VALLEY LOCAL NEWS.

Marion Items. William Webb and family have moved from their farm on the hill into Miles Norton's house, lately occupied by A. Gardner, who now dwells under his own vine and fig tree near Friend's church. Mr. Webb will superintend the management of Mr Norton's Jerseys for a time, and as there is no demand for butter he may launch out into the cheese business.

On Monday morning the 27 Hunter Forsyth shop was found open and one of Marion's cows had full possession of the establishment, and Hunter says there were two bottles of brandy, a bottle of bitters, some tobacco and a couple of cans of oysters missing. The cow appeared all right at last account. Mr. Green of the Christian church of Stayton preached at the school house in this place last Sunday. Mr. Waddal of Stayton was also present and played the Sankey part of it. A good attendance.

Mr. Banty's team took another spin last week. Result: a broken wagon tongue; no bones broken. Our three days' rain has wet the ground sufficient to ensure good crops in Oregon, but rather bad on strawberries and bicycle riders.

Sid. Russell, our road supervisor, has been busy the last week in the interest of good roads. He has made quite an improvement on the road running east of town. He has had to lay off on account of the rains. Come on Mr. Beatty after the road is dried up and you'll find at least some pretty fair roads for your wheel around Marion.

Mr. and Mrs. Nate Cook are happy. It's an 8 1/2 pound girl. Miss Ruby Epler is visiting at Salem and G. W. is keeping bachelor's hall. Our school boys (the big ones) are busy improving their ball grounds near the school house. That's right boys. Section boss Sullivan has a nice pocket fence around his newly painted cottage, which will no doubt make it quite attractive to some of the gentler sex. Look out John ere you be caught in the net.

From Aumsville. W. P. Gilbert is having a large pile of wood drawn. W. P. is bound to have a good fire. Geo. Bayard, our worthy section boss, is considered one of the best hands this section of the road ever had. He is always on time and prompt in the performance of his duties.

The Southern Pacific had a fine run of trade last week. Everyone knows where the best meals and best accommodations can be received. Pearl Miller was in town Wednesday evening. Mrs. Claxton is on the sick list and has been quite sick for a week.

Messrs. Evert, Moyer, Col. Heib, D. E. and S. Swank, Willie and Orle Gilbert, Bayard, Johnson, Brown, W. S. Smith, Gregory, Hanson, Keith, Mitchell, don't think the Republicans did right by sitting down so hard on unlimited free coinage of silver at the ratio of 16 to 1, but all the Republicans say it, thank God.

Thomas Johnson has bought himself a workman's pair of overalls and is breaking them in preparatory to digging gold. Mr. Ed. Judd's hands are some better. He nearly wore them out clapping them at Portland at the "great silver convention." He went prepared to feel badly and the reaction was too much for his hands. Mr. D. E. Swank's hands were not injured by clapping them, but one was badly pressed by Mr. Barkley in return for Mr. Swank's congratulation on his silver speech.

Mr. and Mrs. Archie Brown are very proud of their new baby. A new way for advertising appeared upon our streets last week. A dog boxed up, a hole in one end for the head and one in the other end for the tail to stick out, below the box was open to let the dog have free use of his legs. On one side of the box was printed "Leo Gregory, house painter," and on the other side "Leo Spear, news agent."

James Moyer has about completed his term again. One Gilbert and Bert Heath are drawing rock for Mr. D. E. Swank. Mr. Swank went to the mountains to prospect for gold and found only snow. Professor John Goodie, who has taught out graded school for the past year, has taken work in the Mirvion school. We regret this, and we think a good teacher should always be retained if possible. His pen's worth with us as teacher has been the appropriation of all as an instructor and a gentleman. We regret Mr. Goodie's determination to leave, but at the same time we congratulate Mirvion in securing his service.

Nethel. Hon. M. J. Connor, who went from this place as delegate to the Republican state convention held at Portland, reports the most enthusiastic meeting of Republicans ever held in the state. Mrs. Mackay, of Portland, is visiting at M. D. Early's this week. We would like to see the "Hammer" in the road district west of us; maybe he could say something to the super-

visor that would be of some good to him, as it is almost the first of June and nothing done to the roads yet.

A new discovery was recently made by Mrs. M. D. Early, when one of her friends asked her how she succeeded so well in getting such beautiful chickens. She said: "I always color the eggs the same color that I want the little chicks."

Quite a curiosity at D. W. Early's in the way of a calf, it only weighs 17 twenty pounds at the time of its birth. Mackay and Oakridge were well appreciated at singing last Friday evening. Wonderful what undeveloped talent we have in this state.

The German Baptist Brethren (Dunkard) will hold their annual camp meeting at this place, commencing June 7, continuing over Sunday. Friday evening, June 7 they will attend to the ordinance of feet washing; also the Lord's supper. Everybody invited. Walter Lehman and sisters were guests at Kaylor's Sunday.

C. F. Rinehart was a caller at Levi Yoder's Sunday.

Mr. and Mrs. Lehman were visiting friends on the Santiam last week.

Miss Lizzie Ashenbrenner was out home Sunday.

Rev. J. B. Early and wife went out on their farm Sunday.

Hop Growers and Fruit Growers should send their orders at once for Quassa chips and Whaleoil soap. From all appearances this is a great year for bugs. Mr. Dolph did not run the recent convention in Portland. The young men of the party were undoubtedly at the head. Look out for young blood in the future. But it was packed with gold-headed fellows who cannot appreciate the importance of silver in the business of the world.—Albany Democrat.

THE ONWARD MARCH of Consumption is stopped short by Dr. Pierce's Golden Medical Discovery. If you haven't waited beyond reason, there's complete recovery and cure.

Although by many believed to be incurable, there is abundant evidence of hundreds of living witnesses to the fact that in all its earlier stages, consumption is a curable disease. But every case, but a large percentage of cases, and we believe, fully 90 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You can see the evidence for yourself. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have in interest, kindness and sympathy, responded to their calls, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery." But who have been forced to admit that the cure was complete, and that the patient was cured, and that the cure was effected by Dr. Pierce's Golden Medical Discovery.

It is a surprise to many people that the cure of consumption is so simple, and that it can be effected by a single medicine, which they are accustomed to believe is incurable. Many and many a case of consumption, however, has been cured, and many a life saved, by the use of Dr. Pierce's Golden Medical Discovery. The proportion of a large number of these cases of consumption, however, has been cured, and many a life saved, by the use of Dr. Pierce's Golden Medical Discovery.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
