The attacking party was met by deputy marshals, placed on guard by Receiver McNulta, and after a harmless exchange of twenty-five or thirty shots, the men retreated. Trouble has been expected ever since the recent decision of the supreme court declaring the whiskey trust illegal. The force of deputies at the plant was doubled today in anticipation of further trouble.

STATE NEW NOTES.

A prominent sheepman was offered 10 cents a pound for a clip of 90,000 pounds Saturday, but refused. There is more wool coming into The Dalles this year than ever before. The warehouses are continually crowded, and much is being shipped.

The health of the convicts is remarkable good just now. There is not a patient in the hospital, Lawson, whom the physicians have classed among the hopeless consumptives, is growing healthier and assuming a robust appearance.

Hugh Medlock, well known to police officers of Oregon, was incarcerated in the penitentiary Sunday. His sentence is 3 1/2 years for burglary committed in Umatilla county. James Smith was also received from the same county to serve a sentence of 2 1/2 years. James M. Armstrong was given his freedom having served three years for larceny committed in Umatilla county.

There is a more pronounced demand for free coinage every day," said Nelson Bennett, of Tacoma, Saturday at Portland. "The people through their political conventions next year, will make some strong demands for the remonetization of the white metal. The last Republican state convention declared in favor of the free coinage of the American product at a ratio of 16 to 1. Next year it will go farther, and demand free and unlimited coinage without restriction."

Hon. S. B. Ormsby and John P. Robertson, of the auditing committee of the Oregon Soldiers' Home, at Roseburg, met in Salem Saturday, to audit the bills for the month of May. The total amount of the accounts was \$937.17. This is within the appropriation of \$1,000 per month, and the committee is much gratified at the reduction, as it is the first month under the new management. The bills for the four preceding months of this year amounted to \$4,785, or an average of \$1,196 a month. This board is confident of keeping the expenditures within the appropriation. In addition to this, provisions were made for the reception of six new inmates.

Big Cotton Explosion.

NEW ORLEANS, June 17.—The Union Cotton Press was the scene of a terrible explosion today, which resulted in one man being killed, a dozen wounded, and seven or eight missing. The Union Press was one of the largest in the city, operated by Flakenbush & Borland, and covered nearly the entire square. At the time of the explosion the boilers were being tested by W. J. Hammond, of K solistko, Miss. One one of the boilers exploded without warning and in an instant a volume of water was ejected on all sides. The walls around the boiler room caved in and those men who escaped the water, it is believed were buried in the ruins. Mr. Penros was struck by a brick and received the full stream of boiling water in his face. He was picked up dead. Frankenhush was near Penros and was struck by bricks and water. Up to the present time the above are the known casualties.

G. A. R. ENCAMPMENT

Is Now Assembling at Oregon City.

VETERANS IN GRAND PARADE.

Other Important News of This State.

OREGON CITY, June 17.—The fourteenth state Grand Army encampment began here this afternoon with a big parade, participated in by 500 veterans and several militia companies. Commander-in-Chief Lawler, Adjutant General C. C. Jones, Col. Geo. A. Seale, of Rockford, Ill., were present. Most of the afternoon was consumed by a reception in the Baptist church at which Mayor Straight and President E. E. Charman, of the board of trade, and others made welcoming addresses, that were appropriately responded to. The encampment will last through to-morrow.

Treasury Receipts.

WASHINGTON, June 17.—Treasury receipts from customs and internal revenues so far for the month of June, show no improvement over last month, while the disbursements remain practically the same.

The receipts from sugar importations are surprisingly low, and the expected large increase from whiskey withdrawals has not materialized. The total receipts from customs for 11 1/2 months of the fiscal year are \$148,843,957, and from internal revenue sources, \$130,854,163.

The present deficit of \$48,400,950, however, is likely to be reduced by cutting expenditures to about \$45,000,000 for the full fiscal year. Notwithstanding this showing for the year's operation there is no expectation from any source of an extra session of congress or of another bond issue before the regular meeting in December. Today the gold reserve amounts to about \$99,500,000, with an available cash balance of nearly \$184,000,000, regarded as ample to meet all ordinary demands.
