The busybody is the only busy body the devil has any use for.

You can pool the people against their own interest part of the time but not always.

There is a circus hovering about in Eastern Oregon somewhere and the small boy lives in hope.

The papers have said much about a Mr. Doolittle of Tokio. We have a good many of him in this country.

Is there any Democratic party in Oregon? Has it any opinion on the financial question? These columns are open.

Woodburn's Fourth of July orators will be T. T. Geer and W. T. Rigdon, the Salem undertaker—both funny men.

The State University has made Bachelors of Law of Governor Lord and Chief Justice Bean—an honor worthily conferred.

Alonzo Swarts was plainly convicted upon "opinions," not evidence. Such convictions are not more respectable than mobiaw.

The editor of the Post and Alderman Bingham are not competent judges of the constitutionality of the bicycle ordinance. They can't ride.

The Oregonian shrewdly says the vitality of the free silver issue has its source in the Democratic party. Well, that would make it too dead to skin.

Riding bulls, chasing greased pigs, and suspending live geese from the top of a pole on the Fourth of July ought to make us a great nation, if it don't.

The managers of the Populist party have subscribed $1000. Now, the party will amount to something. It has always had brains. Now it has money as well.

An Astoria paper says: A Mr. Jackson has discovered "a new species of erythronium of a rosy pink hue with an orange center," but does not say whether it is an oyster or a jack-rabbit.

The newly appointed attorney general is said to be an intimate friend of Senator Brice, who is an intimate friend of several railroad companies and they are the intimate friends of the administration.

If Harvey Scott has his financial opinions dictated to him by the Chinese and Hebrew money lenders; for the sake of its own welfare let not the Republican party get into the same humiliating attitude.

They educate something beside the brain at the State University. The Register says of the commencement ball: "Seldom has Eugene seen more lovely costumes than were worn by the galaxy of fair ones at the ball."

Judges Lord and Bean have been dubbed doctors of law at the State University. They don't know any more than they did but they know law well enough so that they and the institution are honored by the transaction.

Taking water from the Mill creek ditch with dead dogs and cats and drainage from the State Reform school may be a saving of money but it is not conducive to the longevity of the inmates of the Oregon State Prison

Harvey Scott don't seem to know that the book of Revelations is purely a work of imagination—the apocalypse is a vision. It does not deal with realities. It is a veiled prophecy, a work of fiction. Of course it is a single gold standard work. The inspired men like Abram, Moses, Job and Solomon were bimetallists. The Lord is on our side.

Old Fashioned

—compound cathartic pills, "blue pills," calomel or other mercurial preparations, should not be used in these days of enlightened medical science, when it is so easy to get a purely vegetable pill in concentrated form, sugar-coated, in glass vials, at any store where medicines are kept.

Dr. Pierce was first to introduce a Little Pill to the American people. Many have imitated them, but none have approached his "Pleasant Pellets" in true worth, or value, for all laxative and cathartic purposes.

Once Used, they are Always in Favor.

Assist Nature a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, toning up and invigorating the liver and quickening its torpid action, and you thereby remove the cause of a multitude of distressing diseases, such as headache, indigestion, or dyspepsia, biliousness, piles, dizziness, crickiness, colic, constipation, pilcs, fevers and maladies too numerous to mention.

If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases.

That of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pellets are unequaled, is proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence their great popularity, with sufferers from bilious constipation, piles and indigestion.

They absolutely cure such maladies, biliousness, constipation, coated tongue, poor appetite, dyspepsia and kindred derangements of the stomach, liver and bowels.

A free sample of the Pellets, (1 to 7 doses) on trial, is mailed to any address, post-paid, on receipt of name and address on postal card.

Address for free sample, World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.
