BINGER IS ALL RIGHT.

Congressman Hermann is a Sound Money Man.

THE CAPITAL JOURNAL, commenting on the statement of the Plaindealer Sunday. regarding Mr Hermann, congress and the silver question, saying: "We don't want to swap a sound silver man for one rather shaky," replies:

We understand that the Plaindealer would work well into one of the Chicago Record's prizestories. It seems to consider Mr. Hermann a sound free coinage man, but is opposed to free coinage. It is time to come off the could challenge all other amateur

Ho with our esteemed contemporary; He is so surcharged with the free silver fad that he cannot perceive that Mr. Hermann is a sound currency man, and may be relied upon to austalu limited coinage of silver 16 to 1, as maintained by the Republican party; and that his protection views are paramount to all else, and that Mr. Hermann may be relied on to more effectively aid his distressed country now suffering from an overdose of free trade heresy.

Protection to American Interests will regulate the currency most effectually. This free sliver fad is a mere side show. The Plaindealer is not on the fence. It is on the inside of the inclosure and ready to help drive back all free silverites who shall essay to climb over. If they come in through the door, all right.-Roseburg Plaindealer.

Tired Women

Should stop and consider the dangers which threaten them because of their weakness, languor and lack of ambition. Thousands of women find their strength unequal to the demands of duty. And yet there is no escape from the incessant round of care and toll. They must have strength. How shall it be given? By building up their systems through purified, enriched and vitalized blood. Hood's Sarsaparilla will give them strength because it will make their blood pure and enable it to feed the nerves upon proper nourishment. It will create an appetite, tone the stomach and invigorate every organ. It is what tired women need.

Hood's Sarsaparilla is the Only True Blood Purifier

Prominently in the public eye today. It feeds the nerves on pure blood.
