The good times cannot come too soon. We have no right to look for a material change until another harvest brings more money for circulation.—Albany Democrat.
